Quarterly Report - Implementation Plan for SBH Health System

Year and Quarter: DY4, Q1 **Quarterly Report Status:** Adjudicated

Status By Section

Section	Description	Status
Section 01	Budget	Completed
Section 02	Governance	Completed
Section 03	Financial Stability	Completed
Section 04	Cultural Competency & Health Literacy	Completed
Section 05	IT Systems and Processes	Completed
Section 06	Performance Reporting	Completed
Section 07	Practitioner Engagement	Completed
Section 08	Population Health Management	Completed
Section 09	Clinical Integration	Completed
Section 10	General Project Reporting	Completed
Section 11	Workforce	Completed

Status By Project

Project ID	Project Title	Status
2.a.i	Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management	Completed
2.a.iii	Health Home At-Risk Intervention Program: Proactive management of higher risk patients not currently eligible for Health Homes through access to high quality primary care and support services	Completed
2.b.iii	ED care triage for at-risk populations	Completed
2.b.iv	Care transitions intervention model to reduce 30 day readmissions for chronic health conditions	Completed
3.a.i	Integration of primary care and behavioral health services	Completed
3.b.i	Evidence-based strategies for disease management in high risk/affected populations (adult only)	Completed
3.c.i	Evidence-based strategies for disease management in high risk/affected populations (adults only)	Completed
3.d.ii	Expansion of asthma home-based self-management program	Completed
4.a.iii	Strengthen Mental Health and Substance Abuse Infrastructure across Systems	Completed
4.c.ii	Increase early access to, and retention in, HIV care	Completed

IPQR Module 1.5 - Prescribed Milestones

Instructions :

Please provide updates to baseline target dates and work breakdown tasks with target dates for required milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Complete funds flow budget and distribution plan and communicate with network	Completed	Funds Flow Budget and Distribution Plan, signed off by your Finance Committee, including details of your approach to funds flow on a whole-PPS and project-by-project basis; evidence of involvement of provider network in developing funds flow methodology.	05/01/2015	03/31/2016	05/01/2015	03/31/2016	03/31/2016	DY1 Q4	YES
Task Obtain final attribution and valuation	Completed	Receive final PPS attribution and valuation from the state.	05/12/2015	12/31/2015	05/12/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Establish schedule for flow of funds	Completed	Define PPS baseline funding schedule and distribution plan. Present for review and approval by the Executive Committee.	06/01/2015	07/31/2015	06/01/2015	07/31/2015	09/30/2015	DY1 Q2	
Task Share flow of funds information with PPS members	Completed	Conduct All PPS meeting describing the baseline funding schedule and approach for the development of project and provider specific funding schedules to be included as an attachment in the Master DSRIP Service Agreement (MDSA) as a rolling statement of work. .	08/01/2015	10/31/2015	08/01/2015	10/31/2015	12/31/2015	DY1 Q3	
Task Develop budgets	Completed	Develop initial project specific budgets based on specific clinical project implementation requirements and performance expectations using the baseline funding schedule as a guidepost. Present for review and approval to the Executive Committee.	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Finalize funding schedules	Completed	Finalize the initial project and partner specific funding schedules with PPS partners to be included as an attachment in the MDSA as a rolling statement of work.	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Initiate reporting process	Completed	Initiate quarterly reporting process for earned waiver revenue and partner payments.	08/15/2015	09/30/2015	08/15/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Establish annual review and update process	Completed	Define annual review and update process for the PPS baseline funding schedule and distribution plan. Present for	10/01/2015	11/30/2015	10/01/2015	11/30/2015	12/31/2015	DY1 Q3

Section 02 – Governance

IPQR Module 2.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.
Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Finalize governance structure and sub-committee structure	Completed	This milestone must be completed by 9/30/2015. Governance and committee structure, signed off by PPS Board.	04/01/2015	05/01/2015	04/01/2015	05/01/2015	06/30/2015	DY1 Q1	YES
Task Establish committee charters	Completed	Develop and finalize charters for Executive Committee, Nominating Committee, Quality and Care Innovation Sub-Committee, Finance and Sustainability Sub-Committee, Workforce Sub-Committee and Information Technology Sub-Committee (collectively, the "Governance Charters"). The Governance Charters will describe the responsibilities of each committee, the process for appointing members to each committee, meeting frequency and the consensus-based decision making process of each committee.	04/01/2015	05/01/2015	04/01/2015	05/01/2015	06/30/2015	DY1 Q1	
Task Appoint EC members	Completed	Appoint members of the Executive Committee.	04/23/2015	05/01/2015	04/23/2015	05/01/2015	06/30/2015	DY1 Q1	
Task Initiate EC work	Completed	Convene Executive Committee, provide orientation to Executive Committee on roles and responsibilities, and initiate Committee work.	04/23/2015	04/23/2015	04/23/2015	04/23/2015	06/30/2015	DY1 Q1	
Task Appoint Sub-Committee members	Completed	Appoint members of the Quality and Care Innovation Sub-Committee, Finance and Sustainability Sub-Committee, Workforce Sub-Committee and Information Technology Sub-Committee (collectively, the "Sub-Committees").	04/23/2015	05/01/2015	04/23/2015	05/01/2015	06/30/2015	DY1 Q1	
Milestone #2 Establish a clinical governance structure, including clinical quality committees for each DSRIP project	Completed	This milestone must be completed by 12/31/2015. Clinical Quality Committee charter and committee structure chart	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	YES
Task	Completed	Develop and finalize charter for Quality and Care Innovation	04/01/2015	05/01/2015	04/01/2015	05/01/2015	06/30/2015	DY1 Q1

Task Create an inventory of CBO services.	Completed	Finalize and administer survey to create an inventory of services offered by CBOs within the PPS area that participate in activities that impact population health. The PPS area covers all the neighborhoods and communities of the Bronx. The CSO implemented a survey of current CBO members of our PPS to profile their services, interest and capacity to participate as partner organizations in our DSRIP projects. Our current CBO members encompass a wide array of service providers, including services for intellectual and development disabilities(IDD); food banks, community gardens and farmer's markets; foster children agencies; HIV prevention/outreach and social services; housing services, including advocacy groups, housing providers and homeless services; individual employment support services; financial assistance and support, including clothing and furniture banks; not-for profit health and welfare agencies; nutrition and exercise programs; peer, family support, training and self advocacy organizations; reentry organizations and alternatives to incarceration; transportation services; youth development programs; syringe access programs; and services for special populations, including immigrants, LGBT, seniors, uninsured and women.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2

IPQR Module 2.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your governance structure and processes and achieving the milestones described above, as well as potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

1. We initially identified three major inter-related challenges: (1) developing and negotiating Master Services Agreements (MSA); (2) the project schedules; (3) funds distribution schedules among such a broad range of partners (type and size). We mitigated these risks by establishing transparent and inclusive processes in these areas: (1) The Executive Committee developed the MSA and established a thorough review and comment process, inviting all members of the PPS to participate. The MSA was finalized through this process in July 2015 and we began executing MSAs at the end of August. (2) The project schedules, which outline each partner's obligations with respect to specific projects and serve as the contractual instruments for the project-specific distribution of funds to partners, are negotiated with each partner. (3) We worked carefully with the Finance & Sustainability Subcommittee and Executive Committee to develop a plan for funds distribution across our broad range of members, which we communicated to PPS members through an All-Members teleconference.

2. It is a challenge to engage members of the Committees/Subcommittees effectively, meaningfully and continuously to achieve the PPS's goals over short timelines. We recognize that to build a strong, working governance structure, the members appointed to the various governance committees, collectively known as the Project Advisory Council (PAC), must prepare for and otherwise be actively involved in the committee meetings (e.g., read materials distributed in advance of meetings). However, committee members also have significant obligations to their organizations outside of the PPS. To mitigate this risk and ensure committee members can stay abreast of PPS developments, we utilize a wide range of online tools to support efficient information sharing. We developed a website to provide information about PPS activities to PPS members and the community; we developed a PAC member portal, where meeting materials are posted and stored and members may vote online; we host PAC webinars quarterly to inform and engage committee members.

3. There is a potential risk in whether the management of partner organizations would be willing to make the investments and changes needed to transform the way care is delivered. Their buy-in is crucial to the success of our PPS. To ensure buy-in at the highest leadership, we designed a highly inclusive governance structure that enables meaningful participation in PPS decision-making by leaders at member organizations. We established member profiles and we have and continue to engage in one-on-one meetings with partner organizations to understand their capacity, priorities and potential barriers to success. These findings have and continue to inform the design and deployment of PPS programs and policies. The Schedule A component of the MSA enables agreements to be tailored to the terms of each member organization, is negotiated with and requires sign-off of partner executive management.

4. The potential exists for the clinical governance structure of ten clinical projects to be burdensome on members supporting the clinical operational planning and implementation activities. To mitigate this risk we created a simple clinical governance structure. We grouped clinical projects that require similar thought leadership and provide care in similar settings. For example, we combined the ED Care Triage and 30-day Care Transitions projects into one Rapid Deployment Collaborative (RDC), also known as Implementation Work Group (IWG), because they are both hospital-based interventions. The other IWGs include Health Home at Risk, Primary Care/Behavioral Health Integration, CVD/Diabetes (combined), Asthma, Mental Health/Substance Use (MHSA) and HIV – totaling to seven IWGs. All these IWGs report up to the Quality & Care Innovations Subcommittee.

SBH Health System (PPS ID:36)

IPQR Module 2.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The ability to develop the project schedules that are part of the partnership agreements with CBOs depend on partner adoption of the Clinical Operational Plans which detail work plans and partner obligations for each DSRIP project. Creation of the funding schedules is dependent upon outputs of the finance workstream, which will include the funding amount that the BPHC will receive semi-annually, the distribution of Participants among the projects and the allocation of funding to each project-level budget throughout the phases of the DSRIP implementation.

Additionally, BPHC and its partners will need to continuously engage front line workers to ensure the success of each DSRIP project. To achieve this, BPHC will need to, among other things, continue to forge strong relationships with the unions.

Finally, it is critical that the IT systems and processes are capable of collecting key data in a timely fashion so that BPHC can monitor its performance on an ongoing basis and target areas in need of improvement.

IPQR Module 2.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for the development of your governance structure and processes and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
SBH COO	Len Walsh	BPHC governance strategy and fiduciary oversight, including policymaking and policy execution
Executive Director, BPHC CSO	Irene Kaufmann	Organize and facilitate committee meetings - Provides committees with relevant data, reports and communications - Records/files meeting minutes - Responsible for policy execution
BPHC Executive Committee	Len Walsh, Chair	Oversight of all aspects of deployment of DSRIP projects and evolution of BPHC into fully integrated delivery network - Responsible for policymaking
BPHC Nominating Committee	Patricia Belair, Chair, SBH Health System	Recommend members of committees and Sub-committees to Executive committee - Responsible for policymaking
BPHC Finance & Sustainability Subcommittee	David Menashy, Co-Chair, Montefiore Medical Center Todd Gorlewski, Co-Chair, SBH Health System	Make recommendations on distribution of project Partner implementation funds - Monitor budget and compliance - Review financial Oversight structure - Oversee provision of assistance to financially frail Partners - Advise on development and implementation of sustainability and financial compliance plans - Responsible for policymaking
BPHC Information Technology Sub-Committee	Dr. Jitendra Barmecha, Chair, SBH Health System	Create and update processes and protocols for adoption and use of information technology that will be applicable to all members -Responsible for policymaking
BPHC Quality & Care Innovation Sub-Committee	Co-Chairs, Quality & Care Innovation Sub-Committee, David Collymore & Debbie Pantin	Establish evidence-based practice and quality standards and metrics - Oversee clinical management processes - Hold providers and PPS accountable for achieving targeted metrics and clinical outcomes - Responsible for policymaking
Workforce Sub-Committee	Mary Morris, Co-Chair, SBH Health System Rosa Mejias, Co-Chair, 1199 TEF	Develop and implement comprehensive workforce strategy to ensure BPHC retains, trains and hires staff needed to support

SBH Health System (PPS ID:36)

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
		implementation of DSRIP projects - Responsible for policymaking
BPHC Compliance Officer	Suzette Gordon	Review and evaluate compliance issues/concerns within BPHC to ensure compliance with the rules and regulations of regulatory agencies and that BPHC's bylaws and policies and procedures are being followed - Responsible for policy execution
CEO of PPS Lead Organization	Dr. David Perlstein	Make final determination of removal of committee members recommended for removal by Executive Committee

Module 2.6 - IPQR Module 2.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS with regard to your governance structure and processes.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Attributed Patients and Families/Caregivers	Recipients of and partners in care, social and other services delivered by BPHC members	- Interaction sufficient to participate and take limited accountability for health, healthcare and other services activities
BPHC CSO Senior Staff (Irene Kaufmann, Executive Director; Janine Dimitrakakis, Senior Director for Analytics; Robin Moon, Senior Director for Care Delivery and Practice Innovations, Amanda Ascher, Chief Medical Officer; Benny Turner, Director of Capital Projects an Vendor Services, and Mary Morris, Dirctor of Workforce Innovation)	Facilitate evolution of BPHC into Integrated Delivery System	- Conduct operations, communication and coordination with BPHC Partners and other stakeholders to support all DSRIP-related activities
BPHC Member Organizations	Participation in BPHC projects	- Commit resources and provide BPHC project-related data to BPHC - participate in BPHC governance committees and work groups as opportunities exist
SEIU 1199 Labor Union (Tom Cloutier, Teresa Pica, Gladys Wrenick, and Rosa Mejias)	Collaborate with BPHC on workforce strategy and implementation	- 1199 SEIU Labor Management Project will facilitate Workforce Advisory Workgroup of Workforce Sub-Committee - Project Advisory Committee member
External Stakeholders		
Bronx RHIO (Charles Scaglione, Executive Director)	Accountable for integration of Bronx RHIO-supplied HIE functionality for BPHC support	- Oversight and integration of Bronx RHIO HIE technology into BPHC operations - Training staff of BPHC Partners on use of Bronx RHIO system - Executive Committee member - IT Sub-Committee member
SEIU 1199 Training and Employment Fund (TEF) (Rosa Mejias, co-chair of the Workforce Sub-Committee)	Collaborate with BPHC on workforce strategy and implementation	- Work with Workforce Sub-Committee to identify competency and training gaps, provide trainers and training to meet identified training needs, hold joint training sessions and coordinate recruitment strategies
Other Bronx PPS	Collaborate with BPHC to identify commonalities for more effective use of resources	- Collaborate with BPHC on Bronx-wide force and DSRIP communication strategies, e.g., a single tool for communications and messaging to public and possibly unified workforce recruitment

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
		strategies and training initiatives

IPQR Module 2.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream and your ability to achieve the milestones described above.

Shared IT infrastructure will be important because it will enable the Executive Committee and the Sub-Committees to analyze data obtained from all participating providers in order to effectively monitor and improve the PPS's performance.

BPHC has created a public-facing website for the PPS (www.bronxphc.org), on which materials from all-Member meetings, updates from the Rapid Deployment Collaboratives, and other important documents will be posted. The website contains a calendar of key events for stakeholders, and a jobs page to connect community members and frontline workers to DSRIP-related employment opportunities. In addition, BPHC has created a member portal for PAC members through the platform Directors Desk. Materials and minutes from all Committee and Sub-Committee meetings will be posted to the PAC portal unless deemed confidential.

IPQR Module 2.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Success will be measured by (1) the occurrence of meetings of the Executive Committee, Finance and Sustainability Sub-Committee, Workforce Sub-Committee, Quality and Care Innovation Sub-Committee, Information Technology Sub-Committee, and Nominating Committee at a frequency in accordance with the applicable charter, (2) implementation of PPS policies and procedures, and (3) execution of the Base Agreement and project schedules by BPHC and Participants (including CBOs) and performance by BPHC and Participants (including CBOs) of obligations against the Base Agreement. We will also monitor the performance reporting dashboard in order to track the progress of each DSRIP project against key quarterly milestones and metrics and produce progress reports that summarize the status for review by the Executive Committee and the Sub-Committees. A subset of key indicators will be posted to the BPHC website to ensure all PPS members and the community are kept up to speed on PPS progress.

IPQR Module 3.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.
Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Finalize PPS finance structure, including reporting structure	Completed	This milestone must be completed by 12/31/2015. PPS finance structure chart / document, signed off by PPS Board.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	YES
Task Develop Finance and Sustainability Sub-Committee charter	Completed	Develop Finance and Sustainability Sub-Committee charter and present to Executive Committee for review and approval.	04/01/2015	04/16/2015	04/01/2015	04/16/2015	06/30/2015	DY1 Q1	
Task Appoint Sub-Committee members	Completed	Identify and appoint Finance and Sustainability (F&S) Sub-Committee members with financial leaders from PPS member organizations. Appoint SBH's CFO and a finance executive from Montefiore as the initial co-chairpersons.	04/01/2015	04/29/2015	04/01/2015	04/29/2015	06/30/2015	DY1 Q1	
Task Initiate Sub-Committee and report to EC	Completed	Conduct initial meeting of the F&S Sub-Committee meeting. Document Finance and Sustainability Sub-Committee actions and provide first report to Executive Committee.	05/01/2015	05/20/2015	05/01/2015	05/20/2015	06/30/2015	DY1 Q1	
Task Create PPS bank account	Completed	Set up a separate bank account and treasury function for PPS that is separate and distinct from SBH.	04/02/2015	06/30/2015	04/02/2015	06/30/2015	06/30/2015	DY1 Q1	
Task Establish policies and procedures	Completed	Develop and finalize financial policies and procedures, reporting structure and roles and responsibilities for the PPS including CSO operation expenses, and expenses of PPS support services related to the DSRIP projects undertaken. Roles and responsibilities will be defined for CSO finance staff, SBH CFO in relationship to PPS, and role of PPS partners.	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Obtain EC approval of financial framework	Completed	Obtain Executive Committee sign-off of PPS finance structure, policies and procedures.	09/01/2015	12/31/2015	09/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Milestone #2 Perform network financial health current state	Completed	This milestone must be completed by 3/31/2016. Network	09/01/2015	03/31/2016	09/01/2015	03/31/2016	03/31/2016	DY1 Q4	YES

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 3.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

1) If BPHC fails to report on state-established milestones or meet prescribed metrics and measures, we risk having limited availability of funds to distribute to partners. To mitigate this risk, BPHC continues to engage in a thoughtful planning and monitoring process to ensure it achieves DSRIP milestones and metrics efficiently and effectively. Meticulous work plans have been developed to help network partners meet patient engagement targets and pay-for-performance measures benchmarks. In addition, BPHC developed a budget model that assumed underperformance and incomplete target achievement. As a result, we discounted anticipated DSRIP payments and contained the BPHC budget. Furthermore, we included language in each of our MSA schedules and contracts indicating that BPHC would only pay with DSRIP funds once received and discontinue the agreement in the event that DSRIP funds were not available.

2) Failure to be awarded CRFP funds will impact PPS project implementation and performance, as some projects require capital investments not covered by DSRIP waiver funds. SBH/BPHC was not awarded CRFP funds and is moving forward with its own resources to help the PPS achieve its goals and create a healthy community. Unavailability of capital funds may create significant risks, to core IT functionality and interoperability programs. We will work to meet these challenges by identifying additional sources of funding for interconnectivity and capital-intensive projects, and continue to attempt to engage the State in conversation.

3) Initial assessment of the financial health of its partner organizations showed that while a majority were "not immediately fragile," a small number were identified as moderately fragile or fragile. To mitigate this risk, BPHC, through its Finance and Sustainability Sub-Committee and CSO Provider Engagement Team, will develop a process for timely monitoring of financially at risk partners. BPHC will also establish a process to determine and ensure that the PPS, through its member organizations, has the capacity and range of services to address the needs of our attribution in case any of the at risk partners will diminish the services it can provide.

4) The transition to value-based payment (VBP) across the PPS requires engagement and willingness from Medicaid managed care organizations (MCOs) to transform existing contracts into DSRIP-aligned VBP contracts over 5 years. BPHC will continue the effort to ensure MCOs are meaningfully engaged in developing transition plans and have time to prepare for the transition to VBP.

5) Several third-party groups will have a significant impact on patient outcomes and overall success of the PPS, but they depend on extraneous revenue streams. NYC-run social service agencies and CBOs are dependent on city and state funding and charitable support. While MCOs will be supported by NYS in this restructuring, local community and county agencies face a host of outside influences that could impair their ability to support the PPS in a meaningful way. Timely funding of EIP funds and NPV funds from the state will impact the involvement of CBOs that have major effects in the restructure of a VBP system.

6) For the PPS to meet reporting requirements, it needs access to data for financial reporting. This requires appropriate processes and mechanisms to allow providers to perform and provide timely information. The PPS intends to mitigate this risk by engaging its participants to assist in the development and implementation of appropriate reporting requirements and structures.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 3.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

• Performance Reporting: Identify point-of-contact in each partner organization for finance-related matters (e.g., reporting and policies/procedures); base partner reporting requirements on DSRIP reporting milestones/metrics; performance reporting infrastructure that supports provider, practice, and organization-level reporting and evaluation to drive DSRIP incentive payments (note: performance reporting and incentive payments will be detailed in each Participant's Master Services Agreement).
• Governance: The PPS governance structure must be capable of executing financial responsibilities; the PPS governance structure must evolve to incorporate Medicaid MCOs to support transition to value-based payment.
• IT: The PPS IT systems must support central finance and performance reporting to inform and track PPS and project-level budgets and funds flow; the PPS IT systems must support population health management to enable partners to improve patient outcomes that will drive the transition to value-based payment with Medicaid MCOs and other payers.
• Physician Engagement: The PPS must effectively engage and educate physicians regarding DSRIP's incentive-based funding structure, including contractual obligations associated with project-specific clinical interventions, Domain 1 requirements and their relationship to incentive payments.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 3.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
BPHC Executive Director	Irene Kaufmann	Overall financial sustainability plan
BPHC Director of Financial Planning	Ronald Sextus	Overall implementation of financial strategy and sustainability plan
SBH CFO	Todd Gorlewski	Oversight of the sustainability plan
BPHC Sr. Accountant	Janneth Gaona	Setting up GL and maintenance of all BPHC revenue and expense accounts. Reconciling and Managing BPHC Bank accounts.
BPHC Compliance Officer	Suzette Gordon	Oversight of the compliance strategy
BPHC External Independent Auditor	Ernst & Young	Independent auditor will audit annually and report to the Finance and Executive Committee that the recording of accounting are done according to GAAP and are in compliance.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 3.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
BPHC CSO Business Staff	Accountable for integration and effective financial plan	Oversight and integration of finances into BPHC operations
BPHC Finance and Sustainability Sub-Committee	Governance for effective integration and use of IT, centrally and across partners	Oversight and integration of finance plan into BPHC operations
SBH Management/Leadership	Fiduciary oversight for effective financial plans	Oversight of BPHC financial operations
BPHC Executive Committee	Governance for effective and sustainable financial strategy	Governance structure with PPS-wide representation, makes policy decisions and provides direction for effective and sustainable financial strategy
BPHC Compliance Officer	Oversight and advice on the compliance plan and audits	Oversight and advice on financial compliance and audit
BPHC Senior Director of Quality Management and Analytics	Accountable for providing required quality data in a timely manner	Quality data support
SBH IT team	Support the financial functions with the existing IT infrastructure and data streams	Support with the technical infrastructure
BPHC member organizations	Work within financial models to ensure BPHC success	Provide services according to master contract requirements
External Stakeholders		
External Auditor - Ernyst & Young	Conduct the annual audit	Complete audit documentation and recommendation
Hudson Valley PPS	Align financial models for paying and incenting providers and provider organizations with those developed by BPHC	Financial models and master contract agreements
Bronx Chamber of Commerce	Coordinate with the BCC in order for local businesses to increase employment opportunities for the local community.	Participating in events geared towards employment opportunities that foster local community development.
Bronx Business Improvement Districts	Working with Bronx BIDs and local CBOs to increase their involvement in local economic empowerment of the community.	Meeting with Bronx BIDs such as Fordham BID, Belmont BID and others to identify programs and opportunities that the community can benefit from.
Community Boards	Community Boards will participate in identifying the local community needs and concerns.	BPHC will participate in Local Community Board Meeting, Educate them about DSRIP and learn from them about the community needs and how to improve them.
Bronx Elected Officials	Work with the various Bronx Elected Officials and CBOs to address social determinants of health to improve the overall health of Bronx residents.	Work with Bronx Elected Officials and CBOs to host forums in addressing how to improve the overall health and economics of the community.
Medicaid Managed Care Health Plans	Monitor performance of financial models and use them to develop	Initiate development of value-based contracting with PPS hospitals

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
	value-based contracting	and their providers

IPQR Module 3.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

The PPS will require appropriate IT systems to support central and PPS-wide reporting capabilities to support performance reporting, track PPS and project-level budgets and funds flow, and monitor financial sustainability. The systems will need to support PPS financial analysis reports, performance metrics reporting, and PPS-specific financial statements. When conducive, BPHC will leverage existing back-office systems within St. Barnabas Hospital and Montefiore. In terms of funds flow, treasury and general ledger, however, SBH has created a separate general ledger platform and banking arrangement to ensure that the restrictive nature and purpose of the intended funds are directed accurately with complete documentation for audit purposes. PPS-wide IT systems and health information exchanges that support care management and population health management will be required to enable partners to improve patient outcomes that will drive the transition to value-based payment with Medicaid MCOs and other payers.

IPQR Module 3.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The success of this workstream will be measured on the financial stability of the participants in the PPS, PPS adherence to a compliance plan consistent with NY State Social Services Law 363-d, and the migration from the current level of VBP across PPS provider participants to 90% of the total MCO-PPS payments captured in at least Level 1 VBPs, with more than 70% in Level 2 VBPs or higher.
The PPS has already done an initial assessment of the financial stability of its lead organization and its partners. It is currently expanding this initial assessment to new partners that have joined the PPS since the first assessment was completed. The assessment itself will be evaluated for potential updates and will be administered to all PPS participants annually. The Finance and Sustainability Sub-Committee will charged with updating the assessment as required, administering the evaluation and analyzing the results of the assessments. It will determine the need for potential interventions and initiate more robust monitoring of any financial fragile partners. The provider engagement team of the CSO and the Finance and Sustainability Sub-Committee will report findings from the assessment and monitoring activities regularly to the Executive Committee.

The PPS will publish its compliance plan and conduct quarterly compliance meetings. There will be quarterly and annual compliance reports as well as an annual review of the compliance plan itself to determine if additional changes are required.
The PPS has good visibility into the VBPs of its lead organization as well as some of the larger provider organizations participating in the PPS. It will develop an initial assessment to develop a complete baseline assessment of revenue linked to VBPs across all participants. The PPS will implement reporting requirements to monitor revenue linked to VBPs to regularly assess our performance against our plan to achieving 90% VBPs.

Starting in DY1, Q3 the PPS began to engage MCOs and providers to develop the appropriate reporting requirements and procedures to meet the

quarterly reporting requirements to the state.

IPQR Module 3.9 - IA Monitoring

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Section 04 – Cultural Competency & Health Literacy

IPQR Module 4.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Finalize cultural competency / health literacy strategy.	Completed	This milestone must be completed by 12/31/2015. Cultural competency / health literacy strategy signed off by PPS Board. The strategy should: -- Identify priority groups experiencing health disparities (based on your CNA and other analyses); -- Identify key factors to improve access to quality primary, behavioral health, and preventive health care -- Define plans for two-way communication with the population and community groups through specific community forums -- Identify assessments and tools to assist patients with self-management of conditions (considering cultural, linguistic and literacy factors); and -- Identify community-based interventions to reduce health disparities and improve outcomes.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	YES
Task Initiate QCIS to support CC/HL strategy.	Completed	Establish and convene a Quality and Care Innovation Sub-Committee (QCIS) to support development of a PPS-wide cultural competency and health literacy strategy (CC/HL).	06/05/2015	06/30/2015	06/05/2015	06/30/2015	06/30/2015	DY1 Q1	
Task Inventory existing CC/HL programs in PPS	Completed	Conduct an inventory of existing CC/HL programs across PPS members and identify assets and gaps that should be addressed in CC/HL strategy.	04/01/2015	06/30/2015	04/01/2015	06/30/2015	06/30/2015	DY1 Q1	
Task Identify priority populations and locations	Completed	Through CNA and PPS member surveys, identify priority populations and neighborhoods experiencing health disparities and having low literacy. Particular attention to be focused on immigrant populations and populations	05/18/2015	09/30/2015	05/18/2015	09/30/2015	09/30/2015	DY1 Q2

IPQR Module 4.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing your cultural competency / health literacy strategy and addressing the specific health disparities you are targeting (based on your CNA), and achieving the milestones described above - including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Risk #1 - Extremely Diverse Linguistic Requirements and Low Literacy/Health Literacy:
The Bronx is one of the most diverse counties in New York State, and this rich diversity demands a culturally responsive system of care. However, the Community Needs Assessment findings indicate that immigrant and limited English-speaking populations in the Bronx experience barriers to accessing health care, including low quality language services, lack of culturally and linguistically competent providers, low literacy, and distrust of the healthcare system. Together, these issues could undermine the PPS's ability to engage patients in care.

Mitigation:
BPHC has developed mitigation strategies to address patient engagement, including working with our community-based organizations (CBOs) to drive a communication and education campaign focused on health literacy basics: using health services and primary care effectively, working with care coordinators to help manage health, and the reasons to sign consent forms, specifically the Bronx RHIO consent forms. The BPHC Cultural Responsiveness Training Strategy includes components for multiple front line staff roles and providers, and is dedicated to measurably improving the cultural and linguistic competence of the BPHC workforce.

Risk #2 - Recruiting and Workforce Challenges:
Securing a culturally competent workforce is key to patient engagement and the overall success of DSRIP. Yet hiring and recruiting locally-based, bilingual and/or otherwise culturally identifying frontline workers will be challenging, due both to the general shortage of qualified health workers and competition for similar workers among other PPSs.

Mitigation:
BPHC has developed mitigation strategies to address recruiting and workforce issues, including working with local colleges to promote community-based English Speakers of Other Languages (ESOL) and GED training programs for new workers; working with 1199 Training and Education Fund and PPS member organizations that have expertise recruiting local, peer-based, and other frontline staff; and recruiting community members to enroll in healthcare worker training courses. Recruitment of community members, particularly through CBOs, applies particularly to community health workers (CHWs), critical to our cultural competency strategy.

IPQR Module 4.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

SBH Health System (PPS ID:36)

BPHC's cultural competency and health literacy strategy has interdependencies with the workforce, IT, and clinical project workstreams.

• Workforce Workstream Dependencies: The provision of culturally competent care will depend on the success of the PPS's Bronx-centric recruitment and training strategy. As discussed, the PPS will work with 1199 TEF, CUNY, and contracted CBOs to develop training curricula that meet cultural competency and health literacy standards and incorporate these trainings into all new hire orientations, refresher courses, and provider agreements.

• Practitioner Engagement Workstream Dependencies: Practitioners play a key role in providing culturally competent care to patients. The importance of providing culturally competent care and best practices for how to do so will be a key part of the practitioner communication and engagement plan, which will include regular webinars, in-person, peer-to-peer learning forums, and participation in project-specific and a Patient Engagement-focused Rapid Deployment Collaborative. It will also be included in the training/education plan targeting practitioners and other professional groups as part of educating them about the DSRIP program and the PPS-specific quality improvement agenda.

• IT and Population Health Management Workstream Dependencies: Connecting patients to culturally competent resources is critical to improving patient outcomes. BPHC's care management technology will include fields to record patients' linguistic and cultural needs so that patients are matched to care managers, providers, and community-based organizations that can appropriately serve them.

• Clinical Workstreams Dependencies: The PPS's success will be heavily reliant on the success of its clinical projects. The PPS's project referral protocols and resources must be able to address the social, linguistic, cultural, behavioral and physical needs of patients. The PPS will make available a Web-based PPS-wide directory of CBOs. These efforts will help to ensure PPS-wide tools and resources meet health literacy/cultural competency standards and address patients' social needs in a culturally competent manner.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 4.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Co-Chairs, Quality and Care Innovation Sub-Committee (QCIS)	Debbie Pantin, SAED, VIP Community Services, Dr. David Collymore, Medical Director, Acacia	Development and implementation of cultural competency/health literacy ("CC/HL") strategy
Quality and Care Innovation Sub-Committee	QCIS has 15 members with clinical experience relative to the specific projects. Membership includes: David Collymore, MD Acacia Network Megan Fogarty BronxWorks Pablo Idez, LMSW The Institute for Family Health Kenneth Jones, MD Morris Heights Health Center Loredan Ladogana, MD UCP of NYC Frank Maselli, MD Bronx United IPA Anne Meara, RN Montefiore Medical Center Beverly Mosquera, MD Comunilife Chris Norwood Health People Todd Ostrow CenterLight Health Center Debbie Pantin, LMSW VIP Community Services Rona Shapiro 1199SEIU Ed Telzak, MD SBH Health System Lizica Troneci, MD SBH Health System Dharti Vaghela Essen Medical Associates, P.C. Committee will review recommendations made by CWG, and make final decisions about PPS strategy for cultural competency/health literacy	Strategy for CC/HL, Practitioner Communication & Education, EB practice guidelines/clinical practices & protocols
Senior Director, DSRIP Care Delivery & Practice Innovations, BPHC CSO	Dr. J. Robin Moon	Advisor to the development of the CC/HL strategy
Workforce Sub-Committee	Mary Morris, Co-Chair, SBH Health System Rosa Mejias, Co-Chair, 1199 TEF	Training strategy for CC/HL
Cultural Competency/Health Literacy Work Group	Includes key players listed above including: Debbie Pantin, SAED VIP Community Services (co-chair of QCIS), Charmaine Ruddock, Project Director, Bronx REACH, Barbara Hart, Executive Director, The Bronx Health Link, Albert Alvarez, BPHC Director of Collaboration, Mary Morris, BPHC Director of Workforce Innovation and Rosa Mejias, TEF (co-chair of the Workforce Subcommittee)	CC/HL strategy and standards developed and signed off by Executive Committee
Project Manager	Venus Goulbourne	Administrative management

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 4.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Partner organization Providers and Staff	Participate and contribute to CC/HL PPS initiatives	Comply with identified standards
CBO partner liaisons that represent a range of socioeconomic, cultural and demographic backgrounds	Provide input and feedback to create CC/HL initiatives and strategy	Community stakeholder participation in meetings, town halls, focus groups and BPHC Cultural Competency/Health Literacy Work Group
Dr. Nicole Hollingsworth	Advisor	Best practice guidance
Arlene Allende, SBH	Advisor	Best practice guidance
Leanette Alvarado	Advisor	Best practice guidance
External Stakeholders		
BPHC patients	Provide feedback by participating in surveys and focus groups	Focus groups and patient satisfaction survey responses
Other Bronx PPSs	Potential collaboration in developing Bronx-wide CC/HL strategy	Bronx-wide CC/HL strategy
Bronx Community at large	Greater use of primary care providers, health self-management for chronic conditions & participation in educational programs sponsored by the PPS	Improved health outcomes, more jobs with "living wages"
TEF-Rosa Mejias, Co Chair, BPHC workforce Subcommittee	Best practice training research and programming	Support for training strategy for CC/HL

IPQR Module 4.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support the development and implementation of your cultural competency / health literacy strategy and the achievement of the milestones described above.

Community health workers and other PPS care management staff will use a planned commercial care coordination management solution (CCMS) to support culturally competent outreach, education, care coordination referral, advocacy and other information provided to PPS patients. Based on protocols tailored to patient cultural cohorts, and on individual care plans where available, the CCMS will be used for such activities as:

• Running periodic reports to monitor cultural makeup and requirements of PPS patients, based on data collected in screenings, assessments, etc.

• Providing multilingual, multicultural care navigation and support

• Tracking and assisting patients with practice selection, active engagement in DSRIP programs, utilization tracking and pediatric-adult transitions

• Assisting patients with locating and accessing community resources, including for palliative care

• Supporting transitions and warm handoffs at discharge, with follow-up tracking

• Educating patients and families about wellness and care, and supporting patients in self-management and shared decision making related to their health needs

• Surveying patients and families regarding care experience.

Providers and staff in other workforce segments will be trained regarding specific population needs and effective patient engagement approaches.

IPQR Module 4.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

BPHC will measure the success of our cultural competency/health literacy strategy through members' successful achievement of the Domain 1 CC/HL milestones as well as the milestones referenced above. BPHC will also measure progress through providers' participation in contracting agreements, which will incorporate the PPS's health literacy and cultural competency standards. The Senior Director for Quality Management and Analytics within the CSO will be responsible for conducting ongoing assessment of the PPS's cultural competency activities and related quality-improvement efforts.

Related to patient engagement and clinical improvement, BPHC's QCIS will be charged with overseeing implementation of clinical projects and holding providers and the PPS accountable for achieving targeted metrics and clinical outcomes. Further, because all BPHC projects were selected based on health disparities data within the CNA, achieving broader clinical targets will reflect favorably upon the PPS's success reducing health disparities and creating a culturally competent and linguistically appropriate system of care.

Additionally, BPHC will obtain feedback from providers on the effectiveness of cultural competency strategies and training programs. BPHC will

also include cultural competency in BPHC patient satisfaction surveys in order to understand BPHC patient needs.

IPQR Module 5.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.
Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s).	Completed	Detailed IT current state assessment. Relevant QEs (RHIOs/HIEs) should be involved in performing this assessment.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	NO
Task Assess central PPS IT capabilities	Completed	Complete an assessment of IT capabilities for central PPS functions related to data collection requirements, performed by CSO in consultation with IT Sub-Committee.	04/01/2015	06/15/2015	04/01/2015	06/15/2015	06/30/2015	DY1 Q1	
Task Assess partner IT readiness	Completed	Organize, review and assess partner IT readiness assessment data collected to date re: EHR and other HIT platforms, RHIO/HIE adoption, interoperability/interfaces and data analytics/measurement/reporting capabilities.	04/01/2015	06/30/2015	04/01/2015	06/30/2015	06/30/2015	DY1 Q1	
Task Develop partner IT assessment database	Completed	Design, create and populate partner database to store partner IT assessment data.	04/01/2015	06/25/2015	04/01/2015	06/25/2015	06/30/2015	DY1 Q1	
Task Additional partner IT assessment	Completed	Conduct further data collection through partner surveys and interviews to fill gaps in partner data.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Assess current state of IT readiness	Completed	Review partner data to assess current state readiness re: EHRs, HIE, PCMH and other use of HIT.	09/01/2015	12/31/2015	09/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Share and validate findings	Completed	Communicate/validate findings and data-sharing requirement gaps with partners and Executive Committee.	12/15/2015	12/31/2015	12/15/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Document current state of IT readiness	Completed	Complete IT current state assessment supporting documentation for central PPS and partner IT.	10/15/2015	12/31/2015	10/15/2015	12/31/2015	12/31/2015	DY1 Q3	
Milestone #2 Develop an IT Change Management Strategy.	Completed	IT change management strategy, signed off by PPS Board. The strategy should include: -- Your approach to governance of the change process;	04/01/2015	03/31/2016	04/01/2015	03/31/2016	03/31/2016	DY1 Q4	NO

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
		-- A communication plan to manage communication and involvement of all stakeholders, including users; -- An education and training plan; -- An impact / risk assessment for the entire IT change process; and -- Defined workflows for authorizing and implementing IT changes							
Task Establish IT Sub-Committee	Completed	Establish IT Sub-Committee, reconstituted from IT & Analytics Planning Workgroup, incorporating new members according to governance nomination processes.	04/01/2015	06/30/2015	04/01/2015	06/30/2015	06/30/2015	DY1 Q1	
Task Document IT Sub-Committee Charter	Completed	Document IT Sub-Committee charter and processes including change management oversight.	04/01/2015	06/30/2015	04/01/2015	06/30/2015	06/30/2015	DY1 Q1	
Task Develop processes and protocols for partners	Completed	Create and update processes and protocols for adoption and use of IT that all partners must implement.	07/01/2015	09/30/2015	07/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Develop communication and training for partners	Completed	Develop communication, education and training plans related to processes and protocols for adoption and use of IT.	08/30/2015	12/31/2015	08/30/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Develop impact and risk management strategy	Completed	Develop an impact and risk management strategy for IT change management.	11/02/2015	12/31/2015	11/02/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Establish workflows	Completed	Develop and document workflows for IT change management. Workflows may include (but are not limited to): Accepting change requests from partners and PPS leadership; Prioritizing and classifying changes; Coordinating assessment of change impact; Coordinating change approval; Planning/scheduling changes; Coordinating implementation of changes; Conducting testing and post-implementation reviews; and Providing management information about changes and change management performance.	12/07/2015	03/25/2016	12/07/2015	03/25/2016	03/31/2016	DY1 Q4	
Task Establish tracking and reporting structure	Completed	Develop approach for tracking and reporting on IT change management implementation.	01/11/2016	03/25/2016	01/11/2016	03/25/2016	03/31/2016	DY1 Q4	
Task Obtain EC approval of change management strategy	Completed	Obtain Executive Committee approval of IT governance and change management processes and policy.	02/01/2016	03/25/2016	02/01/2016	03/25/2016	03/31/2016	DY1 Q4	
Milestone #3 Develop roadmap to achieving clinical data sharing and interoperable systems across PPS network	Completed	Roadmap document, including current state assessment and workplan to achieve effective clinical data sharing and interoperable systems where required. The roadmap should include: -- A governance framework with overarching rules of the road	04/01/2015	03/31/2016	04/01/2015	03/31/2016	03/31/2016	DY1 Q4	NO

SBH Health System (PPS ID:36)

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
		for interoperability and clinical data sharing; -- A training plan to support the successful implementation of new platforms and processes; and -- Technical standards and implementation guidance for sharing and using a common clinical data set -- Detailed plans for establishing data exchange agreements between all providers within the PPS, including care management records (completed subcontractor DEAAs with all Medicaid providers within the PPS; contracts with all relevant CBOs including a BAA documenting the level of PHI to be shared and the purpose of this sharing).							
Task Survey current state of interoperability	Completed	Survey current clinical data-sharing and interoperability systems across PPS network to understand needs and requirements for specific hardware and software	04/01/2015	09/25/2015	04/01/2015	09/25/2015	09/30/2015	DY1 Q2	
Task Develop data exchange strategy	Completed	Establish priorities and develop plan for establishing data exchange capabilities and agreements with and among partners and vendors.	09/01/2015	09/30/2015	09/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Establish strategy for Care Coordination Management Solution implementation	Completed	Select and plan implementation and method of payment for of Care Coordination Management Solution across member organizations.	06/01/2015	09/15/2015	06/01/2015	09/15/2015	09/30/2015	DY1 Q2	
Task Integrate standards into partner contracts	Completed	Incorporate standards for clinical connectivity and funds flow into partner contracts.	09/15/2015	12/29/2015	09/15/2015	12/29/2015	12/31/2015	DY1 Q3	
Task Establish compliance strategy	Completed	Develop approach and establish governance for determining priorities and methods for promoting and ensuring partner compliance with connectivity standards and requirements.	10/19/2015	12/29/2015	10/19/2015	12/29/2015	12/31/2015	DY1 Q3	
Task Finalize clinical connectivity roadmap	Completed	Document clinical connectivity roadmap and obtain IT Sub-Committee approval.	11/02/2015	03/31/2016	11/02/2015	03/31/2016	03/31/2016	DY1 Q4	
Task Share clinical connectivity plans with partners	Completed	Establish and communicate connectivity standards, priorities, compliance plan and partner support resources, including training plan and assistance program to partners.	12/07/2015	01/08/2016	12/07/2015	01/08/2016	03/31/2016	DY1 Q4	
Task Integrate standards into vendor contracts	Completed	Incorporate standards for clinical connectivity into vendor contracts and develop solutions where needed.	08/01/2015	03/31/2016	08/01/2015	03/31/2016	03/31/2016	DY1 Q4	
Task Provide guidance on clinical data exchange	Completed	Document and provide partner guidance for exchanging clinical data set, including data sharing policies and procedures.	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4	
Task Conduct training on clinical data sharing and	Completed	Based on the systems implemented, in conjunction with workforce subcommittee, deploy training, i.e., on-site, in-	09/01/2015	03/31/2016	09/01/2015	03/31/2016	03/31/2016	DY1 Q4

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
interoperability		person and web-based learning management system.							
Task Ensure tracking of changes to data sharing agreements	Completed	Develop approach for tracking and reporting on changes to data sharing agreements.	01/11/2016	03/31/2016	01/11/2016	03/31/2016	03/31/2016	DY1 Q4	
Milestone #4 Develop a specific plan for engaging attributed members in Qualifying Entities	Completed	PPS plan for engaging attributed members in Qualifying Entities, signed off by PPS Board. The plan should include your approach to outreach into culturally and linguistically isolated communities.	08/01/2015	12/31/2015	08/01/2015	12/31/2015	12/31/2015	DY1 Q3	NO
Task Match attributed members	Completed	Validate/match attributed members against QE RHIO consents on file to inform engagement strategy/plan and develop a GAP analysis	08/03/2015	12/31/2015	08/03/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Review QE processes and challenges	Completed	Review current consent processes and lessons learned/challenges with QE consent.	09/01/2015	09/20/2015	09/01/2015	09/20/2015	09/30/2015	DY1 Q2	
Task Finalize strategy for obtaining consent	Completed	Develop recommendations for outreach and education of members for partners, clinical, MCO, or CBO, to follow; obtain IT Sub-Committee review and Executive Committee approval.	08/24/2015	12/31/2015	08/24/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Develop subscription alert strategy	Completed	Plan to implement subscription alerts or triggers through member touchpoints.	08/01/2015	09/30/2015	08/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Establish QE engagement reporting strategy	Completed	Develop approach for tracking and reporting partners' opprotunity to engage members in QE, possibly using patient health registries and communicate results to partners.	10/05/2015	11/28/2015	10/05/2015	11/28/2015	12/31/2015	DY1 Q3	
Milestone #5 Develop a data security and confidentiality plan.	Completed	Data security and confidentiality plan, signed off by PPS Board, including: -- Analysis of information security risks and design of controls to mitigate risks -- Plans for ongoing security testing and controls to be rolled out throughout network.	06/15/2015	03/31/2016	06/15/2015	03/31/2016	03/31/2016	DY1 Q4	NO
Task Assess security risks and establish controls	Completed	Analyze information security risks, design controls and identify gaps that will include two factor authentication, data encryption requirements and data access.	06/15/2015	12/31/2015	06/15/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Establish CSO oversight for vendor security testing	Completed	Develop plan for ongoing CSO IT oversight - owned by Chief Security Information Officer - for vendor security testing, including multifactor authentication.	09/14/2015	10/30/2015	09/14/2015	10/30/2015	12/31/2015	DY1 Q3	
Task Finalize data security and confidentiality plan	Completed	Incorporate risk mitigation and security testing recommendations into data security and confidentiality plan and obtain IT Sub-Committee review and Executive Committee approval.	09/01/2015	11/01/2015	09/01/2015	11/01/2015	12/31/2015	DY1 Q3

IPQR Module 5.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in creating and implementing your IT governance structure, your plans for data sharing across your network, your approach to data security and confidentiality, and the achievement of the milestones described above, including the potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

Based on collaborative IT work to date, we are well prepared to continue to manage the challenges in evolving BPHC's current multi-stakeholder IT governance into an operational IT change management framework. While we anticipate reluctance on the part of some partners to agree to certain elements of network IT governance and requirements, we will educate partners on the need and justification for all requirements, processes and IT change management governance and have incorporated compliance provisions into Master DSRIP Service Agreements (MSAs) to eliminate ambiguity and make compliance contractually obligated.
Partners may be challenged to comply with data-sharing obligations, especially those that had not previously participated in data exchange or whose IT infrastructures may not meet certified EHR MU requirements. Again, we will educate all partners on the importance of data-sharing and compliance with data security and confidentiality policies and incorporate Business Associate Agreements into their MSAs.
We will work with the Bronx RHIO, our predominant QE and a close partner of SBH and Montefiore, among other BPHC participants, to understand gaps in patient engagement, as measured by consent, and to implement targeted strategies for obtaining consent from more attributed patients. Partners may be challenged, however, to participate in the Bronx RHIO, to interface their disparate IT systems for health information exchange or to acquire certified EHR solutions capable of interoperating. Failure to achieve connectivity and data sharing objectives will have particular impact on Project 2.a.i, since clinical interoperability is critical to development of an integrated delivery system. BPHC will establish programs to assist in these areas, including monitoring and direct assistance to partners in achieving these interoperability and data sharing objectives.
Multiple care coordination management systems (CCMS) are employed by health homes and patient -centered medical homes, and some partners lack systems with the necessary capabilities. Building a system with sufficient care management, referral management and system integration capacities in a timely manner poses a significant challenge. BPHC is working with a vendor to create a PPS-wide care management and referral management platform to enhance clinical integration and provider communications. The platform will serve as a unifying resource for partners with varying IT systems. Where partner organizations have existing tools, BPHC will supply data exchange and system interfaces to ensure a robust exchange of care management planning information.

IPQR Module 5.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The IT workstream is dependent on strategies and requirements developed in the Performance Reporting, Clinical Integration and Population Health Management workstreams primarily, and to a lesser extent in all other organizational workstreams to the extent they identify IT expectations (e.g., for financial system enhancements in the Financial Sustainability workstream, or for workforce training and enablement using the planned care coordination management solution). In addition, the IT workstream will be highly interdependent with General Project

Implementation and in particular for Domain 2 & 3 project-specific strategies and their Domain 1 requirements. Elements of IT governance may be dependent on the Governance workstream since the IT Sub-Committee and other elements of IT governance will be integrated into overall BPHC governance. BPHC considers IT integral to all aspects of PPS performance.

SBH Health System (PPS ID:36)

IPQR Module 5.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Chief Information Officer	Dr. Jitendra Barmecha, MD, MPH, FACP, Chief Information Officer, SVP—IT & Clinical Engineering, SBH	• BPHC IT strategy • Overall IT implementation • Data security and confidentiality planning and compliance • Partner and patient engagement technologies
Chief Information Security Officer	Sam Cooks - AVP-IT	• IT Infrastructure, • Data Security • Communication
IT Analyst for Information Security	Chris Delgado	Support the CSO on IT infrastructure/strategy, data security, communication
Senior Director, Quality Mgmt & Analytics, CSO	Janine Dimitrakakis	Overall delivery of QM and analytics reporting
Director of Partner Connectivity BxRHIO Partners	Greg Malloy, SBH IT Kathy Miller, Bronx RHIO Dr. Terri Elman, Bronx RHIO	• Partner connectivity strategy • Bronx RHIO and other QE relationships • Partner connectivity adoption, implementation and support
Director of Care Management Technologies	Zane Last, SBH IT	• Care management / population health management requirements definition • Care management / population health management IT implementation and support
Associate Director of HealthCare Data and Analytics	Jonathan Ong, SBH IT	IT infrastructure support and implementation
Montefiore Medical Center IT Liaison	Brian Hoch, MMC IT Chuck Anderson, MMC IT Jack Wolf, MMC IT	• Implementation, integration and support of critical IT systems and functions supporting BPHC
Key point person/project manager from provider organizations	Nicolette Guillou, Montefiore Akwasiba Rafaelin, Montefiore Twiggy Ramirez, Acacia Network Irene Borgen, SBH Health System Zena Nelson, Institute for Family Health (IFH) Fernando Alonso, Bronx United IPA Nieves Madrid, Morris Heights Dean Bertone, Union Community Health Center	• Connectivity adoption, implementation, integration and support at own organization (for participation in BPHC) • Data exchange support
IT Subcommittee	Nicole Atanasio, Lott, Inc.	IT governance

IPQR Module 5.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Attributed Patients and Families/Caregivers	Recipient of care services delivered with support of effective IT	• Interaction sufficient to participate and take limited accountability for health and care-related activities
BPHC CSO Business Staff	Accountable for integration and effective use of IT in PPS services	• Oversight and integration of IT into BPHC operations
BPHC Governance Committee Members	Governance for effective integration and use of IT, centrally and across partners	• Oversight and integration of IT into BPHC operations
SBH Management/Leadership	Fiduciary oversight for effective integration and use of IT in BPHC operations	• Oversight and integration of IT into BPHC and SBH operations
SBH IT Leadership and Staff	Primary leadership, project management and support	• Coordinate, support and maintain coordinated BPHC (and SBH) IT solutions
Montefiore Management/Leadership	Accountable for integration of key Montefiore-supplied IT functionality for BPHC support	• Oversight and integration of Montefiore IT into BPHC operations
Montefiore CMO Staff	Effective use of BPHC IT to deliver care management services to patients	• Effective use of BPHC (and Montefiore) IT solutions
Montefiore Bronx Accountable Health Network Staff	Effective use of BPHC IT to deliver Health Home services to patients	• Effective use of BPHC (and Montefiore) IT solutions
Montefiore IT Leadership and Staff	Project management and support for integrated Montefiore IT	• Coordinate, support and maintain integrated Montefiore IT solutions
Partner Organization Providers and Staff	Integration, connectivity and effective use of BPHC IT solutions	• Adopt, implement use and support integrated BPHC IT solutions
External Stakeholders		
Bronx RHIO Management/Leadership and Staff	Accountable for integration of key Bronx RHIO-supplied IT functionality for BPHC support	• Oversight and integration of Bronx RHIO IT into BPHC operations
Bronx Community Advocates/Leaders/Elected Officials	Awareness of how IT is being used to effectively support BPHC and Bronx patients	• Consume stakeholder communication and participation in stakeholder events
Bronx Community Members/Public At-Large	Awareness of how IT is being used to effectively support BPHC and Bronx patients	• Consume stakeholder communication and participation in stakeholder events
Non-Partner Providers	Awareness of how IT is being used to effectively support Bronx patients and how they can participate in Bronx RHIO and other IT solutions related to BPHC	• Bronx RHIO or other QE participation as warranted to effectively treat patients
CBO partners with experience in MH/BH, I/DD and SAS (e.g., ACMH, Community Access,	Curriculum Development and/or training	Serve as subject matter experts to the vendor(s) or partner(s) involved in curriculum development and training.

SBH Health System (PPS ID:36)

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Communilife, Cardinal McCloskey Community Services, EAC, Inc., St. Ann's Corner of Harm Reduction)		
Medicaid Managed Care Organizations (MCOs)	Awareness of how IT is/can be used to serve covered members	• Contribute data and participate in RHIO or other IT solutions as warranted to effectively serve members
NYCDOH	Awareness of how IT is being used by BPHC	• Offer solutions, participate in BPHC IT solutions in order to serve Bronx residents
NYSDOH	Provide guidance and tools, including MAPP/SIM, to support BPHC use of IT	• Guidance and tools to support BPHC IT use, including for efficient performance management and DOH reporting
Organized Labor	Awareness of how IT is being used by BPHC	• Member labor support for and training on BPHC IT solutions, as warranted
Other Bronx PPSs	Awareness of how IT is being used to effectively support Bronx patients and how multiple PPSs may be able to support each other's or share IT solutions	• Participation in joint IT planning and solution development as warranted

SBH Health System (PPS ID:36)

IPQR Module 5.7 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

IT workstream success will be measured according to the following:
• Governance – Multi-stakeholder representation and participation in IT Sub-Committee meetings, with timely decision-making for IT-related issues

• Strategy/Solution Development – Timely completion of current state assessment, IT connectivity roadmap, data sharing plan, etc.
• Strategy Monitoring – Progress against IT strategy objectives and milestones
• QE Adoption and Integration – Percentages of providers using Bronx RHIO and patients consenting to disclosure
• Partner IT Capabilities – Percentages of providers using certified EHR technology, Meaningful Use attestation, and PCMH 2014 recognition

• Patient Engagement – Progress against achieving patient engagement goals and documented use of IT in achieving goals

SBH Health System (PPS ID:36)

IPQR Module 6.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing performance reporting structures and processes and effective performance management within your network, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

1. Partners have varying levels of reporting capacity as well as interoperability, which makes it challenging to exchange standardized data and reports within our PPS. BPHC's comprehensive assessment of partners' reporting capabilities as well as activities in the IT Work Stream will identify gaps in capabilities and resources; BPHC will work closely with partners to close such gaps in time to meet DSRIP goals.

2. Partners have varying levels of analytical capabilities and will need training and support to understand how to interpret reports and use them to improve clinical and financial outcomes. We are currently designing BPHC's training program to educate key personnel within each network partner and ongoing trainings will be made available as new personnel join or as further support with respect to performance reporting is required. In addition, staff from the CSO will supplement formal trainings by providing "on the ground" support for data collection and quality control while partner staff ramp up their reporting staff and interpretation skills.

3. We continue to define and communicate the PPS's priorities and performance expectations within the CSO and between the CSO and network partners. Lack of understanding of the goals of BPHC and/or lack of understanding of how the day-to-day work of staff connects to those goals will lead to wasted and ineffective effort and will negatively affect the pace at which the goals of DSRIP are met. Because performance reporting and accountabilities are connected to every aspect of DSRIP implementation, there is a great need for an overarching vision for data analytics that serves the goals of the BPHC PPS. This vision has been drafted and includes clearly defined and articulated performance standards and expectations as well as a performance improvement strategy that articulates a feedback process between network partners and the CSO.

4. Because the PPSs is evolving and is a "learning entity," it is challenging for the CSO to maintain focus on those goals and to orient new staff to the culture shift. BPHC is in the process of developing a PPS-wide communication plan that addresses performance reporting expectations and processes. The communication plan is being continuously evaluated and updated to ensure BPHC is effectively reaching its partners through a range of methods (e.g., in-person meetings and webinars, newsletters and e-blasts, website updates, desk-side training and mentorship, etc.).

IPQR Module 6.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

A clinical quality and performance reporting program will touch every aspect of the PPS. The PPS goals and performance standards, which influence the structure of reporting, have been developed through the committee structure implemented under the governance workstream. System improvements are planned, deployed and monitored through the IT workstream. To be effective, the clinical quality and performance reporting program must be developed in tandem with the clinicians' engagement strategy because the reporting tools developed must be

championed by clinicians in order for the culture of change to take root. BPHC's approach to care management and population health management inform the content of dashboards and reports and the capabilities of the IT infrastructure influence the types and timing of data available to be reported and analyzed. The program is also being developed with an eye towards the evolution of the PPS's workforce and serve the defined financial sustainability goals.

SBH Health System (PPS ID:36)

IPQR Module 6.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director, CSO	Irene Kaufmann	BPHC overall performance management
Chief Financial Officer, CSO	Todd Gorlewski	Oversee financial metrics and outcome accountability
Senior Director, Quality Mgmt & Analytics, CSO	Janine Dimitrakakis	Overall delivery of QM and analytics reporting
Senior Director, Care Delivery & Practice Innovations, CSO	Dr. J. Robin Moon	Seamless connecting with and strategy for the QM and clinical projects
Associate Director, Information Services, SBH (IT)	Jonathan Ong	IT infrastructure support and implementation
Key point person/project manager from provider organizations	Nicolette Guillou, Montefiore (ambulatory) Akwasiba Rafaelin (ED and IP) Twiggy Rodriguez, Acacia Network Irene Borgen, SBH Health System Zena Nelson, Institute for Family Health (IFH) Fernando Alonso, Bronx United IPA Nieves Madrid, Morris Heights Health Center (MHHC) Dean Bertone, Union Community Health Center (UCHC)	Integration and support of the reporting functions, reporting requirement adoption, implementation and communication with BPHC
Chief Medical Officer, CSO	Dr. Amanda Ascher	Direct clinical CQI activities

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 6.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Executive Committee: Eric Appelbaum, SBH; Maxine Golub, IFH; Marianne Kennedy, VNSNY; Pamela Mattel, Acacia; Fernando Oliver, Bronx United; Tosan Orwariye, MHHC; Amanda Parsons, MMC; Paul Rosenfield, Centerlight; Stephen Rosenthal MMC; Charles Scaglione, Bronx RHIO; Eileen Torres, BronxWorks; Len Walsch, SBH; Pat Wang, HealthFirst; Gladys Wrenwick, 1199; Douglas York, UCHC	Leadership on all performance reporting areas	Overall oversight of reporting process, including IT infrastructure, clinical quality metrics and financial issues
IT Sub-Committee members Nicole Atanasio, Lott Residence; Jitendra Barmecha, SBH; Helen Dao, UCHC; Brian Hoch, MMC; Jeeny Job, SBH; Tracie Jones, BronxWorks; Kate Nixon, VNSNY; Elizabeth Lever, IFH; Uday Madasu, Jewish Board; Michael Matteo, CenterLight; Kathy Miller, Bronx RHIO; Edgardo Nieves, MHHC; Anthony Ramirez, Acaia; Sam sarkissian, UBA	Leadership on tech decisions around the reporting process	Oversight and integration of the reporting infrastructure for BPHC PPS
Quality and Care Innovation Sub-Committee members Todd Ostrow, CenterLight; Kenneth Jones, MHHC; Dharti Vaghela, Essen; Frank Maseli, Bronx United; Chris Norwood, HealthPeople; Megan Fogarty, BronxWorks; Michele Quigley, United Cerebral Palsy Assoc; Debbie Pantin, VIP; Pablo Idez, IFH; Anne Meara, MMC; David Collymore, Acacia; Ed Telzak, DBH; Beverly Mosquera, Communilife; Rona Shapiro, 1199; Lizica Troneci, SBH	Leadership over the QA team at BPHC CSO	Oversight of defining quality report requirement and logistics
Finance and Sustainability Sub-Committee members	Leadership on financial metrics	Oversight of financial reporting issues

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Carol Bouton, IFH; Carol Cassell, ArchCare; Tomas Del Rio, Acacia; Max Francios, Bronx United; Marcus Freeman, MHHC; Donna Friedman, RMHA; Todd Gorlewski, SBH; Mary Hartnett, UCHC; Josephine Incorvaia, CenterLight; David Koschitzki, MJHS; David Menashy, MMC; Kity Khudkar, Schevier Nursing; Denise Nunez, Divino Nino;l Ravi Ramaswamy, Families on the Move		
Montefiore leadership Amanda Parsons, Stephen Rosenthal, John Williford	Accountable for integrating Montefiore quality measures with BPHC	Oversight and coordination of quality reporting to BPHC PPS
BPHC CSO clinical team staff Amanda Ascher, Janine Dimitrikakis, J Robin Moon	Accountable for timely communication and coordination with the QM team	Oversight and integration of the reporting into the QM
BPHC Executive Committee members Eric Appelbaum, SBH; Maxine Golub, IFH; Marianne Kennedy, VNSNY; Pamela Mattel, Acacia; Fernando Oliver, Bronx United; Tosan Orwariye, MHHC; Amanda Parsons, MMC; Paul Rosenfield, Centerlight; Stephen Rosenthal MMC; Charles Scaglione, Bronx RHIO; Eileen Torres, BronxWorks; Len Walsch, SBH; Pat Wang, HealthFirst; Gladys Wrenwick, 1199; Douglas York, UCHC	Leadership for and oversight of BPHC performance	Oversight of quality reporting into BPHC
Partner organization providers and staff, including DSRIP Program Managers/Directors	Accountable for meeting the PPS partnership requirement	Delivery of quality reporting requirements to BPHC
External Stakeholders		
Bronx RHIO Leadership and staff Charles Scaglione, Kathy Miller, Nance Shatkin, Keela Shatkin	Accountable for integration of key Bronx RHIO-supplied IT functionality for BPHC support	Oversight and integration of Bronx RHIO IT into BPHC operations
Other PPSs in NYC: Bronx Lebanon, OneCity, Staten Island, Advocate, Mount Sinai (initial idea exchange)	Exchange of ideas and plans utilized and potentially share solutions	Participation in joint planning, requirement development and mitigation strategies
1199SEIU TEF (Training vendor)	Accountable for training partners for reporting requirement and compliance	Fully developed training program. Train all partners.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 6.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support your approach to performance reporting.

BPHC intends to leverage shared data management and analytics infrastructure already present in the PPS, from Bronx RHIO. St. Barnabas Health System (SBH) has a close working and governance relationship with Bronx RHIO, as do Montefiore and Bronx Lebanon Hospital Center. Together, these organizations and others in the Bronx are already contributing data to Bronx RHIO, which manages the data for health information exchange and analytics, the latter under an ongoing Health Care Innovation Award from CMS. In either instance, the NYSDOH MAPP and Salient Interactive Miner (SIM) also contribute data utilized by BPHC's analytics team.

IPQR Module 6.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The success of this organizational workstream will be measured as follows:
Metric Submission – Successful and timely submission to DOH of performance measures and metrics that accurately reflect the progress of BPHC.
Rapid Cycle Evaluation – Effectiveness of clinical quality and performance dashboard tools in enabling BPHC to monitor progress and identify areas of strength and areas for improvement.
Analytics Staff Engagement and Communication – Training analytics staff to use the tools, to understand the goals of clinicians and leadership, and to communicate results to effectively translate metrics and measures into improved outcomes. This includes training on performance improvement and continuous quality improvement so that teams can take data that reflects poor or less-than-ideal performace and translate that into a PI project that will result in improved outcomes. As data reflects improved (or static) outcomes, continuous quality improvement strategies resule in further PI projects.
Staff and Leadership Engagement – Participation of clinicians and leadership in using clinical quality and performance measurement dashboards developed to improve care delivery and financial outcomes.
Informed Decision-Making – Integration of performance reporting into decision-making through the governance process to drive improvements, deploy resources, and assess progress against overall program goals.
Project level quality reporting--Successful and timely reporting to DOH of project level processes, outcomes, measures and metrics that accurately reflect the progress of each project.

IPQR Module 7.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the current level of engagement of your physician community in the DSRIP program and describe the key challenges or risks that you foresee in implementing your plans for physician engagement and achieving the milestones described above. Describe any potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

1. To mitigate the risk of limited practitioner engagement in DSRIP, BPHC has included both primary care and subspecialist clinicians from key partners throughout the application planning process, through project planning and in implementation. Overall, the range of practitioner types represented includes physicians, nurse practitioners, nurses, social workers, health educators, mental health professionals, and substance abuse professionals. The PPS has held numerous "all member" webinars to educate practitioners about the transformative nature and resources that DSRIP will bring to the Bronx health care delivery system. We are expanding the number and types of practitioners included in the implementation process to include more physicians, nurses, social workers, care managers and behavioral health professionals. Our DSRIP launch and project launches included frontline clinicians and clinical leadership from across the PPS.

2. Practitioners may not be able to take the time from their practice to participate in the Quality and Care Innovation Subcommittee (QCIS), project-specific workgroups, and/or to attend the educational and training sessions provided for each of the projects in which they have committed to participate. This is especially a risk for primary care practitioners (PCP) and their care team members to whom much of the training will be directed; virtually all of the DSRIP projects BPHC has selected impact PCPs in some way. BPHC will mitigate this risk by offering trainings at various times and through various formats (such as, in-person, webinar, self-directed.)

3. Provider turnover during the DSRIP period could also pose a risk to achieving DSRIP performance goals. We will implement a practitioner tracking system and provide regularly repeated orientations and briefings on the complexities of project implementation, which will be accompanied by our Clinical Operations Plan and evidence-based guidelines for new practitioners to use as a guide.

4. Some BPHC practitioners are participating in multiple clinical projects within our PPS and are also participating in projects run by other PPSs. The sheer number of new projects to implement may be overwhelming for practitioners. To mitigate this risk, BPHC has conducted joint clinical planning efforts with other Bronx PPSs to align projects and project interventions. We plan to continue joint planning discussions over the course of DSRIP.

IPQR Module 7.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

It is difficult to point to a DSRIP workstream for which practitioner engagement is not interdependent. For example, IT use is fundamental to: practitioners adopting population health management, the CSO tracking quality metrics, practitioners monitoring patient activity between visits, and practitioners receiving alerts that enable quick follow up and communication when patients are in the hospital or emergency department. All of

these capabilities advance BPHC's abilities to improve quality of care and patient outcomes that ultimately lead to cost reductions and financial sustainability. The long term success of clinical improvement projects in Domain 3 depends on practitioner willingness across the PPS network to adopt standardized clinical guidelines, processes and protocols proven to result in lower costs and better outcomes. Funds flow also is crucial for all practitioners' implementation of clinical projects, both for project operationalization and as a mechanism to reward practitioners for their commitment to the DSRIP projects. Finally, practitioners are a fundamental portion of the DSRIP workforce, and practitioner engagement is crucial to practitioner recruitment and retention efforts.

Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 7.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
BPHC CMO	Dr. Amanda Ascher	Provide oversight in the areas of the provider engagement and clinical/delivery strategy
Senior Director, Care Delivery and Practice Innovations	Dr. J. Robin Moon	Develop communication and support plans that are project-specific
BPHC Workforce Sub-Committee Co-Chairs	Mary Morris, Co-Chair, SBH Health System Rosa Mejias, Co-Chair, 1199 TEF	• Develop curriculum to support the quality agenda • Develop training materials that are project specific
Implementation Workgroups	Chairs of the IWGs	Solicit feedback from provider community on curriculum and quality agenda
Montefiore provider engagement liaison	Laura DeMaria	Assist in development and implementation of the communication and engagement plan
Bronx United IPA	Frank Maselli	Assist in development and implementation of the communication and engagement plan
NYSNA	Lourdes Blanco	Assist in development and implementation of the communication and engagement plan

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 7.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Provider partners	Recipients of training and education in BPHC's quality goals	Participate in the training sessions and demonstrate practice change in support of BPHC's quality agenda
CBO partners with experience in MH/BH, I/DD and SAS (e.g., ACMH, Community Access, Communilife, Cardinal McCloskey Community Services, EAC, Inc., St. Ann's Corner of Harm Reduction)	Curriculum Development and/or training	Serve as subject matter experts to the vendor(s) or partner(s) involved in curriculum development and training.
BPHC training vendors (including 1199 TEF), Montefiore CMO, Institute for Family Health, a.i.r. NYC	Training and retraining of the work force	• Develop curriculum to support the quality agenda • Develop training materials that are project specific
Provider partners: Amanda Parsons, Montefiore Medical Group; Frank Maselli, Bronx United IPA; David Collymore, Acacia; Erica Gayle, IFH; Nelson Eng, UCHC; Dr. Tosan Oruwariye, MHHC	Management staff of these key providers will lead organization efforts to engage practitioners in critical trainings	Practitioners participate in the training sessions and demonstrate practice change in support of BPHC's quality agenda
Quality and Care Innovation Sub-Committee members Chairs: Dr. David Collymore, Acacia; Debbie Pantin, VIP Community Services	Provide quality standards and strategy	Approve the strategy and content for communication and engagement plan
External Stakeholders		
Other PPSs Damara Gutnick, MHV PPS; Kallanna Manjunath, Albany PPS; Anna Flatteau, OneCity Health	Sharing best practices	Regular communication stream
GNYHA--Mary-Ann Etiebet	Convener of all PPS CMO/Medical Directors' meetings	Regular communication stream
Bronx Medical Society	Provide discussion and feedback on clinical changes.	Help to engage provider partners in transformation (PCMH)

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 7.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

BPHC has implemented a commercial customer relationship management (CRM) platform based in Salesforce to manage our physician network, including support for physician communication and engagement.
BPHC has demo-ed and will continue to build awareness among physicians of the capabilities of the BPHC care coordination management solution (CCMS) currently under development, focusing on how the infrastructure will be used to provide better service and outcomes to their patients and make their practices more efficient, allowing them to deliver higher quality patient care, along with:
• Providing multi-lingual, multi-cultural care navigation and support
• Tracking and assisting patients with practice selection, active engagement in DSRIP programs, utilization tracking and pediatric-adult transitions

• Assisting patients with locating and accessing community resources
• Support transitions and warm handoffs at discharge, with follow-up tracking
• Educating patients and families about wellness and care, and supporting patients in self-management and shared decision making related to their health needs
• Surveying patients and families regarding care experience
In addition, physician training in evidence-based medicine, care coordination, population health management and other topics pertinent to BPHC and DSRIP will be scheduled, delivered and tracked using a learning management system (LMS) administered by the BPHC CSO.

IPQR Module 7.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

The PPS measures the success of this workstream in four ways. First, at the most basic level, we monitor attendance at education and training sessions, all-member webinars, and other learning forums provided by the CSO. We track attendance at clinical governance meetings, including our implementation and quality workgroups. Second, we have developed CME-type post-training testing for practitioners to measure the success and effects of the training. Third, to track long-term success of the practitioner engagement trainings, the CSO tracks practitioner performance on each project through rapid cycle evaluation (RCE) and auditing adherence to evidence-based guidelines and processes and protocols on a periodic basis. (e.g. Behavioral Health Integration into Primary Care, Care Management referrals, Diabetic Outcomes, etc.) Fourth, we periodically bring RCE results to the Rapid Deployment Collaboratives (Implementation Work Groups acting as clinical quality councils and reporting to the Quality and Care Innovations Subcommittee) to gain knowledge about provider experiences and concerns regarding DSRIP project implementation and impact on them and their patients.

IPQR Module 8.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in implementing these cross-cutting organizational strategies, including potential impacts on specific projects and, crucially, any risks that will undermine your ability to achieve outcome measure targets.

1. Many primary care providers (PCPs) and community-based organizations lack an understanding of how to achieve population health management (PHM). While achieving NCQA PCMH 2014 Level 3 recognition significantly moves practices towards full population health management, it does not completely achieve this goal. This lack of understanding among providers may impede provider acceptance of the need to adopt new technologies and workflows to support PHM. To mitigate this risk, the CSO has implemented a practitioner communications and education strategy to enhance providers' understanding and acceptance of PHM. The CSO will also develop and centralize resources and technologies to support providers' transition to PHM.

2. Implementation of and providers' adoption of new technologies will be slow and will require significant resources devoted to training and oversight to ensure optimization. Leadership buy-in from our network partners will be key. Many have PHM experience with HEDIS measures for Quality Assurance Reporting Requirements with their MCO contracts. This will help mitigate the risk but the scale of PHM needed for success in DSRIP is much greater. Additional staff may be required to meet the needs of running PHM reports (see Performance Reporting work stream) and doing the outreach to bring patients in for missing services. BPHC continues to assess the capabilities of our network, including providers and community-based organizations, to determine what resources will be needed for PHM across the PPS.

3. Slow implementation of technologic solutions has resulted in delays in meeting DSRIP speed and scale targets for patient engagement and achievement of Domain 1 project requirements. To mitigate these risks, BPHC continues to work with our technology vendors to speed solution implementation. We will also use a variety of training methods to reach providers, including in-person, web-based, and call-in technical support, to provide training and technical assistance during off-hours to meet provider needs. Challenges with RHIO and patient engagement are further outlined in our IT work stream and overcoming the barriers outlined there will be key to success of our PHM registries.

4. There is a risk that not all primary care provider sites will achieve NCQA PCMH 2014 Level 3 recognition by the end of DY3. The process for achieving 2014 NCQA PCMH Level 3 recognition is time consuming and requires strong support from leadership. Many primary care practice organizations have small numbers of personnel in leadership and administrative positions, creating a risk that they will not be able to devote sufficient attention to the process for attaining PCMH recognition. Some of the smaller practices may not have adequate staffing to meet all of the NCQA Level 3 2014 requirements nor enough Medicaid patients to guarantee a return on investment. To mitigate these risks, BPHC is providing technical assistance to and investing resources in practices to ensure that there is sufficient internal and external leadership support and basic staff resources to meet the NCQA 2014 PCMH goal within the DSRIP-required time period. We are also actively exploring APC models for the smaller practices.

