NY Medicaid EHR Incentive Program LISTSERV

Pre-Attestation Checklist for 2019

An updated [pre-attestation checklist for payment year 2019](#) is now available on the NY Medicaid EHR Incentive Program website. The checklist includes guidance about prerequisites, meaningful use, payment information, and support resources. It is recommended that eligible professionals (EPs) review this checklist to ensure they have met the requirements for payment year 2019.

NOTE: We are not currently accepting attestations in MEIPASS for 2019 meaningful use. Announcements will be made when we are ready to accept 2019 attestations in MEIPASS.

NEW Video Tutorials

Video tutorials about patient volume remediation for individuals and groups are now available. Each tutorial reviews what actions providers must take when they receive outreach letters, including how to complete the patient volume template.

Reminder: 2019 Pre-Validations

Individual and group EPs who have already determined their Medicaid Patient Volume may utilize the Pre-Validation services offered by the NY Medicaid EHR Incentive Program. Pre-Validation enables EPs to submit their data for preliminary review before attesting and may subsequently reduce the time of state review.

Pre-Validation forms are available here:
