### Quarterly Report - Implementation Plan for Nassau Queens Performing Provider System, LLC

**Year and Quarter:** DY4, Q2 **Quarterly Report Status:** Adjudicated

**Status By Section**

| Section | Description | Status |
|---|---|---|
| Section 01 | Budget | Completed |
| Section 02 | Governance | Completed |
| Section 03 | Financial Stability | Completed |
| Section 04 | Cultural Competency & Health Literacy | Completed |
| Section 05 | IT Systems and Processes | Completed |
| Section 06 | Performance Reporting | Completed |
| Section 07 | Practitioner Engagement | Completed |
| Section 08 | Population Health Management | Completed |
| Section 09 | Clinical Integration | Completed |
| Section 10 | General Project Reporting | Completed |
| Section 11 | Workforce | Completed |

**Status By Project**

| Project ID | Project Title | Status |
|---|---|---|
| 2.a.i | Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management | Completed |
| 2.b.ii | Development of co-located primary care services in the emergency department (ED) | Completed |
| 2.b.iv | Care transitions intervention model to reduce 30 day readmissions for chronic health conditions | Completed |
| 2.b.vii | Implementing the INTERACT project (inpatient transfer avoidance program for SNF) | Completed |
| 2.d.i | Implementation of Patient Activation Activities to Engage, Educate and Integrate the uninsured and low/non-utilizing Medicaid populations into Community Based Care | Completed |
| 3.a.i | Integration of primary care and behavioral health services | Completed |
| 3.a.ii | Behavioral health community crisis stabilization services | Completed |
| 3.b.i | Evidence-based strategies for disease management in high risk/affected populations (adult only) | Completed |
| 3.c.i | Evidence-based strategies for disease management in high risk/affected populations (adults only) | Completed |
| 4.a.iii | Strengthen Mental Health and Substance Abuse Infrastructure across Systems | Completed |
| 4.b.i | Promote tobacco use cessation, especially among low SES populations and those with poor mental health. | Completed |

### IPQR Module 1.5 - Prescribed Milestones

**Instructions :**

Please provide updates to baseline target dates and work breakdown tasks with target dates for required milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|---|---|---|---|---|---|---|---|---|---|
| **Milestone #1** Complete funds flow budget and distribution plan and communicate with network | Completed | Funds Flow Budget and Distribution Plan, signed off by your Finance Committee, including details of your approach to funds flow on a whole-PPS and project-by-project basis; evidence of involvement of provider network in developing funds flow methodology. | 04/01/2015 | 03/31/2016 | 04/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | YES |
| **Task** Submit preliminary budget and Funds flow | Completed | 1) Submit preliminary Funds Flow Budget and Distribution Plan with Implementation Plan. | 04/01/2015 | 06/30/2015 | 04/01/2015 | 06/30/2015 | 06/30/2015 | DY1 Q1 | |
| **Task** Finance Committee refines Budget and Funds flow | Completed | 2) Finance Committee refines Funds Flow Budget and Distribution Plan, in consultation with project implementation committees, hub leaders, major PPS participants and others. | 07/01/2015 | 12/31/2015 | 07/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 | |
| **Task** Finance Committee makes recommendations | Completed | 3) Finance Committee Recommends Funds Flow Budget and Distribution Plan. | 07/01/2015 | 12/31/2015 | 07/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 | |
| **Task** Executive Committee reviews and approves | Completed | 4) Executive Committee review and approval of Funds Flow Budget and Distribution Plan. | 07/01/2015 | 12/31/2015 | 07/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 | |
| **Task** Communicate Budget and Funds flow with network | Completed | 5) Communicate Funds Flow Budget and Distribution Plan with PPS Network. | 10/01/2015 | 03/31/2016 | 10/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |

### IPQR Module 2.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing your governance structure and processes and achieving the milestones described above, as well as potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

1) The key challenges in our governance structure are common to the governing efforts in all complex organizations whose constituents are drawn from three founding organizations, and with Board members who have many other responsibilities in those founding organizations. It will be critically important that the energy and commitment of the Board members continue through the entire DSRIP period. At the same time, the Board members will rely on the committee structure, including the PAC, to provide input and recommendations from the participating partners and stakeholders. As the time period progresses, and as the emphasis is on implementing the projects, we will need to maintain the energy and commitment of those groups to provide general input to the Committees and the Executive Committee. We will mitigate these governance risks by providing support to the Board members in their efforts to receive, digest and provide guidance and approval with respect to the key issues involved in implementation of the DSRIP projects and operation of the PPS. At the same time, we will continue our program of communication with the PAC, the participating partners, and stakeholders, in order to obtain their ongoing input and advice, and to keep them informed and aligned with the PPS's efforts.

2) Another risk is maintaining transparency and accountability with respect to achievement of milestones and metrics, and related funds flow for project costs, lost revenue, incentive payments, PPS administrative costs, and reserves. We will address this risk by developing a clear and specific approach to data collection and analysis of progress on project milestones and metrics, and the related funds flow issues. As noted in the Funds Flow Tab of this Implementation Plan, input will be sought from representatives within the PPS in the development of these approaches. When approved by the Executive Committee, these approaches will be documented in the appendix to both contracts and participation agreements with participating partners and Community Based Organizations.

### IPQR Module 2.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The Governance work stream is critically important to the success of the PPS because it establishes the decision-making and oversight structure for the PPS as a whole. It also provides the structure through which the three hubs within NQP, and the other hospitals and participating providers, will collaborate. The collaboration will include: development of project protocols; project implementation in the hubs; and the establishment of the mechanisms for defining, monitoring and collecting data. These interdependencies are described in more detail in other sections of the Implementation Plan.

### IPQR Module 2.5 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for the development of your governance structure and processes and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Executive Director | Robert Hettenbach, NQP | Determine governance structure and drive deliverables according to the Implementation Plan |
| Legal Counsel | Laurie Cohen, Nixon Peabody | Provide legal counsel to the governance team and report to executive committee as needed |
| Medical Director | Gilbert Burgos, MD - NQP | Provide clinical leadership to the governance team and report to the executive committee on project progress and quality as warranted |
| Deputy Executive Director | Ha Nguyen, NQP | Manage day to day PPS operations and report on project administration as warranted |
| Director of Business Administration | Mark Murphy, NQP | Advise and oversee compliance concerns including contracting. Report to the executive committee as warranted |
| Director of Finance | Thomas Early, NQP | Advise and oversee budget and agreed upon funds flow. Report to the executive committee on budget as warranted |
| Director of Data Analytics & Quality Improvement | Nadeem Ramjan, NQP | Advise and oversee data collection and clinical quality metrics. Report to the executive committee as warranted |
| Director of Behavioral Health | John Javis, NQP | Advise and oversee CBO engagement and contracting. Report to the executive committee as warranted |
| Director of Organizational Development | Glenn Courounis, NQP | Advise and oversee the workforce strategy. Report to the executive committee as warranted |

### IPQR Module 2.7 - IT Expectations

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream and your ability to achieve the milestones described above.

The Governance Committee will need to put significant input into the IT strategy, particularly where data is aggregated outside of the hubs at the PPS level, taking responsibility for monitoring and enforcement of requirements for data security at the hub and PPS levels. IT will be key to implementation and project monitoring by the Executive Committee as well as the Project Committees, Clinical Oversight, IT, Workforce and Finance Committees. The NQP website will be used as a central forum of communication to all stakeholders, soliciting input through the use of surveys, and sharing status with the posting of meeting minutes, committee membership / charters, progress reports, etc.

### IPQR Module 2.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

The success of this work stream will be measured first by the extent to which the milestones identified in this portion of the implementation plan are achieved. In addition, success will be measured through the Executive Committee's ongoing oversight of the activities of the Project Committees and the Clinical Oversight, IT, Workforce and Finance Committees, and of the progress being made on achieving the milestones and metrics for each project undertaken by the PPS. The Executive Committee also will engage in self-evaluation and self-monitoring, taking into consideration input from the various Committees, the PAC, the Project Management Office (including the Compliance Officer), and stakeholders. Finally, ultimate success will be measured by the PPS's contribution to achievement of the goals of the DSRIP Program, and thereby improvement in the health of the population it serves. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then reviewed for consolidation at the PPS level. The consolidated report will be approved as detailed in each milestone.

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 3.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

Implementation risks to creating a financially sustainable PPS include, but are not limited to:
1. Overall Buy-in
To mitigate this challenge, NQP will develop a provider communications strategy, using webinars, in-person meetings and written materials to educate providers regarding DSRIP requirements. Such education will be made available, as a matter of urgency, to financially fragile partners whose financial health is especially important to the PPS. The PPS will also identify and deploy a set of provider champions from across the network who will assist in provider engagement efforts, especially with regard to VBP design and adoption. In particular, NQP will work closely and collaboratively with contracted MCOs. An MCO strategy will be developed/deployed to move the PPS to a VBP system within DSRIP timeframes.
2. Financially Fragile Providers
NQP will develop an identification/monitoring process and work closely and collaboratively with financially fragile partners. These partners may be reluctant to share data, and unwilling to accept help from the PPS. But, the PPS believes that the success of the entire PPS rests on the success of all partners, including financially fragile institutions. This process will be closely tied into the PPS compliance plan. It is anticipated that the early years of the DSRIP initiative could be at risk, due to startup-related revenue losses. To mitigate this challenge, NQP intends to develop highly collaborative partnerships with all providers in the network. Non-disclosure agreements will be utilized. Criteria for financial fragility will be known and potential remedies will be sought in a collaborative manner with financially fragile institutions.
3. Provider education
Providers will require significant education and re-orientation. Given that buy-in is a significant concern, NQP will continue to engage stakeholders throughout this process. NQP will facilitate a variety of web-based, office-based and community-based information on DSRIP metrics and VBP strategies within the PPS. The transition to VBP design will also occur gradually and with sensitivity to the dynamics of change management.
4. Data Collection and Management
Timely, accurate data is essential to NQP's ability to meet DSRIP reporting requirements and to create the type of connectivity that is essential to serving high-risk individuals with significant needs. NQP will develop a comprehensive performance measurement strategy that will incorporate the required measures at varying levels of detail to support the full range of executive leadership and front-line staff. NQP will develop a detailed performance measurement work plan that will support financial reporting as well as clinical and other types of reporting. The PPS will further share data at the provider level. This will be especially important to engaging providers in VBP designs – with input on best practices in similar efforts nationally.
5. RHIO Connectivity
NQP is aware that the functionalities developed and implemented by the RHIOs will have a significant impact on the success of the PPS. Connectivity is essential to expedited service for high risk-individuals having significant and varied needs. NQP will work closely and collaboratively with the RHIOs to support their success. At the same time, the PPS will develop strategies to maximize data connectivity across each hub within the PPS.

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 3.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Interdependencies with other work streams are as follows:
1. Governance
Having a responsive, effective governance structure that is capable of monitoring PPS finances will support the development of plans to assess the financial viability of distressed providers. A strong Value Based Payment strategy is critical to the success of the PPS. As a result, NQP will carefully weave together governance and financial monitoring and compliance functions. This includes a strong VPB strategy and good relationships with providers, MCOs and others on whom opportunities to share savings depend.
2. Reporting Requirements
NQP understands the importance of not only measuring DSRIP metrics but also of monitoring key metrics to assess and continuously improve DSRIP program performance. Reporting is dependent upon data collection, analysis and report development, as well as distribution to key stakeholders. Data is key to the PPS's success and NQP seeks to maximize the IT system to ensure functional, accurate and timely reporting to perform all monitoring functions.
3. IT and Data
NQP is aware that having a strong IT system is critical to data collection, sharing, analysis and reporting for DSRIP. The IT system is critical to sharing information on patients, which is integral to financial sustainability, as well. Financial sustainability is integral to DSRIP operations and, therefore, NQP will manage this function carefully.
4. Workforce
NQP is in the process of reviewing the workforce impact on financial sustainability. While full and complete information is not available, NQP is developing plans to carefully monitor workforce results and the impact on direct workforce expenditures and care delivery costs.

### IPQR Module 3.5 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Finance Subcommittee Chair | John Maher, NUMC CFO | Drive Finance Committee deliverables consistent with overall DSRIP program |
| Finance Director | Thomas Early, NQP | Advise and oversee budget and agreed upon funds flow. Report to the executive committee on budget as warranted |
| Chief Compliance Officer | Bryan Chung, NQP | Ensure regulatory and policy compliance |
| Accounting Manager | Samantha Mclaughlin, NQP | Support monitoring of funds flow and adherence to budget |

### IPQR Module 3.6 - Key Stakeholders

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| William Armstrong, SVP Finance, CHSLI | CHS Finance executive | Inform the financial sustainability strategy |
| Wayne Ziemann, Director, Executive Director, DSRIP, CHS | CHS Other Key Contributor | Inform the financial sustainability strategy |
| Richard Diem, SVP Finance, NSLIJ | Assistant Vice President, Finance, LIJ | Inform the financial sustainability strategy |
| John McGovern, SVP, Finance, NSLIJ | LIJ Finance executive | Inform the financial sustainability strategy |
| John Maher, Exec VP & CFO, NUMC | NUMC Finance executive | Inform the financial sustainability strategy |
| Patrick O'Shaughnessy, DO, EVP and System CMO | CHS Other Key Contributor | Inform the financial sustainability strategy |
| Steve Guido, CFO | SJEH | Inform the financial sustainability strategy |
| Rich Miller, SVP Managed | LIJ Other Key Contributor | Inform the financial sustainability strategy |
| Robert Hettenbach, NQP Executive Director | NQP Executive Director | Inform the financial sustainability strategy |
| Joseph Lamantia | LIJ Other Key Contributor | Inform the financial sustainability strategy |
| Paul A. Pipia, MD, Interim Chief Executive Officer and President | NUMC Chief Executive Officer and President | Inform the financial sustainability strategy |
| Ha Nguyen, Director of Project Operations | NQP Director of Project Operations | Inform the financial sustainability strategy |
| **External Stakeholders** | | |
| Amerigroup, HealthFirst, FidelisCare, United Healthcare, Affinity | MCOs | Prepare for VBP contract negotiations |

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 3.7 - IT Expectations

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

Data is essential to monitor utilization and costs associated with care delivery, especially at financially fragile facilities within the safety net system. The tools that will support the PPS's efforts to move away from a volume-driven system toward a value-driven health care delivery system that is financially sustainable include, but are not limited to:

1. Population Health Management tools such as registries and systems to track engagement in DSRIP projects.
2. Care Management software that will be available to providers to support patients regardless of where within the PPS patients present for care.
3. Electronic Health Records (EHRs) to support sharing of clinical information across the full care continuum.
4. Tools to stratify patients into high, moderate and low-risk groups to determine appropriate, cost-effective interventions.
5. Point of service warning systems that inform the PPS when patients require additional support (e.g. ED utilization, inpatient admissions).
6. Reporting tools to monitor and report DSRIP results both within the PPS and to DOH especially for financially fragile institutions.

The PPS's shared infrastructure will support patients' abilities to receive preventative care and further decrease avoidable hospital use, creating a financially sustainable system.

To manage the Financial Sustainability work stream, NQP will develop a system that supports reporting by hub and, in the aggregate across the PPS for all required DSRIP metrics. The reporting structure will support oversight by the governance structure, at the executive level, at the hub level and for each of the DSRIP project workgroups. DOH reports will be produced by the NQP PMO under the direction and management of the Quality Oversight Council.

### IPQR Module 3.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

"The PMO will be responsible for monitoring progress associated with each project, based on Speed and Scale targets and against all required DSRIP metrics. Measurement will be integrated across clinical, financial, utilization and satisfaction metrics and will be reviewed by the Quality Oversight Council holistically for opportunities to improve the way in which the PPS delivers care. As part of this strategy, the PPS will develop dashboards that support management efforts to continuously improve care delivery and DSRIP results.

The PPS will share results with providers across the network so that providers have a sense of how their performance compares to their colleagues within the network. Among the measures that will be reviewed on an ongoing basis, the PPS will monitor financially fragile providers and will develop strategies to identify those providers, and work with them to effectively address identified issues.

