# **Section 4: Proposed 2021 Total Care General Population (TCGP) Measure Set**

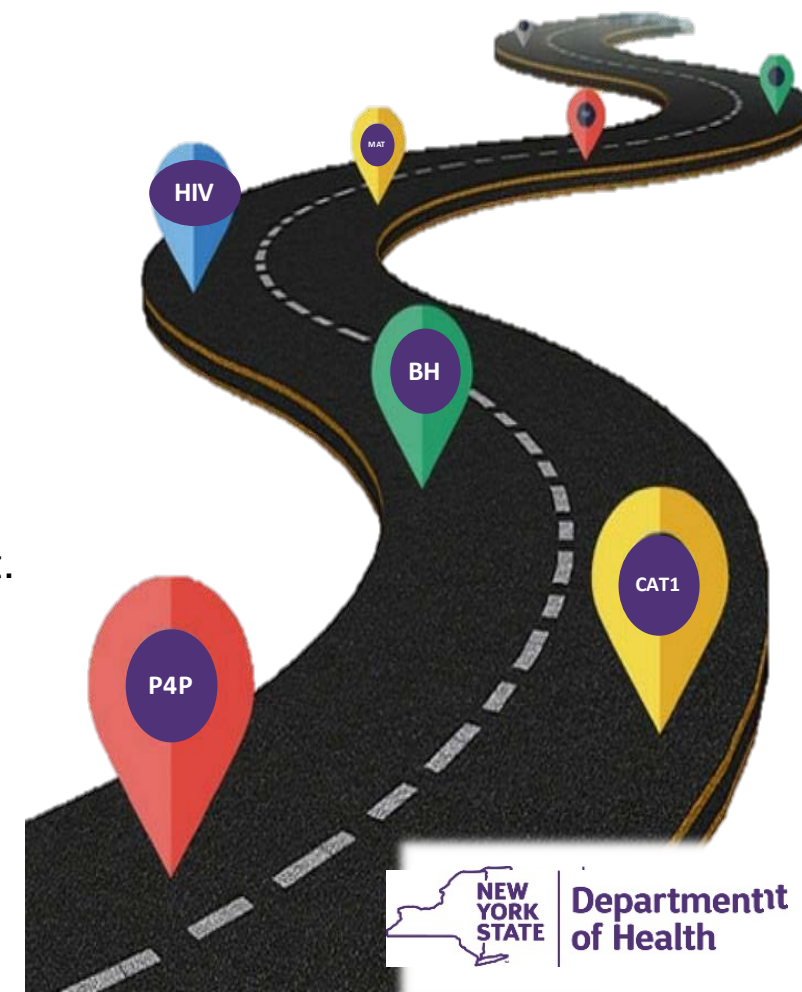

# Roadmap Requirements Established for 2020: Quality Measures

Managed Care Organizations (MCOs) (excluding MLTC) that execute a total cost of care for general population (TCGP) VBP arrangement must base shared savings and risk distribution on quality measures that include at least one, Category 1 P4P measure from each of the following domains\*:

- I. Primary Care
- II. Mental Health
- III. Substance Use Disorder
- IV. HIV/AIDS**
- V. Maternity
- VI. Children's

- All new contracts submitted on or after January 1, 2020 must meet this requirement.
  - *Deadline extension* for submission: **May 15**
  - *Deadline extension* for MCO reporting period: **June 15**
- All other existing contracts must be updated to meet this requirement by January 2021.

\*If a VBP contractor & MCO are contracting for a total care for HARP explicitly carving them out of the TCGP arrangement, then the TCGP contract does not need to include the measure(s) for the respective population since these measures would be incorporated in the population-specific arrangement (e.g., HARP contract).
