Such payments are paid monthly to eligible voluntary sector owned or operated general hospitals, excluding government general hospitals.

Eligibility to receive such additional payments, and the allocation amount paid to each hospital, will be based on data from the period two years prior to the rate year, as reported on the Institutional Cost Report (ICR) submitted to the Department as of October 1 of the prior rate year.

- (a) Thirty percent of such payments will be allocated to safety net hospitals based on each eligible hospital's proportionate share of all eligible safety net hospitals' Medicaid discharges for inpatient hospital services, including both Medicaid fee-for-service and managed care discharges for acute and exempt services;
- (i) Safety net hospitals are defined as non-government owned or operated hospitals which provide emergency room services having either: a Medicaid share of total inpatient hospital discharges of at least 35%, including both fee-for-service and managed care discharges for acute and exempt services; or a Medicaid share of total discharges of at least 30%, including both fee-for-service and managed care discharges for acute and exempt services, and also providing obstetrical services.
- (b) Seventy percent of such payments will be allocated to eligible general hospitals, which provide emergency room services, based on each such hospital's proportionate share of all eligible hospitals' Medicaid discharges for inpatient hospital services, including both Medicaid fee-for-service and managed care discharges for acute and exempt services;
- (c) No payment will be made to a hospital described in (i) and (ii). Payment amounts will be reduced as necessary not to exceed the limitations described in (iii).
- (i) did not receive an Indigent Care Pool (ICP) payment;
- (ii) the hospital's facility specific projected disproportionate share hospital payment ceiling is zero; or,
- (iii) the annual payments amount to eligible hospitals exceeds the Medicaid customary charge limit at 42 CFR 447.271.
- (d) Any amounts calculated under paragraphs (a) and (b) but not paid to a hospital because of the requirements in paragraph (c) will be allocated proportionately to those eligible general hospitals that provide emergency room services and which would not be precluded by paragraph (c) from receiving such additional allocations.