NQP will regularly report to PPS leadership, the Finance and Clinical Committees and to the Executive Committee, which is ultimately responsible for DSRIP implementation. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. NQP will regularly report to PPS leadership, the

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

Finance and Clinical Committees and to the Executive Committee, which is ultimately responsible for DSRIP implementation. Reporting will be generated at the hub level, and then reviewed for consolidation at the PPS level. The consolidated report will be approved as detailed in each milestone.
"

### IPQR Module 4.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing your cultural competency / health literacy strategy and addressing the specific health disparities you are targeting (based on your CNA), and achieving the milestones described above - including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Major risks to implementation and risk mitigation strategies are as follows:
1. NQP will mitigate challenges collecting data that is necessary to identify and address disparities in care delivery by developing a consistent method to obtain race, ethnicity and primary language from patients at the point of service.
2. NQP will mitigate risks associated with provider participation in training activities by offering multiple training mediums and by holding trainings at locations and at times of the day that are convenient for providers.
3. NQP will address risks associated with providers having the ability to easily obtain information on race, ethnicity and primary language by ensuring an IT strategy that allows providers to quickly and easily obtain this information.

### IPQR Module 4.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Major dependencies on other work streams include the following:
1. Workforce, given that employees and new hires must be trained to address issues associated with cultural competency and health literacy in order to ensure that the cultural competency strategy is impactful.
2. Governance, given that the governance committees must review and oversee the cultural competency strategy and will further identify opportunities to improve cultural competency efforts and achieve the strategy that is developed.
3. Additional dependencies exist with Financial Sustainability, Practitioner Engagement, Population Health and Clinical Integration given that a strong cultural competence and health literacy strategy is essential to meeting DSRIP outcome goals including, but not limited to, the ability to decrease avoidable inpatient hospitalization by 25% in a five year period.

### IPQR Module 4.7 - IT Expectations

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support the development and implementation of your cultural competency / health literacy strategy and the achievement of the milestones described above.

The Cultural Competency and Health Literacy strategy depends on accurate and timely data on race, ethnicity and language across the entire attributed population. Specifically, data on population needs and characteristics will be integral to developing and implementing a strong Cultural Competency and Health Literacy strategy.

### IPQR Module 4.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

Ultimately, NQP will measure the success of the PPS's cultural competency/health literacy strategy by measuring, on an ongoing basis, changes in disparities of care among racial and ethnic minority populations that are specifically related to NQP's 11 projects. NQP will further evaluate the success of efforts to increase cultural and linguistic competence, as well as health literacy, by assessing changes in utilization of ED and inpatient services by race and ethnicity over time. NQP will seek to evaluate the relationship between clinical outcomes for DSRIP projects and cultural competence strategies for DSRIP projects. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then reviewed for consolidation at the PPS level. The consolidated report will be approved as detailed in each milestone. Training will be evaluated using surveys and selected focus groups. A training feedback survey will occur immediately after training occurs with lessons learned routed back into content for future sessions. In addition, a survey will go out approximately 3 months after training occurs to gauge the effectiveness of training on communication with patients regarding cultural and linguistic issues. Finally, select focus groups will be held with and/or surveys will be disseminated to patients to monitor their perception of culturally and linguistically appropriate communication.

### IPQR Module 4.9 - IA Monitoring

### Section 05 – IT Systems and Processes

#### IPQR Module 5.1 - Prescribed Milestones

**Instructions :**

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.
Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|---|---|---|---|---|---|---|---|---|---|
| **Milestone #1**<br>Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s). | Completed | Detailed IT current state assessment. Relevant QEs (RHIOs/HIEs) should be involved in performing this assessment. | 04/01/2015 | 03/31/2016 | 04/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | NO |
| **Task**<br>Current State IT Assessment | Completed | 1. Document the current IT state of each hub, and for the PPS overall. This assessment will focus on key functional requirements including care management software; registry functionality; project tracking functionality; RHIO connectivity in collaboration with the RHIO; interoperability; and data sharing capabilities. In addition, the PPS will assess the current IT state of providers regarding Electronic Health Records capabilities and PCMH readiness. The PPS will perform the provider assessment using an provider survey. | 05/01/2015 | 03/31/2016 | 05/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Task**<br>IT Gap Assessment | Completed | 2. Assess gaps in IT capabilities, based on the overall PPS IT design for the individual hubs and for the PPS overall. | 10/01/2015 | 03/31/2016 | 10/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Task**<br>Gap Closure Plan | Completed | 3. Document IT gaps as part of the overall design process including a plan to address such gaps to meet DSRIP goals and objectives. | 10/01/2015 | 03/31/2016 | 10/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Milestone #2**<br>Develop an IT Change Management Strategy. | Completed | IT change management strategy, signed off by PPS Board. The strategy should include:<br>-- Your approach to governance of the change process;<br>-- A communication plan to manage communication and involvement of all stakeholders, including users;<br>-- An education and training plan; | 07/01/2015 | 09/30/2016 | 07/01/2015 | 09/30/2016 | 09/30/2016 | DY2 Q2 | NO |

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|---|---|---|---|---|---|---|---|---|---|
| | | -- An impact / risk assessment for the entire IT change process; and<br>-- Defined workflows for authorizing and implementing IT changes | | | | | | | |

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 5.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in creating and implementing your IT governance structure, your plans for data sharing across your network, your approach to data security and confidentiality, and the achievement of the milestones described above, including the potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Major risks for IT implementation relate to creating a cohesive system across all three hubs. The system must support comparable data collection, analysis and distribution of information to manage care delivery throughout the PPS and at all levels in the PPS. To mitigate this risk, the PPS will evaluate existing resources at the hub level and determine a streamlined approach to IT infrastructure that leverages existing resources and builds only what is necessary to meet DSRIP requirements at the hub and PPS levels. Another risk in the IT work stream relates to the lack of certainty regarding the functionality available at the RHIO level. NQP will work closely and collaboratively with the RHIO to mitigate this risk and intends to maximize any connectivity available at the RHIO level.

### IPQR Module 5.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The IT work stream supports all other work streams. It is the integration of the care delivery system throughout the partner network and is the integration of all related clinical and non-clinical work streams.

# New York State Department Of Health

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 5.5 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| IT Subcommittee Chair, NQP | Farooq Ajmal, NUMC CIO | Drive IT Sub-Committee deliverables consistent with overall DSRIP program |
| Senior IT Project Manager | Ryan Gale | Work directly with HUB CIO's to develop and implement a work plan for clinical data sharing and interoperable systems across the PPS, as well as an IT change management strategy. Keeps track of major risks during planning and implementation. Assists in creating a reporting structure. Reviews and oversees any training taking place PPS. Support implementation of the performance reporting process and tools. |
| Medical Director, NQP | Gilbert Burgos, MD | Drive IT Sub-Committee deliverables consistent with overall DSRIP program |
| Executive Director, NQP | Robert Hettenbech | NQP Executive Leadership |

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 5.6 - Key Stakeholders

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| Nathaniel Brown, Program Director, DSRIP | LIJ clinical infrastructure and strategy | Design, plan, and implement |
| Jason Tagliarino, Director, Population Health Management & ED Systems | CHS clinical infrastructure and strategy | Design, plan, and implement |
| Kelly Barland, CIO SJEH | Other Key Contributor | Design, plan, and implement |
| John Bosco, Senior VP, CIO | LIJ Other Key Contributor | Design, plan, and implement |
| Susan Comeau, CIO, St. Charles Hospital | Other Key Contributor | Design, plan, and implement |
| John Maher, Executive VP CFO | Other Key Contributor | Design, plan, and implement |
| Michael Oppenheim, MD | Other Key Contributor | Design, plan and implement |
| Felix Quayson, Performance Measurement & Quality Improvement Specialist | Other Key Contributor | Design, plan, and implement |
| Megan Ryan, Esq., General Counsel, NUMC | Other Key Contributor | Design, plan, and implement |
| Jim Murry, CHS | Other Key Contributor | Design, plan, and implement |
| Wayne Ziemann | CHS Executive Leadership | Design, plan, and implement |
| **External Stakeholders** | | |
| Healthix, HIE | Input and Review around Health Information Exchange | Coordination and strategy alignment with hub IT strategies |
| SHIN-NY | Input and Review | Statewide Health Information Network for New York |

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 5.7 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

NQP will evaluate progress against this Implementation Plan to evaluate success of this organizational work stream. In addition, NQP will evaluate the degree to which other work streams and project groups validate that DSRIP business needs for each project group are met by this work stream. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then reviewed for consolidation at the PPS level. The consolidated report will be approved as detailed in each milestone.

### IPQR Module 6.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing performance reporting structures and processes and effective performance management within your network, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

NQP recognizes challenges associated with implementing performance reporting structures and processes and the potential impact on DSRIP implementation activities. The PPS recognizes the importance of having strong training and communication processes to support the implementation, measurement and improvement of DSRIP metrics over the course of the project.
NQP recognizes many challenges that may present during the implementation of a performance measurement strategy for DSRIP. Key are:
1. The potential for inadequate provider interest and participation in collecting and using performance measurement data. To mitigate this challenge, NQP will develop an incentive system that truly engages and rewards providers in performance measurement activities. NQP will solicit user input in the development process and will develop user-friendly formats and data that providers believe is helpful in delivering quality care.
2. Variation in systems, complexities and technological tools, as well as knowledge regarding data and quality improvement strategies across the network and, across the NQP hubs. To mitigate this challenge, NQP will identify and proactively address such variation and will ensure that hubs understand the importance of achieving similar outcomes, while respective variability in systems across the PPS. NQP will address these issues in training efforts. When possible, NQP will also create automated systems.
3. The level of resources required in obtaining non-claims-based data, including chart abstraction for NYSDOH-generated data for MDF lists, PAMs, CAHPS Survey, and patient engagements. All major providers within the PPS have experience extracting data from non-claims-based provider systems and NQP will leverage that experience.
4. Ability to obtain accurate data, in a timely manner, from NYSDOH. Mitigation will focus communication to State wide CIO Performance Management Work Group.

### IPQR Module 6.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The Performance Reporting workstream is dependent on the following work streams:
1) Workforce Strategy: To conduct the Performance Reporting workstream and share performance reporting data in a meaningful way, NQP must identify, engage and train appropriate staff to work with providers across the network.
2) Governance: NQP will seek Executive Committee approval on the performance measurement strategy and timeline.
3) Financial Sustainability: Providers' abilities to utilize performance reporting data in a meaningful way can have a significant financial impact on the PPS. In particular, performance reporting will be a key activity that will support the PPS's ability to meet DSRIP requirements and metrics and to achieve positive financial outcomes.
4) IT Systems and Processes: A robust IT system is essential to NQP's ability to produce and distribute performance measurement data. Such data will form the foundation of DSRIP performance management efforts. In particular, NQP must realize the IT system design, including the

ability to aggregate data and reporting functions at the PPS level, in order to efficiently and effectively measure, analyze and report DSRIP performance measurement activities.
5) Practitioner Engagement: This workstream is integrally related to a successful Performance Reporting workstream. In particular, strong Provider Engagement and interest is an important prerequisite to a successful Performance Reporting strategy.
6) Population Health Management: A strong Performance Reporting system will form the basis of Population Health Management activities including the ability to proactively respond to registry data.
7) Funds Flow: Performance Measurement data will ultimately inform funds flow, VBP activities and the distribution of provider incentive monies across the PPS network.

### IPQR Module 6.5 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Medical Director - NQP | Gilbert Burgos, MD, MPH | Provide clinical leadership to develop strategy for identification of key indicators and development of dashboards and reports. |
| Director of Data Analytics & Quality Improvement - NQP | Nadeem Ramjan | Provide leadership to develop strategy for identification of key indicators and development of dashboards and reports. |
| Business Data Analyst - NQP | Victoria McLean | Support implementation of relevant reporting processes, analysis and tools. |
| Clinical Data Analyst | Hope Voicesu | Support implementation of relevant reporting processes, analysis and tools. |

### IPQR Module 6.6 - Key Stakeholders

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| Joseph Lamantia, Executive Director Northwell Health Solutions, VP Population Health Management | Northwell Health - LIJ Executive Leadership | Ensure coordination of data submissions from hubs to central PPS. |
| Karen Charles, Director of Long Term Care, NQP | NQP Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Hunter Greene, Project Manager | NUMC Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Arial Hayes, Senior Director of Program Development | LIJ Other Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Jessica Wyman, Associate Director - DSRIP, CHS | CHS Performance Management | Ensure coordination of data submissions from hubs to central PPS. |
| Robert Hettenbech, Executive Director | NQP Leadership | Ensure coordination of data submissions from hubs to central PPS. |
| Brendan Lambert, Project Analyst | CHS Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Samantha McLaughlin, Accounting Manager - NQP | NQP Key Contributor | Financial impact and anaylsis. |
| Gloria Mooney, Project Manager | CHS Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Ha Nguyen, Deputy Executive Director, NQP | NQP | Ensure coordination of data submissions from hubs to central PPS. |
| Felix Quayson, Performance, Measurement, QI Specialist - NUMC | NUMC Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Natalie Schwartz, MD - SJEH | CHS Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Jason Tagliarino, Director | CHS Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Vivek Taparia, Deputy Executive Director, CHS | CHS Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Donald Ashkanase, COO, NUMC | NUMC Key Contributor | Ensure coordination of data submissions from hubs to central PPS. |
| Wayne Ziemann, Executive Director, DSRIP, CHS | CHS Executive Leadership | Ensure coordination of data submissions from hubs to central PPS. |
| **External Stakeholders** | | |
| HealthFirst Clinical Quality | Validation of PPS performance against external reporting requirements | Coordinate provision of claims data as required to inform progress. |
| Amerigroup Clinical Quality | Validation of PPS performance against external reporting requirements | Coordinate provision of claims data as required to inform progress. |
| Affinity Clinical Quality | Validation of PPS performance against external reporting requirements | Coordinate provision of claims data as required to inform progress. |

### IPQR Module 6.7 - IT Expectations

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support your approach to performance reporting.

By DY3, NQP will develop the ability to create IT systems at the hub and at the PPS levels that support automated data collection and reporting through a "pipeline" that connects the hubs' data and IT systems, offering the PPS the ability to meet all DSRIP Performance Reporting requirements. Such information will further support the calculation and distribution of incentive-based payments to providers.

### IPQR Module 6.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

The PPS will need to track progress in several dimensions:
- Provider participation
- Patient Engagement
- Domain 2 and 3 ,4 measures and outcomes (although NYS will provide data for many of the measures, there will be time lags, so the PPS plans to implement a process to internally generate ad-hoc reports on Outcomes)
- Milestone status, task plans, and associated resources

The PPS plans to adopt a vendor program management tool (Performance Logic) to assist in tracking decomposed work breakdown structures for each work stream and project deliverables.
Each element of progress will need a detailed work flow, reporting template, timing requirements, and roles and responsibilities delineated.
Generally, reporting will originate at the hub level, with the three hubs consolidating data for its partners. Then the PPS will consolidate hub data in order to deliver a cohesive quarterly report tracking narratively the Domain 1 measures and statistically the Domain 2, 3 and 4 progress measures calculated by the DOH in the reporting period.

### IPQR Module 7.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the current level of engagement of your physician community in the DSRIP program and describe the key challenges or risks that you foresee in implementing your plans for physician engagement and achieving the milestones described above. Describe any potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Risks associated with provider training include lack of willingness among providers to participate in training efforts. NQP recognizes the importance of securing the participation of providers, as well as office staff, among others. To mitigate this risk, NQP will schedule trainings at locations and at times of the day that are convenient for providers. NQP will further evaluate opportunities to provide incentives to network providers to attend trainings. NQP believes that if providers' goals do not align with DSRIP goals, the PPS will be at risk. NQP recognizes that training efforts must focus on helping providers align their financial goals with those of DSRIP, while improving care delivery.

### IPQR Module 7.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Multiple workstreams are dependent on NQP's DSRIP Provider Engagement strategy. Without adequate provider engagement and training efforts, key workstreams such as Clinical Integration, Population Health Management and Financial Sustainability may suffer. In many regards, the Provider Engagement workstream is central to DSRIP development efforts. As a result, NQP will place significant effort on this, among other workstreams. With regard to clinical integration, NQP is aware that there is a dependency between 2.a.i. and Provider Engagement, given the primacy of training and the impact of engagement efforts on the PPS's ability to implement a value based payment strategy and a financially sustainable PPS. Reporting will be generated at the hub level, and then reviewed and consolidated at the PPS level. The consolidated report will be approved as detailed in each milestone.

