a) Any technical modification to Capitation Rates during the term of the Agreement as agreed to by the Contractor, including but not limited to, changes in premium groups or Benefit Package, shall be deemed incorporated into this Agreement without further action by the parties upon approval of such modifications by the SDOH and the US Department of Health and Human Services (DHHS).

b) Any other modification to Capitation Rates, as agreed to by SDOH and the Contractor during the term of the Agreement shall be deemed incorporated into this Agreement without further action by the parties upon approval of such modifications by the SDOH, the State Division of the Budget and DHHS as of the effective date of the modified Capitation Rates as established by the SDOH and approved by the State Division of the Budget and DHHS.

c) In the event that the SDOH and the Contractor fail to reach agreement on modifications to the monthly Capitation Rates, the SDOH will provide formal written notice to the Contractor of the amount and effective date of the modified capitation rates approved by the State Division of the Budget and DHHS. The Contractor shall have the option of terminating this Agreement, in its entirety for Contractor's MAP product, or in specified counties of the Contractor's service area, if such approved modified Capitation Rates are not acceptable. In such case, the Contractor shall give written notice to the SDOH and the LDSS within thirty (30) days from the date of the formal written notice of the modified Capitation Rates from the SDOH specifying the reasons for and effective date of termination. The effective date of termination shall be ninety (90) days from the date of the Contractor's written notice, unless the SDOH determines that an orderly transfer of Enrollees to another MCO or disenrollment to Medicaid fee-

for-service can be accomplished in fewer days. The terms and conditions of the Contractor's approved phase-out plan must be accomplished prior to termination.

3.3 Rate Setting Methodology

a) Capitation Rates shall be determined prospectively and shall not be retroactively adjusted to reflect actual Medicaid fee-for-service data or Contractor experience for the time period covered by the rates. Capitated rates shall be certified to be actuarially sound in accordance with 42 CFR 438.6 (c)

b) Notwithstanding the provisions set forth in Section 3.3 (a) above, the SDOH reserves the right to terminate this Agreement in its entirety, or for specified counties of the Contractor's service area, pursuant to Section 2.7 of this Agreement, upon determination by SDOH that the aggregate monthly Capitation Rates are not cost effective.

3.4 Payment of Capitation

a) The monthly capitation payments for each Enrollee are due to the Contractor from the Effective Date of Enrollment until the Effective Date of Disenrollment of the Enrollee or termination of this Agreement, whichever occurs first. The Contractor shall receive a full month's capitation payment for the month in which Disenrollment occurs. The Roster generated by SDOH with any modification communicated electronically or in writing by the LDSS or entity designated by the State prior to the end of the month in which the Roster is generated, shall be the Enrollment list for purposes of eMedNY premium billing and payment, as discussed in Section 6.7 and Appendix H of this Agreement.

b) Upon receipt by the Fiscal Agent of a properly completed claim for monthly capitation payments submitted by the Contractor pursuant to this Agreement, the Fiscal Agent will promptly process such claim for payment and use its best efforts to complete such processing within thirty (30) business days from date of receipt of the claim by the Fiscal Agent. Processing of Contractor claims shall be in compliance with the requirements of 42 CFR 447.45. The Fiscal Agent will also use its best efforts to resolve any billing problem relating to the Contractor's claims as soon as possible. In accordance with § 41 of the State Finance Law, the State and LDSS shall have no liability under this Agreement to the Contractor or anyone else beyond funds appropriated and available for this Agreement.

3.5 Denial of Capitation Payments

If the Centers for Medicare and Medicaid Services (CMS) denies payment for new Enrollees, as authorized by SSA § 1903(m)(5) and 42 CFR 438.730 (e), or such other applicable federal statutes or regulations, based upon a determination that

Contractor failed substantially to provide medically necessary items and services, imposed premium amounts or charges in excess of permitted payments, engaged in discriminatory practices as described in SSA § 1932(e)(1)(A)(iii), misrepresented or falsified information submitted to CMS, SDOH, LDSS, or an Enrollee, Potential Enrollee, or health care provider, or failed to comply with federal requirements (i.e., 42 CFR 422.208 and 42 CFR 438.6 (h)) relating to the Physician Incentive Plans, SDOH and LDSS will deny capitation payments to the Contractor for the same Enrollees for the period of time for which CMS denies such payment.

3.6 SDOH Right to Recover Premiums

a) Medicaid Advantage Plus Recovery Scenarios

SDOH shall have the right to recover capitation payments made to the Contractor for a MAP Enrollee when, for the entire applicable payment month(s), SDOH determines that the MAP Enrollee was or is:

i. Deceased;

ii. Incarcerated;

iii. No longer residing in the Contractor's service area or New York State;

iv. In an Institution for Mental Diseases, unless the capitation payment is allowed pursuant to 42 C.F.R. 438.6(e);

v. Simultaneously enrolled or in receipt of comprehensive health care coverage or long term care coverage through another product offered by Contractor (or parent, subsidiary, or sister entity);

vi. Simultaneously enrolled or in receipt of comprehensive health care coverage or long term care coverage through any government insurance programs;

vii. Otherwise ineligible to be enrolled in a MAP plan pursuant to Section 5.2 of this Agreement or State or federal law.

b) Concurrent Fee-for-Service (FFS) Payments

SDOH shall have to right to withhold or recover capitation payments made to the Contractor for an Enrollee when FFS claims were paid for Benefit Package services rendered on behalf of the Enrollee during the applicable payment months(s) and where:

i. The payment month(s) correspond with a period for which the Enrollee was retroactively enrolled into the Contractor's MAP plan;

ii. The Enrollee had been assigned multiple CINs; or

iii. The Enrollee was no longer eligible for MAP.

c) Duplicate Payments

SDOH shall have the right to recover any multiple MAP capitation payments made to the Contractor for any MAP Enrollee concurrently enrolled in a Mainstream Managed Care plan, concurrently enrolled in another Managed Long Term Care plan or concurrently enrolled in Fee-for-Service Medicaid. SDOH shall not allow, under any circumstances, multiple Medicaid payments for an Enrollee, and shall have the right to recover such payments if made.

d) Reimbursement for Encounters and Recovery Rules

i. For withholds and recoveries made pursuant to Section 3.6(a)(iii)-(iv), (vi)-(vii), and (b), SDOH shall reimburse the Contractor the cost of benefits provided for any encounter(s) that occurred during the applicable payment month(s) and for which the Contractor has not already received reimbursement from any source.

ii. All withholds and recoveries, and the submission of costs for reimbursement, shall be made pursuant to Appendix H of this Agreement and Guidelines developed by the SDOH.

iii. Notwithstanding any provision of this Section, no withholds or recoveries shall be made for a period prior to the effective disenrollment dates specified in Section 8 of Appendix H.

3.7 Third Party Health Insurance Determination

a) Point of Service (POS)

i. The Contractor will make diligent efforts to determine whether Enrollees have third party health insurance (TPHI). The LDSS is also responsible for making diligent efforts to determine if Enrollees have TPHI and to maintain third party information on the WMS/eMedNY Third Party Resource System. If TPHI coverage is known at the POS, the plan shall use the TPHI information to coordinate benefits (e.g., alert the provider and ask them to bill the TPHI that should be primary to the plan).

ii. The Contractor shall make good faith efforts to coordinate benefits and must inform the LDSS of any known changes in status of TPHI insurance eligibility within five (5) business days of learning of a change

in TPHI. The Contractor may use the Roster as one method to determine TPHI information.

b) Post Payment and Retroactive Recovery

i. The State, and/or its designee, will also be vested with the responsibility to collect any reimbursement for Benefit Package services obtained from TPHI. In no instances may an Enrollee be held responsible for disputes over these recoveries. A recovery shall not exceed the encounter data paid claim amount.

ii. The State will continue to identify available TPHI and post this information to the eMedNY System. The TPHI information will appear on the Contractor's next roster and TPHI file. The Contractor will have six months from the later of the date the TPHI has been posted (eMedNY transaction date) or the Contractor's claim payment date to pursue any recoveries for medical services. All recoveries outside this period will be pursued by the State.

iii. For Federal or State-initiated and Federal or State-identified recoveries, the Federal or State Government will direct providers to refund the Federal or State Government directly. In those instances where the provider adjusted the recovery to the Contractor in error, the Contractor will refund the adjusted recovery to the State.

c) TPHI Reporting

The Contractor shall report TPHI activities through the Medicaid Encounter Data System (MEDS III) or its successor system and Medicaid Managed Care Operating Report (MMCOR) in accordance with instructions provided by SDOH. To prevent duplicative efforts, the Contractor shall, on a quarterly basis, share claim specific TPHI disposition (paid, denied, or recovered) information with the State. If no information is received from the Contractor, the State will assume there are no retroactive recoveries being pursued by the Contractor and will initiate recovery processing.

3.8 Other Insurance and Settlements

The Contractor is not allowed to pursue cost recovery against personal injury awards the Enrollee has received. Any recovery against these resources is to be pursued by the Medicaid program and the Contractor cannot take actions to collect these funds. Pursuit of Worker's Compensation benefits and No-fault Insurance by the Contractor is authorized, to the extent that they cover expenses incurred by the Contractor.

3.9 Contractor Financial Liability

Contractor shall not be financially liable for any services rendered to an Enrollee prior to his or her Effective Date of Enrollment in the Contractor's Medicaid Advantage Plus Product.

3.10 Spenddown and Net Available Monthly Income (NAMI)

Capitation rates will exclude all required spenddown and NAMI regardless of whether the Contractor collects the amounts. The Contractor shall report the spenddown and NAMI for each Enrollee in accordance with the timeframes and in the format prescribed by SDOH.

3.11 Prohibition on Payments to Institutions or Entities Located Outside of the United States

The Contractor is prohibited under Section 6505 of the federal Affordable Care Act, which amends Section 1902(a) of the Social Security Act, from making payments for Medicaid covered items or services to any financial institution or entity, such as provider bank accounts or business agents, located outside of the United States, District of Columbia, Puerto Rico, the Virgin Islands, Guam, the Northern Mariana Islands and American Samoa.

3.12 Conditions on Incentive Arrangements

Pursuant to 42 CFR § 438.6, any incentive arrangements between the Department and Contractor may not result in a gross payment to Contractor in excess of 105 percent of the approved capitation payments attributable to the enrollees or services covered by the incentive arrangement.

All incentive arrangements between the Department and Contractor shall:

1. be for a fixed period of time, and performance will be measured during the rating period under the contract in which the incentive is applied;

2. not be renewed automatically;

3. be made available to both public and private contractors under the same terms of performance;

4. not be conditioned on the Contractor entering into or adhering to any intergovernmental transfer agreement; and

5. be necessary for the specified activities and targets, performance measure, or quality-based outcomes that support program initiatives specified in the VBP Roadmap.

3.13 Other Risk Sharing Mechanisms

a) Risk corridors. The Contractor’s capitation rates for State Fiscal Year 2021 (consisting of April 1, 2020 through and including March 31, 2021) will include a risk corridor as a risk mitigation mechanism whereby SDOH retains gains and losses outside of defined levels, as described in Appendix N.1 of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein. The risk corridor is added in recognition of claims cost uncertainty attributable to the COVID-19 pandemic. Risk corridors for future rating periods will be evaluated by SDOH.

b) Minimum wage reconciliation. SDOH shall reconcile Contractor’s minimum wage funding distributions for State Fiscal Year 2021 and State Fiscal Year 2022 as described in Appendix N.2 of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein.

c) Medical Loss Ratio. Pursuant to 42 CFR 438.8, Contractor’s capitation rates shall be subject to a Medical Loss Ratio (MLR) as described in Appendix N.3 of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein.

d) Nursing Home Transition (NHT) Add-on. SDOH shall retroactively update the enrollment mix of community and Nursing Home Transition (NHT) Enrollees used to create the NHT add-on as described in Appendix N.4 of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein.

4 SERVICE AREA

The Service Area described in Appendix M of this Agreement, which is hereby made a part of this Agreement as if set forth fully herein, is the specific geographic area within which Eligible Persons must reside in order to be eligible to enroll in the Contractor's Medicaid Advantage Plus Product. The Contractor must request written SDOH approval to reduce or expand its service area for purposes of providing managed long term care services. In no event, however, shall the Contractor modify its service area until it has received such approval. Any modifications made to Appendix M as a result of an approved request to expand and reduce the Contractor’s service area shall become effective fifteen (15) days from the date of the written SDOH approval without the need for further action on the part of the parties to this Agreement.

During the initial assessment process utilizing the Uniform Assessment System, the Contractor should ensure the Applicant demonstrates a documented functional or clinical need for one of the CBLTCS and clearly identify the service(s) in the plan of care. Social Day Care, as a covered service in the Benefit Package, can contribute to the total care plan but cannot represent the sole service provided to an Applicant.

x. The Contractor must complete the plan of care for each Enrollee within 30 days of that Enrollee's initial enrollment in the Medicaid Advantage Plus Program.

b) Participation in the Medicaid Advantage Plus Program and enrollment in the Contractor's Medicaid Advantage Plus Product is voluntary for all Eligible Persons.

Persons meeting the following criteria are not eligible to enroll in the Contractor's Medicaid Advantage Plus Product:

j) Individuals who are residents of a facility operated under the auspices of the State Office of Mental Health (OMH), the Office of Alcoholism and Substance Abuse Services (OASAS) or the State Office for People With Developmental Disabilities (OPWDD) or is enrolled in another managed care plan capitated by Medicaid, a Home and Community-Based Services waiver program, or OPWDD Day Treatment Program.

k) SDOH has the right to make further modification to the excluded populations as necessary to implement statewide Medicaid program initiatives, including Medicaid Redesign initiatives. 5.3 Change in Eligibility Status

a) The Contractor must report to the LDSS or entity designated by the State any change in status of its Enrollees, which may impact the Enrollee's eligibility for Medicaid or Medicaid Advantage Plus, within five (5) business days of such information becoming known to the Contractor. This information includes, but is not limited to: change of address; incarceration; Permanent Placement in a residential institution or program other than a nursing home, rendering the individual ineligible for enrollment in Medicaid Advantage Plus; instances in which an Enrollee's rehabilitation services in a nursing home exceed 29 days; death; and disenrollment from the Contractor's Medicare Advantage Product as defined in this Agreement.

b) To the extent practicable, the LDSS or entity designated by the State will follow-up with Enrollees when the Contractor provides documentation of any change in status which may affect the Enrollee's Medicaid and/or Medicaid Advantage Plus plan eligibility and enrollment.

5.4 Transition from Medicaid Mainstream Managed Care (MMC) to Medicaid Advantage Plus

a) For individuals who enroll in the Contractor's Medicaid Advantage Plus product who were in receipt of CBLTC services from an MMC plan, and who were disenrolled due to receipt of Medicare, the Contractor must continue to provide services authorized under the Enrollee's pre-existing service plan for a minimum of ninety (90) days after enrollment, but may conduct a person

centered service plan and care management assessment pursuant to Section 10.12 of this Agreement within thirty (30) days of enrollment.

b) The Contractor shall enroll members of the Contractor's MMC plan(s), and of such plans run by any affiliated entity such as a sister or managing corporation unless said entities themselves also have a Medicaid Advantage Plus product, into the Contractor's Medicaid Advantage Plus product that are in receipt of Medicare, as identified on the monthly disenrollment file sent to the Contractor by the MMC Enrollment Broker or LDSS, and meet the requirements for eligibility in the Medicaid Advantage Plus product otherwise stated in this Agreement.

5.5 New Enrollees

For individuals requesting enrollment who are not currently receiving services, the Contractor will use the assessment instrument specified by SDOH (currently the Uniform Assessment System (UAS)), to assess each Applicant for Medicaid Advantage Plus enrollment. The MAP plan may use additional tools that have been approved by SDOH in its evaluation of Applicants.

a) The Contractor will comply with the Conflict Free Evaluation and Enrollment Center enrollment protocols and implementation plan outlined in Appendix T and as further defined in guidance issued by SDOH.

b) The Contractor's initial assessment for MAP eligibility must be conducted within thirty (30) days of first contact by an individual requesting enrollment or of receiving a referral from the Enrollment Broker or other source. This assessment must be performed by a Registered Nurse (RN) in the individual's home.

c) The Contractor must provide a monthly report to SDOH or entity designated by the State listing all individuals for whom an assessment was completed in a format determined by SDOH. The report must include the name of the individual; the date of initial contact to the plan for individuals that were not referred by the LDSS or entity designated by the State; and the date the MAP plan conducted its assessment for program eligibility. The report must be submitted within ten (10) business days of the close of each month.

d) The Contractor shall maintain adequate documentation (including the UAS) for at least three (3) years to support the enrollment decision, which is subject to post enrollment audit by SDOH or contracted entity.

e) The Contractor will transmit an enrollment form completed by the Contractor to the LDSS or entity designated by the State for enrollment processing.

6 ENROLLMENT

6.1 Enrollment Requirements

The LDSS or entity designated by the State and the Contractor agree to conduct enrollment of Eligible Persons in accordance with the policies and procedures set forth in Appendix H and Appendix T of this Agreement, which are hereby made a part of this Agreement as if set forth fully herein.

6.2 Equality of Access to Enrollment

The Contractor shall accept Enrollments of Eligible Persons in the order in which they are received without restriction and without regard to the Eligible Person's age, sex (including gender identity or status of being transgender), race, creed, physical or mental disability (including gender dysphoria), developmental disability, national origin, sexual orientation, type of illness or condition, need for health services or to the Capitation Rate that the Contractor will receive for such Eligible Person.

6.3 Enrollment Decisions

a) The Contractor will comply with the Conflict Free Evaluation and Enrollment Center enrollment protocols and implementation plan outlined in Appendix T, and as further defined in guidance issued in writing by SDOH.

b) An Eligible Person's decision to enroll in the Contractor's Medicaid Advantage Plus Product shall be voluntary. However, as a condition of eligibility for Medicaid Advantage Plus, individuals may only enroll in the Contractor’s Medicaid Advantage Plus Product if they also enroll in the Contractor’s Medicare Advantage Product as defined in this Agreement.

6.4 Prohibition Against Conditions on Enrollment

Unless otherwise required by law or this Agreement, neither the Contractor or LDSS or an entity designated by the State shall condition any Eligible Person's enrollment in the Medicaid Advantage Plus Program upon the performance of any act or suggest in any way that failure to enroll may result in a loss of Medicaid benefits.

6.5 Effective Date of Enrollment

a) At the time of Enrollment, the Contractor must notify the Enrollee of the expected Effective Date of Enrollment.

b) To the extent practicable, such notification must precede the Effective Date of Enrollment.

c) In the event that the actual Effective Date of Enrollment changes, the Contractor must notify the Enrollee of the change.

d) An Enrollee's Effective Date of Enrollment shall be the first day of the month in which the Enrollee's name appears on the Prepaid Capitation Plan Roster and is enrolled in the Contractor's Medicare Advantage Product for that month.

6.6 Contractor Liability

As of the Effective Date of Enrollment, and until the Effective Date of Disenrollment from the Contractor's Medicaid Advantage Plus Product, the Contractor shall be responsible for the provision and cost of the Medicaid Services as described in Appendix K-2 of this Agreement for Enrollees whose names appear on the Prepaid Capitation Plan Roster.

6.7 Roster

a) The first and second monthly Rosters generated by SDOH in combination shall serve as the official Contractor enrollment list for the WMS Medicaid population for the purposes of eMedNY or successor premium billing and payment, subject to ongoing eligibility of the Enrollees as of the first (1st) day of the Enrollment month. Modifications to the Roster may be made electronically or in writing by the LDSS or entity designated by the State. If the LDSS or entity designated by the State notifies the Contractor in writing or electronically of changes in the Roster and provides supporting information as necessary prior to the effective date of the Roster, the Contractor will accept that notification in the same manner as the Roster.

b) The LDSS or entity designated by the State is responsible for making data on eligibility determinations available to the Contractor and SDOH to resolve discrepancies that may arise between the Roster and the Contractor's enrollment files in accordance with the provisions in Appendix H of this Agreement.

c) All Contractors must have the ability to receive these Rosters electronically.

d) The Contractor must adhere to the guidelines developed by the SDOH for reconciling the Medicaid Advantage Plus roster with the Medicare Advantage Product roster and take appropriate actions to resolve any discrepancies on a timely basis.

6.8 Re-Enrollment

An Enrollee who is disenrolled from the Contractor's Medicaid Advantage Plus Product due to loss of Medicaid eligibility and who regains eligibility within a three (3) month period will, in most cases, be automatically retroactively re-enrolled in the

Contractor's Medicaid Advantage Plus product for the period the Enrollee is re-determined to be Medicaid eligible, provided that the individual remains enrolled in the Contractor's Medicare Advantage product as defined in this Agreement unless:

a) The Contractor does not offer a Medicaid Advantage Plus product in the Enrollee's county of fiscal responsibility; or

b) The Enrollee selects another MLTC plan, another MLTC plan's Medicaid Advantage Plus and Medicare Advantage Products, or receives Medicaid coverage through Medicaid fee-for-service; or

c) The Contractor is precluded from enrollments by State regulatory action or has withdrawn from the county of fiscal responsibility.

6.9 Failure to Enroll in the Contractor's Medicare Advantage Product

If an Enrollee's enrollment in the Contractor's Medicare Advantage Product is rejected by CMS, the Contractor must notify the LDSS or entity designated by the State within five (5) business days of learning of CMS' rejection of the enrollment. In such instances, the LDSS or entity designated by the State shall delete the Enrollee's enrollment in the Contractor's Medicaid Advantage Plus Product retroactive to the Effective Date of Enrollment.

6.10 Spenddown and Net Available Monthly Income (NAMI)

a) The LDSS shall determine an Enrollee's spenddown or NAMI amount.

b) The Contractor agrees to notify the LDSS in writing when an Enrollee with a monthly spenddown is admitted to an inpatient facility so the spenddown can be recalculated and a determination made regarding the amount, if any, of the spenddown owed to the inpatient facility. The notification will include the Enrollee's name, Medicaid number, hospital name and other information as directed by SDOH.

c) The Contractor agrees to notify the LDSS in writing within five (5) business days of such information becoming known to the Contractor of admission of an Enrollee to a nursing facility either for Permanent Placement or for a rehabilitation services stay that exceeds 29 days, to allow Medicaid eligibility to be redetermined using institutional eligibility rules. The notification will include the Enrollee's name, Medicaid number, nursing facility name and other information as directed by SDOH. If such an Enrollee is determined by the LDSS to be financially ineligible for Medicaid nursing facility services, the LDSS shall notify the Contractor of such determination.

6.11 Enrollment Limits

a) The Contractor will request written permission from SDOH to suspend enrollment when the Contractor determines that it lacks access to sufficient or adequate resources to provide or arrange for the safe and effective delivery of Covered Services to additional Enrollees. Resumption of enrollment will occur only with Department approval, not to be unreasonably delayed, after written notice from the Contractor that adequately describes how the situation precipitating the suspension was corrected.

b) SDOH may establish enrollment limits based either on a determination of readiness or on limits established pursuant to § 4403-f of Public Health Law.

c) SDOH shall send copies of all notices regarding suspension and resumption of enrollment to the LDSS or entity designated by the State for processing of enrollments.

7 RESERVED

8 DISENROLLMENT

8.1 Disenrollment Requirements

a) The Contractor agrees to conduct Disenrollment of an Enrollee in accordance with the policies and procedures for Disenrollment set forth in Appendix H of this Agreement.

b) The LDSS or entity designated by the State is responsible for processing Disenrollment requests.

8.2 Disenrollment Prohibitions

Enrollees shall not be disenrolled from the Contractor's Medicaid Advantage Plus Product based on any of the following reasons:

a) high utilization of covered medical services, an existing condition or a change in the Enrollee's health, diminished mental capacity or uncooperative or disruptive behavior resulting from his or her special needs unless the behavior results in the Enrollee becoming ineligible for Medicaid Advantage Plus continued enrollment as described in Section 8.8 (b)(i) of this Agreement;

b) any of the factors listed in Section 34 (Non-Discrimination) of this Agreement; or

c) the Capitation Rate payable to the Contractor.

8.3 Disenrollment Requests

The LDSS or entity designated by the State is responsible for processing Enrollee requests for disenrollment to take effect on the first (1st) day of the next month, to the extent possible. In no event shall the Effective Date of Disenrollment be later than the first (1st) day of the second (2nd) month after the month in which an Enrollee requests a Disenrollment.

8.4 Disenrollment Notifications

a) Notwithstanding anything herein to the contrary, the Roster, along with any changes sent by the LDSS or entity designated by the State to the Contractor in writing or electronically, shall serve as official notice to the Contractor of Disenrollment of an Enrollee.

b) In the event that the LDSS or entity designated by the State intends to retroactively disenroll an Enrollee on a date prior to the first day of the month of the disenrollment request, the LDSS or entity designated by the State shall consult with the Contractor prior to Disenrollment. Such consultation shall not

be required in cases where it is clear that the Contractor was not a risk for the provision of the Medicaid Advantage Plus Benefit Package for any portion of the retroactive period.

c) In all cases of retroactive Disenrollment, including Disenrollments effective the first day of the current month, the LDSS or entity designated by the State is responsible for notifying the Contractor at the time of Disenrollment, of the Contractor's responsibility to submit to the SDOH's Fiscal Agent voided premium claims for any months of retroactive Disenrollment where the Contractor was not at risk for the provision of the Medicaid Services in Appendix K-2 during the month.

8.5 Contractor's Liability

The Contractor shall continue to provide and arrange for the provision of covered services until the effective date of disenrollment. SDOH will continue to pay capitation fees for an Enrollee until the effective date of disenrollment. The Contractor is not responsible for providing the Medicaid Services in Appendix K-2 under this Agreement after the Effective Date of Disenrollment.

8.6 Contractor Referrals to Alternative Services

The Contractor, in consultation with the Enrollee, prior to the Enrollee's effective date of disenrollment, shall make all necessary referrals to alternative services, for which the plan is not financially responsible, to be provided subsequent to disenrollment, when necessary, and advise the Enrollee in writing of the proposed disenrollment date.

8.7 Enrollee Initiated Disenrollment

a) An Enrollee may initiate voluntary disenrollment at any time from the Contractor's Medicaid Advantage Plus Product for any reason upon oral or written notification to the Contractor. The Contractor must provide written confirmation to the Enrollee of receipt of an oral request and maintain a copy in the Enrollee's record. The Contractor shall attempt to obtain the Enrollee's signature on the Contractor's voluntary disenrollment form, but may not delay the disenrollment while it attempts to secure the Enrollee's signature on the disenrollment form. The effective date of disenrollment must be no later than the first day of the second month in which the disenrollment was requested.

b) An Enrollee who elects to join and/or receive services from another managed care plan capitated by Medicaid, another Medicare product, a Home and Community Based Services waiver program, or OPWDD Day Treatment is considered to have initiated disenrollment from Contractor's Medicaid Advantage Plus Product.

8.8 Contractor Initiated Disenrollment

a) The Contractor must notify the LDSS or entity designated by the State and initiate an Enrollee's Disenrollment from the Contractor's Medicaid Advantage Plus Product in the following cases:

i. A change in residence makes the Enrollee ineligible to be a member of the plan;

ii. The Enrollee is no longer a member of the Contractor's Medicare Advantage Product as defined in this Agreement;

iii. The Enrollee dies;

iv. The Enrollee's status changes such that he/she is no longer eligible to participate in Medicaid Advantage Plus Product as described in Section 5 of this Agreement;

v. The Enrollee has been absent from the service area for more than thirty (30) consecutive days. Prior to the effective date of the disenrollment the Contractor must arrange and provide all necessary Covered Services;

vi. The Enrollee is no longer eligible for nursing home level of care as determined at any comprehensive assessment using the assessment tool prescribed by the SDOH, unless the Contractor, or the LDSS or entity designated by the State agree that termination of the services provided by the Contractor could reasonably be expected to result in the Enrollee being eligible for nursing home level of care (as determined with the assessment tool prescribed by the SDOH) within the succeeding six-month period. The Contractor shall provide the LDSS or entity designated by the State the results of its assessment and recommendations regarding continued enrollment or disenrollment within five (5) business days of the comprehensive assessment;

vii. At point of any reassessment while living in the community, the Enrollee is determined to no longer demonstrate a functional or clinical need for CBLTC services; or

d) The template ASA provided by SDOH may not be altered. If necessary, a Health Home and the Contractor may agree to elaborate their respective roles via an appendix—provided that it does not conflict with the terms of the ASA—providing an opportunity to further ensure that care coordination services are not duplicated.

10.18 Consumer Directed Personal Assistance Services (CDPAS)

a) Pursuant to SSL § 365-f, CDPAS is a Medicaid Advantage Plus covered benefit. The Contractor must enter into agreements with Fiscal Intermediaries (FI) in its service area that provide payroll and other employer responsibilities for CDPAS. The FIs also assist CDPAS Enrollees with training, counseling and information for effectively directing and managing CDPAS. The Contractor must attest to SDOH that it has an adequate network of FIs before covering CDPAS.

b) The Contractor must ensure that all potential and current Enrollees are:

i. Notified that CDPAS is an available voluntary benefit;

iii. Provided with information explaining available alternatives to the CDPAS benefit; and

iv. Permitted to utilize the CDPAS benefit if requested.

c) The Contractor must document in each Enrollee's record that the notifications required under 10.18 b) of this Agreement have taken place.

d) The Enrollee may designate a legal or non-legal representative to assist with or assume employer responsibilities for CDPAS. Such representative may not act as the Enrollee's personal assistant**.**

e) The Contractor is responsible for comprehensive assessment and development of a person centered service plan for all Medicaid Advantage Plus services for Enrollees using CDPAS. However, the Contractor must permit CDPAS Enrollees (or an Enrollee's representative) to have decision making authority regarding CDPAS staff:

   vi. Discharge.

f) A CDPAS Enrollee may voluntarily disenroll from the self-directed option and receive traditional services through the Medicaid Advantage Plus.

   i. continued participation in CDPAS would not permit the Enrollee's health, safety or welfare needs to be met;

   ii. the Enrollee demonstrates the inability to self-direct by consistently demonstrating a lack of ability to carry out the tasks needed to self-direct services; or

   iii. there is fraudulent use of Medicaid funds such as substantial evidence that the Enrollee has falsified documents related to CDPAS.

h) Any restriction, reduction, suspension or termination of authorized CDPAS (including CDPAS itself) or denial of a request to change CDPAS is considered an adverse determination which may be appealed by the Enrollee pursuant to

42 CFR Part 438 and for which the Enrollee may request a fair hearing or external appeal upon a Final Adverse Determination.

i) The Contractor shall inform FIs of its claims procedures. The Contractor shall process all claims and pay clean claims in a timely manner, as determined by the agreement with the FI, and notify FIs in writing as to the reason(s) claims are fully or partially denied. SDOH may require a plan of correction, impose sanctions or take other regulatory action should it determine the Contractor consistently delays payments to FIs without due cause.

10.19 Discharge Planning

a) The Contractor will make all reasonable efforts to work with hospitals, Article 31 facilities, mental health facilities, Article 32 OASAS programs, RHCFs and outpatient and community-based providers in developing discharge plans for their Enrollees when a change in the Enrollee's level of care is proposed. As part of discharge planning, the Contractor shall arrange for and authorize covered services as medically necessary for the Enrollee's care. For the purposes of this Section, "reasonable efforts" include, but are not limited to, as applicable and appropriate to the Enrollee's circumstances: participation in discharge planning meetings; face-to-face meetings with the Enrollee to assess needs and preferences for care; identification of medical, environmental or social obstacles to safe discharge; referral to the Contractor's care management program; assignment to a Health Home and collaboration with a Health Home, if applicable; enrollment and care management efforts; referral to Medicaid waiver programs; and/or referral to state and local government agencies.

b) Consistent with this Agreement, where the Enrollee has intensive medical or behavioral health needs, the Contractor will ensure sufficient time is provided to fully implement the discharge plan and PCSP, including assurance of informal and formal supports at the lower level of care.

c) Where safe discharge from a hospital, Article 31 mental health facility, Article 32 OASAS program, or Residential Health Care Facility cannot be arranged solely due to the Enrollee's lack of housing, the Contractor shall continue coverage of the stay, as applicable, and work collaboratively with the facility to explore all options and referrals available considering the Enrollee's specific circumstances, including coordination with housing providers, homeless services, and Health Home care management agencies, as applicable.

d) In accordance with Appendix K-2 (2) of this Agreement, the Contractor is responsible for covering the continued stay in a mental health facility, OASAS program or RHCF until the Enrollee may be safely discharged. For those stays where the Enrollee's safe discharge cannot be arranged solely due to lack of housing, the plan's obligation to continue coverage of such stay will end when

the Contractor has determined that the Enrollee no longer requires facility level of care, and when:

i. the Enrollee is safely discharged; or

ii. the Enrollee refuses to comply with a safe discharge plan, which, where applicable, includes a PCSP developed in accordance with this Agreement; or

iii. the facility ceases to work collaboratively with the Contractor to explore options for the Enrollee's safe discharge, in which case the Contractor must maintain sufficient documentation regarding the facility's unwillingness to work with the Contractor toward a safe discharge, to demonstrate, upon SDOH request, that the denial of continued coverage of the stay was justified.

10.20 Enrollee Health and Welfare

a) The Contractor must have policies and procedures for identifying, addressing and seeking to prevent critical incidents, which include instances of abuse, neglect and exploitation of its Enrollees, on a continuous basis. The Contractor is required to provide critical incident monitoring and investigations of critical incidents including but not limited to:

The full amount of such supplemental payment shall be subject to recovery from the Contractor by the SDOH.

the Medicaid Inspector General (OMIG), Office of the State Comptroller (OSC) or the New York State Office of the Attorney General.

e) No subcontract, including any Provider Agreement, shall limit or terminate the Contractor's duties and obligations under this Agreement.

Each year, the Contractor must meet the percentage of total provider payment targets that are detailed in the NYS Value Based Payment Roadmap.

k) The Contractor shall not enter into any agreement with any Participating Provider, Non-Participating Provider, subcontractor or third party that would

limit any right to commence an action or to obtain recovery from such providers by the State, including, but not limited to, the New York State Office of the Attorney General, SDOH, OMIG and OSC, even under circumstances where the Contractor has obtained an overpayment recovery from a provider. Nothing in this Agreement shall be construed to limit the amount of any recovery sought or obtained by the New York State Office of the Attorney General, SDOH, OMIG, and OSC from any Contractor, Participating Provider, Non-Participating Provider, subcontractor, or from any third party.

This six year limitation does not apply to situations in which fraud may be involved or in which the provider or an agent of the provider prevents or obstructs the Contractor's auditing.

ii. The parties acknowledge that the New York State Office of the Attorney General, the SDOH, the Office of the Medicaid Inspector General (OMIG) and the Office of the State Comptroller (OSC) have the right to recover overpayments, penalties, and other damages from Participating Providers, Non-Participating Providers, Contractors, subcontractors, and third parties in the Contractor's network as a result of any investigation, audit or action commenced by the New York State Office of the Attorney General, the SDOH, OMIG, and OSC, including, but not limited to any litigation brought pursuant to State Finance Law § 187 et seq. or 31 U.S.C. § 3729 et seq. iii. The parties agree that where the Contractor has previously recovered overpayments, by whatever mechanism utilized by the Contractor, from a Participating Provider, said overpayment recovery shall not be recovered from that Participating Provider for any such previously recovered

identifiable claims that are the subject of a further investigation, audit or action commenced by the agencies listed in Section 22.7 b.

iv. The parties agree that where the Contractor has recovered overpayments from a Participating Provider, the Contractor shall retain said recoveries, except where such recoveries are made on behalf of the OMIG or SDOH as provided in Section 22.7 (b), or pursuant to a combined audit as provided in Section 22.7 (c) of this Agreement.

b) The OMIG or SDOH shall have the right to request that the Contractor recover an overpayment, penalty or other damages owed to the Medicaid program, including any interest, from its Participating Provider consistent with the requirements of Insurance Law § 3224-b. In such cases the OMIG or SDOH may charge the Participating Provider a collection fee as set forth in State Finance Law, in an amount to be determined by the OMIG or SDOH in its sole discretion. The Contractor shall remit, on a monthly basis, to the SDOH all amounts collected from the Participating Provider. Upon collection of the full amount owed to the Medicaid program, the Contractor may retain the collection fee to account for the Contractor's reasonable costs incurred to collect the debt. The Contractor shall report the amounts recovered in its Quarterly Provider Investigative Report in accordance with Section 18.5(c)(xiii) of this Agreement. OMIG will only request that the Contractor recover an overpayment, penalty or other damage where there has been a final determination. For purposes of this section, a final determination is defined as:

i. a Notice of Agency Action issued by the OMIG pursuant to 18 NYCRR Part 515;

ii. a Notice of Agency Action issued by the OMIG pursuant to 18 NYCRR Part 516;

iii. a Final Audit Report issued by the OMIG pursuant to 18 NYCRR Part 517;

c) Consistent with 18 NYCRR § 517.6(g) the OMIG may enter into an agreement with the Contractor to conduct a combined audit or investigation of the Contractor's Participating Provider, Non-Participating Provider, or subcontractor. Such agreement shall be executed by the parties prior to the

commencement of the audit or investigation. The portion of any recoveries as a result of a combined audit or investigation that is not owed to the federal government shall be shared between the Contractor and OMIG as provided for in the combined audit or investigation agreement. In no event shall the Contractor share in any recovery which results from the referral of a pending investigation of a credible allegation of fraud by the State to the New York State Office of the Attorney General or other law enforcement organization pursuant to 42 C.F.R. § 455.23 and other pertinent authority.

d) Nothing in this Agreement shall be construed to limit the authority of the New York State Office of the Attorney General, OMIG, OSC or the SDOH to investigate, audit or otherwise obtain recoveries from any Participating Provider, Non-Participating Provider, Contractor, subcontractor, or third party.

The contents of such reports shall comply with the requirements of 42 CFR 422.208 and 422.210 and be in a format to be provided by SDOH.

c) In the event that the incentive arrangements place the physician or physician group at risk for services beyond those provided directly by the physician or physician group for an amount beyond the risk threshold of twenty-five percent (25%) of potential payments for covered services (substantial financial risk), the Contractor must comply with all additional requirements listed in regulation, such as: conduct Enrollee/Disenrollee satisfaction surveys; disclose the requirements for the physician incentive plans to its beneficiaries upon request; and ensure that all physicians and physician groups at substantial financial risk have adequate stop-loss protection. Any of these additional requirements that are passed on to the subcontractors must be clearly stated in their Agreement.

22.9 Termination of Health Care Provider Agreements

The Contractor shall provide SDOH at least sixty (60) days notice prior to the termination of any Provider Agreement, the termination of which would preclude an Enrollee's access to a covered service by provider type under this Agreement, and specify how services previously furnished by the contracted provider will be provided. In the event a Provider Agreement is terminated on less than sixty (60) days notice, the Contractor shall notify SDOH immediately but in no event more than seventy-two (72) hours after notice of termination is either issued or received by the Contractor.

   ii. Development of the capacity for claims systems to reject/deny claims that do not have valid POA indicators (corrected claims can be resubmitted);

   iii. Development of policies and procedures that will reject or modify any inpatient charges resulting from any "never event" or "hospital acquired condition" (pursuant to the current list of implemented items provided on SDOH and HCS websites);

      A) The methodology for claims adjustment shall be consistent with current Medicaid program guidance provided on SDOH and HCS websites.

      B) In the event that payment for inpatient claims is not based on DRGs, the Contractor shall develop a system that is equivalent in result to the methodology developed by Medicaid program.

   iv. Development of an audit or review capacity to ensure that claims are submitted accurately and adjudicated consistent with this policy.

b) The Contractor is required to submit inpatient claims with valid POA fields to MEDS III or its successor system.

Development of the capacity for claims systems to recognize procedures coded with the modifiers PA (surgical or other invasive procedure performed on the wrong body part), PB (surgical or other invasive procedure performed on the wrong patient), and PC (wrong surgical or invasive procedure performed on a patient).

ii. Development of the capacity for claims systems to reject/deny claims coded with the modifiers PA, PB and PC.

Additionally, the Contractor shall certify to SDOH annually, on forms provided by the SDOH, that all home care aide services, whether provided by the Contractor or through a subcontractor are in compliance with PHL § 3614-c.

c) The Contractor shall quarterly collect, and require subcontractors to provide, sufficient information to verify that subcontractors employing home care aides are in compliance with PHL § 3614-c. The Contractor shall develop protocols to establish a verification system to demonstrate compliance with requirements. Such verification system must be sufficient to verify that home care aide wages provided by each subcontractor meet or exceed the local wage requirements pursuant to subdivision 3 and applicable notices and regulations. Solely collecting the certification or an attestation of compliance is not sufficient to meet this requirement. The local wage requirements are subject to change pursuant to subdivision 3 and applicable notices and regulations, all wages provided must comply with the current rate in effect.

d) Failure to fully comply with the home care worker wage parity requirements may result in non-payment of services rendered, as required by PHL § 3614-c(2).

OMIG shall determine whether the Contractor is eligible to share in the recovery, depending upon the extent to which the Contractor substantially contributed to the investigation and recovery, at a percentage to be solely determined by the OMIG. Where the OMIG determines that the Contractor substantially contributed to the investigation and recovery, the percentage shall be not less than 1% and not greater than 10% of the non-federal share of the amount of Medicaid payments recovered which were received by the Provider from the Contractor. The Contractor must report its portion of the shared recovery as part of the MMCOR reporting process. In the event the SDOH or OMIG determines that they will impose liquidated damages in accordance with this Section, the SDOH or OMIG shall notify the Contractor in writing, in a Notice of Damages. The SDOH or OMIG may assess liquidated damages against the Contractor regardless of whether the breach is the fault of the Contractor (including the Contractor's subcontractors, Participating Providers, agents and/or consultants), provided the SDOH or OMIG has not materially caused or contributed to the breach.

b) Nothing in this Section shall be construed to limit the authority of the New York State Office of the Attorney General, OMIG, OSC or SDOH to investigate, audit or otherwise obtain recoveries from a Participating Provider, Non-Participating Provider, Contractor, subcontractor, or third party.

c) The liquidated damages prescribed in this section are not intended to be in the nature of a penalty, but are intended to be reasonable estimates of the SDOH's and OMIG's projected financial loss and/or damage to the program resulting from the Contractor's nonperformance, including financial loss as a result of audit, investigation or review delays. Accordingly, in the event the Contractor fails to perform in accordance with this Agreement, the SDOH or OMIG may assess liquidated damages as provided in this Section.

d) If the Contractor fails to report or inaccurately reports monies it recovers during the reporting period in accordance with Section 18.5(c)(xiii) of this Agreement or on its MMCOR submission, the SDOH or OMIG may assess liquidated damages in an amount equal to twice the amount not reported or inaccurately reported. Any liquidated damages assessed by the SDOH or OMIG shall take into consideration the amount involved, frequency, and nature of the breach and shall be due and payable to the SDOH or OMIG within thirty (30) days after the Contractor's receipt of the Notice of Damages, regardless of any dispute in the amount or interpretation which led to the notice.

Reasonable promptness shall mean compliance with the timeframes established for review of grievances and utilization review in Articles 44 and 49 of the Public Health Law, the grievance system requirements of 42 CFR 438 and Appendix F of this Agreement. The Contractor may not act in any manner so as to restrict the Enrollee's right to a fair hearing or influence an Enrollee's decision to pursue a fair hearing.

25.3 Contractor Notice to Enrollees

a) Pursuant to Appendix F of this Agreement, the Contractor must issue a written Notice of Action to any Enrollee when taking an adverse Action and when making an Action Appeal determination, issue a notice of the right to request a fair hearing within applicable timeframes when the service is determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid. 25.4 Aid Continuing

a) Pursuant to SSL §365-a and 18 NYCRR §360-10.8(g)(2), the Contractor shall be required to continue the provision of the Benefit Package services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid that are the subject of the fair hearing to an Enrollee (hereafter referred to as "aid continuing") if so ordered by the New York State Office of Administrative Hearings (OAH) under the following circumstances:

   i. Contractor has or is seeking to reduce, suspend or terminate such service or treatment currently authorized;

   ii. Enrollee has filed a timely request for a fair hearing with OAH; and

   iii. There is a valid order for the service or treatment from a Participating Provider when the requirement for such an order is identified in the Contractor's service authorization criteria approved by SDOH.

b) Contractor shall provide aid continuing until the matter has been resolved to the Enrollee's satisfaction or until the administrative process is completed and there is a determination from OAH that Enrollee is not entitled to receive the service, the Enrollee withdraws the request for aid continuing and/or the fair hearing or the service or treatment originally ordered by the provider has been completed, whichever occurs first.

c) If the services and/or benefits in dispute have been terminated, suspended or reduced and the Enrollee requests a fair hearing in a timely manner, Contractor shall, at the direction of the LDSS, restore the disputed services and/or benefits consistent with the provisions of Section 24.4(a) of this Agreement.

