26 Federal Plaza - Room 37-100 North
New York, New York 10278

RE: SPA #12-33
Non-Institutional Services

Dear Mr. Melendez:

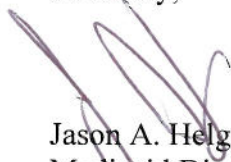

The State requests approval of the enclosed amendment #12-33 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective October 1, 2012 (Appendix I). This amendment is being submitted based on existing legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with and promote efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by §1902(a)(30) of the Social Security Act and 42 CFR §447.204.

Copies of pertinent sections of enacted State statute are enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the New York State Register on September 26, 2012, is also enclosed for your information (Appendix IV). In addition, responses to the standard access questions, which include Affordable Care Act (ACA) and tribal assurances, are also enclosed (Appendix V).

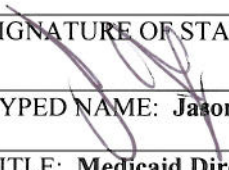

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact John E. Ulberg, Jr., Medicaid Chief Financial Officer, Division of Finance and Rate Setting, at (518) 474-6350.

Sincerely,

A handwritten signature in purple ink, appearing to read "Jason A. Helgerson", is written over the typed name.

- 24a. Prior approval is required for non-emergent transportation, including the services and subsistence of the attendant. Requests can be made by recipients or their family members; or medical practitioners acting on behalf of a recipient.

Transportation providers are assigned to requests for non-emergency transportation services based upon first, a recipient's choice of available participating vendors at the medically appropriate level of transportation; then, if the recipient indicates no preference, the ordering practitioner's choice among available participating vendors at the medically appropriate level of transportation; and finally, if no choice is made by the ordering practitioner, the request is given via rotation among the medically available and appropriate mode of transportation providers.

1. To assure comparability and statewideness, each county's local department of social services manages transportation services on behalf of recipient's assigned to the county.

2. The Commissioner of Health is authorized to assume the responsibility of managing transportation services from any local social services district. If the Commissioner elects to assume this responsibility, the Commissioner may choose to contract with a transportation manager or managers to manage transportation services in any local social services district.

[2.]3. Recipient, family member, or volunteer reimbursement is made as an administrative expense of the Medicaid Program. This applies to any personal vehicle mileage reimbursement, lodging, airfare, or other expense borne on behalf of the Medicaid recipient by a non-direct vendor.

- 24d. Prior approval is required for skilled nursing facility services except when admitted directly from a hospital, another skilled nursing facility or from a health related facility.

Medicaid payments shall not be authorized for skilled nursing facilities which are not certified or have not applied for certification to participate in Medicare.

26. Personal Care Services means some or total assistance with personal hygiene, dressing and feeding and nutritional and environmental support functions. Prior approval is required for all personal care services. The authorization period and amount of personal care services authorized depends upon patient need, as indicated in the patient's assessment.

Personal care services, shared aide and individual aide, furnished to an individual who is not an inpatient or resident of a hospital, nursing facility, intermediate care facility for the mentally retarded, or institution for mental disease, as determined to meet the recipient's needs for assistance, and when prescribed by a physician, in accordance with the recipient's plan of treatment and provided by individuals who are qualified to provide such services, who are supervised by a registered nurse and who are not members of the recipient's family, and furnished in the recipient's home or other location.

2012 Title XIX State Plan
Fourth Quarter Amendment
Non-Institutional Services
Summary**

SUMMARY
SPA #12-33

This State Plan Amendment proposes to revise the State Plan to indicate that the Commissioner of Health is authorized to assume the responsibility of managing transportation services from any local social services district and, in such case, may choose to contract with a transportation manager or managers to oversee transportation services in any local social services district.

This authority was provided to the Commissioner of Health by section 365-h of the Social Services Law, as amended by section 20 of Part B of Chapter 109 of the Laws of 2010. The resulting State Medicaid transportation management initiatives, including those for the New York City and the Hudson Valley regions, are Medicaid Redesign Team proposals.