### IPQR Module 7.5 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Medical Director- NQP | Gilbert Burgos, MD, MPH | Collaborate with NQP Hubs to develop strategy for network management activities and coordinate implementation across NQP. |
| Director of Long Term Care- NQP | Karen Charles, MBA | Collaborate with NQP Hubs to develop strategy for network management activities and coordinate implementation across NQP. |
| Policy Project Manager - NQP | Matthew Hawley | Support implementation of network management activities. |
| Director of Behavioral Health | John Javis | Collaborate with NQP Hubs to develop strategy for network management activities and coordinate implementation across NQP. |
| Director of Data Analytics and Performance Improvement | Nadeem Ramjan | Collaborate with NQP Hubs to develop strategy for network performance management activities and coordinate implementation across NQP. |
| Senior IT Project Manager | Ryan Gale | Collaborate with NQP Hubs to develop strategy for network integration, performance management activities and coordinate implementation across NQP. |

### IPQR Module 7.6 - Key Stakeholders

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| Julie Harnisher, Director, Physician Outreach, NUMC | NUMC PPS executive leadership | Input on NUMC provider network characteristics and liaison to community based providers. |
| Richard Mulry, SVP of Physician Network Development | Other Key Contributor | Input on provider network characteristics and liaison to community based providers. |
| Marcus Friedrich, Assoc Director Medicine Service Line, NSLIJ | LIJ Network management | Inform PPS with regard to training needs and methodologies, assist in identifying subject matter experts for identified training needs. |
| Irene Koundourakis, Provider Relations NUMC | NUMC key contributor | Input on NUMC provider network characteristics and liaison to community based providers. |
| **External Stakeholders** | | |
| Michael Chambers, Executive Director | Mental Health Association | Serve as liaison to PPS with regard to physician engagement on programs available to the target population of specific DSRIP projects. |
| Kevin Dahill, CEO | Nassau Suffolk Hospital Association | Serve as liaison to PPS with regard to physician engagement on programs available to the target population of specific DSRIP projects. |
| Managed Care Organization | Healthfirst | Serve as liaison to PPS with regard to physician engagement on programs available to the target population of specific DSRIP projects. |
| James Dolan, PhD | Nassau County Department of Social Services | Serve as liaison to PPS with regard to social service programs available to the target population of specific DSRIP projects. |
| Pharmacists and Pharmacy Organizations | Advisory | Provide expertise and advise to address training gaps as identified in areas concerning medication adherence and reconciliation. |
| South Shore Rockaway IPA | Paiel Chakrabarty | Serve as liaison to PPS with regard to physician engagement on programs available to the target population of specific DSRIP projects. |
| Beacon IPA | Jonathan Goldstein | Serve as liaison to PPS with regard to physician engagement on programs available to the target population of specific DSRIP projects. |
| Karen Bassuk, Director | Rockaway Wellness Partnership | Serve as liaison to PPS with regard to physician engagement on programs available to the CBO population of specific DSRIP |

### IPQR Module 7.7 - IT Expectations

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

NQP will develop a database to identify providers by provider type and by hub and will further support efforts to track provider participation. NQP will rely on this database to distribute information to engaged providers. The Provider Engagement work stream will further rely on IT to provide performance measurement tools (e.g. a provider portal that offers the ability to compare performance to other network providers as well as gaps in care reports). In turn, performance measurement data will support the PPS's ability to calculate and distribute provider incentive payments.

### IPQR Module 7.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

NQP will evaluate the success of this organizational work stream by reviewing provider participation in DSRIP. To measure success for this work stream, NQP plans to collect provider feedback that supports the PPS's ability to assess the quality and impact of Provider Engagement efforts. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then reviewed for consolidation at the PPS level. The consolidated report will be approved as detailed in each milestone.

### IPQR Module 7.9 - IA Monitoring

### IPQR Module 8.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

Major risks to implementation that affect the bed reduction plan include, but are not limited to whether the following take place:
1. The DSRIP projects have the intended impact, as desired.
2. The PPS is able to secure appropriate workforce participation to support a shift from an inpatient to outpatient setting.
3. Patients are able to increase self-care and health literacy skills, including more appropriate use of healthcare services.

To address these risks, the PPS will carefully monitor key factors to determine whether or not a shift in utilization is occuring and whether or not beds can be closed without denying needed access to inpatient care. NQP will carefully monitor DSRIP outcomes and will close beds in a stepwise fashion as DSRIP projects achieve results.

### IPQR Module 8.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

NQP recognizes that the Population Health workstream depends on Information Technology tools such as registries. NQP further recognizes that this workstream depends on the Practitioner workstream given that provider support is a key component of taking a population health oriented approach to care delivery. It is also dependent on the Workforce workstream as recruitment of appropriate outpatient focused workforce and retraining of inpatient focused workforce is critical to success.

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 8.7 - IT Expectations

**Instructions :**

Please describe the current Population Health Management IT capabilities in place throughout your PPS network and what your plans are at this stage for leveraging these capabilities and/or developing new IT infrastructure.

NQP anticipates that the Population Health work stream will rely on IT tools, given the importance of patient registries, data warehousing and measurement tools to conduct Population Health activities. IT tools will further be used for supporting measurement efforts to identify and understand population health needs.

### IPQR Module 8.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

To assess NQP's progress within this organization work stream, NQP will measure and monitor, on an ongoing basis, data associated with population health outcomes generally and DSRIP projects specifically. In addition, NQP will monitor structure and process measures to ensure that DSRIP projects are implemented as intended. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then consolidated at the PPS level. The consolidated report will be approved as detailed in each milestone.

### IPQR Module 9.3 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges or risks that you foresee in improving the level of clinical integration throughout your network and achieving the milestones described above. Describe potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

1. One implementation risk for Clinical Integration relates to the importance of attending to the overall PPS processes while still respecting and addressing hub-specific needs and characteristics. To address this risk, NQP will carefully develop overall strategies -- with a focus on requirements and design criteria-- while supporting local implementation at each hub. In this manner, NQP will achieve consistent results while supporting the networks, operational characteristics and other needs at local hubs with a focus on outcomes.
2. Another risk to implementation is the need to attend to a wide variety of population needs that cross medical, behavioral and psychosocial population needs. NQP will attend to this risk through a careful assessment process with input from a variety of stakeholders. In particular, NQP will develop a clinical integration strategy that is culturally and linguistically responsive to the specific needs of the population which vary substantially across Nassau and Queens Counties.
3. NQP recognizes that there is a risk associated with identifying a strategy to deliver the right care, at the right time, at the right level of intensity for individuals with low, moderate and high risk for poor outcomes. NQP will develop a clinical integration strategy that meets the needs of all individuals who receive care from PPS network providers through a review of best practices and a design process that will meet the needs of the population in all clinical strata.
4. NQP further recognizes that the clinical integration strategy is heavily dependent on data and IT tools. NQP will carefully attend to the development of IT tools and strategies that support the wide range of population needs as described below under "IT Expectations".

### IPQR Module 9.4 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The clinical integration strategy relies on multiple work streams as follows:
1. Workforce
Without an appropriate workforce, NQP will not be able to implement clinical integration strategies that rely on a workforce design that requires redeployment, retraining and hiring of new staff. In particular, the clinical integration strategy will require navigators, peers and other culturally and linguistically appropriate staff that can support community-based care.
2. Governance
The Clinical Integration work stream will require careful monitoring by the Clinical Oversight Committee, an important component of NQP's Governance structure.
3. Cultural Competence and Health Literacy
The success of the Clinical Integration work stream is intertwined with the Cultural Competence and Health Literacy work stream and the synergy of the two sets of requirements will be important to a successful DSRIP implementation.

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

4. IT Systems and Processes
As stated above, Clinical Integration will rely heavily on a successful IT strategy with tools that support adequate data collection, analysis and distribution, as well as tools that support population health, risk stratification and care management functions.
5. Performance Reporting
Clinical Integration will require careful monitoring through the Performance Reporting functions for DSRIP. As such, the two work streams are dependent on one another.
6. Practitioner Engagement
Key to Clinical Integration is the engagement of practitioners in a meaning manner. Without engaging providers in a manner that supports transformation and work flow re-design, DSRIP cannot succeed. Therefore, NQP will design and implement these two work streams together, attending to the relationship between requirements whenever possible and necessary.

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 9.5 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Medical Director - NQP | Gilbert Burgos, MD, MPH | Oversee implementation of the clinical integration strategy, which centers on building a high-value network in which clinical and other information can be shared securely in support of better care transitions and quality care, across NQP through collaboration with NQP Hubs. |
| Director of Long Term Care- NQP | Karen Charles, MBA | Support implementation of clinical integration activities. |
| Director of Data Analytics & Quality Improvement - NQP | Nadeem Ramjan | Support implementation of relevant reporting processes and tools. |
| Executive Director - NQP | Robert Hettenbach | Support implementation of clinical integration activities. |
| Policy Project Manager | Matthew Hawley | Support implementation of clinical integration activities. |

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 9.6 - Key Stakeholders

**Instructions :**

Please identify the key stakeholders involved, both within and outside the PPS.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| Patrick O'Shaughnessy, CMO - CHSLI | Provide clinical integration advisory | Faciliate provider engagment |
| Lisa McLaughlin, Director of Social Work - NUMC | Provide community interaction advisory | Faciliate provider engagment |
| Gerald Buggs - NUMC | NUMC Hub Lead | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Wayne Ziemann, Executive Director, DSRIP, CHS | CHS Hub Lead | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Jacqueline Delmont, MD, Medical Director/ President | CHS Key Contributor | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Nick Fitterman, MD, Vice Chair Hospital Medicine, LIJ | LIJ Key Contributor | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Krishan Kumar, MD, Director of Pediatrics Emergency Medicine Department of Emergency Medicine, NUMC | NUMC Key Contributor | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Mona Mittal, DO, Senior Director , Disease Management, LIJ | LIJ Key Contributor | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Paul Pipia, MD, Chief Executive Officer (as of April 2018) | NUMC Key Contributor | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Natalie Schwartz, MD, Chief Population Health Officer, St. John's Episcopal | CHS Key Contributor | Provide subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| **External Stakeholders** | | |
| New York City Department of Health | Government and Community Interactions | Provide input into development of the clinical integration strategy; drawing on agency resources and experiences. |
| Department of Social Services | Government and Community Interactions | Provide input into development of the clinical integration strategy; drawing on agency resources and experiences. |
| Office of Mental Health | Government and Community Interactions | Provide input into development of the clinical integration strategy; drawing on agency resources and experiences. |
| Jim Dolan, Nassau County | Government and Community Interactions | Provide input into development of the clinical integration strategy; drawing on agency resources and experiences. |

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 9.7 - IT Expectations

**Instructions :**

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

For Clinical Integration, NQP recognizes the importance of the IT work stream. Specifically, NQP anticipates that the IT infrastructure must support population health functions (e.g. registries), patient stratification tools (e.g. predictive models), care management platforms, interoperability of medical records and performance reporting tools to measure and improve quality. NQP is aware that the Clinical Integration work stream cannot succeed without adequate IT functionality.

### IPQR Module 9.8 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

NQP will measure the success of clinical integration over time through process measures that evaluate project implementation efforts and, through metrics such as decreased ED utilization and unnecessary hospitalization and enhanced patient satisfaction. All metrics from Domain 2, 3, 4 have some relationship to Clinical Integration, and Dashboard review by the Clinical Quality Committee will be used to evaluate and adjust plans.
For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then consolidated at the PPS level. The consolidated report will be approved as detailed in each milestone.

### IPQR Module 9.9 - IA Monitoring:

**Instructions :**

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

## Section 10 – General Project Reporting

### IPQR Module 10.1 - Overall approach to implementation

**Instructions :**

Please summarize your intended approach to the implementation of your chosen DSRIP projects, including considerations around how this approach will allow for the successful development of concurrently implementing DSRIP projects.

NQP seeks to leverage centralized support and resources to drive unified implementation and results. This approach enables the success of the PPS by capitalizing on the unique characteristics of the three hubs and their local partners. Key components of the implementation structure include day to day Executive leadership, senior led PPS level workgroups, and active participation of all three hubs. The PPS will set the strategy, implementation tenets, and common process, while the hub lead organizations will be responsible for implementing each of the DSRIP projects, utilizing both traditional and community based partnerships. In this manner, the PPS will achieve the benefits of shared resources across the three hubs, with common requirements and desired results. The network will also have the flexibility to respond to local conditions and challenges.
NQP's Clinical and Administrative leaders, reporting directly to the PPS Executive Committee, oversees all DSRIP implementation activities. The Clinical Oversight Committee will monitor project implementation efforts with a focus on performance measurement activities, project design, clinical outcomes, and patient safety. The Clinical Oversight Committee reports, through the Leadership Group, to the Executive Committee.
NQP's overall approach to implementation fully supports the hubs in local implementation efforts by providing centralized resources and guidance to ensure consistency of the PPS's ability to meet measure and report on DSRIP requirements. The intent is to work towards meaningful collaboration. Structures that support the local hubs, which are staffed by the NQP PMO at the PPS level and, from each hub (which will participate in each and every work group) include:
1) Project workgroups that will address projects related to: the creation of an Integrated Delivery System (2.a.i.) and Integration of Primary and Behavioral Health Care (3.a.i.); Mental Health Infrastructure and Crisis (3.a.ii. and 4.a.iii); Care Transitions/INTERACT (2.b.iv. and 2.b.vii); Co-located Primary Care (2.b.ii.); Chronic Disease Management (3.b.i, 3.c.i, and 4.b.i); and, Patient Activation (2.d.i.). Project workgroups will include representation from each of the three hubs and PPS Project Management Office (PMO) staff.
2) NQP project work groups will work closely with each of the key work streams. Work streams will include representation from each of the three hubs and NQP PMO staff.
The NQP PMO will staff all workgroups in order to allow for information sharing as well as the facilitation of cross-hub collaboration. Project work groups will inform work stream leaders on relevant business requirements. The PPS will actively combine like work stream requirements across projects to execute work efficiently and effectively, rather than making the same decision as it relates to various projects in different committees. Activities that are required by multiple projects (e.g. PCMH recognition, MCO collaboration) will be planned centrally at the PPS level.
Key steps that NQP plans to take to initiate implementation planning efforts include, but are not limited to:
1) A systematic review of the relationship between project requirements across all projects and work stream deliverables and related tasks. In this manner, the PPS will aggregate tasks in a logical and efficient manner, seeking to achieve economies of scale in planning and implementation efforts
2) Develop a clear design process for each DSRIP project that articulates PPS level efforts that will support each of the three hubs and hub level efforts related to actual implementation of the projects
3) Analyze gaps between current practices and process and DSRIP requirements, by project
NQP will identify design processes and work plans for each of the project workgroups and, for each of the work streams.

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 10.2 - Major dependencies between work streams and coordination of projects

**Instructions :**

Please describe how your approach will handle interdependencies between complementary projects, as well as between projects and cross-cutting PPS initiatives - for example, an IT infrastructure upgrade, or the establishment of data sharing protocols.

As part of the implementation planning process, NQP aggregates similar projects to achieve efficient planning efforts, either because of requirements or the issues that a given set of projects address. Project groupings reflect dependencies as follows: 1) Integrated Delivery System and Integration of Primary and Behavioral Health Care; 2) Mental Health Infrastructure and Crisis; 3) Chronic Disease Management ; 4) Care Transitions/INTERACT; 5) Co-located Primary Care; and, 6) Patient Activation.
In addition,NQP workstream consist of representatives from each hub. Workstreams will also efficiently contribute information regarding specific tasks as subject matter experts and, will also contribute expertise on capabilities within their hubs. Workstreams will address tasks, with input from each project group, for the PPS overall and then, within their local hubs.The PPS will seek to identify interdependent decisions and tasks that cross projects and workstreams, and through the PMO, and make every effort to coordinate such work efficiently. Both project groups and work stream groups will be responsible for integrating interdependencies across projects with direction from the Executive Committee.
NQP's HIT infrastructure will include: 1) As needed, deployment and/or upgrade of Electronic Health Records (EHRs) 2) Deployment of systems to facilitate interoperability and real time data sharing among the EHRs deployed at the Hub level, with consolidation at the PPS level 3) Development of data warehouse functionality allowing Population Health Analytics, and Business Intelligence services 4) Deployment of tools that facilitate provider and patient engagement; a CBO Portal, Patient Portal, and a Care Management and Coordination Platform. In sum, these core components will support data collection at the PPS level, interoperability between Hubs, and ensure PPS-wide success in realizing DSRIP goals.
A fully functioning IT system will achieve those outcomes most associated with an IDS, including: 1) Improved population health supported by the widespread capture and analysis of both claims and clinical information 2) Transformational change achieved through the provision of care management, reducing ED and hospital utilization in favor of more effective, lower cost settings like patient centered medical homes 3) A reduction in health care spending and associated shared savings 4) Enhanced access to appropriate care as patients are treated in appropriate settings; and 5) the strengthening of the PPS's status as safety net providers enabling the PPS to better serve its target population. All of the core components, described above play a role in NQP's DSRIP projects.
NQP also considers continuous improvement, quality reporting and creating opportunities to improve care delivery as a core component of the PPS. Each of the NQP hubs considers continuous improvement a core value within their systems. As part of DSRIP, NQP has already developed a structure where the PPS's Clinical Oversight Committee, reporting to the Executive Committee, will infuse Performance Measurement, reporting and improvement in all of the PPS's work. In addition, measurement, reporting and improvement activities will be integral to all project and work stream work groups across the PPS. Performance will monitored at the hub level, with consolidated feedback at the PPS level.
NQP recognizes that Medicaid populations require medical, behavioral and psycho-social care. The PPS further understands that to succeed, we must transform our delivery systems to fully incorporate community-based organizations. CBOs are historically focused on addressing the psychosocial needs of Medicaid consumers and uninsured individuals in a culturally and linguistically appropriate manner. To do so, the PPS will include community-based organizations in all 11 of NQP's DS

### IPQR Module 10.3 - Project Roles and Responsibilities

**Instructions :**

Please outline the key individuals & organizations that play a role in the delivery of your PPS's DSRIP projects, as well as what their responsibilities are regarding governance, implementation, monitoring and reporting on your DSRIP projects.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Executive Director - NQP | Robert Hettenbach | Oversight and integration of hubs for project implementation and reporting responsibilities. Liaison to PPS Executive Committee. |
| Medical Director - NQP | Gilbert Burgos, MD, MPH | Clinical project integration and leadership for clinical aspects of project design including approval of clinical guidelines and protocols. |
| Director of Project Operations and Integration - NQP | Ha Nguyen, MA, MPH- NQP | Oversight and Coordinate activities of all project managers and ensure data collection and reporting of required metrics. |
| Director of Business Administration - NQP | Mark Murphy, MBA | Oversight and facilitation of all aspects of DSRIP organizational requirements. |
| Director of Finance - NQP | Thomas Early - NQP | Financial Support and funds flow to hub partners based on agreed upon methodologies. |
| Director of Data Analytics & Quality Improvement - NQP | Nadeem Ramjan | Performance Reporting and Analysis to insure data collection and reporting of required metrics. |
| Director of Cultural Competency & Health Literacy - NQP | Nancy Copperman, MS, RD, CDN | Oversight and facilitation of all aspects of Cultural Competency & Health Literacy. |
| Director of Long Term Care- NQP | Karen Charles, CTRS, MBA | Oversight and facilitation of all aspects of DSRIP project and reporting requirements. |
| Project Manager, Community Engagement - NQP | Alyse LaRue, LMHC | Coordinate and develop agendas for project workgroups to ensure collection and reporting of required metrics and milestones. |
| Accounting Manager | Samantha McLaughlin | Support monitoring of funds flow and adherence to budget. |
| Project Manager, Policy - NQP | Matthew Hawley | Coordinate and develop agendas for project workgroups and organizational workstreams to ensure collection and reporting of required metrics and milestones. |

### IPQR Module 10.4 - Overview of key stakeholders and how influenced by your DSRIP projects

**Instructions :**

In the below table, please set out who the key stakeholders are that play a major role across multiple DSRIP projects. Please give an indication of the role they play and how they impact your approach to delivering your DSRIP projects.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| Robert Hettenbach - NQP | Executive Director, NQP and Executive Committee | Active Participation in Required Meetings and Community Forums |
| Paul Pipia, MD, CEO - NUMC | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Dr. Larry Diamond - NUMC | Nursing Homes | Active Participation in Required Meetings and Community Forums |
| Gerald Buggs,, Director of Network Development and Provider Relations - NUMC | NUMC Hub Lead | Active Participation in Required Meetings and Community Forums |
| John Maher, CFO - NUMC | NQP Finance Sub-Committee Chairman and Executive Committee | Active Participation in Required Meetings and Community Forums |
| George Beauregard, DO - CHS | Executive Committee | Active Participation in Required Meetings and Community Forums |
| David DeCerbo Esq., Executive VP and General Counsel - CHS | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Ram Raju, MD, Senior Vice President and Community Health Investment Officer - LIJ | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Joseph Lamantia, Executive Director Health Solutions - Northwell/LIJ | Executive Committee | Active Participation in Required Meetings and Community Forum |
| Krishan Kumar, Director of Pediatrics Emergency Department - NUMC | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Donald Ashkenase, Chief Operating Officer-NUMC | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Kristofer Smith, MD, VP, Medical Director - LIJ | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Laurence Kraemer, VP Legal Affairs - LIJ | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Natalie Schwartz, MD - SJEH | Key Contributor | Active Participation in Required Meetings and Community Forums |
| Patrick O'Shaughnessy, DO, Senior VP Medical Affair & CMO - CHS | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Wayne Zeimann, Executive Director, DSRIP - CHS | Executive Committee and CHS Hub Lead | Active Participation in Required Meetings and Community Forums |
| Richard Miller, Senior VP, Payer Relations and Contract Development - LIJ | Executive Committee | Active Participation in Required Meetings and Community Forums |
| George Tsunis, Esq., Chairman Board of Directors - NUMC | Executive Committee | Active Participation in Required Meetings and Community Forums |
| Bobby Kalotee - NUMC | Executive Committee | Active Participation in Required Meetings and Community Forums |

### IPQR Module 10.5 - IT Requirements

**Instructions :**

Information technology will play a crucial role in the development of an effective, integrated performing provider system. It is likely that most projects will require some level of supporting IT infrastructure. Please describe the key elements of IT infrastructure development that will play a role in multiple projects.

NQP's HIT infrastructure will include: 1) As needed, deployment and/or upgrade of Electronic Health Records (EHRs) 2) Deployment of systems to facilitate interoperability and real time data sharing among the EHRs deployed at the Hub level, with consolidation at the PPS level 3) Development of data warehouse functionality allowing Population Health Analytics, and Business Intelligence services 4) Deployment of tools that facilitate provider and patient engagement; a CBO Portal, Patient Portal, and a Care Management and Coordination Platform. In sum, these core components will support data collection at the PPS level, interoperability between Hubs, and ensure PPS-wide success in realizing DSRIP goals. A fully functioning IT system will achieve those outcomes most associated with an IDS, including: 1) Improved population health supported by the widespread capture and analysis of both claims and clinical information 2) Transformational change achieved through the provision of care management, reducing ED and hospital utilization in favor of more effective, lower cost settings like patient centered medical homes 3) A reduction in health care spending and associated shared savings 4) Enhanced access to appropriate care as patients are treated in appropriate settings; and 5) the strengthening of the PPS's status as safety net providers enabling the PPS to better serve its target population. All of the core components, described above play a role in NQP's DSRIP projects.

### IPQR Module 10.6 - Performance Monitoring

**Instructions :**

Please explain how your DSRIP projects will fit into your development of a quality performance reporting system and culture.

In the aggregate, NQP also considers continuous improvement, quality reporting and creating opportunities to improve care delivery as a core component of the PPS. Each of the NQP hubs considers continuous improvement a core value within their systems. As part of DSRIP, NQP has already developed a structure where the PPS's Clinical Oversight Committee, reporting to the Executive Committee, will infuse Performance Measurement, reporting and improvement in all of the PPS's work. In addition, measurement, reporting and improvement activities will be integral to all project and work stream work groups across the PPS. Performance will monitored at the hub level, with consolidated feedback at the PPS level.

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 10.7 - Community Engagement

**Instructions :**

Please describe your PPS's planned approach for driving community involvement in the DSRIP projects, how you will contract with CBOs for these projects, how community engagement will contribute to the success of the projects, and any risks associated with this.

NQP recognizes that Medicaid populations require medical, behavioral and psycho-social care. The PPS further understands that to succeed, we must transform our delivery systems to fully incorporate community-based organizations. CBOs are historically focused on addressing the psychosocial needs of Medicaid consumers and uninsured individuals in a culturally and linguistically appropriate manner. To do so, the PPS will include community-based organizations in all 11 of NQP's DSRIP projects. Key to our approach to enhancing our ability to integrate medical, behavioral and community-based services are plans to: identify CBOs that can offer non-medical services to patients; cultivate relationships between CBOs and all three hubs within the PPS; coordinate and build CBO relationships to support the delivery of culturally and linguistically appropriate care to patients; develop strategies, in collaboration with CBOs to make the services of partner organizations known to providers and to patients across all three hubs; and, to evaluate and improve these relationships over time. NQP will explore strategies to develop incentives for CBOs, recognizing the integral role they play in the success of providing holistic, integrated care to patients.

### IPQR Module 10.8 - IA Monitoring

**Instructions :**

# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

## Section 11 – Workforce

### IPQR Module 11.1 - Workforce Strategy Spending (Baseline)

**Instructions :**

Please include details on expected workforce spending on a semi-annual basis. Funds may be shifted from one funding type category to another within the workforce strategy spending table, as long as the PPS adheres to their overall spend commitments. However, the PPS may apply a 25% discount factor to the DY1 Workforce Strategy Spend target. If the PPS applies this discount in DY1, the PPS will be expected to reallocate those funds appropriately in DY2-4 to fully meet their DY1-4 total commitment.

| Funding Type | Year/Quarter | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|
| | DY1(Q1/Q2)($) | DY1(Q3/Q4)($) | DY2(Q1/Q2)($) | DY2(Q3/Q4)($) | DY3(Q1/Q2)($) | DY3(Q3/Q4)($) | DY4(Q1/Q2)($) | DY4(Q3/Q4)($) | DY5(Q1/Q2)($) | DY5(Q3/Q4($) | Total Spending ($) |

### IPQR Module 11.2 - Prescribed Milestones

**Instructions :**

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Please note some milestones include minimum expected completion dates.

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter | AV |
|---|---|---|---|---|---|---|---|---|---|
| **Milestone #1**<br>Define target workforce state (in line with DSRIP program's goals). | Completed | Finalized PPS target workforce state, signed off by PPS workforce governance body. | 07/01/2015 | 03/31/2016 | 07/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | NO |
| **Task**<br>1. Establish Workforce team | Completed | 1. Establish a Workforce Project Team to include the workforce committee, project leads, union representation and other appropriate subject matter experts/key stakeholders. This team will be tasked with implementing and executing workforce-related activities. | 07/01/2015 | 10/31/2015 | 07/01/2015 | 10/31/2015 | 12/31/2015 | DY1 Q3 | |
| **Task**<br>2. Document and Characterize current workforce status | Completed | 2. The Workforce Project Team will document and characterize the current workforce state. | 12/15/2015 | 01/31/2016 | 12/15/2015 | 01/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Task**<br>3. Collaborate with DSRIP Project team to identify workforce needs | Completed | 3. The Workforce Project Team will work with DSRIP Project Teams to identify and define specific requirements of each DSRIP project and the new services each of the projects will require to deliver (based on interviews and surveys of key stakeholders). | 10/26/2015 | 03/31/2016 | 10/26/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Task**<br>4. Workforce Impact Analysis | Completed | 4. The Workforce Project Team will perform an impact analysis to determine on a project-by-project basis, how the PPS workforce needs will change over the course of DSRIP implementation (magnitude of impact by role/provider organization, key roles and responsibilities changes, skills competency changes, impact on staffing and caseloads). This analysis will result in a plan for the future state of the workforce. | 10/26/2015 | 03/31/2016 | 10/26/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Task**<br>5. Sign-off and Executive apptoval | Completed | 5. Obtain sign off from the Workforce Key Stakeholders on workforce state analysis. The Workforce Strategy will include a finalized plan, budget, and hiring / redeployment plan. The Executive Committee will be the final approval authority. | 03/01/2016 | 03/31/2016 | 03/01/2016 | 03/31/2016 | 03/31/2016 | DY1 Q4 | |
| **Milestone #2** | Completed | Completed workforce transition roadmap, signed off by PPS | 07/01/2015 | 12/31/2016 | 07/01/2015 | 12/31/2016 | 12/31/2016 | DY2 Q3 | NO |

### IPQR Module 11.4 - Major Risks to Implementation & Risk Mitigation Strategies

**Instructions :**

Please describe the key challenges and risks that you foresee in achieving the milestones set out above, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

The risks to the Workforce workstream are as follows:
1) Stakeholder opposition. To mitigate this issue, NQP will include stakeholders, including unions, in strategy development. The effort to include unions began in the early development of DSRIP and is a continued focus.
2) Workforce shortages. NQP will mitigate such risk by conducting enhanced training for positions that are redeployments to positions where there are shortages.
3) The PPS network is comprised of a diverse set of partners, with disparite HR procedures. To mitigate this risk, the Workforce Committee will be comprised of high level influencers across the PPS.
4) Retraining of the employed population and the potential impact of the need to backfill positions. To mitigate this issue, NQP will carefully plan a backfill strategy."

### IPQR Module 11.5 - Major Dependencies on Organizational Workstreams

**Instructions :**

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Multiple workstreams are dependent on the Workforce workstream.
1) The PPS's financial sustainability rests on changes on Workforce, as the employed population shifts from institutionally-based positions to more community-based positions. 2) This will make the role and effectiveness of the Governance process paramount to the PPS's success.
3) The Workforce and Cultural Competence workstreams are linked, given the importance of staffing positions with individuals who are most capable of providing culturally-competent care. In particular, NQP seeks to fill positions with individuals matching the cultural and ethnic profile of the populations served under DSRIP.
4) Workforce is dependent on the IT workstream, given the importance of tracking project staffing and needs.
5) The ability to meet Workforce requirements will have a significant impact on the PPS's ability to meet Population Health Management and Clinical Integration requirements, given the importance of qualified, trained staff on the PPS's ability to meet DSRIP goals generally, and project goals specifically.
6) Finally, the ability to achieve Workforce goals and objectives will have a significant impact on the PPS Budget and Funds Flow workstreams, given that savings and improvements in healthcare delivery will depend on having a qualified, trained workforce in place.