IPQR Module 8.4 - Major Dependencies on Organizational Workstreams

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

Population health management has the following major interdependencies with other workstreams.
Dependency #1: While IT systems alone will not yield a highly functioning population health management-based primary care practice, they are a necessary component of the change that will need to occur if population health management is to be successfully embedded into the daily workflows of a primary care practice. Close alignment of IT architecture and its components with population health management goals must be central to planning. The selection of IT applications and phasing in of new technologies, along with training capabilities, are key to success in population health management.
Dependency #2: Clinical integration and the PCMH roadmap intersect with the population health management roadmap in multiple areas, specifically regarding conducting readiness assessments and the identification of data needs. For example, these workstreams require BPHC to integrate data from social service organizations, supportive housing providers and other community-based organizations into care planning and registry tools.
Dependency #3: BPHC's ability to achieve its vision of population health management will depend on its success at engaging and educating practitioners on how to use data effectively in improving outcomes and in implementing common protocols and processes to achieve DSRIP goals. In addition, BPHC must be successful in its performance reporting efforts.
Dependency #4: Timely implementation of our population health management roadmap is heavily dependent on our workforce strategy. For example, moving all primary care practices to NCQA Level 3 PCMH recognition by the end of DY3 will require adequate healthcare worker capacity in primary care sites and training to ensure that staff are functioning as a care team as envisioned by NCQA. In addition, the BPHC workforce will be heavily involved in planning efforts regarding PPS bed reduction. Finally, successful implementation of cultural competency and health literacy training and recruitment of culturally competent staff will be critical to patient engagement.
Dependency #5: The development of care coordination and care management programs as part of our clinical project implementation will be critical to the success of our primary care providers attaining Level 3 PCMH recognition and our PPS's success in moving to an integrated delivery system.

IPQR Module 8.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational work stream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Quality and Care Innovation Sub-Committee	Sub-Committee members	Develop strategy for deploying effective population health for BPHC attributed patients and the communities it serves
Central Services Organization (CSO)	All CSO staff	Conduct assessment and gap analysis of BPHC provider capabilities in implementing population health strategies
CIO, BPHC	Dr. Jitendra Barmecha, CIO, SBH	Develop architecture of IT applications that can automate PHM functions, and integrate care management software with provider IT technologies
Senior Director, Quality Management and Analytics	Dr. Amanda Ascher, CMO BPHC	Produce patient cohorts that will be targeted for population health interventions including tactics surrounding predictive modeling and risk stratification
Senior Director, Care Delivery & Practice Innovations	Dr. J. Robin Moon	Deploy evidence-based tools and care management functions that support patient engagement and activation
IT Sub-Committee	Dr. Jitendra Barmecha, Chair, SBH Health System	Assist in selecting PHM related applications, developing phase in implementation schedule
Executive Committee	Len Walsh, Chair	Develop a bed reduction plan for BPHC member hospitals
Partner IT Liaisons	Nicole Atansasio, Lott, Inc; Helen Dao, Union; Brian Hoch, Montefiore; Jeeny Job, SBH; Tracie Jones, BronxWorks; Vipul Khamar, VNSNY; Elizabeth Lever, The Institute for Family Health; Uday Madasu, CBC IPA; Mike Matteo, Centerlight; Kathy Miller, Bronx RHIO; Edgardo Nieves, Morris Heights; Anthony Ramirez, Acacia; Sam Sarkissian, UBA; Uvette Walker, Allmed	Implement, adopt and integrate with BPHC population health tools

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 8.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Attributed patients	Recipients of services	Participate in care management
Providers in BPHC	Identify patients for care management	Participate in training on clinical and billing documentation to enable appropriate population identification and selection for PHM. Participate in technical assistance and project management for PCMH NCQA certification.
Care managers at partner organizations, including BAHN, CCMP and CBC	Manage risk reduction in identified populations	Create care plans and manage populations to reduce adverse outcomes including reductions in disease burden
CBOs	Promote health by actively engaging patient on social determinants	Intervene on patients identified with social determinants
External Stakeholders		
NYCDOHMH	Coordinating Domain 4 goal achievement	Coordinates and collaborates with NYC PPSs in developing strategies to improve MHSA infrastructure and retention in HIV care
State DOH	Oversees state DSRIP implementation and effectiveness	Creates timelines and deliverables for DSRIP program
Other PPSs participating in the same Domain 4 projects: OneCity, Community Care Brooklyn, Bronx Health Access, Mount Sinai, Brooklyn Bridges, NewYork Hospital Queens	Collaboration, information exchange, shared workforce development	Key deliverables/resps: Collaborate on shared projects and organizational initiatives, strategize on information exchange, and collaborate on shared workforce development

IPQR Module 8.7 - IT Expectations

Instructions :

Please describe the current Population Health Management IT capabilities in place throughout your PPS network and what your plans are at this stage for leveraging these capabilities and/or developing new IT infrastructure.

Current population health management IT capabilities in place in BPHC include Montefiore CMO's comprehensive care management system which is being used by 400 care management employees to coordinate care for more than 300,000 individuals across employer-sponsored coverage and Medicare and Medicaid managed care. In addition, care management agencies supporting our partner Health Home populations are using smaller scale care management solutions, while other partners are using homegrown analytics to track patients across settings and within condition cohorts. Finally, the Bronx RHIO has developed the Bronx Regional Analytics Database (BRAD) under a multi-year grant from the CMS Center for Medicare and Medicaid Innovation.

A primary BPHC objective is to develop a standardized approach to population health management on behalf of our attributed population across all PPS participants based on a new IT infrastructure – portions of which are being selected in collaboration with Montefiore CMO and Montefiore's Hudson Valley PPS and portions of which build on existing capabilities. Our plans for leveraging and developing a new and integrated IT infrastructure for population health management are based on the following:

• Central data management and analytics through the Bronx RHIO.
• Patient and provider matching and master data management through Bronx RHIO to provide a single integrated view of each patient and a unified, standard and navigable view of participating partners to each other.
• A common commercial care coordination management solution (CCMS) selected from among three finalist vendors being assessed by a cross-functional team of Montefiore and BPHC clinical, operational and technology subject matter experts.
• Health information exchange through Bronx RHIO to achieve required data sharing between electronic medical records and the CCMS, across BPHC and potentially with other PPSs.
• Performance management and metrics (analytics) for internal analysis and reporting and NYSDOH reporting, based on Bronx RHIO and Montefiore Enterprise Data Warehouse capabilities.
• Assessment, monitoring and support programs and resources to help partners implement certified EHRs, adopt and integrate with RHIO services and, if eligible, use the combined IT infrastructure to achieve PCMH 2014 recognition.
• A digital health strategy for patient engagement, including telehealth, remote monitoring, a patient portal and personal health record sharing and digital health apps that are culturally competent.

IPQR Module 8.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

BPHC will measure the success of the population health management workstream using the following metrics:
• The number of primary care practice team members who have begun training on population health management applications
• The number of primary care practice team members who have completed training on population health management applications
• The number of providers (primary care team, behavioral health teams and others) that actively use electronic medical records, care planning tools, and patient registries
• The number of primary care practices that have submitted to the CSO work plans and timelines for attaining NCQA 2014 PCMH recognition

• The number of primary care practices that have begun the process per their work plan for achieving NCQA Level 1, 2 or 3 PCMH recognition

• The number of primary practices that achieved NCQA Level 1, 2 or 3 PCMH recognition
• The approval of a bed reduction plan by the Executive Committee
• DSRIP project-specific metrics such as PQIs, PDIs, PPRs, PPVs, and HEDIS metrics such as hemoglobin A1c, LDL, flu shots, and others

Section 09 – Clinical Integration

IPQR Module 9.1 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement.
Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Perform a clinical integration 'needs assessment'.	Completed	Clinical integration 'needs assessment' document, signed off by the Clinical Quality Committee, including: -- Mapping the providers in the network and their requirements for clinical integration (including clinical providers, care management and other providers impacting on social determinants of health) -- Identifying key data points for shared access and the key interfaces that will have an impact on clinical integration -- Identify other potential mechanisms to be used for driving clinical integration	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	NO
Task Envision clinical integration end-state	Completed	Define end-state clinical integration model, aligned with requirements for Project 2.a.i and IT Systems & Processes.	04/01/2015	09/30/2015	04/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Identify care protocols for clinical integration	Completed	Determine which project-specific care protocols require clinical integration. Protocols will be determined as outlined in second milestone "Developing a Clinical Integration Strategy."	06/01/2015	09/30/2015	06/01/2015	09/30/2015	09/30/2015	DY1 Q2	
Task Investigate gaps and needs across PPS related to clinical integration	Completed	Conduct data collection with partners to complete assessment of key DSRIP project requirements, clinical service gaps, workforce and process gaps, data sharing and interface needs, etc.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Establish definition of clinical integration for partners	Completed	Define clinical integration for our Provider Partners as the need for PPS-wide standardization and alignment with high-value treatment protocols that various provider partners can implement in their practices; this includes, but is not limited to, promoting effective care transitions.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3	
Task Analyze data on gaps and needs across PPS	Completed	Complete analysis of data collected to identify clinical integration needs, potential strategies/programs and priorities,	06/01/2015	12/31/2015	06/01/2015	12/31/2015	12/31/2015	DY1 Q3

IPQR Module 9.3 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges or risks that you foresee in improving the level of clinical integration throughout your network and achieving the milestones described above. Describe potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

1. We have found that our network participants have embraced collaborative clinical integration assessment and strategy activities, and that they are eager to engage in greater clinical integration. We recognize, however, that our partners often already feel stretched thin by the operating requirements of their existing organizations and that creating and managing an effective integrated workflow across a high number of partners may present a challenge. We have based metrics and integration goals on specific project and organizational requirements identified in other work streams, and on measures and rapid cycle evaluation (RCE) metrics that can provide quantitative evidence of integration improving patient outcomes. With our partners we have defined common and standardized workflows and protocols for clinical integration that can be implemented without a substantial additional burden.

2. Our partners have many disparate technologies and data sets produced by them, posing additional changes to the PPS-wide clinical integration and interoperability. We continue to mitigate these risks by thoroughly assessing and analyzing partner interoperability and staff capabilities and readiness, as described in the IT Systems & Processes work stream, and providing formal PPS program support for achieving EHR implementation and integration, QE participation and PCMH recognition.

IPQR Module 9.4 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

The strategies developed in the Clinical Integration workstream are closely related to requirements and strategies in the Workforce Strategy, IT Systems and Processes, Performance Reporting, Physician Engagement and Population Health Management workstreams. In addition, the Clinical Integration workstream is highly interdependent with General Project Implementation and in particular for Domain 2 & 3 project-specific strategies and their Domain 1 requirements, including primary care providers attaining 2014 Level 3 PCMH recognition. Many of the goals and requirements of project 2.a.i are closely related to clinical integration. Finally, physician engagement is a core component and prerequisite for establishing a clinically integrated network.

Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 9.5 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Senior Director, Care Delivery & Practice Innovations	Dr. J. Robin Moon	• Oversight of project management and clinical integration • Clinical integration strategy
Clinical Project Directors, CSO	Vitaly Chibisov, Benny Turner, Caitlin Verrilli, Monica Chierici, Zoe Stopak-Behr	• Completed and analyzed provider and CBO surveys • Clinical Integration strategy
Executive Committee, BPHC	Len Walsh, Chair	• Oversight of clinical integration
QCI Subcommittee	Co-chairs: Dr. David Collymore, Acacia Debbie Pantin, VIP Community Services	• Oversight of performance reporting structure and plan
Workforce Subcommittee	Mary Morris, Co-Chair, SBH Health System Rosa Mejias, Co-Chair, 1199 TEF	• Provider training plan and tools
Key Point Person/DSRIP Project Managers	Nicolette Guillou, Montefiore (ambulatory) Akwasiba Rafaelin (ED and in patient) Twiggy Rodriguez, Acacia Network Irene Borgen, SBH Health System Zena Nelson, Institute for Family Health (IFH) Fernando Alonso, Bronx United IPA Nieves Madrid, Morris Heights Health Center (MHHC) Dean Bertone, Union Community Health Center (UCHC)	• Regular communication • Timely reporting on pertinent data • Feedback on the integration process
Clinical Liaisons	Site-Specific Medical Directors/Designees	• Regular communication • Timely reporting on pertinent data • Feedback on the integration process
Montefiore CMO Liaisons	Anne Meara, Associate Vice President, Network Care Management, Montefiore Care Management Organization Alex Alvarez, Director, Care Management Resource Unit	• Regular communication • Timely reporting on pertinent data • Feedback on the integration process
IT team, CSO	SBH IT Team led by Dr. Jitendra Barmecha, CIO	• IT infrastructure to support the data integration
Mental Health Liasions	Virna Little, IFH Dr. Lizica Troneci, Chair Psychiatry, SBH	BH clinical integration
Substance Use Liaisons	Debbie Pantin, SAED, VIP Pam Mattel, CEO, Acacia,	Substance Use clinical integration
BPHC Chief Medical Officer	Dr. Amanda Ascher,	• Oversight of clinical integration implementation

IPQR Module 9.6 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Bronx RHIO leadership: Kathryn Miller, Charles Scaglione	Health information exchange provider	Support in analyzing current state of IT interoperability and developing strategies to support, broaden and enhance future clinical integration with data exchange
IT team, SBH: Dr. Jitendra Barmecho, CIO, Jonathan Ong, Zane Last, Gregg Malloy	Provide data exchange, IT interoperability and systems integration strategy and support	Alignment with IT systems and processes related to clinical integration; input into data sharing and interoperability strategies, including IT interfaces and messaging to support clinical integration
Montefiore CMO: Peggy Czinger, John Williford	Provide clinical integration experience and expertise from ongoing care	Lessons learned from and input into future team-based care management, care coordination and organizational supports (e.g., staffing, IT, contact center, etc.)
External Stakeholders		
NYC DOHMH	Support for the Domain 3 project's planning and execution	Domain 3 projects planning process
Other Bronx PPSs: Advocate PPS OneCity Health PPS Bronx Lebanon PPS	Accountability and sharing of best practices	Regular communication stream
OASAS	Support for PC/BH Integration and MHSA	Support with review of clinical guidelines to align with best practices.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 9.7 - IT Expectations

Instructions :

Please clearly describe how the development of shared IT infrastructure across the PPS will support this particular workstream.

Nearly all components of BPHC's shared IT infrastructure will support and are critical to clinical integration:
• Central data management and analytics through the Bronx RHIO will provide common data and outcomes measurement to bind together partners and help them track common integration results in a standardized way.
• Patient and provider matching and master data management through Bronx RHIO will provide a single integrated view of each patient and a unified, standard and navigable view of participating partners to each other.
• A common care coordination management solution (CCMS) will further present an integrated view of the patient and provide a common tool for interacting with patients and with other partners
• Data sharing and interoperability standards and protocols embedded in partner contracts will support transitions and care management and promote an integrated and longitudinal view of the patient through secure messaging, event notification and potential aggregated portal data sets and other patient- and provider-facing applications.

IPQR Module 9.8 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

Clinical integration will be measured by: evidence of high value treatment protocols implemented by providers across the PPS; improvements in clinical outcomes (e.g., improved rates of LDL and HTN control in CVD patients, improved A1C rates in Diabetics, improved depression screening and improving PHQ9 scores in patients receiving care in a BH integrated model.) Clinical integration success will also be measured by the level of Provider based engagement in Continuous Quality improvement, as measured by our workgroups which serve as project-specific quality councils.

IPQR Module 9.9 - IA Monitoring:

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Section 10 – General Project Reporting

IPQR Module 10.1 - Overall approach to implementation

Instructions :

Please summarize your intended approach to the implementation of your chosen DSRIP projects, including considerations around how this approach will allow for the successful development of concurrently implementing DSRIP projects.

BPHC is committed to establishing a care delivery model with mutually reinforcing resources and capabilities across the PPS. These aim to measurably improve patient satisfaction, improve outcomes, lower costs and enable the transition from volume to value-based care. To this end: 1) BPHC is establishing a population health management-driven HIT architecture to allow electronic data sharing across providers and access to patient-level information. This will facilitate rapid treatment and care management decisions among collaborating providers and beneficiaries about physical, behavioral, and social problems that impact beneficiaries' lives and support attainment of PCMH Level 3 2014 standards. 2) BPHC is creating an analytics capability for access to timely performance reports, to help accountable parties measure and track the impact of their actions on both a patient and population level and identify areas for improvement. The analytics team monitors the PPS and partners' progress towards meeting project targets. 3) BPHC is developing a workforce recruitment and retention strategy including career paths, higher education incentives, and excellent training and competitive salaries for a culturally and linguistically competent care management staff to engage, educate, and support individuals in need of assistance in managing both medical and social chronic conditions. 4) BPHC is leveraging the clinical and administrative leadership within each PPS partner and will ensure they have adequate dedicated time to drive overall DSRIP implementation. Partners' clinical and administrative leadership will: educate and motivate staff to embrace evidence-based practices; use technology to help improve patient outcomes; ensure that staff engage in DSRIP project-related training; provide quality oversight; and oversee the achievement of PCMH NCQA Level 3 2014 recognition. 5) BPHC has established a Quality and Care Innovation Sub-Committee (QCIS) to act as BPHC's clinical governance body. The QCIS draws from key partners and include diverse, well-informed, activist practitioner thought leaders, ranging from PCPs, subspecialists, nurses, mental health professionals, and social workers. The QCIS analytics support team will acquire and present data to rapidly and decisively direct attention to high performers for best practices and to low performers for remediation. The clinical governance body will: provide clear direction and a strong voice in defining and implementing change at the provider level to create a culture of quality and accountability; advocate for clinical integration to improve care; and seize opportunities to collaborate with other PPSs. 6) BPHC is developing a financial sustainability plan that begins with a transparent and coordinated inter-project budgeting system that: supports DSRIP central services; accurately reflects needed investments in PPS provider staffing and IT infrastructure; accounts for overlapping project personnel and training curricula; and moves in phases to a total cost of care model that expands upon the risk-based model now in place for some PPS providers via Healthfirst and other MCO contracts. 7) BPHC is actively collaborating with other Bronx PPSs, including the HHC and Bronx-Lebanon-led PPSs and the Advocate Community Providers PPS, on multiple areas including clinical planning, workforce development, community engagement, and information sharing. 8) BPHC has established a Central Services Organization (CSO) to provide a range of services to PPS partners, including clinical supervision, information technology, financial, training, analytics, administrative, and care management/care coordination infrastructure services. The CSO will also ensure partners' compliance with project requirements and track the project implementation and patient engagement speed commitments across all projects.

IPQR Module 10.2 - Major dependencies between work streams and coordination of projects

NYS Confidentiality – High

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Instructions :

Please describe how your approach will handle interdependencies between complementary projects, as well as between projects and cross-cutting PPS initiatives - for example, an IT infrastructure upgrade, or the establishment of data sharing protocols.

BPHC sees its DSRIP projects as a suite of programs that enable one another and magnify the impact of individual projects and workstreams. Some of the major dependencies include the following: Population health management and IT systems & processes: Attaining PCMH Level 3 recognition is widely viewed among clinicians who have been involved in DSRIP planning as the "master DSRIP project milestone" off of which virtually all other DSRIP projects and elements are built, including patient engagement and follow up. The BPHC HIT architecture is geared to providing IT capabilities that support work flows and protocols used by high-functioning Level 3 PCMHs to transition to population health management, such as electronic medical records, best practice alerts, care planning systems, patient registries, and tracking and stratification tools. Underlying these capabilities are a central data storage and management plan, robust data governance, and RHIO connectivity. Project implementation, IT systems & processes, and financial sustainability: Clinical improvement projects focused on cardiovascular disease, diabetes, asthma, and behavioral health will be built upon the chronic care management foundation provided by a high functioning Level 3 PCMH. Key PCMH features that promote effective chronic care management include use of evidence-based guidelines selected by consensus of the clinical governance body and data sharing that enables practitioners and embedded care managers to assess and develop effective care plans for the target populations. Ultimately, the establishment of Level 3 PCMHs across the PPS will be the impetus for moving to value-based payments that build a sustainable delivery system. Implementation of clinical improvement projects will be designed to build upon IT, workflows and clinical training used in the NCQA PCMH recognition process. Performance reporting, clinical integration and practitioner engagement: Practitioner accountability will be built on performance reporting that provides provider-specific and comparative performance data on the patient, practice and population level. Performance reporting is a key provider engagement tactic. Workforce strategy: A robust and well-trained workforce, rooted in the diverse communities of the Bronx, and engaged in the transformative change required under DSRIP will be central to the success of DSRIP project implementation. BPHC has identified a four-part workforce strategy that will be fleshed out based on the needs of our clinical projects. Our strategy includes: (1) redeployment of workers to respond to shifting staffing needs and ensure any displaced workers are connected to new employment; (2) training and education to address the needs for both retraining of existing staff and onboarding those newly hired under DSRIP; (3) robust recruitment to attract new workers; and (4) active engagement of labor and frontline staff.

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 10.3 - Project Roles and Responsibilities

Instructions :

Please outline the key individuals & organizations that play a role in the delivery of your PPS's DSRIP projects, as well as what their responsibilities are regarding governance, implementation, monitoring and reporting on your DSRIP projects.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Executive Director, CSO	Irene Kaufmann	• Oversee all of the PPS work and CSO activities to accomplish all of the projects' implementation. • Communicate with the Executive Committee, and represent the CSO to all of the Sub-Committees. • Project monitoring and performance reporting. • Support and report to BPHC governance. • Act as liaison to NYSDOH and other PPSs.
Chief Medical Officer, CSO	Dr. Amanda Ascher	• Oversee project-specific provider engagement and clinical/delivery strategies and monitoring of performance/ outcomes. • Collaborate with BPHC members' CMOs. • Liaison with other PPSs on evidence-based practice implementation.
Senior Director, Care Delivery & Practice Innovations, CSO	Dr. J. Robin Moon	• Oversee all of the clinical projects implementation (Domains 1-4), including monitoring and reporting. • Work closely with the Quality Management team. • Monitor speed and scale • Identify and promote care delivery and practice innovations.
Senior Director, Quality Management & Informatics, CSO	Janine Dimitrakakis	• Oversee the development of quality metrics, and monitoring and reporting of them. • Work closely with the clinical projects team and the SBH IT team.
BPHC Workforce Liaison	Mary Morris	• Work with project participants to implement workforce implementation plans to meet participants' recruitment, training and worker retention needs. • Collect and analyze workforce data and report on training effectiveness.
BPHC Director of Financial Planning	Ronald Sextus	• Conduct financial evaluation of each project. • Develop, implement and manage funds distribution methodologies. • Develop value-based payment models.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
		• Produce quarterly reports for Executive Director and governance.
BPHC Chief Technology Officer	Jitandra Barmecha	• Work with project participants to develop and implement IT components of project plans. • Advise governance, Executive Director and Director of Finance of resource gaps that may impede IT implementation. • Liaison with Bronx RHIO and other PPSs.
BPHC Compliance Officer	Suzette Gordon	• Monitor and develop corrective action plans as needed to ensure member compliance with rules and regulations of regulatory agencies and with BPHC's by-laws and policies & procedures. • Disseminate current, revised and new policies and procedures.
BPHC Director of Collaboration	Albert Alvarez	• Manage BPHC member engagement and outreach to CBOs and community stakeholders. • Manage website, social media and communications for and within BPHC.
BPHC Executive Committee Chair	Leonard Walsh	• Governance: Oversight of and support for all aspects of deployment of DSRIP projects.
BPHC Partners' Project Liaisons	Akwasiba Rafaelin, Montefiore (ED and IP) Nicolette Guillou, Montefiore (ambulatory) Irene Borgen, SBH Health System Twiggy Rodriguez, Acacia Network Nieves Madrid, Morris Heights Health Center (MHHC) Dean Bertone, Union Community Health Center (UCHC) Zena Nelson, Institute for Family Health (IFH) Fernando Alonso, Bronx United IPA	• Coordinate with project transitional work groups and CSO project directors to oversee implementation activities at participating sites.

