EH Meaningful Use Attestation is Now Available!

The NY Medicaid EHR Incentive Program is now accepting attestations from eligible hospitals (EHs) for both adoption/implementation/upgrade (in providers' first year of participation) and meaningful use (for providers' second participation year).

Hospitals who are participating in both the Medicare and Medicaid EHR Incentive Programs will be required to complete their meaningful use attestation for the Medicare EHR Incentive Program using the CMS Registration & Attestation System prior to attesting in the NY Medicaid EHR Incentive Program Application Support Service (MEIPASS).

EHs have until January 31, 2013 to attest in MEIPASS for Payment Year 2012 as their first or second participation year. NY Medicaid encourages all providers to attend our revised EH Participation Year 2 webinars to view enhancements recently made in the MEIPASS application.

If you have not yet registered for the NY Medicaid EHR Incentive Program, we encourage you to visit the **new** and **improved** eMedNY.org website (<https://www.emedny.org/meipass/>) or attend one of the informational webinars hosted by the NYS Department of Health throughout the month of December and January.

If you experience any problems using the new website or if you have any suggestions, please contact us at meipasshelp@csc.com

If you are having problems viewing content within this newsletter, please email emednyalert@csc.com for further assistance.
