## Payment Year (PY) 2021 Pre-Validations

**The PY2021 Pre-Validation period ends in two weeks.**

Pre-Validations for PY2021 will be accepted until **June 11th, 2021**. If you would like to take advantage of this service to avoid patient volume remediation during the official or soft opening attestation periods, please begin the process of finding a suitable Medicaid patient volume reporting period. **For PY2021, providers must utilize a MPV Reporting Period within Calendar Year 2020 to be eligible for Pre-Validation.** The selected reporting period also cannot overlap with a reporting period used in a prior payment year.

To submit a Pre-Validation, simply select your Patient Volume Reporting period from **within Calendar Year 2020**, and fill out the appropriate Pre-Validation form with the data for that period.