IPQR Module 10.4 - Overview of key stakeholders and how influenced by your DSRIP projects

Instructions :

In the below table, please set out who the key stakeholders are that play a major role across multiple DSRIP projects. Please give an indication of the role they play and how they impact your approach to delivering your DSRIP projects.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
SBH Health System Leonard Walsh Eric Appelbaum	Lead Applicant	Fiduciary for DSRIP; Chair of Executive Committee for BPHC
Montefiore Medical Center Steven Rosenthal Amanda Parsons	Largest provider in BPHC	Member of Executive Committee of BPHC; contractor to provide key technical assistance on projects 2.b.iii and 2.b.iv; committed provider in all DSRIP projects
Institute for Family Health Maxine Golub	FQHC providing primary care services in several high-need areas of the Bronx	Member of Executive Committee of BPHC; contractor to provide technical assistance on project 3.a.i; committed provider in DSRIP projects 2.a.i, 2.a.iii, 3.a.i, 3.b.i, 3.c.i, 3.d.ii
Acacia Network Pam Mattel	FQHC providing primary care services in several high-need areas of the Bronx; behavioral health provider, SNF and respite housing provider	Member of Executive Committee of BPHC; contractor to provide technical assistance on project 3.a.i; committed provider in DSRIP projects 2.a.i, 2.a.iii, 3.b.i, 3.c.i, 3.d.ii
Union Community Health Center Doug York	FQHC providing primary care services in several high-need areas of the Bronx	Member of Executive Committee of BPHC; contractor to provide technical assistance on project 3.a.i; committed provider in DSRIP projects 2.a.i, 2.a.iii, 3.b.i, 3.c.i, 3.d.ii
Bronx United IPA Fernando Oliver	IPA group providing primary care services in several high-need areas of the Bronx	Member of Executive Committee of BPHC; contractor to provide technical assistance on project 3.a.i; committed provider in DSRIP projects 2.a.i, 2.a.iii, 2.b.iv, 3.b.i, 3.c.i, 3.d.ii
Morris Heights Health Center Tosan Oruwariye	FQHC providing primary care services in several high-need areas of the Bronx	Member of Executive Committee of BPHC; contractor to provide technical assistance on project 3.a.i; committed provider in DSRIP projects 2.a.i, 2.a.iii, 2.b.iii, 3.b.i, 3.c.i, 3.d.ii
Health People Chris Norwood	CBO providing evidence-based education to patients in the Bronx with chronic illnesses	Member of DSRIP Quality and Care Innovation Sub-Committee and clinical work group; contractor for delivering Stanford Model program to target groups for projects 3.b.i and 3.c.i
VNSNY Marianne Kennedy	Home care provider and MLTC provider	Member of the BPHC Executive Committee; committed partner in project 2.b.iv
Bronx Works Eileen Torres	CBO that provides numerous support and social services	Member of the BPHC Executive Committee
Bronx RHIO Charles Scaglione	Non-profit organization that provides health information exchange, shared data management and supporting data analytics, and performance monitoring	Member of the BPHC Executive Committee

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
CenterLight Paul Rosenfeld	Home care and MLTC provider	Member of the BPHC Executive Committee; committed partner in projects 2.a.iii and 2.b.iv
1199 TEF	Workforce vendor that will support execution of workforce planning and training related activities including participation on the Sub-Committee, best practices, information from other PPSs, helping to screen candidates for new hires, assessment, remediation and culture change, preparation of reports to the State and dispute resolution.	Member of BPHC Executive Committee; committed to being primary vendor for implementing BPHC workforce strategy including training, re-training, education programs and re-deployment support
Healthfirst Pat Wang	Managed care organization providing coverage to a majority of patients attributed to BPHC	Member of Executive Committee of BPHC; will work with PPS on movement to full risk-based contracting
External Stakeholders		
1199 TEF	Workforce vendor that will support execution of workforce planning and training related activities including participation on the Sub-Committee, best practices, information from other PPSs, helping to screen candidates for new hires, assessment, remediation and culture change, preparation of reports to the State and dispute resolution.	Committed to being primary vendor for implementing BPHC workforce strategy including training, re-training, education programs and re-deployment support

SBH Health System (PPS ID:36)

IPQR Module 10.5 - IT Requirements

Instructions :

Information technology will play a crucial role in the development of an effective, integrated performing provider system. It is likely that most projects will require some level of supporting IT infrastructure. Please describe the key elements of IT infrastructure development that will play a role in multiple projects.

In order to support its projects and to act as an effective integrated performing provider system, BPHC will require and implement the following IT infrastructure: Care coordination & management: Collaboratively with the Montefiore CMO and the Montefiore-sponsored Hudson Valley PPS, BPHC is in the process of evaluating and procuring a care coordination management solution (CCMS) for population stratification, patient engagement, patient assessment, care planning, clinical and social service navigation, care transition management, patient registries and care management workflow, capacity and task management. Health information exchange (HIE): BPHC will build on the close governance and working relationship that SBH and key PPS partners have with Bronx RHIO to achieve project milestones related to health information exchange and data sharing. Bronx RHIO enjoys significant penetration with Bronx providers, including BPHC members. BPHC is working with Bronx RHIO to perform due diligence on its HIE capacity and capabilities and has undertaken further assessment of PPS partners' current level of integration with the RHIO and their readiness to achieve the level of integration required by BPHC projects. In addition, BPHC and Bronx RHIO are working on arrangements for cross-PPS/QE collaboration and will co-develop interfaces to the CCMS. Connections to the SHIN-NY are also being explored. Central data management: The Bronx RHIO will provide data governance, data specification and acquisition capabilities, data normalization/quality, patient and provider matching, master data management (MDM), central data storage and authorized access in an operational data store, and bi-directional data sharing with BPHC partners. Performance management and metrics (analytics): While much NYSDOH DSRIP metric reporting will be claims-based, and will be performed by the DOH in the Salient MAPP system, BPHC will need to identify its own required level of detail for performance monitoring. Assessment, monitoring and support programs and resources: Based on a current state assessment of PPS partner capabilities against BPHC and DOH requirements, the BPHC CSO will establish program management services for monitoring or assisting PPS partners as required with acquiring EHRs certified for Meaningful Use attestation, achieving PCMH 2014 recognition and participating and integrating with the Bronx RHIO for health information exchange. Digital health strategy for patient engagement: Beyond the IT discussed above, BPHC is developing strategies for implementing patient engagement and activation mechanisms to promote patient self-management in PPS/IDS programs. This may in the future include developing a comprehensive strategy for telehealth, remote monitoring and patient engagement through digital health apps that are culturally competent and sensitive to patient circumstances and needs. In addition, BPHC is exploring opportunities for connecting community-based organizations to the PPS's IT infrastructure to facilitate patient engagement, provider communication, and closed loop referral tracking.

IPQR Module 10.6 - Performance Monitoring

Instructions :

Please explain how your DSRIP projects will fit into your development of a quality performance reporting system and culture.

The PPS's CSO analytics and IT staff, BPHC Chief Medical Officer, the CSO's Senior Director of Quality Management & Informatics, and the Quality & Care Innovation Sub-Committee (QCI) will work together closely to design reporting formats for three audiences—providers, CSO clinical project team members and QCI Sub-Committee members—that integrate Domain 1 process metrics, Domain 2 and 3 quality and outcome

metrics, and other internal PPS reporting metrics selected by the QCI into its performance reporting dashboard and resulting performance reports to be shared with PPS members. The rapid cycle evaluation process will be the basic method used to monitor progress and identify providers that appear to be at risk of missing performance targets. We will also work with our partners at the provider level to ensure that they have a continuous quality improvement process in place to detect and address operational problems in each of the projects they participate in on an ongoing basis. Under the leadership of the BPHC CMO and Senior Director of Quality Management & Informatics, the CSO will organize and support a continuous quality improvement process to be carried out both centrally and internally by participants. The continuous quality improvement process will include identifying areas for both partner-specific and cross-partner improvement strategies and tactics, monitoring progress against improvement targets, assisting with root cause analysis, and convening cross-PPS work groups on special topics that emerge from reporting via the analytics team.

Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 10.7 - Community Engagement

Instructions :

Please describe your PPS's planned approach for driving community involvement in the DSRIP projects, how you will contract with CBOs for these projects, how community engagement will contribute to the success of the projects, and any risks associated with this.

Throughout implementation, BPHC will continue to encourage and insist upon extensive community involvement, which includes representation from a diverse group of Bronx provider & community-based organizations (CBOs) in its project advisory committee. BPHC has hired a multilingual Director of Collaboration with deep roots in the community, responsible for managing outreach to community stakeholders & CBOs. Our community engagement efforts provide bidirectional dialogue to ensure project implementation is achieving results & allow for course correction & innovation. These efforts aim to develop capacity within the community to ensure sustainability. We are creating new connections & resources through sharing of information, skills & tools, & collaboration with other Bronx PPSs. In addition, we are creating job opportunities & career pathways for community members. BPHC is undertaking the following steps to ensure that the Bronx community continues to be deeply involved: PPS has conducted a survey to enhance our knowledge of the services offered by & capacity of CBOs in our PPS, which will provide the basis for a web-based CBO service directory to facilitate direct referrals to support services. BPHC met regularly with CBOs to gain input & build a community engagement strategy. Through Community-based Discussion Sessions, members of the organizations defined aim-focused, common issues among licensed & grant-funded CBOs & organizations providing community-based services & to express participation needs & questions. Targeted participants included CBOs providing senior care, food pantries, social services, home health, legal, farmers markets, housing, education, behavioral health, developmental disabilities, & family & children services. Minutes & common themes from the sessions were distributed to participants, followed by an invitation to join the Community Engagement Plan Workgroup. The Workgroup identified the need for 3 additional groups: Communications Strategies (to create efficient & effective methods of communication from CBO to CBO & from CBO to PPS constituent, with additional focus on consumer involvement & patient engagement); Outreach & Engagement (conduct networking events, define level of CBO participation, & build proactive relationships on behalf of the PPS with new & existing CBOs); & Interconnectivity (continue to work on connecting CBO resources via available technology). All CBOs are invited to join the community engagement process. To engage the community stakeholders further, BPHC will encourage & solicit feedback through its website, presentations, publications, social media platforms, & public fora. BPHC produces & publishes a biweekly bulletin & a quarterly newsletter & will continue to host all-Member webinars. BPHC has begun contracting with CBOs that will be major contributors to the success of our DSRIP projects. BPHC is contracting with Health People: Community Preventive Health Institute (CBO specializing in evidence-based patient education for chronic disease management) & a.i.r. nyc (a CBO providing home-based services to families with asthma). In the Bronx, the biggest risk associated with community engagement is that the level of need for community resources, such as behavioral health & social support services, exceeds the resources available. Other risks may include insufficient infrastructure to manage the number of CBOs & people engaged, address the complexity associated with serving a diverse population in culturally meaningful ways, ensure rapid response to community need & suggestions, & support communication at the community level via information technology. However, DSRIP provides a unique opportunity to increase the reach & impact of existing resources & improve & build new infrastructure to engage our community in efforts to improve health in the Bronx.

Section 11 – Workforce

IPQR Module 11.1 - Workforce Strategy Spending (Baseline)

Instructions :

Please include details on expected workforce spending on a semi-annual basis. Funds may be shifted from one funding type category to another within the workforce strategy spending table, as long as the PPS adheres to their overall spend commitments. However, the PPS may apply a 25% discount factor to the DY1 Workforce Strategy Spend target. If the PPS applies this discount in DY1, the PPS will be expected to reallocate those funds appropriately in DY2-4 to fully meet their DY1-4 total commitment.

Funding Type	Year/Quarter

IPQR Module 11.2 - Prescribed Milestones

Instructions :

Please enter and update target dates, as well as breakdown tasks with target dates for prescribed milestones. For milestones that are due within the reporting period, documentation is required to provide evidence of milestone achievement. Any explanations regarding altered or missed target commitments must be included within the textbox, not as narrative within uploaded documentation. Please note some milestones include minimum expected completion dates.

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter	AV
Milestone #1 Define target workforce state (in line with DSRIP program's goals).	Completed	Finalized PPS target workforce state, signed off by PPS workforce governance body.	07/01/2015	09/30/2016	07/01/2015	09/30/2016	09/30/2016	DY2 Q2	NO
Task Establish and convene Workforce Project Team	Completed	Establish and convene Workforce Project Team (including Workforce Sub-Committee, Workforce Workgroups, workforce liaison and other supportive staff from the CSO, 1199 SEIU Training and Employment Funds (TEF), subject matter experts and stakeholders) responsible for implementing, executing and overseeing workforce activities.	07/01/2015	07/01/2015	07/01/2015	07/01/2015	09/30/2015	DY1 Q2	
Task Identify the requirements for each DSRIP project	Completed	Identify the requirements for each DSRIP project and the new services that will be delivered, in conjunction with the Quality and Care Innovation Sub-Committee.	07/17/2015	06/30/2016	07/17/2015	06/30/2016	06/30/2016	DY2 Q1	
Task Identify types and numbers of workers needed for each DSRIP project	Completed	Identify the types and numbers of workers needed for each DSRIP project.	07/17/2015	06/30/2016	07/17/2015	06/30/2016	06/30/2016	DY2 Q1	
Task Identify competencies, skills, training and roles required for each DSRIP project	Completed	Identify the competencies, skills, training and roles required for each DSRIP project, with particular attention to developing common standards and definitions for care management roles.	07/31/2015	06/30/2016	07/31/2015	06/30/2016	06/30/2016	DY2 Q1	
Task Consolidate project-by-project analysis	Completed	Consolidate project-by-project analysis to develop a comprehensive view of the workforce needs to support all DSRIP projects.	04/30/2016	06/30/2016	04/30/2016	06/30/2016	06/30/2016	DY2 Q1	
Task Finalize target workforce state	Completed	Finalize target workforce state and receive signoff from Workforce Sub-Committee and Executive Committee.	04/30/2016	06/30/2016	04/30/2016	06/30/2016	06/30/2016	DY2 Q1	
Milestone #2 Create a workforce transition roadmap for achieving defined target workforce state.	Completed	Completed workforce transition roadmap, signed off by PPS workforce governance body.	07/01/2015	09/30/2016	07/01/2015	09/30/2016	09/30/2016	DY2 Q2	NO
Task Convene Workforce Sub-Committee	Completed	Convene Workforce Sub-Committee to provide input on the approach for developing the workforce transition roadmap.	07/01/2015	09/09/2015	07/01/2015	09/09/2015	09/30/2015	DY1 Q2

IPQR Module 11.4 - Major Risks to Implementation & Risk Mitigation Strategies

Instructions :

Please describe the key challenges and risks that you foresee in achieving the milestones set out above, including potential impacts on specific projects and any risks that will undermine your ability to achieve outcome measure targets.

BPHC has intense retraining and training needs. We anticipate 5,000-10,000 existing staff will need retraining to implement the PPS's clinical projects and additional work streams. BPHC also anticipates up to 750 new jobs created within the PPS, all of which will require training.

To mitigate this risk, BPHC has engaged the services of the 1199 Training and Employment Funds to assist in the planning, implementation and administration of all of BPHC's training initiatives. The Director of Workforce Innovation from the BPHC CSO is working closely with the Workforce Subcommittee on the Workforce Plan, which is characterized by career ladders, continuous quality improvement and the use of evidence based teaching methods (including e-learning and basic skills support, as needed).

BPHC has a large and diverse workforce. We originally estimated our workforce to be 35,000. After completing our current state survey analysis, BPHC determined that the number of staff is twice that size, or approximately 70,000 total staff in 230 organizations. Communicating and engaging a staff of that size, including home care, which is the largest group represented at 27,198 (many in part time roles) is challenging.

To mitigate this risk, the Workforce Communication and Engagement Work Group representing multiple organizations in the PPS, has reconvened to determine what additional steps can be taken to expand the outreach to staff. The current focus is on using new media in addition to the elements already contained in the workforce communication and engagement plan. In addition, BPHC has identified the key workforce contact in each organization to help facilitate communication and information exchange. Focus groups have been planned for the fall, to gather additional ideas and input from staff across the PPS and gage the progress of current efforts toward staff engagement.

IPQR Module 11.5 - Major Dependencies on Organizational Workstreams

Instructions :

Please describe any interdependencies with other organizational workstreams (IT Systems and Processes, Clinical Integration, etc.)

BPHC's workforce strategy has interdependencies with many workstreams, including clinical project implementation, cultural competency, IT systems and processes, and finance and budgeting.

• Project Implementation Interdependencies: The number and types of staff that must be retrained or redeployed and the number and type of staff that needs to be newly hired depend on the needs and services of the clinical projects. As the implementation of the clinical projects evolves, it will be important to closely monitor any changes that could impact workforce needs.

• Cultural Competency Workstream Interdependencies: The success of the PPS' recruitment and training strategy will impact the provision of culturally competent care. The PPS will work with 1199 TEF, CUNY, and contracted CBOs to develop training curricula that meet cultural competency and health literacy standards and incorporate these trainings into all new hire orientations, refresher courses, and provider

agreements.

• IT Systems & Processes: To support a robust IT infrastructure, BPHC is planning to implement an electronic care planning tool across the PPS. The success of this tool is heavily dependent on the ability of the healthcare workforce to use this platform to track and manage care. BPHC's CSO will institute extensive training for the care management workforce on the use of the care planning tool.

• Finance and Budgeting: BPHC anticipates that partners will require funding to hire and deploy additional staff and potentially to adjust compensation for existing staff critical to successful implementation of the DSRIP projects.

• Governance: Establishment of the Workforce Sub-committee will be critical to engaging workers and thus ensuring the success of each DSRIP project.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

SBH Health System (PPS ID:36)

IPQR Module 11.6 - Roles and Responsibilities

Instructions :

Please list and elaborate upon the key people/organizations responsible for this organizational workstream and describe what their responsibilities involve.

Role	Name of person / organization (if known at this stage)	Key deliverables / responsibilities
Director of Workforce Innovation, BPHC	Mary Morris	Responsible for the development and implementation of all workforce implementation plans including providing leadership and advisement to the Workforce Sub-Committee, reporting to the Executive Committee.
Workforce Sub-Committee	The WSC has 12-15 voting members including representation from unions, HR, workforce experts, frontline staff (for all names, please see Membership Template in Governance workstream).	Responsible for implementing the workforce strategy, including Workforce Communication and Workforce Advisory facilitated by the 1199 Labor Management staff to ensure workforce input and identify concerns and structural barriers for collaborative decision making.
Workforce Training Vendor	1199 Training and Employment Funds (Rosa Mejias)	TEF will support execution of workforce training related activities including participation on the Sub-Committee, providing research on training vendors, best practices, information from other PPSs, helping to screen candidates for new hires, assessment, remediation and case management for candidates, culture change, preparation of reports to the State and dispute resolution.
Labor Representatives	Representatives from 1199 SEIU, NYSNA and CIR (Tom Cloutier, Teresa Pica, Gladys Wrenick, Rosa Mejias, and others)	Provide expertise on CBAs, and insight in retraining, redeployment and hiring needs.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 11.7 - Key Stakeholders

Instructions :

Please identify the key stakeholders involved in your workforce transformation plans, both within and outside the PPS.

Key stakeholders	Role in relation to this organizational workstream	Key deliverables / responsibilities
Internal Stakeholders		
Linda Reid, Annie Wiseman, Susan Roti	Training Leads in Partner Organizations	Provide best practice training approaches and guidance in program implementation
Erlinda Girado, Victoria Izaylevsky, Katrina Jones, Marc Wolf, Gloria Kenny	HR Leads in Partner Organizations	Support data collection for staff FTEs, comp and benefits, CBO information, hiring needs
Patricia Belair	SVP, Ambulatory Services and Strategy, SBH Health System	Advisor on ambulatory care competencies/jobs
External Stakeholders		
1199 SEIU, NYSNA, CIR	Labor Union Representatives	Facilitate worker engagement
Curtis Dann-Messier	CUNY liaison	Coordinate curriculum development, supply talent
Marilyn Aquirre-Molina, Executive Director, CUNY Institute for Health Equity	Connection to Bronx Borough President Ruben Diaz's Not 62 Campaign	Input for curriculum development. Provide action-research on the social determinants of health that contribute to the high rates of morbidity and mortality in the Bronx, and technical support for training curriculum to enable us to better address health equity.
Swawna Trager, Executive Director of the NY Alliance for Health Careers	Provide talent pool of new staff for CHWs and other "peer" roles.	Potential training funding source-city and federal funding including stipends for training, tuition reimbursement, wrap arounds and paid internships, Curriculum development consultation.
Jessica Hill, Director Bronx-Westchester AHEC	Provides Bronx resident talent pipelines for various PPS staff positions.	Creates community-based health professional training opportunities and public health programs. Strengthens community networks to increase minority representation in all healthcare professions.
GNYHA	Provide training on key areas of care coordination teams and cultural competency.	Provide research findings on NYC health issues.

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 11.8 - IT Expectations

Instructions :

Please describe how the development of shared IT infrastructure across the PPS will support your plans for workforce transformation.

The development of shared IT infrastructure across the PPS will be important in storing information, tracking progress on workforce transitions, and delivering and tracking training to ensure success of the DSRIP clinical projects. Shared IT infrastructure will be especially important given the high volume of training, redeployment and new hires that needs to take place in order to implement the DSRIP projects.
1) Storing Information. BPHC will need to document information from all of the PPS Partners regarding their current workforce state, including volume, competencies and skills. It will be important to have an IT platform that will store this large volume of information in an organized way.
2) Tracking. BPHC anticipates that there will be extensive movement and changes in the workforce that will need to be tracked over time in order to ensure that BPHC reaches the future targeted workforce state. It will be crucial to track these changes across the PPS. The IT infrastructure will be key in reporting workforce process measures in the quarterly reports.
3) Training. Providers and staff will be trained regarding specific population needs and effective patient engagement approaches. Training will be scheduled, delivered and tracked using a learning management system (LMS) administered by the BPHC CSO.
4) Job Listings. BPHC will also use the IT infrastructure to post job openings on the "job board" across the PPS in order to recruit and hire qualified staff.

IPQR Module 11.9 - Progress Reporting

Instructions :

Please describe how you will measure the success of this organizational workstream.

BPHC will measure the success of its workforce strategy through the milestones listed above. BPHC will focus on monitoring key workforce measures, such as the number and type of staff who are retrained or redeployed as well as new hires. The Workforce Sub-Committee will be charged with monitoring the comprehensive workforce strategy to ensure that BPHC retains, trains, and hires the staff necessary to support successful implementation of DSRIP projects. The Workforce Sub-Committee will be supported by two workgroups: 1) Workforce Communications Workgroup and 2) Workforce Advisory Workgroup that will support workforce efforts.

IPQR Module 11.11 - Workforce Strategy Spending (Quarterly):

Instructions :

Please include details on workforce spending. The workforce spending actuals should reflect only what was spent during the relevant quarters and is not cumulative across semi-annual periods. The PPS can shift funding across categories; e.g., from Retraining to New Hires. Please note that the "Cumulative Percent of Commitments Expended through Current DSRIP Year" section is calculated based on the total yearly commitments.

Benchmarks	
Year	**Amount($)**
Total Cumulative Spending Commitment through Current DSRIP Year(DY4)	11,299,588.00

Funding Type	Workforce Spending Actuals		Cumulative Spending to Date (DY1-DY5)($)	Cumulative Percent of Commitments Expended through Current DSRIP Year (DY4)
	DY4(Q1/Q2)($)	DY4(Q3/Q4)($)		
Retraining	0.00	0.00	5,532,744.00	103.50%
Redeployment	0.00	0.00	0.00	0.00%
New Hires	0.00	0.00	1,569,164.00	277.81%
Other	0.00	0.00	1,515,548.00	29.82%

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project 2.a.i – Create Integrated Delivery Systems that are focused on Evidence-Based Medicine / Population Health Management

IPQR Module 2.a.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

IDS Risk and Mitigation
1) If providers and BPHC cannot agree on contract terms BPHC may fail to fully achieve its provider participation goals. BPHC is therefore working to understand provider capabilities, provide support, set clear performance expectations and evolve a DSRIP payment distribution based , at least in part, on performance until a fully VBP contract is achieved that is satisfactory to providers and BPHC.

2) CBOs participating in BPHC may not have the capacity to meet the PPS's interconnectivity/interoperability requirements. Through its Community Needs Assessment and various organizational and service surveys, BPHC has profiled its CBO member organizations and developed comprehensive profiles compiled into a database which will be used to facilitate referrals. A Community Engagement Work Group made up of BPHC CBOs, works to involve BPHC CBOs in meaningful participation that will ensure BPHC meets CBO needs and PPS DSRIP goals.

3) Lack of integration and continuity between CCMS systems of HHs within BPHC may lead to information silos and poor PHM results. BPHC is signing MSAs with all HHs in the PPS which detail policies, procedures and agreement to adopt standards. BPHC is advocating use of a single CCMS, , for all members, but will work to integrate other CCMS solutions chosen by other member organizations..

4) If providers do not fully embrace Care Management (CM) or PHM, PCPs will continue to provide uncoordinated care. BPHC educates providers how the change in SDOH incentives reward CM/PHM. BPHC provides CM/PHM CMEs, TA and tools in different PCPs settings.

5) If BPHC does not reach its incremental performance goals and DSRIP funding is affected, there will be risks to future transformation. BPHC is installing critical control measures to monitor program implementation, progress towards PHM and outcomes measures. CQI and change management trainings are being designed for our network partners so that these processes become part of regular operations. Frequent budgeting and contracting cycles are used to ensure continuous sustainable operations.

6) If providers do not implement EHR systems that meet MU and PCMH 2014 Level 3 standards by DY3Q4, their ability to fully participate in coordinated interventions, CM, PHM across the IDS will be affected and negatively impact patient outcomes. BPHC comprehensive PCMH/MU plan deploys external consulting resources, and provides customized technical assistance, coaching, and care team training modules so that practices achieve DSRIP goals.

7) If the Bronx RHIO fails to satisfy partner demand for secure messaging, alerts and patient record lookup, or providers do not integrate and use functions by DY3Q4, then planned clinical interventions, CM and PHM will be at risk across the IDS. BPHC will develop a timeline to prioritize practices for phased connectivity, and mechanisms to monitor the expansion of HIE / IDS. BPHC is exploring the expansion of local HIE DIRECT messaging outside of the RHIO, and the abilities of CCMS systems to message and alert. These would allow partners more options, leverage existing partner infrastructure where it exists, and provide a level of redundancy in case the RHIO cannot keep pace with partner demand.