### IPQR Module 11.6 - Roles and Responsibilities

**Instructions :**

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

| Role | Name of person / organization (if known at this stage) | Key deliverables / responsibilities |
|---|---|---|
| Director of Organizational Development, NQP | Glenn Courounis, NQP | Advise on and oversee use of workforce spend and workforce activities. Report to the executive committee as warranted |
| Director of Long Term Care - NQP | Karen Charles, MBA, NQP | Support implementation of and monitoring of use of funds for workforce activities. |
| HR | Deirdra Duke, Northwell LIJ | Provide human resource subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| HR | Kent Kessler, NUMC | Provide human resource subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Union Representative | Steve Kramer, 1199 | Provide union representation on the sub-committee |
| HR | Rebecca Gordon, Northwell LIJ | Provide human resource subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| HR | Maureen Roarty, NUMC | Provide human resource subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| General Counsel, NUMC | Megan Ryan | Subject Matter Expert focused to regulatory & compliance issues related to human resources or union matters |
| HR | Lori Spina, CHS | Provide human resource subject matter expertise to accomplish deliverables outlined in the Implementation plan |
| Clinical Oversight | Natalie Schwartz, MD | Provide clinical insight to the implications of the workforce changes based on project implementation |
| Training & Education | Debra Simmons, Northwell LIJ | Provide subject matter expertise specific to training / educational needs |
| Union Representative | Kimberly Colmenares, 1199 | Provide union representation on the sub-committee |
| Other Key Contributor | Diane Bachor, Winthrop University Hospital | Provide subject matter expertise specific to training / educational needs |
| Other Key Contributor | Jessica Byrne, LIJ | Provide subject matter expertise specific to training / educational needs |
| Other Key Contributor | Micahel Chacon, NYSNA | Nursing Representative |
| Other Key Contributor | Antonia Gavan, RN | Nursing Representative |
| Workforce Chairperson | Maureen Hutcheon, Administrator, Surgery and Orthopaedics | Provide subject matter expertise specific to training / educational needs |
| Other Key Contributor | Sharika Gordon, VP of Operations and Accreditation | Provide subject matter expertise specific to training / educational needs |

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 11.7 - Key Stakeholders

**Instructions :**

Please identify the key stakeholders involved in your workforce transformation plans, both within and outside the PPS.

| Key stakeholders | Role in relation to this organizational workstream | Key deliverables / responsibilities |
|---|---|---|
| **Internal Stakeholders** | | |
| Maureen Hutcheon, Administrator, Surgery and Orthopaedics | NUMC Key Contributor | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| John Eletto, DSRIP Workforce Manager - CHS | CHS Key Contributor | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| Maureen Shannon, Vice President for Quality Management | NUMC Other Key Contributor | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| Jessica Wyman, Associate Director of DSRIP, CHS | CHS Other Key Contributor | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| Sean Brady, Project Manager - NUMC | NUMC Other Key Contributor | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| Rebecca Gordon, VP, Labor & Employee Relations, NSLIJ | LIJ HR executive | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| Sharika Gordon - CHS/SJEH | SJEH | Provide input to the development of, participate in the review and sign off of the workforce strategy and implementation plan |
| **External Stakeholders** | | |
| Steve Kramer | Union representation, 1199 | Provide input on risks and mitigations relative to union represented employees |
| 1199 Training Fund | Union Training Stakeholder | Provide input on training strategy and training materials development. |
| Nancy Kaleda | Union representation, NYSNA | Provide input on risks and mitigations relative to union represented employees |
| Kimberly Colmenares | Union representation, 1199 | Provide input on risks and mitigations relative to union represented employees |
| Michael Chacon | Union representation, NYSNA | Provide input on risks and mitigations relative to union represented employees |
| Sheryl Taylor - HR Director | EPIC Long Island | Support program Support program development and serve as workforce liaison within the developmental disabilities community. |
| Robert White- HR Director | FREE | Support program development and serve as workforce liaison within the developmental disabilities community. |

### IPQR Module 11.8 - IT Expectations

**Instructions :**

Please describe how the development of shared IT infrastructure across the PPS will support your plans for workforce transformation.

Workforce efforts will rely on IT solutions to assist workers in their efforts to function within their roles. For example, individuals who are responsible for performance reporting will depend heavily on IT to help them produce data as a key component of their role. Likewise, care management staff will depend on IT to provide care management plan functionality while will be central to managing the needs of high and moderate risk patients. The function of the central PPS will require IT solutions to facilitate the tracking of personnel throughout the network. To measure the progress and effectiveness of training, an online solution will be utilized.

### IPQR Module 11.9 - Progress Reporting

**Instructions :**

Please describe how you will measure the success of this organizational workstream.

The formal reports produced during the planning stage (Target Workforce State, Workforce Transition Roadmap, Compensation and Benefits Strategy, and Training) will be revisited and updated quarterly. Training schedules and numbers will be reported. Financial projections vs. actuals will be tracked and reported quarterly. For each of the work stream reporting requirements, a document will be produced by the Committee that documents work flow of data collection, report templates, timing requirements, and roles and responsibilities. Reporting will be generated at the hub level, and then reviewed for consolidation at the PPS level. The consolidated report will be approved as detailed in each milestone.

### IPQR Module 11.11 - Workforce Strategy Spending (Quarterly):

**Instructions :**

Please include details on workforce spending. The workforce spending actuals should reflect only what was spent during the relevant quarters and is not cumulative across semi-annual periods. The PPS can shift funding across categories; e.g., from Retraining to New Hires. Please note that the "Cumulative Percent of Commitments Expended through Current DSRIP Year" section is calculated based on the total yearly commitments.

| Benchmarks | |
|---|---|
| **Year** | **Amount($)** |
| Total Cumulative Spending Commitment through Current DSRIP Year(DY4) | 48,730,245.08 |

| Funding Type | Workforce Spending Actuals | | Cumulative Spending to Date (DY1-DY5)($) | Cumulative Percent of Commitments Expended through Current DSRIP Year (DY4) |
|---|---|---|---|---|
| | DY4(Q1/Q2)($) | DY4(Q3/Q4)($) | | |
| Retraining | 6,427,377.00 | 0.00 | 26,851,576.23 | 436.23% |
| Redeployment | 2,044,225.00 | 0.00 | 6,063,130.88 | 45.46% |
| New Hires | 973,937.00 | 0.00 | 6,319,802.81 | 28.82% |
| Other | 454,080.00 | 0.00 | 6,284,903.14 | 85.98% |
| **Total Expenditures** | **9,899,619.00** | **0.00** | **45,519,413.06** | **93.41%** |

### Project 2.a.i – Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management

#### IPQR Module 2.a.i.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. The requirement to achieve PCMH Level 3 / APCM recognition by DY3Q4 applies to all primary care practices. The tremendous resources required to achieve this goal for 100% of all practices risks diluting support to Safety Net practices. To mitigate the risk of Safety Net Practices failing to achieve PCMH recognition, the NQP will create a detailed plan to adequately support those practices. Furthermore, NQP will front load Safety Net practices in the process to assure adequate time to achieve PCMH recognition with adequate time and resources. NQP will further develop robust tools for Safety Net hospitals and then, leverage them for other practices to enhance overall PCMH implementation. Finally, NQP will further mitigate workload associated with PCMH recognition by building target dates into the partner contracting process for Safety Net and other practices.

2. Within the IDS, there is a requirement that certain Medicaid-eligible provider types (MD, DO, NP, Certified Midwife, DDS) use a Meaningful Use certified EMR. The current state of the network is fragmented (i.e. many different EMRs are in use, while some providers do not use EMRs at all and some use non-certified EMRs). To mitigate this problem, NQP will review and suggest preferred EMR software that meets DSRIP requirements. NQP will further create a registry of these provider types, noting EMR version, to customize reporting functions and advice to providers.

3. Within the IDS, all partners must establish connectivity with the RHIO, (i.e. specifically, the use of secure messaging, alerts and patient record lookup). To mitigate the risk of practices failing to contract with the RHIO, NQP will incorporate appropriate requirements within the contracting process.

4. NQP recognizes that the PPS will require reporting of utilization data that is not currently uniform or automated. To mitigate this issue (until automated reporting functions are available), NQP will develop manual reporting strategies to meet DSRIP reporting requirements. Furthermore, to track DSRIP projects, NQP will develop a web-based registry that will allow partners to enter data that supports PPS efforts to aggregate data for reporting purposes and to further monitor data quality, completeness and accuracy of data submissions.

5. The IT System Architecture will need to interface with numerous EMR vendors and numerous data structures. For example, pulling structured PHQ2 data is easily available with some EMRs, but difficult/costly with others. To mitigate this challenge, NQP will assess and catalog ""favored"" vendors as a means to create the necessary leverage to drive vendor software changes on time and within budget.

### IPQR Module 2.a.i.2 - Prescribed Milestones

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

| Project Requirements (Milestone/Task Name) | Prescribed Due Date | Reporting Level | Provider Type | Status | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|---|---|
| **Milestone #1**<br>All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. | DY3 Q4 | Project | N/A | Completed | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task**<br>PPS includes continuum of providers in IDS, including medical, behavioral health, post-acute, long-term care, and community-based providers. | | Project | | Completed | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task**<br>1. Identify, across the full continuum of care, providers to participate in the IDS including community-based organizations. | | Project | | Completed | 04/01/2015 | 12/31/2015 | 04/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task**<br>2. Develop a provider communications campaign to educate and engage PPS partners. | | Project | | Completed | 10/01/2015 | 03/31/2016 | 10/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 |
| **Task**<br>3. Establish standing subcommittees with representation from behavioral, post-acute, long-term care, and community-based service providers. | | Project | | Completed | 10/01/2015 | 12/31/2015 | 10/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task**<br>4. Develop a contracting strategy with providers including payment incentives. | | Project | | Completed | 10/01/2015 | 03/31/2016 | 10/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 |
| **Task**<br>5. Execute a contracting strategy with the provider network. | | Project | | Completed | 02/01/2016 | 06/30/2016 | 02/01/2016 | 06/30/2016 | 06/30/2016 | DY2 Q1 |
| **Task**<br>6. Actively engage providers in learning collaborative, communications and other activities throughout the course of DSRIP. | | Project | | Completed | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Milestone #2**<br>Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS. | DY2 Q4 | Project | N/A | Completed | 01/01/2017 | 03/31/2017 | 01/01/2017 | 03/31/2017 | 03/31/2017 | DY2 Q4 |

| All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. | |
| Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS. | |

|---|---|
| Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services. | |
| Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3. | |
| Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3. | |
| Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers. | |
| Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3. | |
| Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform. | |
| Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes. | |
| Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate. | |

### Project 2.b.ii – Development of co-located primary care services in the emergency department (ED)

#### IPQR Module 2.b.ii.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. There are a number of operational and financial challenges associated with development of co-located services. There may be physical space constraints, which will be managed through utilization of excess space elsewhere in the facilities impacted. NQP will mitigate this challenge by developing programmatic designs and related spaces to house PCMH practices that support a successful approach to co-location of ED and PCMH services. In particular, NQP and/or particular facilities may contract to develop innovative solutions to space optimization which do not negatively impact the PPS's ability to meet Speed & Scale requirements.

2. In addition to the challenges posed by the Speed and Scale requirements, the requirement that a patient can only be transferred to co-located primary care after a Medical Screening Exam (MSE) is performed presents challenges with patient satisfaction and acceptance. Patients who are most appropriate for co-located primary care (e.g., ESI Level 4 and 5 for non-emergent conditions) are likely only to need a MSE and brief treatment. Once a MSE is completed and a patient is transferred to co-located primary care, it is likely that the PCP would perform an additional assessment. The additional time to be seen by a PCP is likely not favored by patients with non-emergent conditions and patients may choose to not be transferred, thus posing risk to speed and scale or if transferred, patients are unhappy the additional time. Furthermore, the assessment by both the ED physician and PCP is duplicative. To mitigate this challenge, NQP will look to create a workflow that optimally transitions a patient to the co-located PCMH or utilize the alternative option to schedule and attend a PCP follow up/prevantative exam.

3. Within the IDS, there is a requirement that certain Medicaid-eligible provider types (MD, DO, NP, Certified Midwife, DDS) are using a Meaningful Use certified EMR. The current state of EMR adoption within the network is fragmented (i.e. providers use many different EMRs -- some of which are MU certified and others of which are not. To mitigate this risk, NQP will create a registry of these provider types, noting EMR version and provide information regarding optimal EMR practices to promote consistency and interoperability across the PPS. The adoption and/or maintenance of a certified EMR will be built into the partner contracting process. The local hubs will provide technical assistance to providers in meeting these requirements.

4. 2.b.ii.. requires a significant dependency on capital. To mitigate challenges associated with capital needs, NQP will develop a contingency plan which will support the opportunity to seek out sources of capital other than the DSRIP Capital Grants process including grant programs. NQP will also explore opportunities to identify less capital-intensive opportunities to meet requirements.

### IPQR Module 2.b.ii.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### IPQR Module 2.b.ii.3 - Prescribed Milestones

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

| Project Requirements (Milestone/Task Name) | Prescribed Due Date | Reporting Level | Provider Type | Status | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|---|---|
| **Milestone #1**<br>Ensure appropriate location of the co-located primary care services in the ED to be located on the same campus of the hospital. All eligible relocated PCMH practices will meet NCQA 2014 Level 3 PCMH standards and/or APCM within 2 years after relocation. | DY3 Q4 | Project | N/A | Completed | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task**<br>Eligible relocated PCMH practices located in the ED achieve NCQA 2014 Level 3 PCMH standards and/or APCM 2 years after relocation. | | Provider | Safety Net Practitioner - Primary Care Provider (PCP) | Completed | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Providers Associated with Completion:**<br><br>Elsayad Chris X | | | | | | | | | | |
| **Task**<br>1. Develop PPS-level workgroup to address project deliverables for 2.b.ii. including individuals such as ED physicians, administrative executives and charge nurses, navigators and community-based service providers and other interested stakeholders. | | Project | | Completed | 04/01/2015 | 09/30/2015 | 04/01/2015 | 09/30/2015 | 09/30/2015 | DY1 Q2 |
| **Task**<br>2. Assess current state of ED intake overall at the PPS level, EMTALA requirements, and challenges associated with co-location. | | Project | | Completed | 06/01/2015 | 07/20/2015 | 06/01/2015 | 07/20/2015 | 09/30/2015 | DY1 Q2 |
| **Task**<br>3. Identify PPS-wide co-location strategy based on EMTALA requirements, lessons learned from case studies on co-location, current workflow, DSRIP requirements and revenue impact on ED services with input from project workgroups. | | Project | | Completed | 10/01/2015 | 06/30/2016 | 10/01/2015 | 06/30/2016 | 06/30/2016 | DY2 Q1 |
| **Task**<br>4. Issue PPS-level guidance regarding protocols and requirements for co-location of ED services including flexible elements for customization at the hospital level. | | Project | | Completed | 10/01/2015 | 06/30/2016 | 10/01/2015 | 06/30/2016 | 06/30/2016 | DY2 Q1 |
| **Task**<br>5. Identify potential physical locations for PCMH/APCM practices | | Project | | Completed | 04/01/2016 | 06/30/2017 | 04/01/2016 | 06/30/2017 | 06/30/2017 | DY3 Q1 |

| Ensure appropriate location of the co-located primary care services in the ED to be located on the same campus of the hospital. All eligible relocated PCMH practices will meet NCQA 2014 Level 3 PCMH standards and/or APCM within 2 years after relocation. | |
| Ensure that new eligible participating PCPs will meet NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3. At start up, the participating PCPs must have open access scheduling extended hours, and have EHR capability that is interoperable with the ED. | |
| Develop care management protocols for medical screening in compliance with EMTALA standards. | |
| Ensure utilization of EHR that supports secure notification/messaging and sharing of medical records between participating local health providers, and meets Meaningful Use Stage 2 CMS requirements. | |
| Establish protocols and training for care coordinators to assist patients in understanding use of the health system, and to promote self-management and knowledge on appropriate care. | |
| Implement a comprehensive payment and billing strategy. (The PCP may only bill usual primary care billing codes and not emergency billing codes.) | |
| Develop protocols for connectivity to the assigned health plan PCP and | |

### Project 2.b.iv – Care transitions intervention model to reduce 30 day readmissions for chronic health conditions

#### IPQR Module 2.b.iv.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Within the  IDS, there is a requirement that certain Medicaid-eligible provider types (MD, DO, NP, Certified Midwife, DDS) are using a Meaningful Use certified EMR and establish connectivity to the RHIO (in order to share patient information across inpatient, ED and community based settings).  The current state of EMR adoption and RHIO connectivity within the network is highly variable (i.e. providers use many different EMRs -- some of which are MU certified and others of which are not).  To mitigate this risk, NQP will create a registry of EMR version by provider type and offer information regarding optimal EMR practices to promote consistency and interoperability across the PPS.  The registry will also include RHIO connectivity status. The adoption and/or maintenance of a certified EMR/RHIO connectivity will be built into the partner contracting process. The local hubs will provide technical assistance to providers in meeting these requirements.
2. While a number of agencies (Health homes, MCO's, CBO's) recognize the importance of the time of care transitions and the 30 days after hospital discharge and have programs in place to support this, the efforts among these organizations is not often coordinated or integrated with hospital based discharge planning and this poses a risk to successful care transition planning. To mitigate this risk, an inventory of current care transitions protocols will be created and all involved partners will be included in the drafting of a future state model and a strategy to achieve it.
3. PPS providers will be required to establish new processes -- both within and outside of the hospital -- to successfully manage care transitions. In particular, there is a risk that hospital-based providers will have difficulty establishing relationships with CBOs.  To mitigate this risk, NQP will integrate hospital-based and CBO-based providers in project planning and implementation efforts.  NQP will further develop strategies to link medical, behavioral and community-based providers in order to serve patients in an integrated manner that prevents avoidable re-hospitalizations.

