February Webinars

Webinars provide us with an opportunity to share in-depth information on Meaningful Use (MU) topics and the NY Medicaid EHR Incentive Program. We strive to make webinars as interactive and valuable for attendees as possible and have updated our past webinars with information about the changes that come with the final year of the program. We will continue to have Q&A sessions at the end of each webinar and encourage any questions you may have about the new content during this time.

Here are our upcoming webinars in February:
