Re: SPA #16-0036
Inpatient Hospital Services

Dear Mr. Cooley:

The State requests approval of the enclosed amendment #16-0036 to the Title XIX (Medicaid) State Plan for inpatient hospital services to be effective April 1, 2016 (Appendix I). This amendment is being submitted based upon enacted legislation. A summary of the proposed amendment is contained in Appendix II.

This amendment is submitted pursuant to §1902(a) of the Social Security Act (42 USC 1396a(a)) and Title 42 of the Code of Federal Regulations (CFR), Part 447, Subpart C.

In accordance with 42 CFR §447.272(c), New York assures that its aggregate disproportionate share hospital payments do not exceed the disproportionate share hospital payment limit.

Notice of the changes in the methods and standards for setting payment rates for general hospital inpatient services were given in the New York State Register on March 30, 2016.

Copies of pertinent sections of enacted State statute are enclosed for your information (Appendix III). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

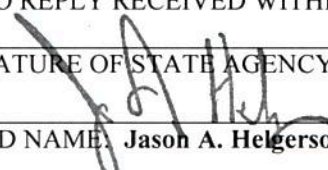

If you have any questions regarding this matter, please do not hesitate to contact John E. Ulberg, Jr., Medicaid Chief Financial Officer, Division of Finance and Rate Setting at (518) 474-6350.

Sincerely,

Jason A. Helgerson
Medicaid Director
Office of Health Insurance Programs

Voluntary Supplemental Inpatient Payments

Effective for the period July 1, 2010 through March 31, 2011, additional inpatient hospital payments are authorized to voluntary sector hospitals, excluding government general hospitals, for inpatient hospital services after all other medical assistance payments, of \$235.5M for the period July 1, 2010 through March 31, 2011; \$314M for the period April 1, 2011 through March 31, 2012; \$281,778,852 for the period April 1, 2012 through March 31, 2013; \$298,860,732 for the period April 1, 2013 through March 31, 2014; and \$226,443,721 for the period April 1, 2014 through March 31, 2015; and \$362,865,600 for the period April 1, 2015 through March 31, 2016; and 339,000,000 for the period of April 1, 2016 through March 31, 2017 subject to the requirements of 42 CFR 447.272 (upper payment limit) . Such payments are paid monthly to eligible voluntary sector owned or operated general hospitals, excluding government general hospitals.

Eligibility to receive such additional payments, and the allocation amount paid to each hospital, will be based on data from the period two years prior to the rate year, as reported on the Institutional Cost Report (ICR) submitted to the Department as of October 1 of the prior rate year.

- (a) Thirty percent of such payments will be allocated to safety net hospitals based on each eligible hospital's proportionate share of all eligible safety net hospitals' Medicaid discharges for inpatient hospital services, including both Medicaid fee-for-service and managed care discharges for acute and exempt services;
- (i) Safety net hospitals are defined as non-government owned or operated hospitals which provide emergency room services having either: a Medicaid share of total inpatient hospital discharges of at least 35%, including both fee-for-service and managed care discharges for acute and exempt services; or a Medicaid share of total discharges of at least 30%, including both fee-for-service and managed care discharges for acute and exempt services, and also providing obstetrical services.
- (b) Seventy percent of such payments will be allocated to eligible general hospitals, which provide emergency room services, based on each such hospital's proportionate share of all eligible hospitals' Medicaid discharges for inpatient hospital services, including both Medicaid fee-for-service and managed care discharges for acute and exempt services;
- (c) No payment will be made to a hospital described in (i) and (ii). Payment amounts will be reduced as necessary not to exceed the limitations described in (iii).
- (i) did not receive an Indigent Care Pool (ICP) payment;
- (ii) the hospital's facility specific projected disproportionate share hospital payment ceiling is zero; or,
- (iii) the annual payments amount to eligible hospitals exceeds the Medicaid customary charge limit at 42 CFR 447.271.
- (d) Any amounts calculated under paragraphs (a) and (b) but not paid to a hospital because of the requirements in paragraph (c) will be allocated proportionately to those eligible general hospitals that provide emergency room services and which would not be precluded by paragraph (c) from receiving such additional allocations.

2016 Title XIX State Plan
Second Quarter Amendment
Summary

SUMMARY
SPA #16-0036

This State Plan Amendment proposes to extend supplemental upper payment limit distributions for inpatient hospital services to voluntary sector hospitals excluding government general hospitals, not to exceed in aggregate \$339M annually in combination with the outpatient voluntary hospital UPL SPA for the period April 1, 2016 through March 31, 2017.

Appendix III
2016 Title XIX State Plan
Second Quarter Amendment
Authorizing Provisions

Chapter 56 of the Laws of 2013 - Part C

§ 4. The opening paragraph of subparagraph (i) of paragraph (i) of subdivision 35 of section 2807-c of the public health law, as added by section 3-a of part B of chapter 109 of the laws of 2010, is amended to read as follows:

Notwithstanding any inconsistent provision of this subdivision or any other contrary provision of law and subject to the availability of federal financial participation, for the period July first, two thousand ten through March thirty-first, two thousand eleven, and each state fiscal year period thereafter, the commissioner shall make additional inpatient hospital payments up to the aggregate upper payment limit for inpatient hospital services after all other medical assistance payments, but not to exceed two hundred thirty-five million five hundred thousand dollars for the period July first, two thousand ten through March thirty-first, two thousand eleven [and], three hundred fourteen million dollars for each state fiscal year beginning April first, two thousand eleven, through March thirty-first, two thousand thirteen, and no less than three hundred thirty-nine million dollars for each state fiscal year thereafter, to general hospitals, other than major public general hospitals, providing emergency room services and including safety net hospitals, which shall, for the purpose of this paragraph, be defined as having either: a Medicaid share of total inpatient hospital discharges of at least thirty-five percent, including both fee-for-service and managed care discharges for acute and exempt services; or a Medicaid share of total discharges of at least thirty percent, including both fee-for-service and managed care discharges for acute and exempt services, and also providing obstetrical services. Eligibility to receive such additional payments shall be based on data from the period two years prior to the rate year, as reported on the institutional cost report submitted to the department as of October first of the prior rate year. Such payments shall be made as medical assistance payments for fee-for-service inpatient hospital services pursuant to title eleven of article five of the social services law for patients eligible for federal financial participation under title XIX of the federal social security act and in accordance with the following:

§ 5. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2013 provided that:

- a. sections one, two and four of this act shall be deemed to have been in full force and effect on and after January 1, 2013; and
- b. the amendments to subdivision 14-f of section 2807-c of the public health law made by section two of this act shall not affect the expiration of such subdivision and shall be deemed to expire therewith.

Second Quarter Amendment
Public Notice

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE Deferred Compensation Board

Pursuant to the provisions of 9 NYCRR, Section 9003.2 authorized by Section 5 of the State Finance Law, the New York State Deferred Compensation Board, beginning March 30, 2016 is soliciting proposals from Financial Organizations to provide Target Date Fund and Balanced Fund management services. The funds will represent two or more of the investment options under the Deferred Compensation Plan for Employees of the State of New York and Other Participating Public Jurisdictions, a plan meeting the requirements of Section 457 of the Internal Revenue Code and Section 5 of the State Finance Law, including all rules and regulations issued pursuant thereto.

A copy of the request for proposals may be obtained from Millie Viqueira and Thomas Shingler of Callan Associates (viqueira@callan.com and shingler@callan.com).

All proposals must be received no later than the close of business on Friday, April 29, 2016.

Product Design for Target Date Funds (TDFs): The Plan is seeking responses from providers that offer target maturity funds that automatically adjust their asset allocation to become more conservative over time. Responding TDFs must be designed to achieve the appropriate level of risk for each stage of a participant's life. Responding target maturity funds should be designed to be a simple "one-fund" retirement savings solution for participants in the Plan. The funds should be issued in five-year intervals, with each fund targeting a specific retirement date.

Product Design for Balanced Funds: Responding balanced funds should offer exposure to both equities and fixed income within one fund. Unlike with TDFs, which adjust the asset allocation over time as the participant nears and enters retirement, the equity/fixed income weights of responding balanced funds must be relatively static (e.g. two-thirds equities and one-third fixed income). The weight in equities must be at least 60% (predominantly U.S. equities), with the remainder in fixed income (predominantly U.S. investment grade fixed income). We are soliciting responses from balanced funds which

manage to these targets and use Environmental, Social and Governance (ESG) factors in their investment process as well as from those that do not. This RFP does not seek responses from funds that dynamically allocate between stocks and bonds.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional, long term care, and prescription drug services to comply with proposed statutory provisions. The following changes are proposed:

Institutional Services

- For the state fiscal year beginning April 1, 2016 through March 31, 2017, continues specialty hospital adjustments for hospital inpatient services provided on and after April 1, 2012, to public general hospitals, other than those operated by the State of New York or the State University of New York, located in a city with a population of over one million and receiving reimbursement of up to \$1.08 billion annually based on criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments, which shall be reconciled to the final adjustment determinations after the disproportionate share hospital payment adjustment caps have been calculated for such period under sections 1923(f) and (g) of the federal Social Security Act. Payments to eligible public general hospitals may be added to rates of payment or made as aggregate payments.

- Effective April 1, 2016, continues the supplemental upper payment limit payments made to general hospitals, other than major public general hospitals of \$339 million annually.

Indigent Care

- Extends effective beginning April 1, 2016 and for each state fiscal year thereafter, Intergovernmental Transfer Payments to eligible major public general hospitals run by counties and the State of New York.

Long Term Care Services

- For state fiscal year beginning April 1, 2016, continues additional payments to non-state government operated public residential health care facilities, including public residential health care facilities located in Nassau, Westchester, and Erie counties, but excluding public residential health care facilities operated by a town or city within a county, in aggregate amounts of up to \$500 million. The amount allocated to each eligible public RHCF will be in accordance with the previously approved methodology, provided, however that patient days shall be utilized for such computation reflecting actual reported data for 2014 and each representative succeeding year as applicable. Payments to eligible RHCF's may be added to rates of payment or made as aggregate payments.

- Effective on or after April 1, 2016, nursing home rates shall not consider transportation costs as allowable expenses pursuant to NYCRR § 86-2.10 and § 86-2.40. The direct price component of the rates for non-capital reimbursement will be revised effective April 1, 2016, to reflect to removal of transportation as an allowable costs.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is (\$12 million).

- Effective on or after April 1, 2016, a new specialty rate will be implemented for the Neurodegenerative disease population. The population shall include only those patients who are diagnosed with Huntington's disease (HD) and Amyotrophic Lateral Sclerosis (ALS). Individuals within New York State that have neurodegenerative motor function disorders (and their families/caretakers) will have access to comprehensive and coordinated outpatient and inpatient services within New York State throughout the continuum of the disease.

The rate has been created to enable participating providers to deliver more appropriate and necessary care to those residents who have been diagnosed with Huntington's or Amyotrophic Lateral Sclerosis.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is \$6.3 million.

- The quality incentive program for non-specialty nursing homes will continue for the 2016 rate year to recognize improvement in performance as an element in the program and provide for other minor modifications.

There is no additional estimated annual change to gross Medicaid expenditures attributable to this initiative for state fiscal year 2016/17.

Non-Institutional Services

- For state fiscal year beginning April 1, 2016 through March 31, 2017, continues hospital outpatient payment adjustments that increase the operating cost components of rates of payment for hospital outpatient and emergency departments on and after April 1, 2011, for public general hospitals other than those operated by the State of New York or the State University of New York, which are located in a city with a population of over one million. The amount to be paid will be up to \$287 million annually based on criteria and methodology set by the Commissioner of Health, which the Commissioner may periodically set through a memorandum of understanding with the New York City Health and Hospitals Corporation. Such adjustments shall be paid by means of one or more estimated payments, which shall be reconciled to the final adjustment determinations after the disproportionate share hospital payment adjustment caps have been calculated for such period under sections 1923(f) and (g) of the federal Social Security Act. Payments may be added to rates of payment or made as aggregate payments.