### IPQR Module 2.b.iv.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |
|---|---|

### Prescribed Milestones Narrative Text

| Milestone Name | Narrative Text |
|---|---|
| Develop standardized protocols for a Care Transitions Intervention Model with all participating hospitals, partnering with a home care service or other appropriate community agency. | |
| Engage with the Medicaid Managed Care Organizations and Health Homes to develop transition of care protocols that will ensure appropriate post-discharge protocols are followed. | |
| Ensure required social services participate in the project. | |
| Transition of care protocols will include early notification of planned discharges and the ability of the transition care manager to visit the patient in the hospital to develop the transition of care services. | |
| Protocols will include care record transitions with timely updates provided to the members' providers, particularly primary care provider. | |
| Ensure that a 30-day transition of care period is established. | |
| Use EHRs and other technical platforms to track all patients engaged in the project. | |

### Project 2.b.vii – Implementing the INTERACT project (inpatient transfer avoidance program for SNF)

#### IPQR Module 2.b.vii.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1) There is a risk with buy-in at the highest level at the partner nursing homes. This risk is significant, given the PPS's knowledge, based on the literature, that a lack of senior-level buy-in can materially affect project implementation. NQP will mitigate this risk by working closely and collaboratively with SNF leadership to ensure buy-in at the highest level.

2) NQP is aware of the importance of including non-medical staff such as housekeeping and aides in INTERACT. The failure to gain buy-in of non-medical personnel can jeopardize the project. To mitigate this risk, NQP will suggest various team-building strategies that are supported by the highest level of SNF administration.

3) Within the IDS, all partners must establish connectivity with the RHIO, i.e. specifically the use of secure messaging, alerts, and patient record lookup and records at the SNF and inpatient settings. To mitigate this risk, NQP will proactively work with the RHIO to ensure interoperability and connectivity.

4) NQP is aware that sometimes, families prefer to send SNF patients to an inpatient setting, rather than remaining in the SNF when a medical need occurs. To mitigate this risk, NQP will work with the SNF network to inform families of the medical capabilities within each SNF and, to further inform families of risks associated with acute care transfers from nursing homes."

### IPQR Module 2.b.vii.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |
|---|---|
| **Actively Engaged Speed** | **Actively Engaged Scale** |

|---|---|
| Implement INTERACT at each participating SNF, demonstrated by active use of the INTERACT 3.0 toolkit and other resources available at http: //interact2.net. | |
| Identify a facility champion who will engage other staff and serve as a coach and leader of INTERACT program. | |
| Implement care pathways and other clinical tools for monitoring chronically ill patients, with the goal of early identification of potential instability and intervention to avoid hospital transfer. | |
| Educate all staff on care pathways and INTERACT principles. | |
| Implement Advance Care Planning tools to assist residents and families in expressing and documenting their wishes for near end of life and end of life care. | |
| Create coaching program to facilitate and support implementation. | |
| Educate patient and family/caretakers, to facilitate participation in planning of care. | |
| Establish enhanced communication with acute care hospitals, preferably with EHR and HIE connectivity. | |
| Measure outcomes (including quality assessment/root cause analysis of transfer) in order to identify additional interventions. | |
| Use EHRs and other technical platforms to track all patients engaged in the project. | |

### Project 2.d.i – Implementation of Patient Activation Activities to Engage, Educate and Integrate the uninsured and low/non-utilizing Medicaid populations into Community Based Care

#### IPQR Module 2.d.i.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. CBOs and other organizations may be limited in the resources and infrastructure investments they can make to support Patient Activation. The risk will be mitigated by some costs being borne by the PPS centrally (such as PAM® training and licenses), and through supplemental grants and other funding opportunities.

2. The PAM® tool will be used in diverse settings, and there is a risk that it will not be consistently and correctly applied. This risk will be mitigated through centrally supported PPS initial training, continuing education workshops, and periodic assessment.

3. The uninsured and low-utilizers are a difficult population to engage. CBOs will play a critical role in this regard and one important mitigating strategy will be to leverage CBOs that engage this target population in hot spot identified areas and also who provide culturally and linguistically appropriate services.

4. In order to successfully divert from use of ED for non-emergent issues to use of preventive care at primary care providers, barriers need to be addressed. As part of the PCMH deployment process, the PPS will focus efforts on early adoption of open access scheduling at Primary Care Provider locations. This will be done first by addressing hot spots, and focusing efforts in practices that have robust means of addressing language barriers.

5. Tracking of this transient population will be challenging. IT solutions will be sought that interface (compliantly) with the PPS member database to assist in this identified risk

### IPQR Module 2.d.i.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |
|---|---|
| **Actively Engaged Speed** | **Actively Engaged Scale** |

| Contract or partner with community-based organizations (CBOs) to engage target populations using PAM(R) and other patient activation techniques. The PPS must provide oversight and ensure that engagement is sufficient and appropriate. | |
| Establish a PPS-wide training team, comprised of members with training in PAM(R) and expertise in patient activation and engagement. | |
| Identify UI, NU, and LU "hot spot" areas (e.g., emergency rooms). Contract or partner with CBOs to perform outreach within the identified "hot spot" areas. | |
| Survey the targeted population about healthcare needs in the PPS' region. | |
| Train providers located within "hot spots" on patient activation techniques, such as shared decision-making, measurements of health literacy, and cultural competency. | |
| Obtain list of PCPs assigned to NU and LU enrollees from MCOs. Along with the member's MCO and assigned PCP, reconnect beneficiaries to his/her designated PCP (see outcome measurements in #10).<br>• This patient activation project should not be used as a mechanism to inappropriately move members to different health plans and PCPs, but rather, shall focus on establishing connectivity to resources already available to the member.<br>• Work with respective MCOs and PCPs to ensure proactive outreach to beneficiaries. Sufficient information must be provided regarding insurance coverage, language resources, and availability of primary and | |

| preventive care services. The state must review and approve any educational materials, which must comply with state marketing guidelines and federal regulations as outlined in 42 CFR §438.104. | |
| Baseline each beneficiary cohort (per method developed by state) to appropriately identify cohorts using PAM(R) during the first year of the project and again, at set intervals. Baselines, as well as intervals towards improvement, must be set for each cohort at the beginning of each performance period. | |
| Include beneficiaries in development team to promote preventive care. | |
| Measure PAM(R) components, including:<br>• Screen patient status (UI, NU and LU) and collect contact information when he/she visits the PPS designated facility or "hot spot" area for health service.<br>• If the beneficiary is UI, does not have a registered PCP, or is attributed to a PCP in the PPS' network, assess patient using PAM(R) survey and designate a PAM(R) score.<br>• Individual member's score must be averaged to calculate a baseline measure for that year's cohort.<br>• The cohort must be followed for the entirety of the DSRIP program.<br>• On an annual basis, assess individual members' and each cohort's level of engagement, with the goal of moving beneficiaries to a higher level of activation. • If the beneficiary is deemed to be LU & NU but has a designated PCP who is not part of the PPS' network, counsel the beneficiary on better utilizing his/her existing healthcare benefits, while also encouraging the beneficiary to reconnect with his/her designated PCP.<br>• The PPS will NOT be responsible for assessing the patient via PAM(R) survey.<br>• PPS will be responsible for providing the most current contact information to the beneficiary's MCO for outreach purposes.<br>• Provide member engagement lists to relevant insurance companies (for NU & LU populations) on a monthly basis, as well as to DOH on a quarterly basis. | |
| Increase the volume of non-emergent (primary, behavioral, dental) care provided to UI, NU, and LU persons. | |
| Contract or partner with CBOs to develop a group of community navigators who are trained in connectivity to healthcare coverage, community healthcare resources (including for primary and preventive | |

**IPQR Module 2.d.i.5 - IA Monitoring**

**Instructions :**

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### Project 3.a.i – Integration of primary care and behavioral health services

#### IPQR Module 3.a.i.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1. Achievement of PCMH Level 3 / APCM recognition by DY3Q4, which applies to all primary care practices, the tremendous resource required to achieve this for all practices creates the risk of diluting support to Safety Net practices. The NQP will create a detailed plan to front load Safety Net practices with support needed to achieve PCMH recognition. Consultants and subject matter experts will work with the local project team to develop tools that are compliant with PCMH requirements while PCMH will be driven by the hubs, using internal resources and a preferred list of consultants developed by the PPS.

2. Another risk associated with 3.a.i. is the need to address traditional relationships between PCPs and Behavioral Health providers as a core element of success for this project. To mitigate this risk, NQP will develop a strategy to bring PCPs and BHPs together – with a focus on patients that they share in common – to build relationships across these two very different disciplines.

3. An additional risk associated with this project relates to provider and patient concerns regarding HIPAA. To mitigate this risk, NQP will develop a careful process to obtain consent in an efficient manner and, will work with providers to help them understand when information can and cannot be shared under HIPAA (e.g. sometimes a BH provider will have consent and still not be comfortable sharing patient information).

### IPQR Module 3.a.i.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |
|---|---|
| **Actively Engaged Speed** | **Actively Engaged Scale** |
| DY3,Q4 | 52,009 |

**IPQR Module 3.a.i.5 - IA Monitoring**

**Instructions :**

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### Project 3.a.ii – Behavioral health community crisis stabilization services

#### IPQR Module 3.a.ii.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1) Within the 3.a.ii. partners, all partners must establish connectivity with the RHIO, i.e. specifically the use of secure messaging, alerts, and patient record lookup. There are a number of partners, including CBOs that do not meet this requirement, which will be driven through the contracting process.

2) 3.a.ii. requires a significant dependency on capital. To mitigate challenges associated with capital needs, NQP will develop a contingency plan which will support the opportunity to seek out sources of capital other than the DSRIP Capital Grants process including grant programs, loans, or self-funded from PPS funds streams. NQP will also explore opportunities to identify less capital-intensive opportunities to meet requirements

3)The current state of behavioral health crisis intervention is soloed and has many stakeholders. Deciding which agencies/providers are best suited to take the lead on various aspect of behavioral crisis interventions will take significant consensus building. Meetings have already begun among various providers of BH crisis services and will be ongoing over the planning of the project as well as post implementation.

4) Waivers have addressed the increase of visit thresholds across the medical, mental health, and substance abuse services. NQP will work with hub leadership to address where the Integrated Services Model issued by NYSDOH can be utilized. Waivers have also been issued that address simplification of the CON process, as many facilities may have to modify and/or integrate space and/or IT capabilities in order to fill the requirements of the project.

5) Availability of supportive services, including transportation and housing will be enhanced through a network wide directory of CBOs, and cross mapping supportive services to disease 'hot spots'.

### IPQR Module 3.a.ii.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |
|---|---|
| **Actively Engaged Speed** | **Actively Engaged Scale** |
| DY3,Q4 | 31,294 |

| | Year,Quarter | DY4,Q1 | DY4,Q2 | DY4,Q3 | DY4,Q4 |
|---|---|---|---|---|---|
| **PPS Reported** | Baseline Commitment | 7,824 | 15,647 | 23,471 | 31,294 |
| | Quarterly Update | 0 | 1,228 | 0 | 0 |
| | Percent(%) of Commitment | 0.00% | 7.85% | 0.00% | 0.00% |
| **IA Approved** | Quarterly Update | 0 | 756 | 0 | 0 |
| | Percent(%) of Commitment | 0.00% | 4.83% | 0.00% | 0.00% |

Warning: PPS Reported - Please note that your patients engaged to date (1,228) does not meet your committed amount (15,647) for 'DY4,Q2'

### Prescribed Milestones Narrative Text

| Milestone Name | Narrative Text |
|---|---|
| Implement  a crisis intervention program that, at a minimum, includes outreach, mobile crisis, and intensive crisis services. | |
| Establish clear linkages with Health Homes, ER and hospital services to develop and implement protocols for diversion of patients from emergency room and inpatient services. | |
| Establish agreements with the Medicaid Managed Care organizations serving the affected population to provide coverage for the service array under this project. | |
| Develop written treatment protocols with consensus from participating providers and facilities. | |
| Include at least one hospital with specialty psychiatric services and crisis-oriented psychiatric services; expansion of access to specialty psychiatric and crisis-oriented services. | |
| Expand access to observation unit within hospital outpatient or at an off campus crisis residence for stabilization monitoring services (up to 48 hours). | |
| Deploy mobile crisis team(s) to provide crisis stabilization services using evidence-based protocols developed by medical staff. | |
| Ensure that all PPS safety net providers have actively connected EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up by the end of Demonstration Year (DY) 3. | |
| Establish central triage service with agreements among participating psychiatrists, mental health, behavioral health, and substance abuse providers. | |
| Ensure quality committee is established for oversight and surveillance of compliance with protocols and quality of care. | |
| Use EHRs or other technical platforms to track all patients engaged in this project. | |

### Project 3.b.i – Evidence-based strategies for disease management in high risk/affected populations (adult only)

#### IPQR Module 3.b.i.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1) NQP is aware of risks associated with the implementation of protocols with physicians. In particular, the PPS is aware that providers often believe that they are already delivering care in the best possible manner; however, a more consistent and systematic approach to consistent use of protocols is required. To mitigate this risk, NQP will provide educational support to providers in a manner that supports consistent use of protocols. In addition, the PPS will mitigate this risk by measuring use of the protocols, evaluating data and addressing opportunities to improve. 2) Achievement of PCMH Level 3 / APCM recognition by DY3Q4, which applies to all primary care practices. The tremendous resource required to achieve this for all practices creates the risk of diluting support to Safety Net practices. The NQP will create a detailed plan to front load Safety Net practices with support needed to achieve PCMH recognition. Consultants and subject matter experts will work with the local project team to develop tools that are compliant with PCMH requirements while PCMH will be driven by the hubs, using internal resources and a preferred list of consultants developed by the PPS. 3) NQP recognizes that the PPS will require reporting, utilizing data that is not currently uniform or automated; without appropriate data, a risk to the project exists. NQP will mitigate this risk through the development of an IT strategy that addresses needs for coordination at the practice level and, at the hub/PPS level. PPS level coordination will support interoperability and care coordination requirements. 4) NQP recognizes that the PPS must develop and implement a successful cultural and linguistic approach to support patients in their efforts to enhance their ability to perform self-care and, to improve their health literacy skills. To mitigate this risk, the PPS will develop a robust strategy to address cultural and linguistic competence that incorporates tools for patients with cardiovascular disease.

