

SECTION H Parent or Spouse Not Living in the Household or Deceased

- If any applicants have an absent spouse or parent, you must complete this section so we can see if medical support is available to you or your child.
- Pregnant women do not have to answer these questions until 60 days after the birth of their child. All other people who are applying and are age 21 or over must be willing to provide information about a parent of an applying minor or a spouse living outside the home to be eligible for health insurance, unless there is good cause. An example of "good cause" is fear of physical or emotional harm to you or a family member. Question 2 refers to the **PARENT** of any applying child under age 21. Question 3 refers to the **SPOUSE** of anyone applying.
- If the parents are not willing to provide this information, the applying child may still be eligible for Medicaid or Child Health Plus.

SECTION I Health Plan Selection

What is a Health Plan? Applying for programs through Access NY Health Care may mean you get your health care coverage through a Managed Care plan. When you join a plan, you choose one doctor (Primary Care Provider or PCP) from that plan to take care of your regular needs. If you want to keep the doctor you have, you need to pick the plan that works with your doctor. Managed Care health plans focus on preventive care so small problems do not become big ones. If you need a specialist, your PCP will refer you to one.

Who Must Choose a Health Plan? People who are eligible for Family Health Plus and Child Health Plus **MUST** choose a health plan to get medical care. **MOST** people who are eligible for Medicaid **MUST** choose a health plan to get most of their Medicaid benefits. Keep reading to find out how to get more information on this.

How Do I Know What Health Plan to Choose and If I Can Enroll?

For Medicaid and Family Health Plus, if you want to find out more about how managed care plans work, if you have to join, and how to choose a plan, call **Medicaid CHOICE** at 1-800-505-5678, or call or visit your local department of social services. Ask for a Managed Care Education Packet. Information about health plans is also on the NYSDOH website at www.nyhealth.gov. You can also enroll by phone, by calling 1-800-505-5678.

NOTE: If you or a family member are found eligible for Medicaid, and are in a county that does not require people on Medicaid to join a health plan, you will still be enrolled in the health plan you choose if it provides Medicaid, unless you check the box on the application that says you don't want to be enrolled, or tell us you do not want to be enrolled by calling or writing to your local department of social services.

For Child Health Plus:

For information about Child Health Plus plans, call 1-800-698-4543.

Child Health Plus Premium

There are no premiums for Medicaid, or Family Health Plus. There may be a monthly premium for Child Health Plus. Use the enclosed chart to determine if you need to pay a premium based on your monthly income. You must include the first month's premium with the completed application or your child will not be enrolled.

SECTION J Signature

Please read the paragraph in this section carefully and read the **Terms, Rights and Responsibilities** section. You must then sign and date the application.

SECTION A Applicant's Information

We need to be able to contact the people applying for health insurance. The home address is where the people applying for health insurance live. The mailing address, if different, is where you want us to send health insurance cards and notices about your case. You can also tell us if you want someone else to get information about your case and/or to be able to discuss your case.

SECTION B Household Information

Please include information for everyone who lives with you even if they are not applying for health insurance. It is important that you list everyone who lives with you so that we can make a correct eligibility decision. Include maiden name (legal name before marriage), if this applies to the person. Also include City, State and Country of birth. If a person was born outside of the United States, just write the country of birth. We also need, for each person applying, his/her mother's full maiden name (first and last name). This information may be used to obtain proof of the applicant's birth date under certain circumstances.

- **Is this person pregnant?** If so, when is her baby due to be born? This information helps us determine the size of your family. A pregnant woman counts as two people.
- **Relationship to the person on Line 1.** Explain how each person is related to the person listed on Line 1 (for example, spouse, child, step-child, brother, sister, niece, nephew, etc.)

- **Public Health Coverage.** If you or anyone who lives with you is already enrolled or was previously enrolled in Medicaid, Family Health Plus, Child Health Plus, the Family Planning Benefit Program, or any other form of public assistance such as Food Stamps, we need to know. Also, tell us the identification number on the New York State Benefit Identification Card or plan identification card for Child Health Plus.
- **Social Security Number.** A Social Security Number should be provided for all persons applying, if the person has one. If the person does not have a Social Security Number, leave this box blank.
- **Citizenship and Immigration Status.** This information is needed only for those people applying for health insurance. Pregnant women do not have to complete this question. To be eligible for health insurance, other persons age 19 and over must be U.S. citizens or be in an eligible immigration category. We need to see either original documentation of U.S. citizenship and identity, or certified copies of these documents. Please contact your local department of social services or call 1-800-698-4543 to find out where you can bring these documents. Please note that if you are on Medicare, or receiving Social Security Disability but are not yet eligible for Medicare, it is not necessary to document citizenship or identity.

Effective July 1, 2010, citizen children who provide their Social Security Number are not required to provide identity or citizenship documentation if eligible for Child Health Plus.

Children who are New York State residents and do not have other health insurance are eligible, regardless of their immigration status.

PUBLIC CHARGE INFORMATION

The United States Citizenship and Immigration Services (USCIS) has stated that enrollment in Medicaid, Family Health Plus, Child Health Plus or the Family Planning Benefit Program CANNOT affect a person's ability to get a green card, become a citizen, sponsor a family member, or travel in and out of the country. This is not true if Medicaid pays for long-term care in a place such as a nursing home or psychiatric hospital.

The State will not report any information on this application to the USCIS.

- **Race/Ethnic Group.** This information is optional and it will help us make sure that all people have access to the programs. If you fill out this information, use the code shown on the application that best describes each person's race or ethnic background. You may pick more than one.

SECTION C Household Income (Money Received)

- In this section, list all types of income (money received) and the amounts received by the people you listed in Section B.
- Please tell us how much you make before taxes are taken out.
- If there is no money coming into your home, explain how you are paying for your living expenses, such as food and housing.
- We need to know if you have changed jobs or if you are a student.
- We also need to know if you pay another person or place, such as a day care center, to take care of your children or disabled spouse or parent while you are working or going to school. If you do, we need to know how much you pay. We may be able to deduct some of the amount that you pay for these costs from the amount we count as your income.

SECTION D Health Insurance

It is important to tell us whether anyone applying is covered or could be covered by someone else's health insurance. This information may affect their eligibility for coverage; for some applicants, we can deduct the amount that you pay for health insurance from the amount we count as your income; or we may be able to pay the cost of your health insurance premium if we determine it is cost effective.

Some children who had employer-based health insurance within the past six months may be subject to a waiting period before they can enroll in Child Health Plus. This will

depend on your household income and the reason your children lost employer-based coverage.

NOTE: State Health Benefits Plans provide health insurance coverage through the New York State Health Insurance Program (NYSHIP). Coverage is offered to employees/retirees of NYS government, the State Legislature and the Unified Court System. Some local government agencies and school districts also elect to participate in NYSHIP. If you are not sure, check with your employer. If your child has access to State Health Insurance Benefits through NYSHIP, he/she will be ineligible for Child Health Plus coverage.

We may be able to help pay for health insurance premiums if you have or can get insurance through your job. We will need to gather more information about the insurance and will mail an insurance questionnaire to you.

SECTION E Housing Expenses

Write in your monthly cost of housing. This includes your rent, monthly mortgage payment or other housing payment. If you have a mortgage payment, include property taxes in the amount you tell us. If you share your housing expenses or your rent is subsidized, please only tell us how much YOU pay toward your rent or mortgage. If you pay for your water, tell us how much you pay and how often.

SECTION F Blind, Disabled, Chronically Ill or Nursing Home Care

These questions help us determine which program is best for each applicant, and what services may be needed. A person with a disability, serious illness or high medical bills may be able to get more health services. You may have a disability if your daily activities are limited because of an illness or condition that has lasted or is expected to last for at least 12 months. If you are blind, disabled, chronically ill or need nursing home care, you will need to complete Supplement A. If neither you nor anyone applying is blind, disabled, chronically ill or in a nursing home, go to Section G.

SECTION G Additional Health Questions

If you have paid or unpaid medical bills from the past three months, Medicaid may be able to pay for these costs. Let us know who these bills are for and in which months. Include copies of the medical bills with this application. Note: This three-month period begins when the local department of social services receives your application or when you meet with a Facilitated Enroller. You will need to tell us what your income was for any past months in which you have medical bills so that we can see if you are eligible during that time. We also ask about where you lived in the past three months, because this may affect our ability to pay for past bills. We ask about any pending lawsuits or health issues caused by someone else so we know if someone else should pay for any portion of your medical care costs.
