NEW YORK STATE | **Department of Health**   **NY Medicaid EHR Incentive Program LISTSERV**

August 9, 2021

Payment Year 2021 Final Deadline

The Payment Year (PY) 2021 submission deadline is 22 days away.

The final date to attest for Program Year 2021 is **August 31, 2021**. **Attestations will not be accepted beyond that date** to allow DOH to process attestations in accordance with CMS program rules. There will be no Attestation Deadline Extension (ADE) period available, and any provider who does not submit their initial attestation by this deadline will not be eligible for the payment year.

Providers who have met the attestation criteria must submit their attestations in MEIPASS on or before this date to be considered. If you have gathered your attestation data and are ready to submit, we encourage you to do so as soon as possible.

If you have not yet finished gathering your attestation data, we recommend that you review the PY2021 Pre-Attestation Checklist for a comprehensive list of the information required to successfully attest. We have additional resources available on our website such as our Eligible Professional Home page and video Tutorials, but if you would like personalized assistance we recommend contacting our Program Support Team or the Regional Extension Center (REC) for your area.

Environmental Scan Survey

As the program comes to a close, the NY Medicaid EHR Incentive program is looking for your feedback. A final Environmental Scan Survey is being conducted to gather information about participant experience in the program, with a version for Eligible Professionals (EPs) and a separate version for Eligible Hospitals (EHs). The survey can be accessed online via SurveyMonkey using the included links.

The response deadline for the survey has also recently been extended. Responses will now be collected until **September 30th, 2021.** Participation is strongly encouraged, and all published data gained from these surveys will be compiled anonymously.
