December Webinars

Webinars provide us with an opportunity to share in-depth information on Meaningful Use (MU) topics and the NY Medicaid EHR Incentive Program. We strive to make webinars as interactive and valuable for attendees as possible. In doing so, attendees are encouraged to ask any questions they may have about the topic throughout the duration of the webinar. We will answer as many questions as possible during the Question & Answer session at the end of each webinar.

Here are our upcoming webinars in December:

[PY2020 Official Opening Program Discussion](#) – December 8, 2020 at 11:00am

This discussion will focus on the PY2020 Official Opening in MEIPASS. Topics covered will include; the Official opening period timelines for PY2020, a full timeline for PY2021 attestations, changes to the attestation process, provider resources, and a brief overview of reporting requirements. There will be an open discussion Q&A following the close of the discussion, where providers will be invited to ask any questions they may have regarding this topic or any others related to the NY Medicaid EHR Incentive Program.

[Health Information Exchange \(HIE\)](#)– December 16, 2020 11:00am

Health information exchange (HIE) allows providers and patients to share data electronically, making sure that providers have access to the most accurate and up-to-date information about patients' health and treatment history. This webinar will define what HIE is, and will review terminology and concepts associated with it to help you better understand this Meaningful Use Objective.

Regional Extension Center (REC) Webinars & Events

You may already know that the RECs provide free support services to providers, but did you know that this includes helpful webinars and events? To see what topics and options are available, please contact the REC for your area using the information below.