25.5 Contractor's Obligations

a) Contractor shall appear at all scheduled fair hearings concerning its clinical determinations and/or Contractor-initiated Disenrollments and/or Contactor recommended denials of enrollment to present evidence as justification for its determination or submit written evidence as justification for its determination regarding the disputed benefits and/or services. If Contractor will not be making a personal appearance at the fair hearing, the written material must be submitted to OAH and Enrollee or Enrollee's representative at least three (3) business days prior to the scheduled hearing. If the hearing is scheduled fewer than three (3) business days after the request, Contractor must deliver the evidence to the hearing site no later than one (1) business day prior to the hearing, otherwise Contractor must appear in person. Notwithstanding the above provisions, Contractor may be required to make a personal appearance at the discretion of the hearing officer and/or SDOH.

b) The Contractor must provide to the Enrollee or the Enrollee’s authorized representative copies of the documents the Contractor will present at the fair hearing, also known as the “evidence packet.” Copies of the evidence packet must be provided without charge. Within ten (10) business days of receiving notification of a hearing request, the Contractor must mail copies of the evidence packet to the Enrollee or the Enrollee’s authorized representative. If, due to the scheduling of the fair hearing, the evidence packet cannot be prepared at least five (5) business days before the hearing, and there is not sufficient time for the evidence packet to be mailed, the Contractor must provide the Enrollee or the Enrollee’s authorized representative such copies no later than at the time of the hearing

c) Upon request, the Contractor must also provide the Enrollee or the Enrollee’s authorized representative access to the Enrollee’s case file, and provide copies of documents contained in the file. If so requested, copies of the evidence packet and case file must be provided without charge and within a reasonable time before the date of the hearing. If the request for copies of these documents is made less than five (5) business days before the hearing, the Contractor must provide the Enrollee and the Enrollee’s authorized representative such copies no later than at the time of the hearing. Such documents must be provided to the Enrollee and the Enrollee’s authorized representative by mail within a reasonable time from the date of the request if the Enrollee or the Enrollee’s authorized representative request that such documents be mailed; provided however, if there is insufficient time for such documents to be mailed and received before the scheduled date of the hearing, such documents may be presented at the hearing instead of being mailed.

d) Despite an Enrollee’s request for a State fair hearing in any given dispute, Contractor is required to maintain and operate in good faith its own internal Complaint and Appeal processes for services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid as required under state and federal laws and by Section 14 and Appendix F of this Agreement. Enrollees may only request a State fair hearing and/or External Appeal as a result of the Contractor’s Final Adverse Determinations.

e) Contractor shall comply with all determinations rendered by OAH at fair hearings.

   i. Contractor shall cooperate with SDOH efforts to ensure that Contractor is in compliance with fair hearing determinations. Failure by Contractor to maintain such compliance shall constitute breach of this Agreement. Nothing in this Section shall limit the remedies available to SDOH, LDSS or the federal government relating to any non-compliance by Contractor with a fair hearing determination or Contractor’s refusal to provide disputed services.

ii. If the Contractor believes there is an error of law or fact in the fair hearing decision, pursuant to 18 NYCRR Part 358-6.6, the Contractor may not pend compliance with the fair hearing decision while seeking a correction or review of the decision from OAH.

f) If SDOH investigates a Complaint that has as its basis the same dispute that is the subject of a pending fair hearing and, as a result of its investigation, concludes that the disputed services and/or benefits should be provided to the Enrollee, Contractor shall comply with the SDOH's directive to provide those services and/or benefits and provide notice to the Enrollee to which services have been authorized. The Contractor may request a waiver from appearing at the hearing and, in submitted papers, explain that it has withdrawn its initial determination and is providing the service or treatment formerly in dispute.

g) If SDOH, through its Complaint investigation process, or OAH, by a determination after a fair hearing, directs Contractor to provide a service that was denied by Contractor, Contractor may either directly provide the service, arrange for the provision of that service or pay for the provision of that service by a Non-Participating Provider. If the services were not furnished during the period in which the fair hearing was pending, the Contractor must authorize and furnish the disputed services promptly and as expeditiously as the Enrollee's health condition requires.

h) Contractor agrees to abide by changes made to this Section of the Agreement with respect to the fair hearing, Service Authorization, Action, Action Appeal, Complaint and Complaint Appeal processes by SDOH in order to comply with any amendments to applicable state or federal statutes or regulations.

i) Contractor agrees to identify a contact person within its organization who will serve as a liaison to OAH for the purpose of receiving fair hearing requests, scheduled fair hearing dates and adjourned fair hearing dates and compliance with State directives**.** Such individual shall be accessible to the State by e-mail; shall monitor e-mail for correspondence from the State at least once every business day; and shall agree, on behalf of Contractor, to accept notices to the Contractor transmitted via e-mail as legally valid.

j) The information describing fair hearing rights, aid continuing, Service Authorization, Action Appeal, Complaint and Complaint Appeal procedures shall be included in all Medicaid Advantage Plus member handbooks and shall comply with Section 14, and Appendix F of this Agreement.

k) Contractor shall bear the burden of proof at hearings regarding the reduction, suspension or termination of ongoing services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid. In the event that Contractor's Final Adverse Determination is upheld as a result of

a fair hearing, any aid continuing provided pursuant to that hearing request, may be recouped by Contractor.

26 EXTERNAL APPEAL

26.1 Basis for External Appeal

Enrollees in the Contractor's Medicaid Advantage Plus Product are eligible to request an External Appeal when one or more health care services determined by the Contractor to be a Medicaid only benefit or a benefit under both Medicare and Medicaid has been denied by the Contractor on the basis that the service(s) is not medically necessary or is experimental or investigational.

26.2 Eligibility for External Appeal

An Enrollee is eligible for an External Appeal when the Enrollee has received a Final Adverse Determination from the Contractor, or both the Enrollee and the Contractor have agreed to waive internal Action Appeal procedures in accordance with PHL § 4914 (2) 2 (a). A provider is also eligible for an External Appeal of retrospective denials.

26.3 External Appeal Determination

The External Appeal determination is binding on the Contractor; however, a fair hearing determination supersedes an external appeal determination for Medicaid Advantage Plus Enrollees.

26.4 Compliance with External Appeal Laws and Regulations

The Contractor must comply with the provisions of §§ 4910-4914 of the PHL and 10 NYCRR Part 98 regarding the External Appeal program with respect to services determined by the Contractor to be a Medicaid only benefit or a benefit under both the Medicare and Medicaid programs.

vi. Effective April 23, 2020, to implement procedures for Contractor to reach out to enrollees to enable enrollees to express their intent to voluntarily implement changes to their plan of care.

c) Effective March 1, 2020, recovery scenarios described under Section 3.6 a(v) and (vi) of this Agreement or, upon the written direction of the SDOH, described in Section 3.6 a(vii) of this Agreement shall not apply to premiums paid for enrollments, including retroactive re-enrollments, authorized under paragraph (b)(ii) above.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law § 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available

to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. <u>WAGE AND HOURS PROVISIONS</u>. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. <u>NON-COLLUSIVE BIDDING CERTIFICATION</u>. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. <u>INTERNATIONAL BOYCOTT PROHIBITION</u>. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. <u>SET-OFF RIGHTS</u>. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. <u>RECORDS</u>. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way

adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR Part 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of $25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of $100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of $100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a," "b," and "c" above, in every subcontract over $25,000.00 for the construction, demolition, replacement, major

repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in § 165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5))) require that they be denied contracts which they would otherwise obtain. NOTE: As of October 2019, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law § 899-aa and State Technology Law § 208) and commencing March 21, 2020 shall also comply with General Business Law § 899-bb.

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. **IRAN DIVESTMENT ACT**. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: https://ogs.ny.gov/list-entities-determined-be-non-responsive-biddersofferers-pursuant-nys-iran-divestment-act-2012

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

APPENDIX H

SDOH Guidelines for the Processing of Medicaid Advantage Plus Enrollments and Disenrollments

1. General

The Contractor's Enrollment and Disenrollment procedures for the Medicaid Advantage Plus Product shall be consistent with these requirements, except to allow LDSS, or entity designated by the State and the Contractor flexibility in developing processes that will meet the needs of both parties, the SDOH may allow material modifications to timeframes and some procedures, subject to SDOH prior written approval before their implementation. Where an Enrollment Broker exists, the Enrollment Broker will be responsible for some or all of the LDSS responsibilities.

2. Enrollment Policy

A. Contractor shall comply with enrollment procedures developed by the Contractor and the LDSS or entity designated by the State, and approved by SDOH. Such written procedures shall address all aspects of application processing, consistent with the requirements of 4403-f of Public Health Law and shall contain the enrollment forms and other materials to be used by the Contractor. The Contractor will use an SDOH-approved enrollment agreement or the standardized enrollment agreement developed by SDOH, to transmit enrollment information to the LDSS or entity designated by the State on a timely basis. The Contractor agrees to submit any proposed material revisions to the approved enrollment procedures for SDOH approval prior to implementation of revised procedures.

B. Enrollments will only be processed using the following timeframes if the Medicaid eligibility of a potential Enrollee has been established and when Medicaid recertification is not required within 30 days of the effective date of enrollment.

C. If the enrollment application lacks information related to Medicaid eligibility, and that lack of information would preclude appropriate processing of the enrollment in the Welfare Management System (WMS) or eMedNY, or successor systems, the effective date of enrollment is not required to meet the new processing review timeframes. The LDSS or entity designated by the State may require additional information or clarification from the Contractor in this circumstance.

D. Plans are encouraged to submit completed enrollment applications on a weekly basis rather than "holding" applications until 12:00 noon on the 20th day of the month.

E. The Contractor is required to submit the following enrollment application information to the LDSS or entity designated by the State:

   i. Enrollee agreement;

ii. transmittal sheet(s) with any information required by the LDSS or entity designated by the State to effect the enrollment.

The LDSS or entity designated by the State may require that the plan also submit evidence of Medicaid eligibility in a form to be approved by the SDOH.

F. If the LDSS or entity designated by the State determines that the enrollment application is incomplete, it may delay the enrollment to secure a complete enrollment application from the Contractor.

G. The Contractor shall maintain adequate documentation to support the enrollment which is subject to audit. Post enrollment audits will be conducted on a sample of applications by SDOH.

H. If the Contractor is proposing to deny enrollment in the plan, the Contractor must submit to the LDSS or entity designated by the State to make a determination:

i. The Universal Assessment System (UAS) instrument (or its successor instrument) used to assess the Member, and

ii. Transmittal sheet with any information required by the LDSS or entity designated by the State to substantiate the denial of enrollment.

I. Any disagreement between the Contractor and the LDSS or entity designated by the State, about the individual's eligibility will be resolved using the LDSS or entity designated by the State /Contractor Dispute Resolution process approved by SDOH.

J. If, based on the outcome of the dispute resolution, the Enrollee is not found to meet the eligibility criteria for enrollment, the LDSS or entity designated by the State must notify the Contractor in writing that it will proceed with the individual's Denial of Enrollment.

K. The LDSS or entity designated by the State will notify the Enrollee of the district's intent to deny enrollment to the individual, based on failure to meet the enrollment eligibility criteria. The notice will include the Enrollee's right to request a Fair Hearing with aid continuing.

The LDSS or entity designated by the State must conduct timely review and take appropriate action when the Contractor notifies the LDSS or entity designated by the State of the existence of multiple Client Identification Numbers (CINs).

C. Only the LDSS may determine Enrollee spenddown and/or Net Available Monthly Income (NAMI) surplus amounts and will notify the plan of the amount. The Contractor's inability to collect funds from Enrollees will not change the plan's spenddown or NAMI adjustment.

D. The LDSS or entity designated by the State is responsible for notifying the Contractor about the status of enrollment applications that are accepted, denied or pended. The LDSS or entity designated by the State will notify the Contractor of the denial of any Enrollment applications, including enrollment denials due to the existence of a multiple Client Identification Number (CIN) for an Enrollee already enrolled in an MCO.

This notice must also include a statement advising the individual that if his/her Medicare Advantage enrollment is denied by CMS, the individual's Medicaid Advantage Plus Enrollment will be voided retroactively back to the Effective Date of Enrollment. In such instances, the individual may be responsible for the cost of any Medicaid Advantage Plus Benefit rendered during the retroactive period if the benefit was provided by a non-Medicaid Participating Provider.

The Contractor shall advise potential Enrollees, in written materials related to enrollment, to verify with the medical services providers they prefer, or have an existing relationship with, that such medical services providers are Participating Providers and are available to serve the Potential Enrollee.

L. The Contractor shall accept all Enrollments as ordered by the Office of Temporary and Disability Assistance's Office of Administrative Hearings due to fair hearing requests or decisions.

M. The Contractor, within five (5) business days of identifying cases where a person may be enrolled in the Contractor's Medicaid Advantage Plus plan under more than one Client Identification Number (CIN), or has knowledge of an Enrollee with more than one active CIN, must convey that information in writing to the LDSS or entity designated by the State.

6. **Newborn Medicaid Eligibility**

A. Contractor Responsibilities

i) The Contractor must notify the LDSS in writing of any Enrollee that is pregnant within thirty (30) days of knowledge of the pregnancy. Notifications should be transmitted to the LDSS at least monthly. The notifications should contain the pregnant woman's name, Client ID Number (CIN), and the expected date of confinement (EDC).

ii) Upon the newborn's birth, the Contractor must send verifications of infant's demographic data to the LDSS, within five (5) days after knowledge of the birth. The demographic data must include: the mother's name and CIN, the newborn's name and CIN (if newborn has a CIN), gender and the date of birth.

7. **Roster Reconciliation**

A. All Enrollments are effective the first of the month.

B. SDOH Responsibilities

i. The SDOH maintains both the PCP subsystem Enrollment files and the WMS eligibility files, using data input by the LDSS or entity designated by the State. SDOH uses data contained in both these files to generate the Roster.

ii. SDOH shall send monthly to the Contractor and LDSS or entity designated by the State (according to a schedule established by SDOH) a complete list of all Enrollees for which the Contractor is expected to assume medical risk beginning on the 1st day of the following month (First Monthly Roster). Notification to the Contractor and LDSS or entity designated by the State, will be accomplished via paper transmission, magnetic media, or the HPN.

iii. SDOH shall send the Contractor and LDSS or entity designated by the State monthly, at the time of the first monthly roster production, a Disenrollment Report listing those Enrollees from the previous month's roster who were disenrolled, transferred to another MCO, or whose Enrollments were deleted from the file. Notification to the Contractor and LDSS or entity designated by the State will be accomplished via paper transmission, magnetic media, or the HCS.

iv. The SDOH shall also forward an error report as necessary to the Contractor and LDSS or entity designated by the State.

v. On the first weekend after the first day of the month following the generation of the first Roster, SDOH shall send the Contractor and LDSS or entity designated by the State, a second Roster which contains any additional Enrollees that the LDSS or entity designated by the State has added for Enrollment for the current month. The SDOH will also include any additions to the error report that have occurred since the initial error report was generated. The Contractor must accept this second roster information as an official adjustment to the first roster.

C. **LDSS Responsibilities**

i. The LDSS or entity designated by the State is responsible for notifying the Contractor electronically or in writing of changes in the First Roster and error report, no later than the end of the month. This includes, but is not limited to, new Enrollees whose Enrollments in Medicaid Advantage Plus were processed subsequent to the pull-down date but prior to the Effective Date of Enrollment. (Note: To the extent practicable the date specified must allow for timely notice to Enrollees regarding their Enrollment status. The Contractor and the LDSS or entity designated by the State may develop protocols for the purpose of resolving Roster discrepancies that remain unresolved beyond the end of the month).

ii. Enrollment and eligibility issues are reconciled by the LDSS or entity designated by the State to the extent possible, through manual adjustments to the PCP subsystem Enrollment and WMS eligibility files, if appropriate.

D. **Contractor Responsibilities**

i. The Contractor is at risk for providing Benefit Package services for those Enrollees listed on the 1st and 2nd Rosters for the month in which the 2nd Roster is generated. Contractor is not at risk for providing services to Enrollees who appear on the monthly Disenrollment report.

ii. The Contractor must submit claims to the State's Fiscal Agent for all Eligible Persons that are on the 1st and 2nd Rosters, adjusted to add Eligible Persons enrolled by the LDSS or entity designated by the State, after Roster production and to remove individuals disenrolled by LDSS or entity designated by the State after Roster production (as notified to the Contractor). In the cases of retroactive Disenrollments, the Contractor is responsible for submitting an adjustment to void any previously paid premiums for the period of retroactive Disenrollment, where the Contractor was not at risk for the provision of Benefit Package services. Payment of sub-capitation does not constitute "provision of Benefit Package services."

8. Disenrollment

A. **LDSS or Enrollment Broker Responsibilities**

i. Enrollees may request to disenroll from the Contractor's Medicaid Advantage Plus Product at any time for any reason, orally or in writing. A Disenrollment request may be made by the Enrollee to the LDSS, Enrollment Broker, or the Contractor.

ii. Medicaid Advantage Plus plans and the LDSS or Enrollment Broker must use State-approved Disenrollment forms.

iii. The LDSS or Enrollment Broker is responsible for processing routine Disenrollment requests to take effect on the first (1st) day of the following month to the extent possible. "The Enrollment Broker or LDSS is responsible for processing routine Disenrollment requests to take effect on the first (1st) day of the following month if the request is made **before** the twentieth (20th) day of the month. In no event shall the Effective Date of Disenrollment be later than the first (1st) day of the second month after the month in which an Enrollee requests a Disenrollment."

iv. The LDSS or Enrollment Broker s responsible for disenrolling Enrollees automatically upon death, Disenrollment from the Contractor's Medicare Advantage Product, or loss of Medicaid eligibility. All such Disenrollments will be effective at the end of the month in which the death, Effective Date of Disenrollment from the Contractor's Medicare Advantage Product, or loss of eligibility occurs.

v. The LDSS or Enrollment Broker is responsible for promptly disenrolling an Enrollee whose Medicaid eligibility or status changes such that he/she is deemed by the LDSS to no longer be eligible for Medicaid Advantage Plus enrollment. The LDSS is responsible for providing Enrollees with a notice of their right to request a fair hearing.

vi. The LDSS or Enrollment Broker is responsible for ensuring that Retroactive Disenrollments are used only when absolutely necessary. Circumstances warranting a retroactive Disenrollment are rare and include when an individual is enrolled when ineligible for Enrollment, or when an Enrollee enters or resides in an entity or program identified in Section 5.1 of this Agreement under circumstances which render the individual ineligible; is incarcerated; is retroactively disenrolled from the Contractor's Medicare Advantage Product; or has died. The LDSS or entity designated by the State is responsible for notifying the Contractor of the retroactive disenrollment prior to the action. After this information is obtained, the LDSS or Enrollment Broker and Contractor will agree on a retroactive Disenrollment or prospective Disenrollment date.

vii. In all cases of retroactive Disenrollment, including Disenrollments effective the first day of the current month, the LDSS or Enrollment Broker is responsible for sending notice to the Contractor at the time of Disenrollment, of the Contractor's responsibility to submit to the SDOH's Fiscal Agent voided premium claims for any full months of retroactive Disenrollment.

viii. Generally the effective dates of Disenrollment are prospective. Effective dates for other than routine Disenrollments are described below:

Reason for Disenrollment	Effective Date of Disenrollment
A) Death of Enrollee	First day of the month after death
B) Incarceration	First day of the first full month of incarceration • Contractor is responsible for all covered services before incarceration; • Contractor is responsible for the full duration of any hospitalization beginning before incarceration; • Contractor is entitled to the capitation payment for the month prior to the first full month of incarceration.
C) Enrollee is simultaneously enrolled or in receipt of comprehensive health care coverage or long term care coverage through another product offered by Contractor (or a parent, subsidiary, or sister entity)	First day of the first full month of simultaneous coverage
D) Enrollee is simultaneously enrolled or in receipt of comprehensive health care coverage or long term care coverage through any government insurance program	First day of the first full month of simultaneous coverage
E) When an Enrollee no longer resides in Contractor's service area	First day of the first full month after Enrollee moved out of the Contractor's service area
F) When an Enrollee no longer resides in New York State	First day of the first full month after residency is established outside of New York State or effective date of other third party health insurance coverage outside of New York State
G) When an Enrollee is otherwise ineligible to be enrolled pursuant to this Agreement or State or federal law	First day of the first full month after the individual became ineligible

(a) Enrollee moved outside of the District/County of Fiscal Responsibility – Effective date of Disenrollment is the first day of the month after the update of the system with the new address In counties outside of New York City, the LDSS or Enrollment Broker should work together to ensure continuity of care through the Contractor if the Contractor's service area includes the county to which the Enrollee has moved and the Enrollee, with continuous eligibility, wishes to stay enrolled in the Contractor's plan. In New York City, Enrollees who move out of the Contractor's Service Area, but not outside of the City of New York (e.g., move from one borough to another), will not be involuntarily disenrolled, but must request a Disenrollment or transfer. These Disenrollments will be performed on a routine basis unless there is an urgent medical need to expedite the Disenrollment.

ix. The LDSS or Enrollment Broker is responsible for sending a notice of Disenrollment to Enrollees regarding their disenrollment. These notices will advise the Enrollee of the LDSS or Enrollment Broker's determination regarding an Enrollee-initiated, LDSS-initiated, Enrollment Broker-initiated or Contractor-initiated Disenrollment and will

include the Effective Date of Disenrollment. In cases where the Enrollee is being involuntarily disenrolled, the notice must contain fair hearing rights.

x. In those instances where the LDSS or Enrollment Broker approves the Contractor's request to disenroll an Enrollee, and the Enrollee requests a fair hearing, the Enrollee will remain in the Contractor's Medicaid Advantage Plus Product until the disposition of the fair hearing, if Aid to Continue is ordered by the New York State Office of Administrative Hearings.

xi. The LDSS or Enrollment Broker is responsible for reviewing each Contractor-requested Disenrollment in accordance with the provisions of Section 8(B) of this Agreement. Where applicable, the LDSS or Enrollment Broker may consult with local mental health and substance abuse authorities in the district when making the determination to approve or disapprove the request.

xii. The LDSS or Enrollment Broker is responsible for establishing procedures whereby the Contractor refers cases which are appropriate for an LDSS-initiated or Enrollment Broker-initiated Disenrollment and submits supporting documentation to the LDSS or Enrollment Broker.

xiii. After the LDSS or Enrollment Broker receives the request for Disenrollment either from the Enrollee or the Contractor, the LDSS or Enrollment Broker is responsible for updating the PCP subsystem file with an end date. The Enrollee is removed from the Contractor's Roster.

xiv. The SDOH may recover premiums paid for Medicaid Advantage Plus Enrollees whose eligibility for those programs was based on false information, when such false information was provided as a result of intentional actions or failures to act on the part of an employee of the Contractor; and the Contractor shall have no right of recourse against the Enrollee or a provider of service for the costs of services provided to the Enrollee for the period covered by such premiums.

xv. Failure by the Enrollment Broker or LDSS to notify the Contractor of a disenrollment does not affect the right of the SDOH to withhold or recover the capitation payment(s) as authorized by Section 3.6 of the Agreement or for the State Attorney General to bring legal action to recover any overpayment.

B. **Contractor Responsibilities**

i. The Contractor is responsible for informing Enrollees of their right to disenroll at any time for any reason.

ii. In those instances where the Contractor directly receives Disenrollment forms, the Contractor will forward these Disenrollments to the LDSS or Enrollment Broker for processing within five (5) business days of receipt of the request for disenrollment from

the Enrollee. During pull-down week, these forms may be faxed to the LDSS or Enrollment Broker with the hard copy to follow.

iii. The Contractor must accept and transmit all requests for voluntary Disenrollments from its Enrollees to the LDSS or Enrollment Broker and shall not impose any barriers to Disenrollment requests.

iv. The Contractor will make a good faith effort to identify cases which may be appropriate for an LDSS-initiated Disenrollment. Within five (5) business days of identifying such cases and following LDSS or Enrollment Broker procedures, the Contractor will, in writing, refer cases which are appropriate for an LDSS or Enrollment Broker-initiated Disenrollment and will submit supporting documentation to the LDSS or Enrollment Brokers. This includes, but is not limited to, changes in status for its enrolled members that may impact eligibility for Enrollment such as address changes, incarceration, death, ineligibility for Medicaid Advantage Plus Enrollment, change in Medicare status, the apparent enrollment of a member in the Contractor's Medicaid Advantage Plus Product under more than one CIN, etc.

v. The Contractor may initiate an involuntary disenrollment for any of the reasons identified in Section 8.8 of this Agreement.

   a. The Contractor must make a reasonable effort to identify for the Enrollee, both verbally and in writing, those actions of the Enrollee that have interfered with the effective provision of covered services as well as explain what actions or procedures are acceptable.

   b. The Contractor shall give prior verbal and written notice to the Enrollee, with a copy to the LDSS or Enrollment Broker of its intent to request Disenrollment. The written notice shall advise the Enrollee that the request has been forwarded to the LDSS or Enrollment Broker for review and approval. The written notice must include the mailing address and telephone number of the LDSS or Enrollment Broker.

   c. The Contractor shall keep the LDSS or Enrollment Broker informed of decisions related to all complaints filed by an Enrollee as a result of, or subsequent to, the notice of intent to disenroll.

   d. The Contractor will not consider an Enrollee disenrolled without confirmation from the LDSS or Enrollment Broker, or the Roster.

New York State Department of Health Guidelines for Contractor Compliance with the Federal Americans with Disabilities Act

GUIDELINES FOR MEDICAID MCO COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT (ADA)

I. Objectives

Title II of the Americans With Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) provides that no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or denied access to the benefits of services, programs or activities of a public entity, or be subject to discrimination by such an entity. Public entities include State and local government and ADA and Section 504 requirements extend to all programs and services provided by State and local government. Since Medicaid is a government program, health services provided through Medicaid Managed Care, including Medicaid Advantage Plus , must be accessible to all who qualify for the program.

MCO responsibilities for compliance with the ADA are imposed under Title II and Section 504 when, as a contractor in a Medicaid program, a plan is providing a government service. If an individual provider under contract with the MCO is not accessible, it is the responsibility of the MCO to make arrangements to assure that alternative services are provided. The MCO may determine it is expedient to make arrangements with other providers, or to describe reasonable alternative means and methods to make these services accessible through its existing contractors. The goals of compliance with ADA Title II requirements are to offer a level of services that allows people with disabilities access to the program in its entirety, and the ability to achieve the same health care results as any program participant.

MCO responsibilities for compliance with the ADA are also imposed under Title III when the MCO functions as a public accommodation providing services to individuals (e.g. program areas and sites such as marketing, education, member services, orientation, complaints and appeals). The goals of compliance with ADA Title III requirements are to offer a level of services that allows people with disabilities full and equal enjoyment of the goods, services, facilities or accommodations that the entity provides for its customers or clients. New and altered areas and facilities must be as accessible as possible. Whenever MCOs engage in new construction or renovation, compliance is also required with accessible design and construction standards promulgated pursuant to the ADA as well as State and local laws. Title III also requires that public accommodations undertake “readily achievable barrier removal” in existing facilities where architectural and communications barriers can be removed easily and without much difficulty or expense.

The state uses Plan Qualification Standards to qualify MCOs for participation in the Medicaid Advantage Plus Program pursuant to the state’s responsibility to assure program access to all recipients, the Plan Qualification Standards require each MCO to submit an ADA Compliance Plan that describes in detail how the MCO will make services, programs and activities readily accessible and useable by individuals with disabilities. In the event that certain program sites are not readily accessible, the MCO must describe reasonable alternative methods for making the services or activities accessible and usable.

Title II of the Americans With Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) provides that no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or denied access to the benefits of services, programs or activities of a public entity, or be subject to discrimination by such an entity. Public entities include State and local government and ADA and Section 504 requirements extend to all programs and services provided by State and local government. Since Medicaid is a government program, health services provided through Medicaid Managed Care, including Medicaid Advantage Plus , must be accessible to all who qualify for the program.

MCO responsibilities for compliance with the ADA are imposed under Title II and Section 504 when, as a contractor in a Medicaid program, a plan is providing a government service. If an individual provider under contract with the MCO is not accessible, it is the responsibility of the MCO to make arrangements to assure that alternative services are provided. The MCO may determine it is expedient to make arrangements with other providers, or to describe reasonable alternative means and methods to make these services accessible through its existing contractors. The goals of compliance with ADA Title II requirements are to offer a level of services that allows people with disabilities access to the program in its entirety, and the ability to achieve the same health care results as any program participant.

MCO responsibilities for compliance with the ADA are also imposed under Title III when the MCO functions as a public accommodation providing services to individuals (e.g. program areas and sites such as marketing, education, member services, orientation, complaints and appeals). The goals of compliance with ADA Title III requirements are to offer a level of services that allows people with disabilities full and equal enjoyment of the goods, services, facilities or accommodations that the entity provides for its customers or clients. New and altered areas and facilities must be as accessible as possible. Whenever MCOs engage in new construction or renovation, compliance is also required with accessible design and construction standards promulgated pursuant to the ADA as well as State and local laws. Title III also requires that public accommodations undertake “readily achievable barrier removal” in existing facilities where architectural and communications barriers can be removed easily and without much difficulty or expense.

The state uses Plan Qualification Standards to qualify MCOs for participation in the Medicaid Advantage Plus Program. Pursuant to the state’s responsibility to assure program access to all recipients, the Plan Qualification Standards require each MCO to submit an ADA Compliance Plan that describes in detail how the MCO will make services, programs and activities readily accessible and useable by individuals with disabilities. In the event that certain program sites are not readily accessible, the MCO must describe reasonable alternative methods for making the services or activities accessible and usable.

The objectives of these guidelines are threefold:

- to ensure that MCOs take appropriate steps to measure access and assure program accessibility for persons with disabilities;
- to provide a framework for managed care organizations (MCOs) as they develop a plan to assure compliance with the Americans with Disabilities Act (ADA); and
- to provide standards for the review of MCO Compliance Plans.

These guidelines include a general standard followed by a discussion of specific considerations and suggestions of methods for assuring compliance. Please be advised that, although these guidelines and any subsequent reviews by State and local governments can give the contractor guidance, it is ultimately the contractor's obligation to ensure that it complies with its contractual obligations, as well as with the requirements of the ADA, Section 504, and other federal, state and local laws. Other federal, state and local statutes and regulations also prohibit discrimination on the basis of disability and may impose requirements in addition to those established under ADA. For example, while the ADA covers those impairments that "substantially" limit one or more of the major life activities of an individual, New York City Human Rights Law deletes the modifier "substantially".

II. Definitions

A. "Auxiliary aids and services" may include qualified interpreters, note takers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for enrollees who are deaf or hard of hearing (TTY/TDD), video test displays, and other effective methods of making aurally delivered materials available to individuals with hearing impairments; qualified readers, taped texts, audio recordings, Brailled materials, large print materials, or other effective methods of making visually delivered materials available to individuals with visual impairments.

This standard includes physical access, non-discrimination in policies and procedures and communication. Communications with individuals with disabilities are required to be as effective as communications with others. The MCO Compliance Plan must include a detailed description of how MCO services, programs and activities are readily accessible and usable by individuals with disabilities. In the event that full physical accessibility is not readily available for people with disabilities, the MCO Compliance Plan will describe the steps or actions the MCO will take to assure accessibility to services equivalent to those offered at the inaccessible facilities.

V. ADDITIONAL ADA RESPONSIBILITIES FOR PUBLIC ACCOMMODATIONS
Please note that Title III of the ADA applies to all non-governmental providers of health care. Title III of the Americans With Disabilities Act prohibits discrimination on the basis of disability in the full and equal enjoyment of goods, services, facilities, privileges, advantages or accommodations of any place of public accommodation. A public accommodation is a private entity that owns, leases or leases to, or operates a place of public accommodation. Places of public accommodation identified by the ADA include, but are not limited to, stores (including pharmacies) offices (including doctors' offices), hospitals, health care providers, and social service centers. New and altered areas and facilities must be as accessible as possible. Barriers must be removed from existing facilities when it is readily achievable, defined by the ADA as easily accomplishable without much difficulty or expense. Factors to be considered when determining if barrier removal is readily achievable include the cost of the action, the financial resources of the site involved, and, if applicable, the overall financial resources of any parent corporation or entity. If barrier removal is not readily achievable, the ADA requires alternate methods of making goods and services available. New facilities must be accessible unless structurally impracticable. Title III also requires places of public accommodation to provide any auxiliary aids and services that are needed to ensure equal access to the services it offers, unless a fundamental alteration in the nature of services or an undue burden would result. Auxiliary aids include but

are not limited to qualified sign interpreters, assistive listening systems, readers, large print materials, etc. Undue burden is defined as "significant difficulty or expense". The factors to be considered in determining "undue burden" include, but are not limited to, the nature and cost of the action required and the overall financial resources of the provider. "Undue burden" is a higher standard than "readily achievable" in that it requires a greater level of effort on the part of the public accommodation.

Please note also that the ADA is not the only law applicable for people with disabilities. In some cases, State or local laws require more than the ADA. For example, New York City's Human Rights Law, which also prohibits discrimination against people with disabilities, includes people whose impairments are not as "substantial" as the narrower ADA and uses the higher "undue burden" ("reasonable") standard where the ADA requires only that which is "readily achievable". New York City's Building Code does not permit access waivers for newly constructed facilities and requires incorporation of access features as existing facilities are renovated. Finally, the State Hospital code sets a higher standard than the ADA for provision of communication (such as sign language interpreters) for services provided at most hospitals, even on an outpatient basis.

Adult day health care includes the following services: medical, nursing, food and nutrition, social services, rehabilitation therapy, leisure time activities which are a planned program of diverse meaningful activities, dental, pharmaceutical, and other ancillary services. 19. Personal Emergency Response Services (PERS)

Personal Emergency Response Services (PERS) is an electronic device which enables certain high-risk patients to secure help in the event of a physical, emotional or environmental emergency. A variety of electronic alert systems now exist which employ different signaling devices. Examinations for refraction are limited to every two (2) years unless otherwise justified as medically necessary. If the Contractor does not provide upgraded eyeglass frames or additional features (such as scratch coating, progressive lenses or photo-gray lenses) as part of its covered vision benefit, the Contractor cannot apply the cost of its covered eyeglass benefit to the total cost of the eyeglasses the Enrollee wants and bill only the difference to the Enrollee. For example, if the Contractor covers only standard bifocal lenses and the Enrollee wants no-line bifocal lenses, the Enrollee must choose between taking the standard bifocal or paying the full price of the no-line bifocal lenses (not just the difference between the cost of the bifocal lenses and the no-line lenses). However, the Enrollee may pay for upgraded lenses as a private customer and have the Contractor pay for the frames or pay for upgraded frames as a private customer and have the Contractor pay for the lenses. The Enrollee must be informed of this fact by the vision care provider at the time that the glasses are ordered.

22. Assistive Technology (CFCO Only) [1]

Items, pieces of equipment, product systems, or instruments of technology, whether acquired commercially, modified, or customized, that increase an enrollee's independence or substitutes for human assistance that would otherwise be authorized, e.g., personal care services.

New York State Department of Health
Risk Sharing Mechanisms

N.1 Risk Corridors

N.2 Minimum Wage Reconciliation

N.3 Medical Loss Ratio

N.4 Nursing Home Transition (NHT) Add-on

N.1

Risk Corridors

1. Establishment of the Risk Corridor.

   a) Risk corridors shall be calculated by SDOH based on the difference between a target MLR established by SDOH in accordance with the methodology set forth in 42 CFR 438.8, and Contractor's actual MLR results as reported to SDOH pursuant to Section 18.5(a)(xx) of this Agreement.
   b) The Target MLR amounts calculated by SDOH may be based on the Contractor's actual enrollment mix by rate cell.
   c) Risk corridor settlement for the period of April 1, 2020 to March 31, 2021 shall be made in accordance with the following table:

Medical Loss Ratio Corridor	**Contractor Share of Gain/Loss in the Corridor**	**State/Federal Government Share of Gain/Loss in the Corridor**
Less than Target MLR - 4 %	0%	100%
Target MLR - 4 % to Target MLR - 2 %	50%	50%
Target MLR - 2 % to Target MLR + 5%	100%	0%
Target MLR + 5% to Target MLR + 7%	50%	50%
Greater than Target MLR + 7%	0%	100%

2. Risk Corridor Reporting
   a) Contractor shall submit risk corridor reporting in a format and frequency as determined by SDOH.
   b) Except as otherwise specified in this Appendix N.1, risk corridor reporting shall be subject to the provisions of Section 18 of this Agreement.

3. Prohibitions and Penalties
   a) Contractor is prohibited from increasing reimbursement rates for Participating Providers and Non-Participating Providers to such an extent that would generate material losses to SDOH, except in the following instances:

i) Sufficient evidence exists for Contractor to demonstrate to SDOH that the increase was for the sole purpose of meeting required network adequacy standards; or

ii) As otherwise approved by SDOH.

b) If SDOH and/or its designee determines that the provider rate increase materially impacted the risk corridor and Contractor does not provide sufficient evidence to meet the exceptions in 3(a), such increases shall be removed from the calculation of the MLR for the purposes of determining shared risk under the risk corridor in this appendix, and SDOH may impose intermediate sanctions as described in Section 27, including monetary penalties, and any other sanctions or penalties as permitted by law. If the Contractor commits further infractions, fails to pay monetary penalties within the specified timeframe, fails to implement a corrective action plan in a timely manner or commits an egregious first-time infraction, the SDOH may, in addition to any other legal remedy available to SDOH in law or equity, take any or all of the following actions:

i) Suspend the risk corridors, as applicable to Contractor, for the applicable rating period; or

ii) Impose any intermediate sanctions described in Section 27.3 of this Agreement.

N.2

Minimum Wage Reconciliation

Contractor's monthly capitation rates reflect the expected impact of minimum wage increases. However, the impact of minimum wage is expected to vary by plan based on each plan's actual utilization of personal care, CDPAS and home health services and provider contracting. SDOH shall mitigate this risk by reconciling Contractor's actual minimum wage costs for these categories of services to actual Medicaid managed care minimum wage funding distributions for State Fiscal year 2021 (April 1, 2020 through and including March 31, 2021) and State Fiscal year 2022 (April 1, 2021 through and including March 31, 2022). The minimum wage costs related to Non-Emergency Medical Transportation are not intended to be reconciled.

N.3

Medical Loss Ratio

Pursuant to 42 CFR 438.8, Contractor's capitation rates shall be subject to a Medical Loss Ratio (MLR) determined by SDOH and noticed to Contractor prior to the reporting year.

For each MLR reporting year, Contractor must report the information identified in 42 CFR 438.8(k)(1) to SDOH in a form and format and timeframe to be determined by SDOH, but no later than twelve (12) months after the end of each MLR reporting year.

Where Contractor files an MLR report stating that Contractor's MLR does not equal at least the minimum MLR established by SDOH, Contractor shall be subject to a remittance and shall provide such remittance to the State in accordance with supplemental guidance issued by SDOH.

N.4

Nursing Home Transition (NHT) Add-on

A Nursing Home Transition (NHT) add-on is calculated and added to the risk-adjusted Community rate calculated for each plan to create a blended rate that accounts for the costs of both the Community and NHT populations (the "NHT Add-On"). The NHT add-on is calculated as the difference between the final plan, region, and program-specific Community rate and the weighted average of the Community and NHT rates using projected enrollment of Community and NHT members for SFY 2020-21 (consisting of April 1, 2020 through and including March 31, 2021) and SFY 2021-22 (consisting of April 1, 2021 through and including March 3, 2022) provided by SDOH.

SDOH shall retroactively update the enrollment mix of Community and NHT members used to create the interim blended rates based on actual experience submitted by plans. For SFY 2021-22, the NHT Add-On will be reconciled using the actual enrollment for each Contractor.

10. Certification Regarding Debarment and Suspension

a) Regulations of the U.S. Department of Health and Human Services, located at Part 76 of Title 45 of the Code of Federal Regulations (CFR), implement Executive Orders 12549 and 12689 concerning debarment and suspension of participants in Federal program and activities. Executive Order 12549 provides that, to the extent permitted by law, Executive departments and agencies shall participate in a government wide system for non-procurement debarment and suspension. Executive Order 12689 extends the debarment and suspension policy to procurement activities of the Federal Government. A person who is debarred or suspended by a Federal agency is excluded from Federal financial and non-financial

assistance and benefits under Federal programs and activities, both directly (primary covered transaction) and indirectly (lower tier covered transactions). Debarment or suspension by one Federal agency has government wide effect.

b) Pursuant to the above cited regulations, the SDOH (as a participant in a primary covered transaction) may not knowingly do business with a person who is debarred, suspended, proposed for debarment, or subject to other government wide exclusion (including an exclusion from Medicare and State health care program participation on or after August 25, 1995), and the SDOH must require its contractors, as lower tier participants, to provide the certification as set forth below:

i) CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION-LOWER TIER COVERED TRANSACTIONS

Instructions for Certification

A) By signing this Agreement, the Contractor, as a lower tier participant, is providing the certification set out below.

B) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

C) The lower tier participant shall provide immediate written notice to the SDOH if at any time the lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

D) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. The Contractor may contact the SDOH for assistance in obtaining a copy of those regulations.

E) The lower tier participant agrees that it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

F) The lower tier participant further agrees that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary

Exclusion-Lower Tier Covered Transactions," without modification, in all lower tier covered transactions.

G) A participant in a covered transaction may rely upon a certification of a participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Excluded Parties List System.

H) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

I) Except for transactions authorized under paragraph E of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

ii) Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions

A) The lower tier participant certifies, by signing this Agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department agency.

B) Where the lower tier participant is unable to certify to any of the statements in this certification, such participant shall attach an explanation to this Agreement.

11. Reports and Publications

a) Any materials, articles, papers, etc., developed by the Contractor pertaining to the Program must be reviewed and approved by the SDOH for conformity with the policies and guidelines of the SDOH prior to dissemination and/or publication. It is agreed that such review will be conducted in an expeditious manner. Should the review result in any unresolved disagreements regarding content, the Contractor shall be free to publish in scholarly journals along with a disclaimer that the views within the Article or the policies reflected are not necessarily those of the New York State Department of Health.

b) Any publishable or otherwise reproducible material developed under or in the course of performing this Agreement, dealing with any aspect of performance under this Agreement, or of the results and accomplishments attained in such performance, shall be the sole and exclusive property of the State, and shall not be published or otherwise disseminated by the Contractor to any other party unless prior written approval is secured from the SDOH or under circumstances as indicated in paragraph (a) above. The State shall have a perpetual royalty-free, non-exclusive and irrevocable right to reproduce, publish or otherwise use, and to authorize others to use, any such material for governmental purposes.

c) No report, document or other data produced in whole or in part with the funds provided under this Agreement may be copyrighted by the Contractor or any of its employees, nor shall any notice of copyright be registered by the Contractor or any of its employees in connection with any report, document or other data developed pursuant to this Agreement.

d) All reports, data sheets, documents, etc. generated under this Agreement shall be the sole and exclusive property of the SDOH. Upon completion or termination of this Agreement the Contractor shall deliver to the SDOH upon its demand all copies of materials relating to or pertaining to this Agreement. The Contractor shall have no right to disclose or use any of such material and documentation for any purpose whatsoever, without the prior written approval of the SDOH or its authorized agents.

e) The Contractor, its officers, agents and employees and subcontractors shall treat all information, which is obtained by it through its performance under this Agreement, as confidential information to the extent required by the laws and regulations of the United States and laws and regulations of the State of New York.

12. Payment

Payment for claims/invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Commissioner, in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by email at epunit@osc.state.ny.us or by telephone at 518-474-6019. 13. Provisions Related to New York State Procurement Lobbying Law

The state reserves the right to terminate this agreement in the event it is found that the certification filed by the contractor in accordance with New York State Finance Law 139-k was intentionally false or intentionally incomplete. Upon such finding, the State may exercise its termination right by providing written notification to the contractor is accordance with the written notification terms of this agreement.

14. Provisions Related to New York State Information Security Breach and Notification Act

Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208). Contractor shall be liable for the costs associated with such breach if caused by the Contractor's negligent or willful acts or omissions, or the negligent or willful acts or omissions of Contractor's agents, officers, employees or subcontractors.

15. Accessibility of State Agency Web-based Intranet and Internet Information and Applications

Any web-based intranet and internet information and applications development, or programming delivered pursuant to the contract or procurement will comply with New York State Enterprise IT Policy NYS-P08-005, *Accessibility of Web-Based Information and Applications*, as such policy or standard may be amended, modified or superseded, which requires that state agency web-based intranet and internet information and applications are accessible to persons with disabilities. Web content must conform to New York State Enterprise IT Policy NYS-P08-005, as determined by quality assurance testing. Such quality assurance testing will be conducted by NYSDOH and the awarded contractor, and the results of such testing must be satisfactory to NYSDOH before web content will be considered a qualified deliverable under the contract or procurement.

16. New York State Tax Law Section 5-a

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than

$100,000 to certify to the New York State Department of Tax and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors' sales delivered into New York State are in excess of $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits the State Comptroller, or other approving agencies, from approving a contract awarded to an offerer meeting the registration requirements but who is not so registered in accordance with the law.

Contractor must complete and submit directly to the New York State Taxation and Finance, Contractor Certification Form ST-220-TD. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the contractor, its affiliate(s), or its subcontractor(s), a new form (ST-220-TD) must be filed with DTF.

Contractor must complete and submit to the Department of Health the form ST-220-CA certifying that the contractor filed the ST-220-TD with DTF. Failure to make either of these filings may render an offerer non-responsive and non-responsible. Offerers shall take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

17. M/WBE Utilization Plan for Subcontracting and Purchasing

The Department of Health (DOH) encourages the use of Minority and/or Women Owned Business Enterprises (M/WBEs) for any subcontracting or purchasing related to this contract. Contractors who are not currently a New York State certified M/WBE must define the portion of all consumable products and personnel required for this proposal that will be sourced from an M/WBE. The amount must be stated in total dollars and as a percent of the total cost necessary to fulfill the Agreement requirements. Supportive documentation must include a detailed description of work that is required including products and services.

The goal for usage of M/WBEs is at least 10% of monies used for contract activities. In order to assure a good-faith effort to attain this goal, the State requires that Contractors complete the M/WBE Utilization Plan and submit this Plan.

Contractors that are New York State certified MBEs or WBEs are not required to complete this form. Instead, such Contractors must simply provide evidence of their certified status

Failure to submit the above referenced Plan (or evidence of certified M/WBE status) will result in disqualification of the vendor from consideration for award.

The Contractor must inform the enrollment broker of the matter, and provide the enrollment broker with the applicable enrollee contact information.

If an applicable enrollee desires to receive care from a veteran's home, the Contractor must allow the enrollee to access the veteran's home services and must pay out of network until the enrollee has transferred to an MLTC Plan with an in-network veteran's home.
