### Balancing Incentives Program (BIP) – Managed Long Term Care Expansion Bonus Program (MEBP)

#### **Program Description**

### Background

A total of \$15 million of Federal dollars are available for this initiative through the state's approved Balancing Incentive Program (BIP) plan to expand Managed Long Term Care in non-urban areas. BIP Federal dollars must be spent by September 30, 2015. The term of this program is October 1, 2014 through September 30, 2015.

The funding is available to PACE Organizations and Partial Plans to encourage expansion into non-urban (vulnerable) counties in Upstate NY in support of Care Management For All, with an emphasis on the PACE program since it includes a comprehensive benefit package of services that Plans are responsible to cover. Vulnerable counties are identified as those Upstate counties with two (2) or fewer Plans participating. Upstate is identified as PACE/Partial Rating Region 3 Northeast/Western and Region 4 Rest of State (other regions do not have any counties with two or fewer Plans). Funding is available under two scenarios: 1) new Plans entering the program and operating in vulnerable counties, and 2) existing Plans already in the program and expanding into vulnerable counties. Existing Plans currently operating in vulnerable counties are not eligible for funding. Plans may propose to expand into multiple eligible counties.

This approach is consistent with the Network Incentive Payment (NIP) included in April 1, 2013 premiums for the Mainstream Managed Care Program to encourage more than two Plans to participate in specific vulnerable counties in support of Care Management For All (regions that have a county that has two or fewer Plans receive a NIP).

In order to be eligible for funding, a qualified Plan must:

- Submit a Letter of Intent for PACE and/or Partial Plans by 11/7/2014;
- Submit an application for PACE or Partial Plans to DLTC by deadlines established in the timeline below; and
  - PACE applications due 12/1/2014
  - New MLTC Partial Plans due 2/2/2015
  - MLTC Service Area Expansions due 3/2/2015
- Have an enrollment level of 25 members per county by 9/1/2015.

In addition to the upcoming open period for plans to submit new/expansion applications for PACE plans for CMS approval, DLTC will consider requests to include plans that submitted an application during the recent PACE CMS Application Open Period, October 6-10, 2014. Health plans which submitted a PACE application to CMS during this period may apply to participate in the BIP Bonus Program by completing the Letter of Intent and complying with all other program requirements and deadlines.

NYSDOH reserves the right to claw back any bonus payment made to plans upon determination that the applicant did not actively pursue completion of the milestones in a good faith effort.

Scope

Any new or current PACE or Partial Plan that may be approved to operate in vulnerable counties are eligible for a bonus payment. A review of Upstate counties shows that there are 34 vulnerable counties across PACE/Partial Rating Regions 3 and 4 as follows (see Attachment #1):

```
MLTC/PACE Region 3 Northeast/Western: Fulton, Genesee, Madison, Orleans, Warren,
Washington, Wyoming counties
```

MLTC/PACE Region 4 Rest of State: Allegany, Broome, Cattaraugus, Cayuga, Chautauqua, Chemung, Chenango, Clinton, Cortland, Delaware, Essex, Franklin, Hamilton, Jefferson, Lewis, Livingston, Ontario, Otsego, St. Lawrence, Schoharie, Schuyler, Seneca, Steuben, Tioga, Tompkins, Wayne, and Yates counties

**Bonus Payment** 

Each Plan that expands into a vulnerable county (or counties) will receive a bonus payment regardless of whether it's a new Plan in operation or an existing Plan expanding into a new county. This will be an offline payment that is not promulgated through premium rates on the eMedNY system. Bonus payments are subject to DOB and CMS approvals, must comply with Federal Regulations, and must be deemed actuarially sound. A bonus payment may be limited or reduced to comply with this requirement.

A maximum of three bonus payments are available to Plans for achieving certain milestones within the current expansion application process (see Table 1 below). An initial payment will be made to provide start-up funding in support of network development and other activities necessary to the expansion process. A second payment will be made upon approval of an application by DLTC; a final payment will be made for reaching a milestone enrollment level of 25 members. More rural counties are grouped together for this purpose since the number of eligibles in these counties can be limited. The following Table 1 summarizes these milestones, the county grouping for final payment, and bonus payment amounts:

### <u>Table 1</u>

| Milesto | one  | Bonus Payment Amount  |  |
|---------|--|---|--|
| 1)      | Initial Payment – the Department receives a<br>complete Letter of Intent from the Plan | \$250,000 per Plan for PACE<br>\$200,000 per Plan for Partial |  |
|         | ·  |   |  |
| 2)      | Second Payment – application requirements are  | \$350,000 per Plan for PACE                                   |  |
|         | met and DLTC approves the application *  | \$300,000 per Plan for Partial                                |  |
|         |  |   |  |
| 3)      | Final Payment – the Plan reaches a roster  | Payment ranges from \$60,000 to                               |  |
|         | enrollment level of 25 members:  | \$100,000 for each County and                                 |  |
|         | <ul> <li>As the sum total in the following group of</li> </ul>                         | amounts vary by County according to                           |  |
|         | counties – Hamilton, Lewis, Livingston,  | Attachment #2   |  |
|         | Madison, Orleans, Schuyler, Seneca,  |   |  |
|         | Tioga, Wyoming, and Yates counties   |   |  |

| Milestone |  | Bonus Payment Amount |
|-----------|--|----------------------|
| •         | Or, as the total enrollment in any other standalone county |                      |

\* Any application that includes at least one approved county expansion will qualify for second payment

Timeline

### **PACE Applications:**

Applications for **new PACE Organizations**, applications for **service area expansions of existing PACE Organizations**, and applications for **new PACE center sites** must follow the CMS application process as detailed below.
