EHR Incentive Program Simplifies MEIPASS Data Input for Hospital Based Encounters

The NY Medicaid EHR Incentive Program is updating and streamlining the approach for completing Eligible Professional (EP) inputs to MEIPASS. The mandatory entries of encounter data for **Hospital-Based Encounter** will be eliminated from MEIPASS in the near future. In the interim, NY Medicaid is instructing all EPs who are not hospital-based to enter **default values** in their MEIPASS **Hospital-Based Encounter** inputs as follows:

- Medicaid Inpatient Encounters – 0
- Medicaid ER Encounters – 0
- Total Medicaid Encounters – all 9's

Go to <https://meipass.emedny.org> under the Eligibility section of your registration to perform these updates. Once completed, resubmit your updated Adobe Portable Document Format (PDF) attestation document.
