Environmental Scan Survey

With the final payment year in full swing, the NY Medicaid EHR Incentive program is looking for your feedback. A final Environmental Scan Survey is being conducted to gather information about participant experience in the program, with a version for Eligible Professionals (EPs) and a separate version for Eligible Hospitals (EHs).

This survey can be accessed online via SurveyMonkey using the above links. The questions in each will pertain to the adoption, Meaningful Use, and impact of Certified Electronic Health Record Technology (CEHRT) as experienced by your practice or organization.

Survey responses will be collected until **September 30th, 2021.** Participation is strongly encouraged, and all published data gained from these surveys will be compiled anonymously.

If you have any questions regarding the survey or difficulties when completing it, please contact our support team. We look forward to hearing your feedback!