### IPQR Module 3.b.i.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

| Benchmarks | |
|---|---|
| **Actively Engaged Speed** | **Actively Engaged Scale** |
| DY3,Q4 | 24,296 |

| | Year,Quarter | DY4,Q1 | DY4,Q2 | DY4,Q3 | DY4,Q4 |
|---|---|---|---|---|---|
| **PPS Reported** | Baseline Commitment | 6,074 | 12,148 | 18,222 | 24,296 |
| | Quarterly Update | 0 | 1,656 | 0 | 0 |
| | Percent(%) of Commitment | 0.00% | 13.63% | 0.00% | 0.00% |
| **IA Approved** | Quarterly Update | 0 | 1,059 | 0 | 0 |
| | Percent(%) of Commitment | 0.00% | 8.72% | 0.00% | 0.00% |

Warning: PPS Reported - Please note that your patients engaged to date (1,656) does not meet your committed amount (12,148) for 'DY4,Q2'

### IPQR Module 3.b.i.3 - Prescribed Milestones

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

| Project Requirements (Milestone/Task Name) | Prescribed Due Date | Reporting Level | Provider Type | Status | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|---|---|
| **Milestone #1** Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting. | DY3 Q4 | Project | N/A | Completed | 05/01/2015 | 03/31/2018 | 05/01/2015 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** PPS has implemented program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting. | | Project | | Completed | 01/01/2017 | 03/31/2018 | 01/01/2017 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** 1. At the PPS level, identify current state and future state including, but not limited to, gaps between current state-based on DSRIP requirements. | | Project | | Completed | 05/01/2015 | 07/15/2015 | 05/01/2015 | 07/15/2015 | 09/30/2015 | DY1 Q2 |
| **Task** 2. At the PPS level, identify best practice and evidence-based guidelines, considering Million Hearts Campaign strategies. | | Project | | Completed | 05/01/2015 | 07/15/2015 | 05/01/2015 | 07/15/2015 | 09/30/2015 | DY1 Q2 |
| **Task** 3. At the PPS level, develop current state and future state workflows that incorporate all DSRIP requirements and reflect standards of care for dissemination to NQP hubs. | | Project | | Completed | 05/01/2015 | 07/15/2015 | 05/01/2015 | 07/15/2015 | 09/30/2015 | DY1 Q2 |
| **Task** 4. Develop a PPS-wide strategy to support adoption of best practices at the hub level. | | Project | | Completed | 05/01/2015 | 12/31/2015 | 05/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task** 5. Convene hub-level Workgroup to tailor the approach proposed by the PPS-wide Workgroup. Workgroup may include members such as clinical staff, administrative staff, and CBOs. | | Project | | Completed | 01/01/2017 | 03/31/2017 | 01/01/2017 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** 6. At the hub level, develop and implement a mechanism to monitor and measure guideline use in practices. Report back to PPS workgroup. | | Project | | Completed | 01/01/2017 | 03/31/2017 | 01/01/2017 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** 7. Develop and implement a performance improvement program to optimize clinical processes and outcomes. | | Project | | Completed | 01/01/2017 | 03/31/2017 | 01/01/2017 | 03/31/2017 | 03/31/2017 | DY2 Q4 |

|---|---|
| Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting. | |
| Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3. | |
| Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3. | |
| Use EHRs or other technical platforms to track all patients engaged in this project. | |
| Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange). | |
| Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol. | |
| Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management. | |
| Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment. | |
| Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment. | |

### Prescribed Milestones Narrative Text

| Milestone Name | Narrative Text |
|---|---|
| Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit. | |
| Prescribe once-daily regimens or fixed-dose combination pills when appropriate. | |
| Document patient driven self-management goals in the medical record and review with patients at each visit. | |
| Follow up with referrals to community based programs to document participation and behavioral and health status changes. | |
| Develop and implement protocols for home blood pressure monitoring with follow up support. | |
| Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit. | |
| Facilitate referrals to NYS Smoker's Quitline. | |
| Perform additional actions including "hot spotting" strategies in high risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases. | |
| Adopt strategies from the Million Hearts Campaign. | |
| Form agreements with the Medicaid Managed Care organizations serving the affected population to coordinate services under this project. | |
| Engage a majority (at least 80%) of  primary care providers in this project. | |

### Project 3.c.i – Evidence-based strategies for disease management in high risk/affected populations (adults only)

#### IPQR Module 3.c.i.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1) Medically vulnerable patients such as Medicaid patients with diabetes often have significant social determinants of health that primary care practices are not always well equipped to address. Through engagement of community based organizations and social service agencies, through provider education and through widespread adoption of team based care as dictated by PCMH concepts, these needs will be better addresses improving both adherence to medical regimens and outcomes.

2)The requirement to achieve PCMH Level 3 / APCM recognition by DY3Q4 applies to all primary care practices. The resource required to achieve this goal for 100% of all practices are considerable The NQP will create a detailed plan to assess all practices and identify those that will require significant lead time (EHR implementation, formalized performance improvement processes, quality data collection, etc.) for early intervention to implement foundational changes. There will be a different strategy for practices with critical processes already in place to provide the support needed to achieve early certification. Consultants and subject matter experts will work with the local project team to develop tools that are compliant with PCMH / APCM requirements. Tools developed for safety nets should be deployable to other practices.

3) Within 3.c.i. there is a requirement that certain Medicaid eligible provider types (MD, DO, NP, Certified Midwife, DDS) are using a Meaningful Use certified EMR. The current state of the network is many different EMR's are in use, some providers do not use EMR, and some use non certified EMRs. NQP will create a registry of these provider types, noting EMR version. The adoption and/or maintenance of a certified EMR will be build into the partner Contracting process. The PPS will provide technical assistance to providers in meeting these requirements.

4) Within the IDS, all partners must establish connectivity with the RHIO, i.e. specifically the use of secure messaging, alerts, and patient record lookup. There are a large number of providers, including CBOs that will need to initiate connection to the RHIO(s). This requirement will be driven through the contracting process.

5) NQP recognizes that the PPS will require reporting utilizing data that is not currently uniform or automated. NQP's IT strategy will resolve this issue, and NQP will further develop manual reporting to meet DSRIP reporting requirements until fully automated reporting is available. To track DSRIP projects, NQP will develop a web based registry that can allow partners to enter data, while supporting PPS efforts to monitor data quality, completeness and accuracy of data submissions.

6) NQP anticipates a constraint on resource available to provide patient education and support, and potentially a lack of knowledge around evidence-based disease management guidelines amongst providers. This will be addressed with training of care teams (including provider leads), including CBO members such as patient navigators and community health workers.

7) Availability of supportive services, including transportation and nutrition will be enhanced through a network wide directory of CBOs, and cross mapping supportive services to disease 'hot spots'. This same approach will be utilized to address 'hot spots' with initiatives focused on educating patients regarding self management and lifestyle modification.

### IPQR Module 3.c.i.2 - Patient Engagement Speed

**Instructions :**

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

**Instructions :**

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### Project 4.a.iii – Strengthen Mental Health and Substance Abuse Infrastructure across Systems

#### IPQR Module 4.a.iii.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1) The mental health and substance abuse infrastructure reside in disparate locations and organizations and includes a number of stakeholders and participants not traditionally considered part of the health care delivery system. To mitigate this risk, a multi disciplinary group will be convened to provide input and address the deliverables of this project. Community input will be an important component to ensure stakeholders are included.

2) There does not currently exist any widespread monitoring of compliance with best practice protocols related to MEB promotion. To mitigate this risk, this implementation and monitoring will need to be part of the strategy employed by the PPS
3) The 2014 PCMH standards emphasize behavioral health screening and integration of MEB into primary care practices. Achievement of PCMH Level 3 / APCM recognition by DY3Q4 applies to all primary care practices. The tremendous resource required to achieve this for all practices creates the risk of diluting support to Safety Net practices. NQP will create a detailed plan to front load Safety Net practices with support needed to achieve PCMH recognition. Consultants and subject matter experts will work with the local project team to develop tools that are compliant with PCMH requirements while PCMH will be driven by the hubs, using internal resources and a preferred list of consultants developed by the PPS,

### IPQR Module 4.a.iii.2 - PPS Defined Milestones

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for PPS-defined milestones.

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|
| **Milestone**<br>Milestone 1: | Completed | Develop, implement, assess and improve meaningful partnerships that strengthen MEB services in collaboration with communities, workplaces, schools, faith-based organizations and other key stakeholders in the community. | 05/01/2015 | 03/31/2018 | 05/01/2015 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task**<br>Task 1 | Completed | 1. Organize a PPS-wide multi-disciplinary committee, meeting regularly, of individuals dedicated to developing strategies to promote mental, emotional and behavioral health and well-being, including clinicians and public health practitioners focused on behavioral health conditions. Relevant stakeholders to include in the Behavioral Health committee are members such as clinicians, public health practitioners, local and state government agencies, and navigators. NOTE: A second workgroup of CBOs will be developed as well, and the PPS-wide Behavioral Health Workgroup and the CBO Workgroup will work together as appropriate. The CBO Workgroup (Non-BH) will include faith-based organizations, community-based organizations, organizations that offer supports for food, shelter and other social determinants of health. | 05/01/2015 | 12/31/2015 | 05/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task**<br>Task 2 | Completed | 2. Assess current state of MEB health promotion, MEB disorder prevention services and interventions in Nassau County and the Borough of Queens using the following sources of information: Community Needs Assessments, surveys, forums with consumers, community town halls, and available data from Health Homes, local and state agencies, and providers, as warranted. NQP seeks to develop a comprehensive list of BH and other CBOs as part of a strategy to identify and engage an optimal mix of partners. | 08/01/2015 | 12/31/2015 | 08/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task**<br>Task 3 | Completed | 3. Identify evidence-based strategies and protocols for MEB health promotion and MEB disorder prevention, such as interventions for promoting substance abuse screening via SBIRT in school-based programs and primary care. NQP will review both the literature and best practice programs, as well as areas of synergy with other DSRIP projects, to accomplish this task. | 01/01/2016 | 06/30/2016 | 01/01/2016 | 06/30/2016 | 06/30/2016 | DY2 Q1 |

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|
| **Task** Task 2 | Completed | 2. Inventory data collection and use of data at the PPS level and at participating organizations for targeting of high-risk patients through survey of primary care practices, analysis of utilization data, focus groups and other methods. | 08/01/2015 | 12/31/2015 | 08/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task** Task 3 | Completed | 3. Working with other DSRIP projects, help inform the analysis of Medicaid administrative records and synthesis of patient-level state records with hub-specific electronic health records to improve identification and delivery of services for those with MEB needs at the PPS level. | 04/01/2016 | 03/31/2018 | 04/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 4 | Completed | 4 Develop a PPS-level strategy using electronic data to track patients who participate in the MEB (4.a.iii) and other behavioral health projects. Identify and prioritize "hot spots" or key areas for improvement at the PPS level with regards to substance abuse and MEB health promotion (e.g., opioid epidemic in Nassau County) to develop data-driven quality improvement programs based on data above. | 04/01/2016 | 03/31/2018 | 04/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 5 | Completed | 5. Develop a PPS-level strategy to distribute provider-specific data to clinicians and CBOs for their patient population with comparisons to other health system providers and the overall PPS. In this manner, NQP will identify, address, and improve disparities in substance abuse and MEB health promotion. Data distribution will also occur among health homes. | 07/01/2016 | 03/31/2018 | 07/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 6 | Completed | 6. Incorporate additional data available through EHR as possible. | 01/01/2017 | 03/31/2018 | 01/01/2017 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 7 | Completed | 7. Gather data from MEB participants across NQP and evaluate changes in system infrastructure over time. | 01/01/2017 | 03/31/2018 | 01/01/2017 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Milestone** Midpoint Assessment | Completed | Midpoint Assessment Narrative | 04/01/2016 | 06/30/2016 | 04/01/2016 | 06/30/2016 | 06/30/2016 | DY2 Q1 |

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

### Project 4.b.i – Promote tobacco use cessation, especially among low SES populations and those with poor mental health.

#### IPQR Module 4.b.i.1 - Major Risks to Implementation and Mitigation Strategies

**Instructions :**

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

1) NQP is aware that participating providers use many different EHRs and, to the PPS knowledge, none currently are designed to prompt the provider to ask about the 5A's. This presents a risk because NQP will need to support a solution that can be incorporated into different platforms. The 5A's are a priority, but there are many DSRIP projects that could require provider prompting, and the PPS will need to make sure are not overwhelmed by additional documentation requirements. To mitigate these risks, NQP will develop templates that incorporate all the elements of the 5As, as well as the other disease management projects, and that can be adapted to the variety of EHRs in use in the PPS. This will allow NQP to measure, evaluate and improve adherence with this and other evidence-based protocols.
2) NQP serves a very diverse patient population and any approach to smoking cessation must reflect the cultural and linguistic diversity of the community. To mitigate this risk, NQP will develop and implement a successful cultural and linguistic approach to support patients in their efforts to enhance their ability to perform self-care and, to improve their health literacy skills. This approach will incorporate tools for patients with cardiovascular disease.
3) NQP is working with managed care organizations on many DSRIP projects, and health benefits for smoking cessation are one of many requirements that the PPS would like to see adopted. To mitigate the risk of competing priorities, NQP will ensure clinical input in the managed care contracting strategy to ensure that critical elements such as smoking cessation benefits are not overlooked.

### IPQR Module 4.b.i.2 - PPS Defined Milestones

**Instructions :**

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for PPS-defined milestones.

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|
| **Milestone** Milestone 1. | Completed | Implement strategies to promote tobacco cessation using evidence-based strategies in the ambulatory and community settings. | 05/01/2015 | 03/31/2018 | 05/01/2015 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 1. | Completed | 1. Organize a multi-disciplinary PPS-wide Workgroup dedicated to developing strategies to promote tobacco dependence treatment including clinicians, public health specialists focused on cardiovascular health, behavioral health conditions and other chronic conditions. | 05/01/2015 | 03/31/2018 | 05/01/2015 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 2. | Completed | 2. Develop a PPS-wide strategy, in collaboration with NYC DOHMH, based on evidence-based strategies and other relevant information to develop, implement, measure and improve tobacco dependence treatments across the local hub levels. | 08/01/2015 | 03/31/2018 | 08/01/2015 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 3. | Completed | 3. Convene hub-level workgroup to implement the project and tailor the PPS approach proposed by the PPS-wide workgroup. Workgroups may include members such as clinical staff, administrative staff, and CBOs. | 04/01/2016 | 03/31/2018 | 04/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 4. | Completed | 4. At the hub level, develop and implement a mechanism to monitor and measure guideline use in practices. Report back to PPS workgroup. | 05/01/2016 | 03/31/2018 | 05/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 5. | Completed | 5. Develop a performance improvement program to optimize guideline use in practices. | 05/01/2016 | 03/31/2018 | 05/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Milestone** Milestone 2. | Completed | Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange). | 05/01/2015 | 03/31/2018 | 05/01/2015 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 1. | Completed | 1. At the PPS level, create a current state analysis to assess the manner in which the hubs and CBOs employ the 5 A's (Ask, Assess, Advise, Assist, and Arrange) of tobacco dependence treatment in primary care practices. | 05/01/2015 | 12/31/2015 | 05/01/2015 | 12/31/2015 | 12/31/2015 | DY1 Q3 |
| **Task** Task 2. | Completed | 2. Review best practices with regard to implementing the 5 A's and make recommendation for use across the hubs. | 08/01/2015 | 03/31/2016 | 08/01/2015 | 03/31/2016 | 03/31/2016 | DY1 Q4 |
| **Task** Task 3. | Completed | 3. At the hub level, build prompt functionalities and add identified tobacco dependence treatment questions into current and new (where required) EHR systems based on guidance from the PPS. | 04/01/2016 | 03/31/2018 | 04/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 4. | Completed | 4. At the PPS level, develop a strategy to track, on an automated basis, patients who receive the 5 As. | 04/01/2016 | 03/31/2018 | 04/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 5. | Completed | 5. Develop a performance improvement program to optimize 5 A use in practices. | 05/01/2016 | 03/31/2018 | 05/01/2016 | 03/31/2018 | 03/31/2018 | DY3 Q4 |

