## NY Medicaid EHR Incentive Program LISTSERV

### CEHRT Readiness for Payment Year 2019

Starting Payment Year 2019, Eligible Professionals (EPs) are required to use the 2015 Edition of Certified EHR Technology (CEHRT) to meet Stage 3 Meaningful Use (MU) criteria in the NY Medicaid EHR Incentive Program, a CMS Promoting Interoperability Program. Please review the 2015 Edition CEHRT standards and other criteria on the Office of the National Coordinator for Health Information Technology (ONC) website.

Additional information on the 2015 Edition CEHRT requirements for Payment Year 2019:

**Who?** Eligible Professionals participating in the NY EHR Incentive Program are required to use 2015 CEHRT to meet Stage 3 Meaningful Use Criteria.

**What?** The Centers for Medicare & Medicaid Services (CMS) and Office of the National Coordinator for Health Information Technology (ONC) have established the [2015 Edition CEHRT standards and other criteria](#) for structured data that EHRs must meet in order to qualify for use in [Promoting Interoperability \(PI\) Programs](#).

**When?** EPs are required to have 2015 Edition CEHRT for Payment Year 2019 and beyond.

**Where?** EPs should contact their vendor to ensure their EHR system is certified to the 2015 edition.

**Why?** 2015 CEHRT is better equipped to support patient access and interoperable exchange, which are the focus of the CMS PI Programs. EPs must use 2015 Edition CEHRT in order to meet the measures for Stage 3 Meaningful Use of the NY Medicaid EHR Incentive Program and the [Promoting Interoperability Category](#) of the Medicare Quality Payment Program (QPP).

**How?** Do the following to ensure proper upgrade to the 2015 Edition CEHRT:

1. Your CEHRT ID should have 15E as the 3rd, 4th, and 5th characters (e.g. XX15EXXXXXXXXXXX)
2. Check the [Certified Health IT Product List \(CPL\)](#).
3. Discuss with your vendor:
  - Upgrade process, timeline, and costs; and
  - Impact on historical data and functions, and data trail.
