3. Any state-designated health home or group of health homes.

11/4/2014	Steven L. Hoover; LHCSA	<a href="mailto:steve@aftercare1.com">steve@aftercare1.com</a>	I noticed the LHCSA – Exception Appeals (in the below link) only contain the first sheet of the VAP exception form. Our form had an additional sheet with two more PPSs. Are these also being considered or should we submit two more VAP Exception forms?	Thank you for your public comment(s) regarding the VAP exception appeal process. We will share your comments with the DSRIP team and will post all comments to the DSRIP web page at a later date.
11/5/2014	Renee Shanker; Safety Net Hospitals	<a href="mailto:reneeshanker@optimum.net">reneeshanker@optimum.net</a>	I understand that NYU and North Shore LJ are being designated as "safety net" hospitals for the purpose of receiving DSRIP funds. Is this true? Only 2% of the population they serve are uninsured and 14% and 12% have Medicaid respectively. Hospitals that truly are "safety net" hospitals will lose money if NYU and North Shore are added to the list of hospitals that qualify for DSRIP monies. Please reconsider this decision. It's outrageous. Hospitals that serve the poor really need the money. NYU and North Shore do not.	Thank you for your public comment(s) regarding the VAP exception appeal process. We will share your comments with the DSRIP team and will post all comments to the DSRIP web page at a later date.
11/6/2014	Crain's Health Pulse		Public health advocates were surprised to see academic medical centers like NYU and North Shore University Hospital on the list. The two "should no way be approved for safety-net status," said Judy Wessler, former director of the Commission on the Public's Health System, in an email.	Thank you for your public comment(s) regarding the VAP exception appeal process. We will share your comments with the DSRIP team and will post all comments to the DSRIP web page at a later date.

In my haste I submitted the incorrect form, which had several omissions. I should have submitted my revised form, which is attached. As a result our organization was not included in the VAP Exception appeals list for public comment. I hope it is still possible to be considered as a vital access 1915i provider.	11/7/2014 - DSRIP TEAM: Do you mean October 24, 2014? We will file this with appeal with any appeal you submitted by the deadline, October 24th. BONNIE HALLEY; DMH Planning: Yes, I have a copy of the email that Rena Finkelstein submitted. It was on October 24 at 1:40 PM. Thank you for including this agency appeal.

12/2/2014	Judy Wessler	<a href="mailto:ladyhealth1@gmail.com">ladyhealth1@gmail.com</a>	<p>I am writing to urge that the State Health Department deny VAP Exemption to NYU Langone and North Shore/LIJ. There stats and history make clear that these are not safety net providers and should not be allowed to share in DSRIP funding. Approving these exemptions will make a greater mockery of the concept and reality of the definition of the safety net. Stop this outrage and deny safety net definition for these two hospitals -- North Shore and NYU Langone. It is time to say Nada Mas! No more! Let us not allow NYU and North Shore, also rolling in money, to take money out of the safety net. If they want to participate, they can share in the allowable 5% of the PPS funding. Using NYU Langone as an example of an institution that has dollars and is capable fo getting much more. NYU recently received \$1 billion + from FEMA for post-Sandy "repairs." Also for the last several years, NYU has bee receiving almost \$10 million from the state's charity care pool without meeting the minimum requirements for providing care for the uninsured and large numbers of Medicaid patients. Reprinted below is information from Capital Health blog on 11.13.14..N.Y.U. Langone Medical Center reported that its revenue exceeded expenses by \$215 million for the fiscal year ending Aug. 31. That's a marked improvement over 2013 when Hurricane Sandy forced the closure of N.Y.U.'s emergency room and significantly depressed revenues. Patient revenue increased to just over \$2 billion from \$1.67 billion the year before, and disaster-related expenses also dropped from \$115 million to \$22.1 million.  <a href="http://bit.ly/1EvIvsO">http://bit.ly/1EvIvsO</a>&lt;<a href="http://link.capitalnewyork.com/542304f70f299646728b4f441zggnn.ue/VGSB1kmO3BUKdgreB7a80">http://link.capitalnewyork.com/542304f70f299646728b4f441zggnn.ue/VGSB1kmO3BUKdgreB7a80</a>&gt; NYU Hospitals Center  Notes to Consolidated Financial Statements  August 31, 2014 and 2013</p> <p>In this report, NYU Langone reports Uncompensated Care. Although claiming charity care, in reality, NYU includes bad debt in this calculation, a formulation no longer allowed. So that these figures are inflated at best. Charity care totaled \$24.3 million and \$15.8 million for fiscal years 2014 and 2013. This equated to an approximate cost of \$7.6 million and \$6.1 million for the years ended August 31, 2014 and 2013, respectively, which is based on a ratio of cost to charges during the year.</p> <p>NYU Hospitals Center  Notes to Consolidated Financial Statements  August 31, 2014 and 2013  12  Most hospitals receive a percentage of their claimed charity care. NYU again counts bad debt in their calculation of how much care they provided. The state has finally changed their way of counting for charity care allocations so that NYU's claims are undoubtedly way less than what they claim.</p> <p>New York State regulations provide for the distribution of funds from an indigent care pool, which is intended to partially offset the cost of bad debts and services provided to the uninsured. The funds are distributed to the Hospitals Center based on each hospital's level of bad debt and charity care in relation to all other hospitals. Subsidy payments recognized as revenue amounted to approximately \$8.5 million and \$9.6 million for 2014 and 2013, respectively, and are included in net patient service revenue in the accompanying consolidated statements of operations.</p> <p>For the reasons detailed above, I am urging that the State deny the request from NYU Langone and North Shore/LIJ to receive a VAP exemption to be considered safety net providers.</p> <p>Judy Wessler</p>	<p>Thank you for your public comment(s) regarding the VAP exception appeal process. 12/2/2014	Patricia Nelson	<a href="mailto:PatriciaNelson@Healthpeople.org">PatriciaNelson@Healthpeople.org</a>	Dear Jason Helgerson, I am writing to urge the state to reconsider their decision on allowing NYU Langone, and North Shore, hospitals to be declared as safety net hospitals, which will allow them to be entitled to receive DSRIP funding.. I would like to encourage the State to deviate all DSRIP funding to the true safety-net hospitals who provide services to the unserved and underserved low-income, Immigrant, Communities of color, who are not insured. By allowing NYU, and North Shore access to this funding will be doing the true safety-net hospitals a great dis-justice and possibly putting them in jeopardy of losing additional funding that is desperately needed to keep them a float. So I urge the State, and CMS to reconsider this decision.	Thank you for your public comment(s) regarding the VAP exception appeal process. 12/3/2014	Chris Norwood	<a href="mailto:ChrisNorwood@HealthPeople.org">ChrisNorwood@HealthPeople.org</a>	<p>Hello---I would like to state complete objection to the idea that NYU Langone and North Shore would seek a "waiver" to have themselves declared 'safety net" hospitals under DSRIP. As you may know, NYU alone recently reported an annual profit of more than \$200 million! It is almost embarrassing that these hospitals would apply for safety net status---thereby literally robbing money from poorer hospitals who not only serve Medicaid patients, but serve masses of uninsured patients. To grant them undeserved millions more would be more than embarrassing; it would place NY State in an equivocal position right the beginning of reform. It would seriously disrupt the sense of momentum, cooperation and---we may even say---the widespread sense of mutual mission which has built up around DSRIP.</p> <p>Thank you for your kind attention.</p>	Thank you for your public comment(s) regarding the VAP exception appeal process.