- For the state fiscal year beginning April 1, 2016 through March 31, 2017, continues upon the election of the social services district in which an eligible diagnostic and treatment center (DTC) is physically located, up to \$12.6 million in additional annual Medicaid payments may be paid to public DTCs operated by the New York City Health and Hospitals Corporation. Such payments will be based on each DTC's proportionate share of the sum of all clinic visits for all facilities eligible for an adjustment for the base year two years prior to the rate year. The proportionate share payments may be added to rates of payment or made as aggregate payments to eligible DTCs.

- For the state fiscal year beginning April 1, 2016 through March 31, 2017, continues up to \$5.4 million in additional annual Medicaid payments may be paid to county operated free-standing clinics, not including facilities operated by the New York City Health and Hospitals Corporation, for services provided by such DTC and those provided by a county operated freestanding mental health or substance abuse DTC. Distributions shall be based on each eligible facility's proportionate share of the sum of all DTC and clinic visits for all eligible facilities receiving payments for the base year two years prior to the rate year. The proportionate share payments may be added to rates of payment or made as aggregate payments to eligible facilities.

- Early Intervention Program rates for approved services rendered on or after April 1, 2016 shall be increased by one percent. The rate increase adjusts for additional administrative activities required of providers for billing and claiming of approved Early Intervention services associated with the implementation of a State Fiscal Agent.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is \$2.4 million.

- Effective April 1, 2016, eligibility procedures will be streamlined for infants and toddlers referred to the Early Intervention Program (EIP). Children referred to the EIP will be screened to determine whether the child is suspected of having a disability and requires a multidisciplinary evaluation to determine eligibility. Children referred to the EIP with a diagnosed condition with a high probability of developmental delay that establishes the child's eligibility for the program will not be screened and will receive an abbreviated multidisciplinary evaluation. New screening and evaluation rates are being established. Until such time as new screening and evaluation rates are established, existing rates for screening and supplemental evaluation rates will be used to reimburse for these services.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/17 is (\$5.4 million).

- Effective April 1, 2016, in accordance with an amendment to Section 367-a(1)(d)(iv) of the Social Services Law, cost-sharing limits will be applied to Medicare Part C (Medicare Advantage or Medicare managed care) claims. Such limits are being applied to prevent the Medicaid program from paying any cost-sharing amount more than the maximum amount that Medicaid would pay for the same service for a member that only has Medicaid coverage.

Currently, the Medicaid program pays the full co-payment or co-insurance amounts for Medicare Part C claims, even when the provider has received more than the amount the Medicaid program would have paid for that service. Under the new limitations, the Medicaid program would not pay any co-payment/co-insurance amount if the provider received payment equal to or greater than the Medicaid amount. The provider would be required to accept the Medicare Part C health plan payment as payment in full for the service and the member could not be billed for any co-payment/co-insurance amount that was not reimbursed by Medicaid.

The estimated annual net aggregate decrease in Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is (\$22.9 million) gross.

- Effective April 1, 2016, the Department of Health will increase access, and improve education/outreach, for the comprehensive coverage and promotion of long acting reversible contraception (LARC) by requiring separate payments be made for the cost of post-partum LARC methods to providers and allowing Federally Qualified Health Centers (FQHCs) providers to be paid for the cost of LARC in addition to the PPS rate.

Long acting reversible contraception (LARC) methods include the intrauterine device (IUD) and the birth control implant. According to The American College of Obstetricians and Gynecologists (ACOG), both methods are highly effective in preventing pregnancy and are reversible.

Potential savings would result from a reduction in unintended pregnancies and better spacing between pregnancies (improved health outcomes for baby and mother). In particular, increasing use of LARC in the adolescent population has significant potential to reduce unintended pregnancies.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative in the budget for state fiscal year 2016/2017 is (\$12.6 million).

- Effective on or after April 1, 2016, the State will claim additional FMAP for certain services provided to managed care recipients. CMS authorizes states to claim 1% additional FMAP for USPSTF A&B recommended preventive services when there is no cost-sharing. The State Plan will be amended so that the additional 1% FMAP can be claimed for all USPSTF A&B recommended preventative services provided to managed care recipients for which there is no cost sharing.

Prescription Drugs:

- Effective April 1, 2016, establish price ceilings on critical prescription drugs for which there is a significant public interest in ensuring rational pricing by drug manufacturers. When a critical prescription drug dispensed to a NYS Medicaid enrollee (managed care or fee-for-service) exceeds the ceiling price for the drug, the drug manufacturer will be required to provide rebates to the Department, in

addition to any rebates payable to the Department pursuant any other provision of federal or state law.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is (\$12 million).

- Effective October 1, 2016, fee-for-service reimbursement for a pharmacy prescription drug designated as a specialty drug by one or more Medicaid managed care providers will not exceed the amount such providers pay for the drug, as determined by the commissioner based on managed care providers' claim encounter data for the drug.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is (\$3.7 million).

- Effective April 1, 2016, when the price of a generic prescription drug dispensed to a NYS Medicaid enrollee (managed care or fee-for-service) increases at a rate greater than the rate of inflation, the commissioner of health is authorized to require the drug manufacturer to provide rebates to the Department, in addition to any rebates payable to the Department pursuant any other provision of federal or state law.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2016/2017 is (\$47.5 million) and state fiscal year 2017/2018 (\$47.5 million).

The overall estimated annual net aggregate decrease in gross Medicaid expenditures attributable to reform and other initiatives contained in the budget for state fiscal year 2016/2017 is (\$107.4 million); and the estimated annual net aggregate increase in gross Medicaid expenditures attributable to an extension of upper payment limit (UPL) payments for state fiscal year 2016/2017 in \$2.2 billion.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

New York County

PUBLIC NOTICE

Office for People with Developmental Disabilities and
Department of Health

Pursuant to 42 CFR Section 447.205, the New York State Office for People with Developmental Disabilities (OPWDD) and the New York State Department of Health hereby gives public notice of the following:

OPWDD and the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services related to the qualifications for OPWDD covered services to comply with proposed regulatory provisions. The following changes are proposed:

Effective on and after April 1, 2016, OPWDD will outline the qualifications for Independent Practitioner Services for Individuals with Developmental Disabilities (IPSIDD) that will be covered through the preventive services: Occupational Therapy; Physical Therapy; Speech and Language Pathology; and Psychotherapy. Additionally, OPWDD will show the Current Procedural Terminology (CPT) codes that will be covered and include a clarification that the Applied Behavioral Science Specialist (ABSS) title will not be limited to the treatment of individuals with an autism spectrum diagnosis.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

New York County
250 Church Street
New York, New York 10018

PUBLIC NOTICE

Department of State
F-2016-0033

Date of Issuance – March 30, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New

York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York and at http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2016-0033_PN_materials.pdf.

In F-2016-0033, Tom and Linda Kunz, are proposing the Kunz Patio and Dock project at 2780 Old Edgemere in the Town of Greece, Monroe County. The proposal involves the construction of a 12 foot by 50 foot open pile patio (8 feet by 50 feet of which would be waterward of the ordinary high water mark) with an 8 foot by 20 foot open pile dock extending from the patio.

The stated purpose of the project is "water access."

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or, April 29, 2016.

Comments should be addressed to the Consistency Review Unit, Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2016-0148 (DA)

Date of Issuance – March 30, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Army Corps of Engineers - New York District (ACOE) has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2016-0148 (DA), the ACOE is proposing to perform maintenance dredging of the East River – South Brother Island Channel, New York Federal Navigation Channel with placement of the dredged material for beneficial use at the Historic Area Remediation Site (HARS). The East River, South Brother Island Channel, Federal Navigation project was authorized by the River and Harbors Acts of 1915 and subsequently modified by the Rivers and Harbors Acts of 1916 to 1970. The purpose of the proposed project is to alleviate the effects of shoaling, assure safe navigation, and facilitate economical use of the East River – South Brother Island Channel by commercial interests.

The proposed project includes dredging the channel wide shoal area immediately seaward of the turning basin to a depth of -35 feet plus 1 foot over depth Mean Lower Low Water using a mechanical dredge having a clamshell or bucket or similar plant. Approximately 367,000 cubic yards of material will be removed and placed at the HARS using a bottom dumping barge and following criteria established by the Environmental Protection Agency. The channel was last dredged in 2011 with the removal of approximately 224,000 cubic yards of material placed at the HARS.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, April 14, 2016.

Comments should be addressed to the Department of State, Consistency Review Unit, One Commerce Plaza, 99 Washington Ave., Suite 1010, Albany, NY 12231, (518) 474-6000, Fax (518) 474-6572. Com-

ments can also be submitted electronically via email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2016-0188 (DA)

Date of Issuance – March 30, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Coast Guard (USCG) has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2016-0188 (DA), the USCG is proposing to demolish the wharf, including a sheet pile bulkhead, of its waterfront facility on Fishers Island. The facility is located in Silver Eel Cove, Town of Southold, Long Island, New York. The purpose of the project is to improve safety at the site and return a no longer used portion of the constructed waterfront to a more natural condition.

The proposed project includes removal of about 95 linear feet of corroded sheet pile bulkhead, a 1400 square foot, 8" thick concrete pad, and 10 timber fender piles. The removed bulkhead will be replaced by either a concrete block gravity wall and/or sloped rock riprap on the foreshore.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, April 14, 2016.

Comments should be addressed to the Department of State, Consistency Review Unit, One Commerce Plaza, 99 Washington Ave., Suite 1010, Albany, NY 12231, (518) 474-6000, Fax (518) 474-6572. Comments can also be submitted electronically via email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

Appendix V
2016 Title XIX State Plan
Second Quarter Amendment
Responses to Standard Funding Questions

**APPENDIX V
HOSPITAL SERVICES
State Plan Amendment #16-0036**

CMS Standard Funding Questions (NIRT Standard Funding Questions)

The following questions are being asked and should be answered in relation to all payments made to all providers under Attachment 4.19-A of your state plan.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)**

Response: Providers do retain the payments made pursuant to this amendment. Private providers do not return to the State any amount or percentage of the payment. However, this requirement in no way prohibits the public provider, including county providers, from reimbursing the sponsoring local government for appropriate expenses incurred by the local government on behalf of the public provider. The State does not regulate the financial relationships that exist between public health care providers and their sponsoring governments, which are extremely varied and complex. Local governments may provide direct and/or indirect monetary subsidies to their public providers to cover on-going unreimbursed operational expenses and assure achievement of their mission as primary safety net providers. Examples of appropriate expenses may include payments to the local government which include reimbursement for debt service paid on a provider's behalf, reimbursement for Medicare Part B premiums paid for a provider's retirees, reimbursement for contractually required health benefit fund payments made on a provider's behalf, and payment for overhead expenses as allocated per federal Office of Management and Budget Circular A-87 regarding Cost Principles for State, Local, and Indian Tribal Governments. The existence of such transfers should in no way negate the legitimacy of these facilities' Medicaid payments or result in reduced Medicaid federal financial participation for the State. This position was further supported by CMS in review and approval of SPA 07-07C when an on-site audit of these transactions for New York City's Health and Hospitals Corporation was completed with satisfactory results.

2. **Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
- (i) a complete list of the names of entities transferring or certifying funds;**
 - (ii) the operational nature of the entity (state, county, city, other);**
 - (iii) the total amounts transferred or certified by each entity;**
 - (iv) clarify whether the certifying or transferring entity has general taxing authority; and,**
 - (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).**

Response: Payments made to service providers under the provisions of this SPA are funded through a general appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health. The source of the appropriation is the Local Assistance Account under the General Fund/Aid to Localities.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

Response: The Medicaid payments authorized for this provision are supplemental payments. The amount of the supplemental payment for voluntary hospitals for the period April 1, 2016 through March 31, 2017 is \$339M.

- 4. Please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e. applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 4447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

Response: The State and CMS are engaged in discussions to develop a strategic plan to complete the prior year's UPL demonstrations, which the 2016 UPL is contingent upon.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: The rate methodology included in the approved State Plan for institutional services is prospective payment. We are unaware of any requirement under current federal law or regulation that limits individual provider payments to their actual costs.

ACA Assurances:

- 1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

MOE Period.

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: The State does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan

Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.

- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 11-06, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
