**TO:** Commissioners, MA Directors, Accounting Supervisors

**FROM:** Richard T. Cody, Deputy Commissioner, Division of Health & Long  
Term Care

**SUBJECT:** Pay-In Subsystem - Terminal Security

**EFFECTIVE DATE:**

**CONTACT PERSON:**

The State system support for the Pay-in program is scheduled for implementation May 6, 1996. Training sessions are being scheduled to provide you with sufficient detail to allow local district use of the system. Since a new function is being added to the Medical Assistance Subsystem Menu you should request an update, via your Terminal Security Coordinator, to ensure data entry capability.

After determining who will use the subsystem, you must request, or ensure that, Standard Inquiry capability is available. Once an individual is authorized to do standard inquiry the request should be made to allow a Pay-in update function. If the specific Pay-in function is not requested, you will not be able to use the Pay-in Subsystem.

These requests should be made through your terminal security coordinator.