At the PPS level, develop best practice workflow (based on evidence-based practices elsewhere in the country) to promote use of the NYS Smokers' Quit line at the local hub level. | 08/01/2015 | 03/31/2017 | 08/01/2015 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** Task 4. | Completed | 4. At the PPS-level, develop a protocol/process to document patient utilization of the NYS Smokers' Quitline and related health status changes to be implemented in primary care practices at the local hub level. | 10/01/2015 | 03/31/2017 | 10/01/2015 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Milestone** Milestone 6. | Completed | Perform additional actions including "hot spotting" strategies in high-risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 1. | Completed | 1. At the PPS level, review Stanford Model for Chronic Disease, and design an approach and strategy going forward to address DSRIP requirements. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 2. | Completed | 2. At the hub level, inventory data collection and use of data for targeting of high-risk patients. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 3. | Completed | 3. At the hub level, ensure the ability to collect and report accurate and reliable data on race, ethnicity and primary preferred language. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 4. | Completed | 4. Develop strategy to distribute data to clinicians, health homes, and CBOs for their patient population. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 5. | Completed | 5. Identify and act on "hot spots" in high-risk neighborhoods using the Stanford Model for chronic diseases and other best practice strategies. Identify relevant providers and CBOs by "hot spot". | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Milestone** Milestone 7. | Completed | Adopt smoking cessation strategies from the Million Hearts Campaign. | 08/01/2015 | 03/31/2017 | 08/01/2015 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** Task 1. | Completed | 1. At the PPS level, identify evidence-based strategies and protocols from the Million Hearts Campaign. | 08/01/2015 | 03/31/2017 | 08/01/2015 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** Task 2. | Completed | 2. Develop a PPS-wide strategy to support adoption of the protocols across the hub level. | 08/01/2015 | 03/31/2017 | 08/01/2015 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** Task 3. | Completed | 3. Convene hub-level Workgroup to implement the project and tailor the PPS strategy proposed by the PPS-wide Workgroup. Workgroup members may include clinical staff, administrative staff, and CBOs. | 04/01/2016 | 03/31/2017 | 04/01/2016 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** Task 4. | Completed | 4. At the hub level, develop and implement a mechanism to monitor and measure guideline use in practices. Report back to PPS workgroup. | 05/01/2016 | 03/31/2017 | 05/01/2016 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Task** Task 5. | Completed | 5. At the hub level, develop a performance improvement program to improve tobacco-free policy implementation. | 05/01/2016 | 03/31/2017 | 05/01/2016 | 03/31/2017 | 03/31/2017 | DY2 Q4 |
| **Milestone** Milestone 8. | Completed | Form agreements with the Medicaid Managed Care organizations serving the affected population to coordinate health benefits for smoking cessation | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Milestone/Task Name | Status | Description | Original Start Date | Original End Date | Start Date | End Date | Quarter End Date | DSRIP Reporting Year and Quarter |
|---|---|---|---|---|---|---|---|---|
| **Task** Task 1. | Completed | 1. At the PPS-level, inventory all existing care coordination practices including MCOs, health homes and community-based care management organizations related to the benefits, coverage, and provisions of services related to tobacco dependence treatments. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 2. | Completed | 2. At the PPS-level, identify best practice care coordination guidelines and approaches to outreach and education benefits | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 3. | Completed | 3. At the PPS-level develop a proposed strategy and guidelines for the hubs to leverage MCO care coordination, promotion and provision of tobacco dependence treatments and benefits. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 4. | Completed | 4. At the PPS-level, develop a strategy to engage with MCOs with a focus on resources associated with tobacco dependence treatment among other topics. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 5. | Completed | 5. At the hub level, convene MCOs, Health Homes and other key stakeholders regulary to discuss expansion of medication coverage for tabacco cessation and collaborative strategies for value-based payment strategies over time. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 6. | Completed | 6. Collaborate with MCOs, Health Homes and CBOs to ensure high risk populations are educated on the availability of tobacco cessation coverage benefits, as mandated under the Affordable Care Act. | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Task** Task 7. | Completed | 7. At the hub-level, create agreements with MCOs based on these approved collaborations | 01/01/2018 | 03/31/2018 | 01/01/2018 | 03/31/2018 | 03/31/2018 | DY3 Q4 |
| **Milestone** Midpoint Assessment | Completed | Midpoint Assessment Narrative | 04/01/2016 | 06/30/2016 | 04/01/2016 | 06/30/2016 | 06/30/2016 | DY2 Q1 |

### Attestation

**The Lead Representative has been designated by the Primary Lead PPS Provider (PPS Lead Entity) as the signing officiate for the DSRIP Quarterly Report. The Lead Representative has the authority to complete this attestation on behalf of the PPS network. The Lead Representative and PPS Lead Entity are responsible for the authenticity and accuracy of the material submitted in this report.**

**The Lead Representative of the Performing Provider System (PPS) must complete this attestation form in order for the project application to be accepted by the NYS Department of Health. Once the attestation is complete, the Quarterly Report will be locked down from any further editing. Do not complete this section until the entire Quarterly Report is complete.**

**If the Quarterly Report becomes locked in error and additional changes are necessary, please use the contact information on the Home Page to request that the Quarterly Report be unlocked.**

To electronically sign this Quarterly Report, please enter the required information and check the box below:

☐ **I here by attest, as the Lead Representative of the 'Nassau Queens Performing Provider System, LLC', that all information provided on this Quarterly report is true and accurate to the best of my knowledge, and that, following initial submission in the current quarterly reporting period as defined by NY DOH, changes made to this report were pursuant only to documented instructions or documented approval of changes from DOH or DSRIP Independent Assessor.**

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Project ID | Module Name / Milestone # | Review Status | |
|---|---|---|---|
| 2.a.i | Module 2.a.i.2 - Prescribed Milestones | | |
| | Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy. | Pass & Complete | |
| | Milestone #2 Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS. | Pass & Complete | |
| | Milestone #3 Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services. | Pass & Complete | |
| | Milestone #4 Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3. | Fail | |
| | Milestone #5 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3. | Fail | |
| | Milestone #6 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers. | Pass & Complete | |
| | Milestone #7 Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3. | Fail | |
| | Milestone #9 Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform. | Pass & Complete | |
| | Milestone #10 Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes. | Pass & Complete | |
| | Milestone #11 Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate. | Pass & Complete | |
| 2.b.ii | Module 2.b.ii.2 - Patient Engagement Speed | Fail | |
| | Module 2.b.ii.3 - Prescribed Milestones | | |
| | Milestone #1 Ensure appropriate location of the co-located primary care services in the ED to be located on the same campus of the hospital. All eligible relocated PCMH practices will meet NCQA 2014 Level 3 PCMH standards and/or APCM within 2 years after relocation. | Pass & Complete | |
| | Milestone #2 Ensure that new eligible participating PCPs will meet NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3. At start up, the participating PCPs must have open access scheduling extended hours, and have EHR capability that is interoperable with the ED. | Fail | |
| | Milestone #3 Develop care management protocols for medical screening in compliance with EMTALA standards. | Pass & Complete | |

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Project ID | Module Name / Milestone # | Review Status | |
|---|---|---|---|
| | Milestone #4 Ensure utilization of EHR that supports secure notification/messaging and sharing of medical records between participating local health providers, and meets Meaningful Use Stage 2 CMS requirements. | Pass & Complete | |
| | Milestone #5 Establish protocols and training for care coordinators to assist patients in understanding use of the health system, and to promote self-management and knowledge on appropriate care. | Pass & Complete | |
| | Milestone #6 Implement a comprehensive payment and billing strategy. (The PCP may only bill usual primary care billing codes and not emergency billing codes.) | Pass & Complete | |
| | Milestone #7 Develop protocols for connectivity to the assigned health plan PCP and real-time notification to the Health Home care manager as applicable. | Pass & Complete | |
| | Milestone #8 Utilize culturally competent community based organizations to raise community awareness of alternatives to the emergency room. | Pass & Complete | |
| | Milestone #9 Implement open access scheduling in all eligible primary care practices. | Fail | |
| | Milestone #10 Use EHRs and other technical platforms to track all patients engaged in the project. | Pass & Complete | |
| 2.b.iv | Module 2.b.iv.2 - Patient Engagement Speed | Pass & Ongoing | |
| | Module 2.b.iv.3 - Prescribed Milestones | | |
| | Milestone #1 Develop standardized protocols for a Care Transitions Intervention Model with all participating hospitals, partnering with a home care service or other appropriate community agency. | Pass & Complete | |
| | Milestone #2 Engage with the Medicaid Managed Care Organizations and Health Homes to develop transition of care protocols that will ensure appropriate post-discharge protocols are followed. | Fail | |
| | Milestone #3 Ensure required social services participate in the project. | Pass & Complete | |
| | Milestone #4 Transition of care protocols will include early notification of planned discharges and the ability of the transition care manager to visit the patient in the hospital to develop the transition of care services. | Fail | |
| | Milestone #5 Protocols will include care record transitions with timely updates provided to the members' providers, particularly primary care provider. | Pass & Complete | |
| | Milestone #6 Ensure that a 30-day transition of care period is established. | Pass & Complete | |
| | Milestone #7 Use EHRs and other technical platforms to track all patients engaged in the project. | Pass & Complete | |
| 2.b.vii | Module 2.b.vii.2 - Patient Engagement Speed | Pass & Ongoing | |
| | Module 2.b.vii.3 - Prescribed Milestones | | |
| | Milestone #1 Implement INTERACT at each participating SNF, demonstrated by active use of the INTERACT 3.0 toolkit and other resources available at http://interact2.net. | Pass & Complete | |
| | Milestone #2 Identify a facility champion who will engage other staff and serve as a coach and leader of INTERACT program. | Pass & Complete | |
| | Milestone #3 Implement care pathways and other clinical tools for monitoring chronically ill patients, with the goal of early identification of potential instability and intervention to avoid hospital transfer. | Pass & Complete | |
| | Milestone #4 Educate all staff on care pathways and INTERACT principles. | Pass & Complete | |

# New York State Department Of Health

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Project ID | Module Name / Milestone # | Review Status | |
|---|---|---|---|
| | Milestone #5 Implement Advance Care Planning tools to assist residents and families in expressing and documenting their wishes for near end of life and end of life care. | Pass & Complete | |
| | Milestone #6 Create coaching program to facilitate and support implementation. | Pass & Complete | |
| | Milestone #7 Educate patient and family/caretakers, to facilitate participation in planning of care. | Pass & Complete | |
| | Milestone #8 Establish enhanced communication with acute care hospitals, preferably with EHR and HIE connectivity. | Fail | |
| | Milestone #9 Measure outcomes (including quality assessment/root cause analysis of transfer) in order to identify additional interventions. | Pass & Complete | |
| | Milestone #10 Use EHRs and other technical platforms to track all patients engaged in the project. | Pass & Complete | |
| 2.d.i | Module 2.d.i.2 - Patient Engagement Speed | Pass & Ongoing | |
| | Module 2.d.i.3 - Prescribed Milestones | | |
| | Milestone #1 Contract or partner with community-based organizations (CBOs) to engage target populations using PAM(R) and other patient activation techniques. The PPS must provide oversight and ensure that engagement is sufficient and appropriate. | Pass & Complete | |
| | Milestone #2 Establish a PPS-wide training team, comprised of members with training in PAM(R) and expertise in patient activation and engagement. | Pass & Complete | |
| | Milestone #3 Identify UI, NU, and LU "hot spot" areas (e.g., emergency rooms). Contract or partner with CBOs to perform outreach within the identified "hot spot" areas. | Pass & Complete | |
| | Milestone #4 Survey the targeted population about healthcare needs in the PPS' region. | Pass & Complete | |
| | Milestone #5 Train providers located within "hot spots" on patient activation techniques, such as shared decision-making, measurements of health literacy, and cultural competency. | Pass & Complete | |
| | Milestone #6 Obtain list of PCPs assigned to NU and LU enrollees from MCOs. Along with the member's MCO and assigned PCP, reconnect beneficiaries to his/her designated PCP (see outcome measurements in #10).<br>• This patient activation project should not be used as a mechanism to inappropriately move members to different health plans and PCPs, but rather, shall focus on establishing connectivity to resources already available to the member.<br>• Work with respective MCOs and PCPs to ensure proactive outreach to beneficiaries. Sufficient information must be provided regarding insurance coverage, language resources, and availability of primary and preventive care services. The state must review and approve any educational materials, which must comply with state marketing guidelines and federal regulations as outlined in 42 CFR §438.104. | Pass & Complete | |
| | Milestone #7 Baseline each beneficiary cohort (per method developed by state) to appropriately identify cohorts using PAM(R) during the first year of the project and again, at set intervals. Baselines, as well as intervals towards improvement, must be set for each cohort at the beginning of each performance period. | Pass & Complete | |
| | Milestone #8 Include beneficiaries in development team to promote preventive care. | Pass & Complete | |
| | Milestone #9 Measure PAM(R) components, including:<br>• Screen patient status (UI, NU and LU) and collect contact information when he/she visits the PPS designated facility or "hot spot" area for health service. | Fail | |

# New York State Department Of Health
# Delivery System Reform Incentive Payment Project

## DSRIP Implementation Plan Project

## Nassau Queens Performing Provider System, LLC (PPS ID:14)

| Project ID | Module Name / Milestone # | Review Status | |
|---|---|---|---|
| | • If the beneficiary is UI, does not have a registered PCP, or is attributed to a PCP in the PPS' network, assess patient using PAM (R) survey and designate a PAM(R) score.<br>• Individual member's score must be averaged to calculate a baseline measure for that year's cohort.<br>• The cohort must be followed for the entirety of the DSRIP program.<br>• On an annual basis, assess individual members' and each cohort's level of engagement, with the goal of moving beneficiaries to a higher level of activation. • If the beneficiary is deemed to be LU & NU but has a designated PCP who is not part of the PPS' network, counsel the beneficiary on better utilizing his/her existing healthcare benefits, while also encouraging the beneficiary to reconnect with his/her designated PCP.<br>• The PPS will NOT be responsible for assessing the patient via PAM(R) survey.<br>• PPS will be responsible for providing the most current contact information to the beneficiary's MCO for outreach purposes.<br>• Provide member engagement lists to relevant insurance companies (for NU & LU populations) on a monthly basis, as well as to DOH on a quarterly basis. | | |
| | Milestone #10 Increase the volume of non-emergent (primary, behavioral, dental) care provided to UI, NU, and LU persons. | Fail | |
| | Milestone #11 Contract or partner with CBOs to develop a group of community navigators who are trained in connectivity to healthcare coverage, community healthcare resources (including for primary and preventive services) and patient education. | Pass & Complete | |
| | Milestone #12 Develop a process for Medicaid recipients and project participants to report complaints and receive customer service. | Fail | |
| | Milestone #13 Train community navigators in patient activation and education, including how to appropriately assist project beneficiaries using the PAM(R). | Pass & Complete | |
| | Milestone #14 Ensure direct hand-offs to navigators who are prominently placed at "hot spots," partnered CBOs, emergency departments, or community events, so as to facilitate education regarding health insurance coverage, age-appropriate primary and preventive healthcare services and resources. | Pass & Complete | |
| | Milestone #15 Inform and educate navigators about insurance options and healthcare resources available to UI, NU, and LU populations. | Pass & Complete | |
| | Milestone #16 Ensure appropriate and timely access for navigators when attempting to establish primary and preventive services for a community member. | Pass & Complete | |
| | Milestone #17 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, to track all patients engaged in the project. | Pass & Complete | |
| 3.a.i | Module 3.a.i.2 - Patient Engagement Speed | Pass & Ongoing | |
| | Module 3.a.i.3 - Prescribed Milestones | | |
| | Milestone #1 Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3. | Fail | |
| | Milestone #2 Develop collaborative evidence-based standards of care including medication management and care engagement process. | Pass & Complete | |
| | Milestone #3 Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs. | Fail | |

### Additional Project Scale Commitments

**Instructions:**
Please indicate the scale of the categories below that meet all of the project requirements committed to in the Project Plan Application. Documentation must be submitted in Excel format in the quarter when the PPS provider speed commitments for a particular project are due. This documentation should include the target category(e.g. Medical Villages, Emergency Departments with Care Triage, Community-based navigators, etc.), the project ID(e.g. 2.a.iv,2.a.v,3.a.ii, etc.), and the name of the providers/entities/individuals associated with this project, if applicable.

| Project Scale Category | Project | Selected | Committed |
|---|---|---|---|
| Emergency Departments which contain co-located primary care services | 2.b.ii | 1 | 7 |
| Expected Number of Crisis Intervention Programs Established | 3.a.ii | 0 | 6 |
| PAM(R) Providers | 2.d.i | 126 | 250 |

* Safety Net Providers in Green

| Participating in Projects | | | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Provider Name | Provider Category | 2.a.i | 2.b.ii | 2.b.iv | 2.b.vii | 2.d.i | 3.a.i | 3.a.ii | 3.b.i | 3.c.i | 4.a.iii | 4.b.i |
| Moreau Joanne | Practitioner - Primary Care Provider (PCP) | | | | | | | | | | | |
