

September 17, 2021

September Webinar Schedule

Webinars provide us with an opportunity to share in-depth information on Meaningful Use (MU) topics and the NY Medicaid EHR Incentive Program. We strive to make webinars as interactive and valuable for attendees as possible and have updated our past webinars with information about the changes that come with the final year of the program. We will continue to have Q&A sessions at the end of each webinar and encourage any questions you may have about the new content during this time.

This month, we have one final webinar occurring:

[Final Program Discussion - Program Close](#) – September 22, 2021 at 11:00am

This discussion will focus on the close of the NY Medicaid EHR Incentive program, including: PY2021 reminders and additional information, deadlines for access to different systems, reminders for document retention in case of post-payment audit, and the effects of the program. This will be the final webinar of the program, and we hope to see you there!

Environmental Scan Survey

As the program comes to a close, the NY Medicaid EHR Incentive program is looking for your feedback. A final Environmental Scan Survey is being conducted to gather information about participant experience in the program, with a version for [Eligible Professionals](#) (EPs) and a separate version for [Eligible Hospitals](#) (EHs). The survey can be accessed online via SurveyMonkey using the included links.

The response deadline for the survey has also recently been extended. Responses will now be collected until **September 30th, 2021**. Participation is strongly encouraged, and all published data gained from these surveys will be compiled anonymously.