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

IPQR Module 2.a.i.2 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	DY4 Q4	Project	N/A	In Progress	04/01/2015	03/31/2019	04/01/2015	03/31/2019	03/31/2019	DY4 Q4
Task PPS includes continuum of providers in IDS, including medical, behavioral health, post-acute, long-term care, and community-based providers.		Project		Completed	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4
Task Define pro forma role of all PPS providers in BPHC's network model of care (prioritized programs/projects, target patient populations, interventions, accountabilities, use of care plans, funds flow, etc.) to establish BPHC-wide expectations, building on clinical planning to date and planned population health management, clinical integration and IT assessment and planning detailed in those work streams		Project		Completed	08/01/2015	06/15/2016	08/01/2015	06/15/2016	06/30/2016	DY2 Q1
Task Draft Master Services Agreement (MSA) and exhibits, which will describe legal terms and conditions of partner participation in the PPS and governance structure		Project		Completed	04/01/2015	05/21/2015	04/01/2015	05/21/2015	06/30/2015	DY1 Q1
Task Solicit comments on MSA from partners through distribution to members, opportunity to submit written comments, and review in Committee and Sub-Committee meetings.		Project		Completed	05/21/2015	06/08/2015	05/21/2015	06/08/2015	06/30/2015	DY1 Q1
Task Finalize MSA agreement		Project		Completed	07/01/2015	07/23/2015	07/01/2015	07/23/2015	09/30/2015	DY1 Q2
Task Develop and finalize project schedules in concert with Clinical Operations Plans (COPs)		Project		Completed	06/01/2015	12/31/2015	06/01/2015	12/31/2015	12/31/2015	DY1 Q3

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	
Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	
Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.	
Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	
Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	
Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.	
Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.	
Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.	
Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project 2.a.iii – Health Home At-Risk Intervention Program: Proactive management of higher risk patients not currently eligible for Health Homes through access to high quality primary care and support services

IPQR Module 2.a.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) A major risk to successful implementation of 2.a.iii relates to provider access to an electronic care management (CM) and referral management tool that can be shared across BPHC providers. Multiple IT systems are employed by Health Homes (HH) and PCMHs, and some partners lack systems with the necessary capabilities. Building a system with sufficient CM, referral management and system integration capacities in a timely manner poses a significant challenge. BPHC is working with a vendor to create a PPS-wide CM and referral management platform to enhance clinical integration and provider communications. The platform will unify partners' varied IT systems. BPHC will supply data exchange and system interfaces to ensure robust exchange of care management planning information.
(2) Patient access to and willingness to engage in CM services also pose a risk. BPHC is working with CBO partners to provide education to patients on accessing and navigating the healthcare system, as well as providing CBOs the tools to make direct referrals for patients in need of CM services. To enhance patient activation in care coordination, BPHC will train care coordinators on motivational interviewing.
(3) A risk exists if PCPs do not see the added value of CM. In such cases PCPs would not refer patients into HH or HH At-Risk services, and thus anticipated improved patient outcomes would not be realized. BPHC is working with its HH partners and primary care organizations to improve provider education on the benefits of CM and to establish expectations and minimum standards for communication and information exchange between Care Managers and PCPs.
(4) Recruiting and training sufficient CM staff to serve the needs of the Bronx is a challenge, particularly bilingual staff. BPHC's workforce strategy looks to mitigate this risk, by working with community colleges and coordinating with the 1199 Training and Education Fund (TEF), Montefiore CMO, and NYSNA to identify capable workers and provide training in Spanish when needed. BPHC also is coordinating with other Bronx PPSs on workforce strategy to align priorities and reduce competition.
(5) Maintaining a short-term care management intervention for HH At-Risk patients is necessary to preserve optimal caseloads for Care Coordinators (CCs) and to extend services to as many patients as required under BPHC's speed and scale commitments. However, partners' experience with CM suggests it can be difficult to "graduate" patients out of CM once they have been engaged. BPHC seeks to mitigate this risk by providing training to CCs to set realistic, time-limited goals to allow patients to achieve their objectives and disenroll from care management within the allotted 3- to 9-month intervention period. The PPS is also exploring "step-down" models to ease the transition, such as enrollment in a group of peers after "graduation" from HH At-Risk CM.
(7) A number of factors—including those listed above—contribute to BPHC's risk of missing patient engagement targets for project 2.a.iii. Another related risk involves the availability of data on patients with CM plans. Issues around access to patient names and CIN numbers have arisen with partners conducting CM on behalf of MCOs. This represents a significant portion of the Comprehensive CM Plans currently being developed within BPHC's provider network. BPHC is pursuing data sharing agreements with these third parties to overcome data access challenges.

SBH Health System (PPS ID:36)

IPQR Module 2.a.iii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**

IPQR Module 2.a.iii.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Develop a Health Home At-Risk Intervention Program, utilizing participating HHs as well as PCMH/APC PCPs in care coordination within the program.	DY2 Q4	Project	N/A	Completed	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task A clear strategic plan is in place which includes, at a minimum: - Definition of the Health Home At-Risk Intervention Program - Development of comprehensive care management plan, with definition of roles of PCMH/APC PCPs and HHs		Project		Completed	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Develop a workplan and timeline to develop the clinical operations plan (COPs) and implement a strategy for the HH at-risk population that aligns with the patient engagement speed and scale application submission		Project		Completed	04/01/2015	05/15/2015	04/01/2015	05/15/2015	06/30/2015	DY1 Q1
Task Convene representative group of PPS members including Health Homes (HH), PCMHs, SUD providers and SMEs, and others to participate in developing project plan for HH at-risk project (2.a.iii)		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Define the population to be targeted by the HH at-risk intervention, such as individuals with diabetes, substance use disorders, mild to moderate depression or other single uncontrolled chronic conditions (see requirement #5)		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Define a care management (CM) staffing model, in conjunction with Workforce Subcommittee, to address the needs of the target population including staff qualifications, care team roles (including PCP and care manager), functions, and panel size of team members		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Develop financial model to cost out CM team		Project		Completed	05/01/2015	09/30/2015	05/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Develop and document the COP to define the elements of the program including the roles of PCPs and Health Homes, health		Project		Completed	05/01/2015	10/31/2015	05/01/2015	10/31/2015	12/31/2015	DY1 Q3

Project 2.b.iii – ED care triage for at-risk populations

IPQR Module 2.b.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) A key risk associated with BPHC's strategy for 2.b.iii includes the possibility of delayed expansion of the Emergency Department (ED) Navigator program due to recruitment and training challenges. To mitigate this risk, BPHC will stagger the DSRIP program expansion, beginning in the SBH ED and Montefiore's Moses EDs and then moving to other Montefiore EDs. BPHC has contracted with the CMO to help lead program development and training, and other programmatic functions to minimize delays and ensure proper programmatic oversight.
(2) Patients with BH conditions are more likely to overutilize the ED and may impact DSRIP's goal of reduction in avoidable ED use. CBOs can help mitigate this risk: Parachute NYC is an effective program that provides an alternative to the ED and inpatient admissions through peer-run respite centers and mobile crisis intervention. The program has been challenged by low use. It reaches the end of its funding on June 30, 2016. Discussions with MCOs regarding a payment mechanism to sustain the program are still in progress. To mitigate these risks, BPHC will work with NYCDOHMH, Riverdale Mental Health Association, and the Visiting Nurse Service of New York to develop an approach, negotiate with MCOs regarding program payments and "market" the program more intensively to ED physicians, psychiatrists, Health Homes (HH), and CBOs.
(3) Many of the targeted patients for this project are in need of social as well as medical services. However, many arrive at the ED during off-hours, limiting the time in which staff can connect patients with PCPs, urgent care centers, HHs and social service providers. In addition, ED providers often lack the knowledge and time to connect patients with social service agencies and Parachute NYC program. To mitigate these risks, BPHC will expand hours of CMO's ED Navigator program to 12-hour days with weekend hours to better account for individuals who arrive at the ED and need support services during off-hours. BPHC will train staff to provide warm hand-offs to social services the next business day as well as track referrals to completion. BPHC is also developing a web-based directory of CBO providers that will provide comprehensive information on the scope of social services provided across the PPS.
(4) IT challenges across providers present additional barriers to 2.b.iii and care coordination efforts. Many of the alternatives to the ED, including urgent care centers, Parachute NYC, PCPs, and CBOs do not have EMR data-sharing capabilities and are not connected to Bronx RHIO. Without these capabilities, patient information is not accessible at the point of care and cannot be shared electronically with patients' existing PCPs. BPHC will expand RHIO connectivity to more PPS providers and increase the use of RHIO alerts to inform PCPs of the patients' ED admission. BPHC will implement an electronic care management and referral management tool to be shared across BPHC providers. BPHC will support a communication plan to make ED and community-based staff aware of the value of the tool for patients through transitions from ED to other settings (SNF, HH, CBO, or other PPS provider).
(5) Another risk is the ability for ED navigators to identify patients' PCPs and make real-time appointments, especially if patients arrive in ED at off-hours. To mitigate this risk, PPS is investigating means of identifying patient PCPs using RHIO and use of open access scheduling to make appointments without having to call PCP offices.

IPQR Module 2.b.iii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks

IPQR Module 2.b.iii.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Establish ED care triage program for at-risk populations	DY3 Q4	Project	N/A	Completed	07/01/2015	03/31/2017	07/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Stand up program based on project requirements		Project		Completed	07/01/2015	03/31/2017	07/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Identify key stakeholders and initiate regular ED care triage task force meetings		Project		Completed	07/01/2015	12/31/2015	07/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Conduct preliminary site visits to participating EDs		Project		Completed	08/15/2015	12/31/2015	08/15/2015	12/31/2015	12/31/2015	DY1 Q3
Task Establish workflow triage model with input from task force and participating ED site-specific implementation teams		Project		Completed	08/15/2015	12/31/2015	08/15/2015	12/31/2015	12/31/2015	DY1 Q3
Task Draft job descriptions, staffing and recruitment plan, in consultation with the Workforce Subcommittee		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Identify a documentation platform for templates and tools developed for ED care triage		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop guidelines and assessment template/tool for use by Patient Navigator, including mechanisms to identify patients who are already engaged in HHs and those who are eligible for HHs		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop guidelines and assessment template/tool for assisting patient in selecting a PCP		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop guidelines and assessment template for scheduling follow-up PCP/BH provider/Other provider		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop guidelines and assessment template to be used in identifying patient's need for social supports and the process of referral to CBOs, with particular attention to the complex needs of patients with co-occurring disorders, homelessness and SUD		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4

SBH Health System (PPS ID:36)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Develop standard procedures for notifying and sharing information with PCP / HH care manager / other provider										
Task Develop standard procedures for referral to behavioral health support services for eligible patients, with particular attention to the complex needs of patients with co-occurring disorders, homelessness and SUD		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop specifications to generate alerts for patients to be targeted in ED care triage; specify criteria for intervention		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop training curriculum for Patient Navigators and ED staff using evidence-based care management principles and project specific procedures and tools		Project		Completed	01/01/2016	06/30/2016	01/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Finalize compilation of all documentation into a Clinical Operations Plan (COP) for ED Care Triage for At-Risk Populations		Project		Completed	03/01/2016	06/30/2016	03/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Finalize budget for ED Care Triage for At-Risk Populations		Project		Completed	03/01/2016	06/30/2016	03/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Submit elements of the COP to Quality and Care Innovation Sub-Committee (QCIS) for approval		Project		Completed	04/01/2016	08/31/2016	04/01/2016	08/31/2016	09/30/2016	DY2 Q2
Task Establish plan for data exchange and systems for documenting ED Care Triage activities across the PPS		Project		Completed	04/01/2016	08/31/2016	04/01/2016	08/31/2016	09/30/2016	DY2 Q2
Task Identify and catalogue available community resources, using the CNA as a starting point to create a Community Resources Database		Project		Completed	07/01/2015	12/31/2016	07/01/2015	12/31/2016	12/31/2016	DY2 Q3
Task Survey participating providers to identify gaps in services and identify additional potential community organization partners		Project		Completed	07/15/2015	03/31/2016	07/15/2015	03/31/2016	03/31/2016	DY1 Q4
Task Define processes for referral, and access to information among providers, and feedback processes to the practices electronically with interim manual processes as needed in conjunction with IT subcommittee		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Establish and document referral and follow-up procedures for the sites, with a mechanism for sites to audit adherence and report to		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
QCIS										
Task Identify community organizations for inclusion in the initial iteration of the Community Resource Database, sign agreements with with community based organizations and establish process to facilitate feedback to and from community organizations		Project		Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Perform regular checks of Community Resource Database to ensure data is up to date and accurate and to identify additional resources to consider including		Project		Completed	11/01/2016	03/31/2017	11/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Conduct periodic meetings/learning collaboratives with community organization partners to gather feedback and share best practices		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Establish the schedule and materials for periodic staff training on the warm transfer and referral tracking		Project		Completed	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Orient hospital staff and community-based partners on the project		Project		Completed	10/15/2015	03/31/2016	10/15/2015	03/31/2016	03/31/2016	DY1 Q4
Task Develop and implement registry reporting capabilities to track and intervene on patients to be targeted by ED care triage		Project		Completed	10/01/2015	12/31/2016	10/01/2015	12/31/2016	12/31/2016	DY2 Q3
Task Recruit and hire Patient Navigators		Project		Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Train Patient Navigators, their supervisors, and ED staff using the curriculum developed including use of Community Resource Database, with particular attention to the complex needs of patients with co-occurring disorders, homelessness and SUD		Project		Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Milestone #2 Participating EDs will establish partnerships to community primary care providers with an emphasis on those that are PCMHs and have open access scheduling. a. Achieve NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3. b. Develop process and procedures to establish connectivity between the emergency department and community primary care providers. c. Ensure real time notification to a Health Home care manager as applicable	DY3 Q4	Project	N/A	Completed	06/30/2015	03/31/2018	06/30/2015	03/31/2018	03/31/2018	DY3 Q4

SBH Health System (PPS ID:36)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Task Track status and manage support to ensure that all PPS safety net providers are actively sharing health information through Bronx RHIO/ENS/alternative health information exchange		Project		Completed	03/01/2016	03/31/2018	03/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task Monitor the use of ENS for communications related to ED Care Triage		Project		Completed	03/01/2016	03/31/2018	03/01/2016	03/31/2018	03/31/2018	DY3 Q4
Task Monitor practice transformation sustainability after receiving 2014 NCQA level 3 PCMH certification, and provide support as needed.		Project		Completed	01/01/2016	03/31/2018	01/01/2016	03/31/2018	03/31/2018	DY3 Q4
Milestone #3 For patients presenting with minor illnesses who do not have a primary care provider: a. Patient navigators will assist the presenting patient to receive an immediate appointment with a primary care provider, after required medical screening examination, to validate a non-emergency need. b. Patient navigator will assist the patient with identifying and accessing needed community support resources. c. Patient navigator will assist the member in receiving a timely appointment with that provider's office (for patients with a primary care provider).	DY3 Q4	Project	N/A	Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task A defined process for triage of patients from patient navigators to non-emergency PCP and needed community support resources is in place.		Project		Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Implement ED care triage protocols, as outlined in Milestone 1		Project		Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Provide technical assistance to site-specific implementation teams		Project		Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Monitor the speed with which patients receive an appointment with PCP/specialist/BH. Troubleshoot with PCPs/others as necessary		Project		Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Patient Navigation Team conducts telephonic follow-up with patient and PCP/HH/behavioral health/appropriate specilaty service/CBO/other support service to ensure access to care, community support resources and to track appointment		Project		Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
completion.										
Task Modify Clinical Operations Plan procedures to reflect lessons learned, in conjunction with task force		Project		Completed	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone #4 Established protocols allowing ED and first responders - under supervision of the ED practitioners - to transport patients with non-acute disorders to alternate care sites including the PCMH to receive more appropriate level of care. (This requirement is optional.)	DY2 Q4	Project	N/A	Completed	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task PPS has protocols and operations in place to transport non-acute patients to appropriate care site. (Optional).		Provider	Safety Net Hospital	Completed	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Providers Associated with Completion: Montefiore Medical Ctr Ai; St Barnabas Hospital										
Milestone #5 Use EHRs and other technical platforms to track all patients engaged in the project.	DY2 Q4	Project	N/A	Completed	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task PPS identifies targeted patients and is able to track actively engaged patients for project milestone reporting.		Project		Completed	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Perform gap analysis and identify priories to achieving integration of patient record.		Project		Completed	04/01/2015	01/01/2016	04/01/2015	01/01/2016	03/31/2016	DY1 Q4
Task Define business requirements and data elements for patient registry to stratify and track all patients engaged in this project.		Project		Completed	04/01/2015	01/01/2016	04/01/2015	01/01/2016	03/31/2016	DY1 Q4
Task Recommend registry business requirements and data elements to governance committees for review and approval (Quality and Care Innovation Subcommittee, Information Technology Subcommittee and Executive Committee)		Project		Completed	04/01/2015	01/01/2016	04/01/2015	01/01/2016	03/31/2016	DY1 Q4
Task Engage IT Subcommittee to identify technology and resource requirements for registry, including technical platform for hosting registry.		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Create budget to build registry and acquire necessary resources		Project		Completed	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Assess and acquire or contract for care coordination		Project		Completed	04/01/2016	12/31/2016	04/01/2016	12/31/2016	12/31/2016	DY2 Q3

SBH Health System (PPS ID:36)

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
access scheduling. a. Achieve NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3. b. Develop process and procedures to establish connectivity between the emergency department and community primary care providers. c. Ensure real time notification to a Health Home care manager as applicable	
For patients presenting with minor illnesses who do not have a primary care provider: a. Patient navigators will assist the presenting patient to receive an immediate appointment with a primary care provider, after required medical screening examination, to validate a non-emergency need. b. Patient navigator will assist the patient with identifying and accessing needed community support resources. c. Patient navigator will assist the member in receiving a timely appointment with that provider's office (for patients with a primary care provider).	
Established protocols allowing ED and first responders - under supervision of the ED practitioners - to transport patients with non-acute disorders to alternate care sites including the PCMH to receive more appropriate level of care. (This requirement is optional.)	
Use EHRs and other technical platforms to track all patients engaged in the project.

Project 2.b.iv – Care transitions intervention model to reduce 30 day readmissions for chronic health conditions

IPQR Module 2.b.iv.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) There is often inadequate coordination and communication between hospital-based teams, outpatient care managers (CM), PCPs, SNFs, and home-health care agencies that are key to effective hand-offs among providers. In addition, hospital staff does not always recognize the value of CBOs in managing Care Transitions (CT). To mitigate these risks, Clinical Coordinators (CTCCs), post-discharge care coordinators (PDCCs) and outpatient CMs will have access to an electronic care and referral management tool that can be shared across all BPHC providers. BPHC will assure that partners across multiple settings can use this tool to find and refer to various services needed during transitions of care. Sharing transitional care plans (TCP) through BxRHIO will be instrumental to CT hand offs, as will telephonic follow up to fill gaps and close-loop referral. BPHC will develop training to address cultural competency, language barriers, and detail elements of CT model and roles of each CT team member, including hospital-based staff, outpatient CMs, and CBOs providing social services, with particular attention to warm handoffs, coordination and communication across roles and settings.
(2) Unstable housing and Behavioral Health (BH) diagnoses including substance use disorder (SUD) may impact readmissions; CBO partners will be engaged to assist in mitigating these risks. To prevent readmissions among SMI patients who are at risk for homelessness, BPHC will fund Health Homes (HH) to provide Critical Time Interventions, an evidence-based, time-limited CT program. In efforts to prevent readmissions and overutilization of the ED among patients with BH diagnoses, SBH Health System (SBH) has partnered with two CBOs through the Medicaid Accelerated eXchange (MAX) Series. BronxWorks and Bronx Crisis Respite Center, CBOs who provide homeless services and crisis respite services respectively, have started to engage SBH BH patients. ED and readmission rates among BH patients have dropped over the six months since the CBO partnerships began. Efforts will be made to expand these CBO partnerships to all BPHC facilities and to develop the CTI program to compliment these services.
(3) Recruiting and hiring CT staff, particularly Spanish-speaking staff, presents a challenge to readmission reduction efforts. Hospitals may also experience unexpected delays in hiring due to issues with the unions. BPHC is working with local community colleges, CBOs, 1199 Training and Education Fund and NYSNA to help recruit and train care management staff, offer competitive salaries, flexible hours, and job sharing, as feasible, to improve recruitment and retention.
(4) Existing policies and procedures for early notification of planned discharges differ among hospitals. Notification of HH CMs when patients are being discharged varies, particularly if patients are discharged earlier than expected or from a hospital not subscribed to RHIO alerts. BPHC will require hospitals and PCPs to have RHIO connectivity, to use alerts, and to establish protocols requiring timely notification of discharges to HH CMs. TCPs will be shared with PCPs and HH CMs through RHIO alerts and telephone calls. HHs will be provided with one point of contact in the hospital so that CMs can easily receive relevant updates from the hospital-CT team.

IPQR Module 2.b.iv.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Develop standardized protocols for a Care Transitions Intervention Model with all participating hospitals, partnering with a home care service or other appropriate community agency.	
Engage with the Medicaid Managed Care Organizations and Health Homes to develop transition of care protocols that will ensure appropriate post-discharge protocols are followed.	
Ensure required social services participate in the project.	
Transition of care protocols will include early notification of planned discharges and the ability of the transition care manager to visit the patient in the hospital to develop the transition of care services.	
Protocols will include care record transitions with timely updates provided to the members' providers, particularly primary care provider.	
Ensure that a 30-day transition of care period is established.	
Use EHRs and other technical platforms to track all patients engaged in the project.

IPQR Module 2.b.iv.5 - IA Monitoring

Instructions :

Project 3.a.i – Integration of primary care and behavioral health services

IPQR Module 3.a.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

This project marks a significant cultural shift in how care is delivered to and experienced by patients. Lack of provider buy-in is a risk for successful implementation. To mitigate this risk, BPHC will: (a) provide project-specific training and technical assistance (TA) on the IMPACT model processes and protocols to primary care providers (PCPs) and their care teams through an experienced training consultant over a 6-month training period. Training and TA will assess and provide guidance on building an effective care team. In addition, the training and TA will place an emphasis on providing culturally competent care for depression, including an understanding of cultural barriers to care and health literacy and stigma among the patient population; (b) provide technical assistance for those organizations seeking to introduce primary care (PC) into behavioral health (BH) sites or BH into PC sites. BPHC will connect organizations implementing co-location with peers that have successfully co-located PC and BH. BPHC will also seek ways to incentivize physician participation, e.g., offering access to tools for population health management, including registries and care coordination. TA will include an emphasis on providing culturally competent care for BH issues.
Regulatory and reimbursement barriers currently in place discourage effective integration of PC and BH through co-location due to cost, paperwork, and length of approval process. To mitigate this risk, BPHC requested and received the following waivers from the State: Article 28 facilities may provide mental health or substance abuse services provided those services comprise no more than 49% of a facility's annual visits and the facility complies with various provisions of the new integrated services regulations; Articles 31 and 32 facilities may provide physical health services provided those services comprise no more than 49% of a facility's annual visits and the facility complies with various provisions of the new integrated services regulations.
Article 28 and Article 32 facilities may treat their patients in the home, but there is no system yet for reimbursement for such visits. SDOH, OMH, and OASAS have yet to grant any waivers that would allow two different providers licensed by different agencies to share space, e.g., a common waiting room used by an Article 28 and Article 31 facility. To mitigate this risk, BPHC will continue to advocate to the State for these waivers to ensure project goals and milestones are met.
The shortage of psychiatrists in our PPS, as noted by our CNA, poses a sizable risk to the success of this project. BPHC will mitigate this risk by exploring the use of tele-psychiatry to increase BPHC's psychiatric capacity as implementation begins. Staff recruitment efforts will focus on identifying additional psychiatrists, and we will also launch a recruitment program targeted towards attracting and retaining nurses, licensed clinical social workers (LCSWs), psychologists, and psychiatric NPs and physician assistants (PAs) to perform the roles of therapist and depression care managers at participating sites. We will also consider recruiting for licensed master social workers (LMSWs) with the expectation that they pass the LCSW exam within a year of hire, and contract with 1199 Training and Employment Funds to provide training. BPHC will also reach out to other PPSs in the region to collaborate on workforce issues that may impact recruitment strategies, including compensation.

IPQR Module 3.a.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3.	
Develop collaborative evidence-based standards of care including medication management and care engagement process.	
Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Co-locate primary care services at behavioral health sites.	
Develop collaborative evidence-based standards of care including medication management and care engagement process.	
Conduct preventive care screenings, including physical and behavioral health screenings.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Implement IMPACT Model at Primary Care Sites.	
Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.	
Employ a trained Depression Care Manager meeting requirements of the IMPACT model.	
Designate a Psychiatrist meeting requirements of the IMPACT Model.	
Measure outcomes as required in the IMPACT Model.	
Provide "stepped care" as required by the IMPACT Model.	
Use EHRs or other technical platforms to track all patients engaged in this project.

IPQR Module 3.a.i.5 - IA Monitoring

Instructions :

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project 3.b.i – Evidence-based strategies for disease management in high risk/affected populations (adult only)

IPQR Module 3.b.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) Some primary care physicians (PCPs) may resist the imposition of standard treatment protocols and new workflows. To mitigate this risk, our disease management work groups bring PCPs and other project participants together to review and develop consensus on evidence-based (EB) guidelines and workflows for each disease-specific intervention. Members have recommended these EB protocols to the PPS Quality & Care Innovation Subcommittee and the Executive Committee for approval to deploy across the PPS. Implementation of these protocols is part of contractual agreements between partners and the PPS. BPHC is allocating the necessary resources to provide online and in-person training, support and follow-up with PCPs and other care team members at times that accommodate their clinical schedules to encourage adoption of program elements.

(2) Not all physicians and other PCMH care team members currently document self-management goals (SMG) in the medical record in a way that is conducive to demonstrating completion for reporting purposes. The CSO is working closely with providers to provide them with the necessary IT support to ensure such documentation is possible. We are also working with the Bronx RHIO to collect this data from all partners. This will allow the Bronx RHIO to create tool which will allow the monitoring of this requirement in close to real-time for reporting purposes and allow the CSO to address challenges quickly.

(3) It will be challenging to recruit and train sufficient care management staff to serve the needs of the Bronx population. Recruiting Spanish-speaking care management staff will be a particular risk. BPHC's workforce strategy mitigates this risk through work with community colleges and coordination with the 1199 Training and Education Fund, Montefiore CMO, and NYSNA. BPHC recently committed to funding a recruiter to support its partners with its workforce recruiting goals, including for care management staff.

(4) Attaining PCMH 2014 Level 3 recognition is difficult and resource-intensive, particularly for smaller primary care practices. The CSO is providing technical and financial assistance, including IT support and training, to primary care practices as they work to attain the recognition. BPHC has been recognized by NYS for its approach to PCMH support of its network – further discussion of this approach can be found in the narrative for project 2.a.i.

(5) Medication adherence is a chronic problem for individuals with CVD. Organizations that could be instrumental in helping patients with medication adherence such as home care agencies and MCOs are handicapped by policies and/or regulations. To mitigate these risks, BPHC formed and began convening a Pharmacy Workgroup. The kickoff was held on February 25th and included representatives from 7 of the 10 BPHC pharmacies. This workgroup is brainstorming strategies to support medication adherence of BPHC patients, and is exploring best practices of its workgroup members – including opt-in care management services provided by pharmacies, whereby patients will be alerted by the pharmacy in the event of a missed prescription refill and may elect to have the pharmacy contact the prescribing physician to resolve medication prescription issues.

(6) Providers may not implement EHR systems that meet MU and PCMH 2014 Level 3 standards, interoperability challenges may present and/or

providers may resist participating in the IDS. BPHC used gap analyses to develop a program to monitor and deploy assistance to providers at risk, support practices by deploying internal community, external consulting resources and provide customized technical assistance, coaching, and training modules. Two team members have recently joined the BPHC CSO team to specifically focus on MU.

IPQR Module 3.b.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY3,Q4	21,560

IPQR Module 3.b.i.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.	DY3 Q4	Project	N/A	Completed	04/01/2015	03/31/2018	04/01/2015	03/31/2018	03/31/2018	DY3 Q4

Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.	
Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3.	
Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).	
Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.	
Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.	
Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment.	
Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.	
Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit.	
Prescribe once-daily regimens or fixed-dose combination pills when appropriate.	
Document patient driven self-management goals in the medical record and review with patients at each visit.	
Follow up with referrals to community based programs to document participation and behavioral and health status changes.	
Develop and implement protocols for home blood pressure monitoring with follow up support.	
Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit.	
Facilitate referrals to NYS Smoker's Quitline.

Project 3.c.i – Evidence-based strategies for disease management in high risk/affected populations (adults only)

IPQR Module 3.c.i.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) Some primary care physicians (PCPs) may resist the imposition of standard treatment protocols and new workflows. To mitigate this risk, our disease management work groups bring PCPs and other project participants together to review and develop a consensus on evidence-based (EB) guidelines and workflows for each disease-specific intervention. Members recommend these EB protocols to the PPS Quality & Care Innovation Subcommittee and the Executive Committee for approval to deploy across the PPS. Implementation of these protocols is part of contractual agreements between partners and the PPS. BPHC is allocating the necessary resources to provide online and in-person training, support and follow up with physicians and other care team members at times that accommodate their clinical schedules to encourage adoption of program elements.

(2) It will be challenging to recruit and train sufficient care management staff to serve the needs of the Bronx population. Recruiting Spanish-speaking care management staff will be a particular risk. BPHC's workforce strategy mitigates this risk, through work with community colleges and coordination with the 1199 Training & Education Fund, Montefiore CMO, and NYSNA to identify capable workers and provide training in Spanish when needed. BPHC is also using alternative employment tactics, such as flexible hours and job sharing where feasible, to attract a broader pool of workers. BPHC recently committed to funding a recruiter to support its partners with its workforce recruiting goals, including for care management staff.

(3) Medication adherence is a chronic problem for individuals with diabetes. Organizations that could be instrumental in helping patients with medication adherence, such as home care agencies and MCOs are handicapped by policies and/or regulations. To mitigate these risks, BPHC is working with MCOs to institute policy changes that will promote medication adherence. Additionally, this year, BPHC formed and began convening a Pharmacy Workgroup. The kickoff was held on February 25th and included representatives from 7 of the 10 BPHC pharmacies. This workgroup is brainstorming strategies to support medication adherence of BPHC patients, and is exploring best practices of its workgroup members – including opt-in care management services provided by pharmacies, whereby patients will be alerted by the pharmacy in the event of a missed prescription refill and may elect to have the pharmacy contact the prescribing physician to resolve medication prescription issues.

(4) Enhancing patient self-management and self-efficacy is anticipated to be a particular risk to the project's success. It is challenging to effectively motivate and engage chronically ill patients over the long term to embrace changes in behavior and self-manage their condition. Many patients do not appreciate the effects of uncontrolled diabetes, risks that are compounded in the Bronx population by low health literacy and educational attainment. These challenges are exacerbated by the complex, multi-organ nature of diabetes, requiring an interdisciplinary treatment approach. Among its mitigation tactics, BPHC is implementing the Stanford Model across the PPS to address this risk. BPHC has contracted with Health People, a CBO that is a certified Stanford Model trainer.

(5) Providers may not implement EHR systems that meet MU and PCMH 2014 Level 3 standards, interoperability challenges may present and/or providers may resist participating in the IDS. BPHC is using gap analyses to develop a program to monitor and deploy assistance to providers at risk, support practices by deploying internal community, external consulting resources and provide customized technical assistance, coaching, and

training modules. Two team members have recently joined the BPHC CSO team to specifically focus on MU.

IPQR Module 3.c.i.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Benchmarks	
Actively Engaged Speed	**Actively Engaged Scale**
DY2,Q4	18,060

	Year,Quarter	DY4,Q1	DY4,Q2	DY4,Q3	DY4,Q4
PPS Reported	Baseline Commitment	4,515	9,030	13,545	18,060
	Quarterly Update	0	0	0	0
	Percent(%) of Commitment	0.00%	0.00%	0.00%	0.00%
IA Approved	Quarterly Update	0	0	0	0
	Percent(%) of Commitment	0.00%	0.00%	0.00%	0.00%

IPQR Module 3.c.i.3 - Prescribed Milestones

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Implement evidence-based best practices for disease management, specific to diabetes, in community and ambulatory care settings.	DY3 Q4	Project	N/A	Completed	04/01/2015	06/30/2017	04/01/2015	06/30/2017	06/30/2017	DY3 Q1
Task Evidence-based strategies for the management and control of diabetes in the PPS designated area are developed and implemented for all participating providers. Protocols for disease management are developed and training of staff is completed.		Project		Completed	06/30/2015	06/30/2017	06/30/2015	06/30/2017	06/30/2017	DY3 Q1
Task Create a Transitional Work Group (CVD/Diabetes TWG) comprised of representatives from partner organizations to support development of and approve elements of the COP		Project		Completed	04/01/2015	06/01/2015	04/01/2015	06/01/2015	06/30/2015	DY1 Q1
Task Identify DSRIP project requirements which are related to PCMH elements and incorporate into PCMH strategy and project planning documents		Project		Completed	05/15/2015	09/30/2015	05/15/2015	09/30/2015	09/30/2015	DY1 Q2
Task Identify relevant evidence-based guidelines for diabetes		Project		Completed	05/04/2015	09/30/2015	05/04/2015	09/30/2015	09/30/2015	DY1 Q2
Task Identify partner organizations participating in project (sites and CBOs)		Project		Completed	04/01/2015	11/01/2015	04/01/2015	11/01/2015	12/31/2015	DY1 Q3
Task Develop a workplan and timeline to develop the clinical operations plan (COPs) and implement a strategy for the diabetes population that aligns with the patient engagement speed and scale application submission		Project		Completed	04/01/2015	10/31/2015	04/01/2015	10/31/2015	12/31/2015	DY1 Q3
Task Develop the COP to define the program elements, define the required and suggested components of those elements, and identify relevant resources to achieve them. Elements include health information exchange and technology requirements, and evidence-based guidelines and high-value treatment protocols		Project		Completed	05/04/2015	10/31/2015	05/04/2015	10/31/2015	12/31/2015	DY1 Q3
Task		Project		Completed	08/01/2015	12/31/2015	08/01/2015	12/31/2015	12/31/2015	DY1 Q3

Prescribed Milestones Narrative Text

Milestone Name	Narrative Text
Implement evidence-based best practices for disease management, specific to diabetes, in community and ambulatory care settings.	
Engage at least 80% of primary care providers within the PPS in the implementation of disease management evidence-based best practices.	
Develop care coordination teams (including diabetes educators, nursing staff, behavioral health providers, pharmacy, community health workers, and Health Home care managers) to improve health literacy, patient self-efficacy, and patient self-management.	
Develop "hot spotting" strategies, in concert with Health Homes, to implement programs such as the Stanford Model for chronic diseases in high risk neighborhoods.	
Ensure coordination with the Medicaid Managed Care organizations serving the target population.	
Use EHRs or other technical platforms to track all patients engaged in this project.	
Meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3 for EHR systems used by participating safety net providers.

Project 3.d.ii – Expansion of asthma home-based self-management program

IPQR Module 3.d.ii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) BPHC may be unable to significantly impact the number of asthma-related ED visits if parents and caregivers are unaware of symptoms that can lead to exacerbations and may not act fast enough to prevent an incident resulting in an ED visit. To mitigate this risk, community health workers (CHWs) from a.i.r. nyc will emphasize the importance of consistent medication use to control asthma and will demonstrate use of medication delivery devices during home visits.

(2) This project is heavily reliant on CHWs being able to conduct home visits to inspect homes and engage and educate the target population. The experience of our primary vendor for this project, a.i.r nyc, indicates that 50% of affected individuals that they reach out to do not initially accept a home visit. Trust building will require time, persistence, and tactics that are culturally sensitive and address the specific concerns of each family. To tackle this challenge, a.i.r nyc recruits CHWs from the geographic and ethnic communities to be served. CHW training focuses on building client trust, cultural competency, and positive impact of persistence as key to overcoming patients' fears. Additionally, we plan to "market" a.i.r. nyc services and to elevate their "brand" as a trusted partner to physicians, schools, and community organizations that have earned a high degree of community trust. As part of establishing this link, a.i.r. nyc has conducted an orientation on its services for sites identified as key referral sources to the project. A tactic includes incorporating logos of trusted PPS partners, possibly including CBOs, on outreach and educational materials disseminated to patients. We are also including an article about a.i.r. nyc in the July issue of a patient-targeted health magazine distributed by SBH which reaches 6500 households.

(3) Another challenge this project will face is integrating referrals to our home-based asthma program into two critical asthma patient contact points: hospital emergency departments (EDs) and discharge planning (DP) units. To address this, BPHC has included training on the home-based asthma program for staff involved in the ED Care Triage and 30-day Care Transitions programs. This includes a clinician orientation, to educate ED and DP staff on the goals, strategies, tactics and proven value of the intervention, and workflows for referring patients to a.i.r. nyc. We have included these sites in our project planning for the project and have an initial roll-out meeting schedule with stakeholders from ED and Care Transitions in June.

(4) We may face the challenge of demand for services outpacing capacity for this project, but we have established a monthly reporting schedule to monitor referrals and capacity to mitigate this risk.

(5) Most providers do not have asthma registries or electronic care plan tools and some do not participate in the RHIO to permit information sharing across providers. BPHC's CSO is addressing these issues by adding new IT capabilities, including a care planning and management platform and patient registries, and promoting RHIO participation. Until we have a fully running care coordination system, we are working with PPS partners and a.i.r. nyc to find mutually convenient interim solutions for referrals management, including a single-referral webform and a multiple-referral option through partners' EHRs.

(6) Lifestyle choices could pose a challenge to patient compliance (e.g., passive smoking, environmental factors acting as asthma triggers such as

pests, molds, etc.). Mitigation will include CHWs referring patients and families to needed services, including the Quitline and integrated pest management (IPM) services. Smoking cessation is also an important component of our CVD program.

SBH Health System (PPS ID:36)

IPQR Module 3.d.ii.2 - Patient Engagement Speed

Instructions :

Enter the number of patients actively engaged through the current quarter. The number entered into the "Quarterly Update" area needs to reflect the cumulative method of counting within a DSRIP year. For example, the number reported in this field for Q4 should include patients previously reported in Q3 plus new patients engaged in Q4. Any explanations regarding altered or missed patient commitments must be included within the narrative box, not as text within uploaded documentation.

Instructions :

Please provide updates to baseline reporting on status, target dates, and work breakdown tasks for prescribed milestones. For milestones that are due and completed within the reporting period, documentation is required to provide evidence of project requirement achievement. Any explanations regarding altered or missed provider commitments should be included within the narrative box, not as text within uploaded documentation.

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Milestone #1 Expand asthma home-based self-management program to include home environmental trigger reduction, self-monitoring, medication use, and medical follow-up.	DY3 Q2	Project	N/A	Completed	04/01/2015	06/30/2017	04/01/2015	06/30/2017	06/30/2017	DY3 Q1
Task PPS has developed a strategy for the collaboration of community medical and social services providers to assess a patient's home and provide self-management education for the appropriate control of asthma.		Project		Completed	04/01/2015	06/30/2017	04/01/2015	06/30/2017	06/30/2017	DY3 Q1
Task Contract with a.i.r. nyc to provide home-based services for clients/families with asthma to develop and disseminate patient education materials and create rosters demonstrating that patients have received home-based interventions.		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Contract with a.i.r. nyc to perform home environment assessment for environmental factors acting as asthma triggers, e.g., pests, molds, etc.		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Identify key stakeholders and subject matter experts (SMEs) among PPS members and convene representative individuals to establish work group to develop Clinical Operations Plan (COP) for participating members to use as project implementation manual.		Project		Completed	04/01/2015	06/01/2015	04/01/2015	06/01/2015	06/30/2015	DY1 Q1
Task Develop workplan and time line to develop COP.		Project		Completed	06/01/2015	08/03/2015	06/01/2015	08/03/2015	09/30/2015	DY1 Q2
Task Develop comprehensive provider/participant engagement, education and communication plan to engage community medical and social services providers in the project and establish productive collaborative relationships and linkages among them.		Project		Completed	06/01/2015	09/30/2015	06/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Develop and finalize Asthma Action Plan form		Project		Completed	06/01/2015	09/30/2015	06/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task		Project		Completed	10/01/2015	03/31/2016	10/01/2015	03/31/2016	03/31/2016	DY1 Q4

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project Requirements (Milestone/Task Name)	Prescribed Due Date	Reporting Level	Provider Type	Status	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Develop systems to populate Asthma Actions Plans for dissemination to patients and PCPs.										
Task Identify and establish relationship(s) with legal services in the community that provide pro bono legal services for community members, including dealing with landlords who fail to address/mitigate building environment factors that are known triggers of asthma problems		Project		Completed	01/01/2016	03/31/2016	01/01/2016	03/31/2016	03/31/2016	DY1 Q4
Task Identify PPS members who will participate in project.		Project		Completed	06/01/2015	12/31/2015	06/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Use Master Services Agreement (MSA) to contract with PPS members who participate in the project and receive DSRIP funds		Project		Completed	08/01/2015	12/31/2015	08/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Define target population.		Project		Completed	06/01/2015	09/30/2015	06/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Identify Site-Specific Implementation Teams to facilitate referrals to a.i.r. nyc and coordinate Asthma Action Plan and report distribution to care teams.		Project		Completed	10/01/2015	09/30/2016	10/01/2015	09/30/2016	09/30/2016	DY2 Q2
Task Develop methodology evaluation, feedback and Continuous Quality Improvement (CQI) for Site-Specific Implementation Teams.		Project		Completed	01/01/2016	12/31/2016	01/01/2016	12/31/2016	12/31/2016	DY2 Q3
Milestone #2 Establish procedures to provide, coordinate, or link the client to resources for evidence-based trigger reduction interventions. Specifically, change the patient's indoor environment to reduce exposure to asthma triggers such as pests, mold, and second hand smoke.	DY2 Q4	Project	N/A	Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task PPS has developed intervention protocols and identified resources in the community to assist patients with needed evidence-based trigger reduction interventions.		Project		Completed	10/01/2015	03/31/2017	10/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Identify integrated pest management (IPM) vendors who provide services in the Bronx.		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Develop policies, procedures and workflows for engaging IPM vendors when needed, including responsible resources at each stage of the workflow.		Project		Completed	10/01/2015	09/30/2016	10/01/2015	09/30/2016	09/30/2016	DY2 Q2
Task		Project		Completed	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3

Expand asthma home-based self-management program to include home environmental trigger reduction, self-monitoring, medication use, and medical follow-up.	
Establish procedures to provide, coordinate, or link the client to resources for evidence-based trigger reduction interventions. Specifically, change the patient's indoor environment to reduce exposure to asthma triggers such as pests, mold, and second hand smoke.	
Develop and implement evidence-based asthma management guidelines.	
Implement training and asthma self-management education services, including basic facts about asthma, proper medication use, identification and avoidance of environmental exposures that worsen asthma, self-monitoring of asthma symptoms and asthma control, and using written asthma action plans.	
Ensure coordinated care for asthma patients includes social services and support.	
Implement periodic follow-up services, particularly after ED or hospital visit occurs, to provide patients with root cause analysis of what happened and how to avoid future events.	
Ensure communication, coordination, and continuity of care with Medicaid Managed Care plans, Health Home care managers, primary care providers, and specialty providers.	
Use EHRs or other technical platforms to track all patients engaged in this project.

IPQR Module 3.d.ii.5 - IA Monitoring

Instructions :

Project 4.a.iii – Strengthen Mental Health and Substance Abuse Infrastructure across Systems

IPQR Module 4.a.iii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

(1) The primary risk associated with this project is that substance use disorder and mental health services are siloed. To mitigate this risk, BPHC and its MHSA Collaborative Workgroup PPS partners – Community Care of Brooklyn, OneCity Health, and Bronx Health Access – will include content experts from both sectors to de-silo the services and offer a cohesive program to the participating schools. The Jewish Board will also participate in mitigating this risk, as the lead agency, as they are a local expert in this field.
(2) If the lead agency, in collaboration with the PPSs, lacks the ability to evaluate the MHSA interventions by diversifying the program too much without requiring the "core" program being implemented consistently through all participating schools, identifying where MHSA's interventions succeeded or failed will be difficult. To mitigate this risk, the PPSs have begun driving the conversation about the program, insisting that there be at least one "core" element that will be standardized across all the schools for evaluation purposes.
(3) Another possible risk is that school-based staff will be disengaged, based on their own biases or misunderstanding of MHSA-related diseases, or fears of being held responsible for individual student outcomes related to MHSA issues. To mitigate this risk, partnerships with teachers and school staff will be established at the ground level. Staff trainings will address issues like bias and stigma and will educate staff on the nature of MHSA conditions. The PPSs will also train school-based staff on when to refer students with potentially more serious problems to available referral channels and help to ensure warm handoffs to appropriate community-based MHSA services.
(4) Another possible risk is that the other PPSs may not sustain a high level of commitment towards the project over the demonstration period. To mitigate this risk, the PPSs have signed a contract with The Jewish Board that commits every stakeholder to engage in the MHSA Collaborative Workgroup over the entire demonstration period to spearhead programming. To date the Workgroup has had a high level of attendance and participation across all the PPS's, the lead agency, and specifically with participation by BPHC staff.

Project 4.c.ii – Increase early access to, and retention in, HIV care

IPQR Module 4.c.ii.1 - Major Risks to Implementation and Mitigation Strategies

Instructions :

Please describe what the major risks are for this project, as well as the actions you plan to take to mitigate them.

HIV patients have a high prevalence of substance use disorder, homelessness, chronic trauma, behavioral health diagnoses and other chronic co-morbid conditions. Moreover, HIV disproportionately impacts ethnic/racial and gender minorities who often face stigma both in their communities and by providers. As a result, they may have to travel far from their community to receive culturally responsive care, which is not always feasible. To mitigate this risk, we plan to work closely with BPHC partners to identify HIV-positive individuals wherever they currently access services. We will ensure that partners have information about how to link these patients to appropriate care, not only for HIV services but to manage other conditions as well. We will also develop and provide training in cultural competency for providers and support staff, to expand the number of welcoming care delivery sites for HIV-positive individuals. The demographics of the populations most in need of linkages to HIV services may change over time. To mitigate this risk, we intend to continue working with the Domain 4 HIV Collaborative Workgroup, formed by the PPSs during the planning phase. Another risk is PPSs working in silos, which will potentially create a duplication of efforts and confusion for downstream providers. To mitigate this risk, the cross-PPS HIV Workgroup will continue collaborating to ensure that the PPSs effectively share knowledge, experience, and perspectives, avoid service duplication, and improve project design and implementation. This will entail building collaborations between healthcare and supportive service providers as well as providers offering the same services. For example, there are a number of community-based organizations that are instrumental in HIV care, but silos often lead to ineffective working relationships, lack of care coordination, and gaps in care. We will meet with all BPHC partners providing HIV services to get a better sense of current HIV work happening across the PPS. We will also continue to meet with providers, colleagues and stakeholders to ensure that we remain coordinated, sharing challenges and best practices across all providers in order to promote a standard for HIV-providers across the city. Our greatest risk is meeting the needs of this project with limited funding. Many providers have reported that they need additional staff to deliver better care and, although the PPS has funded the largest seven primary care organization partners to build up technical platforms and hire staff, these monies may not directly impact the HIV providers at this time, in particular the original plan indicated embedding Credentialed Alcoholism and Substance Abuse Counselors (CASAC) at care delivery sites, and also providing peer supports. Neither of these roles were explicitly included in the Request for Information (RFI), which was used to determine disbursement of funds to PPS partners Building buy-in among providers of HIV care has been a challenge, as a result of many identifying funding for staff as a significant challenge. To mitigate this risk, we intend to establish peer support programs, particularly in ethnic/racial minority communities, as peers are often more effective in helping patients overcome cultural barriers to care. We will work in collaboration with Health People to ensure any education campaigns directed at community-based HIV awareness, testing, and treatment are evidence-based and relevant to the population. To assess the scope of need for CASACs in care delivery settings, we will work with our clinical and community providers to identify partnership opportunities that can improve access to CASACs in care delivery settings. BPHC will explore how to leverage existing or external resources to improve access to treatment for drug and alcohol abuse among HIV positive individuals.

Task Define program elements	Completed	Develop the implementation plan to define the program elements, define the required and suggested components of those elements, and identify relevant resources to achieve them. Elements include health information exchange and technology requirements, and evidence-based guidelines and high-value treatment protocols	09/01/2015	06/30/2016	09/01/2015	06/30/2016	06/30/2016	DY2 Q1
Task Create a rapid deployment collaborative	Completed	The rapid deployment collaborative, or implementation workgroup, will be comprised of representatives from partner organizations to support implementation of the implementation plan.	02/01/2016	03/31/2017	02/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Develop and implement plans for CQI	Completed	Develop feedback mechansims for accountability and continuous quality improvement and implement in appropriate settings	01/01/2016	03/31/2017	01/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Regular review of evidence-based guidelines	Completed	Develop mechanisms for regular review of project-selected evidence-based guidelines to assure our PPS is utilizing the most up-to-date tools and that those updated guidelines/protocols continue to be clinically integrated across the PPS.	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone Participate in a NYC cross-PPS Collaborative	In Progress	Due to the collaborative nature of the HIV interventions, 7 NYC PPSs have convened and aligned sectors of focus for their projects and will continue to collaborate throughout implementation.	04/01/2015	03/31/2020	04/01/2015	03/31/2020	03/31/2020	DY5 Q4
Task Identify cross-PPS convener	Completed	Participate in contract negotiations with DOHMH to house the cross-PPS collaborative	08/01/2015	09/30/2015	08/01/2015	09/30/2015	09/30/2015	DY1 Q2
Task Convener contract Development	Completed	Participate in drafting shared contract with DOHMH	09/01/2015	12/31/2015	09/01/2015	12/31/2015	12/31/2015	DY1 Q3

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Collaborative								
Milestone Develop adherence protocol and staffing plans	Completed	Engage with HHs and CM agencies to develop plans for PHM to improve retention in care and medication adherence to support VLS	09/01/2015	03/31/2017	09/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Develop workplan for Retention to Care Unit	Completed	Retention to Care Unit will be comprised of Care Managers and peer workers to reach clients who have not achieved VLS, to supplement the care coordination that HHs and their partnering CM agencies are doing.	09/01/2015	06/30/2016	09/01/2015	06/30/2016	06/30/2016	DY2 Q1
Task Review and develop protocols for evidence-based guidelines	Completed	Engage HHs and CM agencies in HIV workgroup (from milestone 1) to review evidence-based guidelines and develop protocols	09/01/2015	03/31/2016	09/01/2015	03/31/2016	03/31/2016	DY1 Q4
Task Establish partnerships	Completed	Establish partnerships with and participation of needed social service agencies and community resources that cover issues such as housing, substance abuse, Mental, Emotional and Behavioral health (MEBH), domestic violence, food access, etc.	02/01/2016	03/31/2016	02/01/2016	03/31/2016	03/31/2016	DY1 Q4
Task Identify sites for VLS intervention implementation	Completed	Identify HHs and CM agencies to implement VLS interventions	04/15/2016	06/30/2016	04/15/2016	06/30/2016	06/30/2016	DY2 Q1
Task Conduct a gap analysis	Completed	Conduct a gap analysis on staffing and resource needs	09/01/2015	06/30/2016	09/01/2015	06/30/2016	06/30/2016	DY2 Q1
Task Hire and train staff	Completed	In conjuction with Workforce Subcommittee, recruit, hire and train existing and new staff. Include cultural competence around LGBTQ community and SUD.	05/01/2016	03/31/2017	05/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Recruit peer leaders	Completed	Identify peer leaders who have achieved VLS to co-facilitate support groups, assist with education and outreach, and act as escorts for apointments	07/01/2016	03/31/2017	07/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Establish Retention to Care Unit.	Completed	Establish Retention to Care Unit with trained staff and peer supports	04/01/2016	03/31/2017	04/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Implement interventions	Completed	Identify and implement interventions targeting high-needs populations	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Task Develop and implement plans for CQI	Completed	Develop feedback mechansims for accountability and continuous quality improvement	09/01/2016	03/31/2017	09/01/2016	03/31/2017	03/31/2017	DY2 Q4
Milestone Utlize EHR and other IT platforms for population health management	Completed	Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	04/01/2015	03/31/2017	04/01/2015	03/31/2017	03/31/2017	DY2 Q4
Task Define population health management requirements	Completed	Define population health management (PHM) requirements, establish PHM function and recruit or contract with partner for PHM staff	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3

New York State Department Of Health

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Milestone/Task Name	Status	Description	Original Start Date	Original End Date	Start Date	End Date	Quarter End Date	DSRIP Reporting Year and Quarter
Task Assess EHR capabilities	Completed	Perform current state assessment of EHR capabilities among participating safety net providers	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Perform gap analysis	Completed	Perform gap analysis and identify priorities to achieving integration of patient record.	04/01/2015	12/31/2015	04/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Define requirements and elements for patient registry	Completed	Define business requirements and data elements for patient registry to stratify and track all patients engaged in this project.	04/01/2015	11/30/2015	04/01/2015	11/30/2015	12/31/2015	DY1 Q3
Task Vet patient registry proposal with BPHC sub-committees and Executive Committee	Completed	Recommend registry business requirements and data elements to governance committees for review and approval (Quality and Care Innovation Subcommittee, Information Technology Subcommittee and Executive Committee)	10/01/2015	12/31/2015	10/01/2015	12/31/2015	12/31/2015	DY1 Q3
Task Identify technology and resource requirements for registry	Completed	Engage IT Subcommittee to identify technology and resource requirements for registry, including technical platform for hosting registry.	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Create budget	Completed	Create budget to build registry and acquire necessary resources	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Secure Care Coordination Management Solution	Completed	Assess and acquire or contract for care coordination management solution (CCMS) and other systems and services as required to support PHM and registries	04/01/2016	09/30/2016	04/01/2016	09/30/2016	09/30/2016	DY2 Q2
Task Develop project implementation and testing for registry	Completed	Develop project implementation and testing plan for building registry as required for PHM, including technical support, ensure frequent automated updates of registry data	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Develop training plan and curriculum on registry use	Completed	Develop training plan and curriculum to deploy risk assessment tool, registry and CCMS tool for providers and care managers, emphasizing use of registries and CCMS to increase care coordination and patient engagement with primary care	04/01/2016	06/30/2016	04/01/2016	06/30/2016	06/30/2016	DY2 Q1
Task Execute registry testing plan and training program	Completed	The registry testing plan and training program will target providers and care managers and train them on systems use and on how to identify targeted patients and track those who are actively engaged for milestone reporting.	04/02/2016	03/31/2017	04/02/2016	03/31/2017	03/31/2017	DY2 Q4
Task Issue user credentials and provide trainings on CCMS	Completed	Issue CCMS user credentials and train designated/delegated PPS partner workforce in use of the coordinated/ integrated solution. Disseminate standardized IT protocols and data security requirements across the system.	07/01/2016	12/31/2016	07/01/2016	12/31/2016	12/31/2016	DY2 Q3

Attestation

The Lead Representative has been designated by the Primary Lead PPS Provider (PPS Lead Entity) as the signing officiate for the DSRIP Quarterly Report. The Lead Representative has the authority to complete this attestation on behalf of the PPS network. The Lead Representative and PPS Lead Entity are responsible for the authenticity and accuracy of the material submitted in this report.

The Lead Representative of the Performing Provider System (PPS) must complete this attestation form in order for the project application to be accepted by the NYS Department of Health. Once the attestation is complete, the Quarterly Report will be locked down from any further editing. Do not complete this section until the entire Quarterly Report is complete.

If the Quarterly Report becomes locked in error and additional changes are necessary, please use the contact information on the Home Page to request that the Quarterly Report be unlocked.

To electronically sign this Quarterly Report, please enter the required information and check the box below:

☐ **I here by attest, as the Lead Representative of the 'SBH Health System', that all information provided on this Quarterly report is true and accurate to the best of my knowledge, and that, following initial submission in the current quarterly reporting period as defined by NY DOH, changes made to this report were pursuant only to documented instructions or documented approval of changes from DOH or DSRIP Independent Assessor.**

Primary Lead PPS Provider:	ST BARNABAS HOSPITAL
Secondary Lead PPS Provider:

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Section	Module Name / Milestone #	Review Status	
Section 01	Module 1.1 - PPS Budget - Waiver Revenue (Baseline) - READ ONLY	Pass & Ongoing	
	Module 1.2 - PPS Budget - Waiver Revenue (Quarterly)	Pass & Ongoing	
	Module 1.3 - PPS Flow of Funds - Waiver Revenue (Baseline) - READ ONLY	Pass & Ongoing	
	Module 1.4 - PPS Flow of Funds - Waiver Revenue (Quarterly)	Pass & Ongoing	
	Module 1.5 - Prescribed Milestones		
	Milestone #1 Complete funds flow budget and distribution plan and communicate with network	Pass & Complete	
	Module 1.7 - PPS Budget - Non-Waiver Revenue (Baseline)	Pass & Ongoing	
	Module 1.8 - PPS Budget - Non-Waiver Revenue (Quarterly)	Pass & Ongoing	
	Module 1.9 - PPS Flow of Funds - Non-Waiver Revenue (Baseline)	Pass & Ongoing	
	Module 1.10 - PPS Flow of Funds - Non-Waiver Revenue (Quarterly)	Pass & Ongoing	
Section 02	Module 2.1 - Prescribed Milestones		
	Milestone #1 Finalize governance structure and sub-committee structure	Pass & Complete	
	Milestone #2 Establish a clinical governance structure, including clinical quality committees for each DSRIP project	Pass & Complete	
	Milestone #3 Finalize bylaws and policies or Committee Guidelines where applicable	Pass & Complete	
	Milestone #4 Establish governance structure reporting and monitoring processes	Pass & Complete	
	Milestone #5 Finalize community engagement plan, including communications with the public and non-provider organizations (e.g. schools, churches, homeless services, housing providers, law enforcement)	Pass & Complete	
	Milestone #6 Finalize partnership agreements or contracts with CBOs	Pass & Complete	
	Milestone #7 Finalize agency coordination plan aimed at engaging appropriate public sector agencies at state and local levels (e.g. local departments of health and mental hygiene, Social Services, Corrections, etc.)	Pass & Complete	
	Milestone #8 Finalize workforce communication and engagement plan	Pass & Complete	
	Milestone #9 Inclusion of CBOs in PPS Implementation.	Pass & Complete	
Section 03	Module 3.1 - Prescribed Milestones		
	Milestone #1 Finalize PPS finance structure, including reporting structure	Pass & Complete	
	Milestone #2 Perform network financial health current state assessment and develop financial sustainability strategy to address key issues.	Pass & Complete	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Section	Module Name / Milestone #	Review Status	
	Milestone #3 Finalize Compliance Plan consistent with New York State Social Services Law 363-d	Pass & Complete	
	Milestone #4 Develop a Value Based Payments Needs Assessment ("VNA")	Pass & Complete	
	Milestone #5 Develop an implementation plan geared towards addressing the needs identified within your VNA	Pass & Complete	
	Milestone #6 Develop partner engagement schedule for partners for VBP education and training	Pass & Complete	
	Milestone #7 Develop VBP implementation toolkit	Pass & Ongoing	
	Milestone #8 Provide technical assistance to partners in developing VBP implementation plans.	Pass & Ongoing	
Section 04	Module 4.1 - Prescribed Milestones		
	Milestone #1 Finalize cultural competency / health literacy strategy.	Pass & Complete	
	Milestone #2 Develop a training strategy focused on addressing the drivers of health disparities (beyond the availability of language-appropriate material).	Pass & Complete	
Section 05	Module 5.1 - Prescribed Milestones		
	Milestone #1 Perform current state assessment of IT capabilities across network, identifying any critical gaps, including readiness for data sharing and the implementation of interoperable IT platform(s).	Pass & Complete	
	Milestone #2 Develop an IT Change Management Strategy.	Pass & Complete	
	Milestone #3 Develop roadmap to achieving clinical data sharing and interoperable systems across PPS network	Pass & Complete	
	Milestone #4 Develop a specific plan for engaging attributed members in Qualifying Entities	Pass & Complete	
	Milestone #5 Develop a data security and confidentiality plan.	Pass & Ongoing	
Section 06	Module 6.1 - Prescribed Milestones		
	Milestone #1 Establish reporting structure for PPS-wide performance reporting and communication.	Pass & Complete	
	Milestone #2 Develop training program for organizations and individuals throughout the network, focused on clinical quality and performance reporting.	Pass & Complete	
Section 07	Module 7.1 - Prescribed Milestones		
	Milestone #1 Develop Practitioners communication and engagement plan.	Pass & Complete	
	Milestone #2 Develop training / education plan targeting practioners and other professional groups, designed to educate them about the DSRIP program and your PPS-specific quality improvement agenda.	Pass & Complete	
Section 08	Module 8.1 - Prescribed Milestones		
	Milestone #1 Develop population health management roadmap.	Pass (with Exception) & Complete	
	Milestone #2 Finalize PPS-wide bed reduction plan.	Pass & Ongoing	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Section	Module Name / Milestone #	Review Status	
Section 09	Module 9.1 - Prescribed Milestones		
	Milestone #1 Perform a clinical integration 'needs assessment'.	Pass & Complete	
	Milestone #2 Develop a Clinical Integration strategy.	Pass & Complete	
Section 11	Module 11.1 - Workforce Strategy Spending (Baseline)	Pass & Complete	
	Module 11.2 - Prescribed Milestones		
	Milestone #1 Define target workforce state (in line with DSRIP program's goals).	Pass & Complete	
	Milestone #2 Create a workforce transition roadmap for achieving defined target workforce state.	Pass & Complete	
	Milestone #3 Perform detailed gap analysis between current state assessment of workforce and projected future state.	Pass & Complete	
	Milestone #4 Produce a compensation and benefit analysis, covering impacts on both retrained and redeployed staff, as well as new hires, particularly focusing on full and partial placements.	Pass & Complete	
	Milestone #5 Develop training strategy.	Pass & Complete	
	Module 11.10 - Staff Impact	Pass & Ongoing	
	Module 11.11 - Workforce Strategy Spending (Quarterly)	Pass & Ongoing	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project ID	Module Name / Milestone #	Review Status	
2.a.i	Module 2.a.i.2 - Prescribed Milestones		
	Milestone #1 All PPS providers must be included in the Integrated Delivery System. The IDS should include all medical, behavioral, post-acute, long-term care, and community-based service providers within the PPS network; additionally, the IDS structure must include payers and social service organizations, as necessary to support its strategy.	Pass & Ongoing	
	Milestone #2 Utilize partnering HH and ACO population health management systems and capabilities to implement the PPS' strategy towards evolving into an IDS.	Pass & Complete	
	Milestone #3 Ensure patients receive appropriate health care and community support, including medical and behavioral health, post-acute care, long term care and public health services.	Pass & Complete	
	Milestone #4 Ensure that all PPS safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including directed exchange (secure messaging), alerts and patient record look up, by the end of Demonstration Year (DY) 3.	Fail	
	Milestone #5 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	Fail	
	Milestone #6 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	Pass & Complete	
	Milestone #7 Achieve 2014 Level 3 PCMH primary care certification and/or meet state-determined criteria for Advanced Primary Care Models for all eligible participating PCPs, expand access to primary care providers, and meet EHR Meaningful Use standards by the end of DY 3.	Fail	
	Milestone #9 Establish monthly meetings with Medicaid MCOs to discuss utilization trends, performance issues, and payment reform.	Pass & Complete	
	Milestone #10 Re-enforce the transition towards value-based payment reform by aligning provider compensation to patient outcomes.	Pass & Complete	
	Milestone #11 Engage patients in the integrated delivery system through outreach and navigation activities, leveraging community health workers, peers, and culturally competent community-based organizations, as appropriate.	Pass & Complete	
2.a.iii	Module 2.a.iii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 2.a.iii.3 - Prescribed Milestones		
	Milestone #1 Develop a Health Home At-Risk Intervention Program, utilizing participating HHs as well as PCMH/APC PCPs in care coordination within the program.	Pass & Complete	
	Milestone #2 Ensure all eligible primary care providers participating in the project meet NCQA (2011) accredited Patient Centered Medical Home, Level 3 standards and will achieve NCQA 2014 Level 3 PCMH and Advanced Primary Care accreditation by Demonstration Year (DY) 3.	Fail	
	Milestone #3 Ensure that all participating safety net providers are actively sharing EHR systems with local health information exchange/RHIO/SHIN-NY and sharing health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up.	Pass & Complete	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #4 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM.	Fail	
	Milestone #5 Perform population health management by actively using EHRs and other IT platforms, including use of targeted patient registries, for all participating safety net providers.	Pass & Complete	
	Milestone #6 Develop a comprehensive care management plan for each patient to engage him/her in care and to reduce patient risk factors.	Pass & Complete	
	Milestone #7 Establish partnerships between primary care providers and the local Health Home for care management services. This plan should clearly delineate roles and responsibilities for both parties.	Pass & Complete	
	Milestone #8 Establish partnerships between the primary care providers, in concert with the Health Home, with network resources for needed services. Where necessary, the provider will work with local government units (such as SPOAs and public health departments).	Pass & Complete	
	Milestone #9 Implement evidence-based practice guidelines to address risk factor reduction as well as to ensure appropriate management of chronic diseases. Develop educational materials consistent with cultural and linguistic needs of the population.	Pass & Complete	
2.b.iii	Module 2.b.iii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 2.b.iii.3 - Prescribed Milestones		
	Milestone #1 Establish ED care triage program for at-risk populations	Pass & Complete	
	Milestone #2 Participating EDs will establish partnerships to community primary care providers with an emphasis on those that are PCMHs and have open access scheduling. a. Achieve NCQA 2014 Level 3 Medical Home standards or NYS Advanced Primary Care Model standards by the end of DSRIP Year 3. b. Develop process and procedures to establish connectivity between the emergency department and community primary care providers. c. Ensure real time notification to a Health Home care manager as applicable	Fail	
	Milestone #3 For patients presenting with minor illnesses who do not have a primary care provider: a. Patient navigators will assist the presenting patient to receive an immediate appointment with a primary care provider, after required medical screening examination, to validate a non-emergency need. b. Patient navigator will assist the patient with identifying and accessing needed community support resources. c. Patient navigator will assist the member in receiving a timely appointment with that provider's office (for patients with a primary care provider).	Pass & Complete	
	Milestone #4 Established protocols allowing ED and first responders - under supervision of the ED practitioners - to transport patients with non-acute disorders to alternate care sites including the PCMH to receive more appropriate level of care. (This requirement is optional.)	Pass (with Exception) & Complete	
	Milestone #5 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
2.b.iv	Module 2.b.iv.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 2.b.iv.3 - Prescribed Milestones		

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #1 Develop standardized protocols for a Care Transitions Intervention Model with all participating hospitals, partnering with a home care service or other appropriate community agency.	Pass & Complete	
	Milestone #2 Engage with the Medicaid Managed Care Organizations and Health Homes to develop transition of care protocols that will ensure appropriate post-discharge protocols are followed.	Pass & Complete	
	Milestone #3 Ensure required social services participate in the project.	Pass & Complete	
	Milestone #4 Transition of care protocols will include early notification of planned discharges and the ability of the transition care manager to visit the patient in the hospital to develop the transition of care services.	Pass & Complete	
	Milestone #5 Protocols will include care record transitions with timely updates provided to the members' providers, particularly primary care provider.	Pass & Complete	
	Milestone #6 Ensure that a 30-day transition of care period is established.	Pass & Complete	
	Milestone #7 Use EHRs and other technical platforms to track all patients engaged in the project.	Pass & Complete	
3.a.i	Module 3.a.i.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.a.i.3 - Prescribed Milestones		
	Milestone #1 Co-locate behavioral health services at primary care practice sites. All participating eligible primary care practices must meet 2014 NCQA level 3 PCMH or Advance Primary Care Model standards by DY 3.	Fail	
	Milestone #2 Develop collaborative evidence-based standards of care including medication management and care engagement process.	Pass & Complete	
	Milestone #3 Conduct preventive care screenings, including behavioral health screenings (PHQ-2 or 9 for those screening positive, SBIRT) implemented for all patients to identify unmet needs.	Pass & Complete	
	Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #5 Co-locate primary care services at behavioral health sites.	Fail	
	Milestone #6 Develop collaborative evidence-based standards of care including medication management and care engagement process.	Pass & Complete	
	Milestone #7 Conduct preventive care screenings, including physical and behavioral health screenings.	Pass & Complete	
	Milestone #8 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #9 Implement IMPACT Model at Primary Care Sites.	Pass & Complete	
	Milestone #10 Utilize IMPACT Model collaborative care standards, including developing coordinated evidence-based care standards and policies and procedures for care engagement.	Pass & Complete	
	Milestone #11 Employ a trained Depression Care Manager meeting requirements of the IMPACT model.	Pass & Complete	
	Milestone #12 Designate a Psychiatrist meeting requirements of the IMPACT Model.	Pass & Complete	
	Milestone #13 Measure outcomes as required in the IMPACT Model.	Fail	
	Milestone #14 Provide "stepped care" as required by the IMPACT Model.	Pass & Complete

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #15 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
3.b.i	Module 3.b.i.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.b.i.3 - Prescribed Milestones		
	Milestone #1 Implement program to improve management of cardiovascular disease using evidence-based strategies in the ambulatory and community care setting.	Pass & Complete	
	Milestone #2 Ensure that all PPS safety net providers are actively connected to EHR systems with local health information exchange/RHIO/SHIN-NY and share health information among clinical partners, including direct exchange (secure messaging), alerts and patient record look up, by the end of DY 3.	Pass & Complete	
	Milestone #3 Ensure that EHR systems used by participating safety net providers meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3.	Pass & Complete	
	Milestone #4 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #5 Use the EHR to prompt providers to complete the 5 A's of tobacco control (Ask, Assess, Advise, Assist, and Arrange).	Pass & Complete	
	Milestone #6 Adopt and follow standardized treatment protocols for hypertension and elevated cholesterol.	Pass & Complete	
	Milestone #7 Develop care coordination teams including use of nursing staff, pharmacists, dieticians and community health workers to address lifestyle changes, medication adherence, health literacy issues, and patient self-efficacy and confidence in self-management.	Pass & Complete	
	Milestone #8 Provide opportunities for follow-up blood pressure checks without a copayment or advanced appointment.	Pass & Complete	
	Milestone #9 Ensure that all staff involved in measuring and recording blood pressure are using correct measurement techniques and equipment.	Pass & Complete	
	Milestone #10 Identify patients who have repeated elevated blood pressure readings in the medical record but do not have a diagnosis of hypertension and schedule them for a hypertension visit.	Pass & Complete	
	Milestone #11 Prescribe once-daily regimens or fixed-dose combination pills when appropriate.	Pass & Complete	
	Milestone #12 Document patient driven self-management goals in the medical record and review with patients at each visit.	Pass & Complete	
	Milestone #13 Follow up with referrals to community based programs to document participation and behavioral and health status changes.	Pass & Complete	
	Milestone #14 Develop and implement protocols for home blood pressure monitoring with follow up support.	Pass & Complete	
	Milestone #15 Generate lists of patients with hypertension who have not had a recent visit and schedule a follow up visit.	Pass & Complete	
	Milestone #16 Facilitate referrals to NYS Smoker's Quitline.	Pass & Complete	
	Milestone #17 Perform additional actions including "hot spotting" strategies in high risk neighborhoods, linkages to Health Homes for the highest risk population, group visits, and implementation of the Stanford Model for chronic diseases.	Pass & Complete	
	Milestone #18 Adopt strategies from the Million Hearts Campaign.	Pass & Complete	

New York State Department Of Health
Delivery System Reform Incentive Payment Project

DSRIP Implementation Plan Project

SBH Health System (PPS ID:36)

Project ID	Module Name / Milestone #	Review Status	
	Milestone #19 Form agreements with the Medicaid Managed Care organizations serving the affected population to coordinate services under this project.	Pass & Complete	
	Milestone #20 Engage a majority (at least 80%) of primary care providers in this project.	Pass & Complete	
3.c.i	Module 3.c.i.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.c.i.3 - Prescribed Milestones		
	Milestone #1 Implement evidence-based best practices for disease management, specific to diabetes, in community and ambulatory care settings.	Pass & Complete	
	Milestone #2 Engage at least 80% of primary care providers within the PPS in the implementation of disease management evidence-based best practices.	Pass & Complete	
	Milestone #3 Develop care coordination teams (including diabetes educators, nursing staff, behavioral health providers, pharmacy, community health workers, and Health Home care managers) to improve health literacy, patient self-efficacy, and patient self-management.	Pass & Complete	
	Milestone #4 Develop "hot spotting" strategies, in concert with Health Homes, to implement programs such as the Stanford Model for chronic diseases in high risk neighborhoods.	Pass & Complete	
	Milestone #5 Ensure coordination with the Medicaid Managed Care organizations serving the target population.	Pass & Complete	
	Milestone #6 Use EHRs or other technical platforms to track all patients engaged in this project.	Pass & Complete	
	Milestone #7 Meet Meaningful Use and PCMH Level 3 standards and/or APCM by the end of Demonstration Year 3 for EHR systems used by participating safety net providers.	Pass & Complete	
3.d.ii	Module 3.d.ii.2 - Patient Engagement Speed	Pass & Ongoing	
	Module 3.d.ii.3 - Prescribed Milestones		
	Milestone #1 Expand asthma home-based self-management program to include home environmental trigger reduction, self-monitoring, medication use, and medical follow-up.	Pass & Complete	
	Milestone #2 Establish procedures to provide, coordinate, or link the client to resources for evidence-based trigger reduction interventions. Specifically, change the patient's indoor environment to reduce exposure to asthma triggers such as pests, mold, and second hand smoke.	Pass & Complete	
	Milestone #3 Develop and implement evidence-based asthma management guidelines.	Pass & Complete	
	Milestone #4 Implement training and asthma self-management education services, including basic facts about asthma, proper medication use, identification and avoidance of environmental exposures that worsen asthma, self-monitoring of asthma symptoms and asthma control, and using written asthma action plans.	Pass & Complete	
	Milestone #5 Ensure coordinated care for asthma patients includes social services and support.	Pass & Complete	
	Milestone #6 Implement periodic follow-up services, particularly after ED or hospital visit occurs, to provide patients with root cause analysis of what happened and how to avoid future events.	Pass & Complete	
	Milestone #7 Ensure communication, coordination, and continuity of care with Medicaid Managed Care plans, Health Home care managers, primary care providers, and specialty providers.	Pass & Complete

Additional Project Scale Commitments

Instructions:
Please indicate the scale of the categories below that meet all of the project requirements committed to in the Project Plan Application. Documentation must be submitted in Excel format in the quarter when the PPS provider speed commitments for a particular project are due. This documentation should include the target category(e.g. Medical Villages, Emergency Departments with Care Triage, Community-based navigators, etc.), the project ID(e.g. 2.a.iv,2.a.v,3.a.ii, etc.), and the name of the providers/entities/individuals associated with this project, if applicable.

Project Scale Category	Project	Selected	Committed
Emergency Departments with Care Triage	2.b.iii	0	5

* Safety Net Providers in Green