Appendix III
2012 Title XIX State Plan
Fourth Quarter Amendment
Non-Institutional Services
Authorizing Provisions

CHAPTER 109 OF THE LAWS OF 2010 - S.8090/A.11372

§ 20. Section 365-h of the social services law, as added by chapter 81 of the laws of 1995 and subdivision 3 as amended by section 26 of part B of chapter 1 of the laws of 2002, is amended to read as follows:

§ 365-h. Provision and reimbursement of transportation costs. 1. The local social services official and, subject to the provisions of subdivision four of this section, the commissioner of health shall have responsibility for prior authorizing transportation of eligible persons and for limiting the provision of such transportation to those recipients and circumstances where such transportation is essential, medically necessary and appropriate to obtain medical care, services or supplies otherwise available under this title.

2. In exercising this responsibility, the local social services official and, as appropriate, the commissioner of health shall:

(a) make appropriate and economical use of transportation resources available in the district in meeting the anticipated demand for transportation within the district, including, but not limited to: transportation generally available free-of-charge to the general public or specific segments of the general public, public transportation, promotion of group rides, county vehicles, coordinated transportation, and direct purchase of services; and

(b) maintain quality assurance mechanisms in order to ensure that (i) only such transportation as is essential, medically necessary and appropriate to obtain medical care, services or supplies otherwise available under this title is provided [and]; (ii) no expenditures for taxi or livery transportation are made when public transportation or lower cost transportation is reasonably available to eligible persons; and (iii) transportation services are provided in a safe, timely, and reliable manner by providers that comply with state and local regulatory requirements and meet consumer satisfaction criteria approved by the commissioner of health.

3. In the event that coordination or other such cost savings measures are implemented, the commissioner shall assure compliance with applicable standards governing the safety and quality of transportation of the population served.

4. The commissioner of health is authorized to assume responsibility from a local social services official for the provision and reimbursement of transportation costs under this section. If the commissioner elects to assume such responsibility, the commissioner shall notify the local social services official in writing as to the election, the date upon which the election shall be effective and such information as to transition of responsibilities as the commissioner deems prudent. The commissioner is authorized to contract with a transportation manager or managers to manage transportation services in any local social services district. Any transportation manager or managers selected by the commissioner to manage transportation services shall have proven experience in coordinating transportation services in a geographic and demographic area similar to the area in New York state within which the contractor would manage the provision of services under this section. Such a contract or contracts may include responsibility for: review, approval and processing of transportation orders; management of the appropriate level of transportation based on documented patient medical need; and development of new technologies leading to efficient transportation services. If the commissioner elects to assume such responsibility from

a local social services district, the commissioner shall examine and, if appropriate, adopt quality assurance measures that may include, but are not limited to, global positioning tracking system reporting requirements and service verification mechanisms. Any and all reimbursement rates developed by transportation managers under this subdivision shall be subject to the review and approval of the commissioner. Notwithstanding any inconsistent provision of sections one hundred twelve and one hundred sixty-three of the state finance law, or section one hundred forty-two of the economic development law, or any other law, the commissioner is authorized to enter into a contract or contracts under this subdivision without a competitive bid or request for proposal process, provided, however, that:

(a) the department shall post on its website, for a period of no less than thirty days:

(i) a description of the proposed services to be provided pursuant to the contract or contracts;

(ii) the criteria for selection of a contractor or contractors;

(iii) the period of time during which a prospective contractor may seek selection, which shall be no less than thirty days after such information is first posted on the website; and

(iv) the manner by which a prospective contractor may seek such selection, which may include submission by electronic means;

(b) all reasonable and responsive submissions that are received from prospective contractors in timely fashion shall be reviewed by the commissioner; and

(c) the commissioner shall select such contractor or contractors that, in his or her discretion, are best suited to serve the purposes of this section.

Public Notice

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted State statute. The following clarification to a provision previously noticed on November 23, 2011 is:

Non-Institutional Services

Effective October 1, 2012, the Commissioner may grant a temporary rate adjustment for certified home health agencies (CHHAs) that are undergoing a closure, merger, consolidation, acquisition, or restructuring; for those CHHAs that are impacted by the closure, merger, consolidation, acquisition or restructuring of other health care providers; or for those CHHAs seeking to ensure that access to care is

maintained. CHHAs must submit for approval a written proposal to the Commissioner, at least 60 days prior to the requested effective date of the adjustment, which demonstrates that one or more of the following will be achieved as a result of such additional financial resources:

- Protection or enhancement of access to care;
- Protection or enhancement of quality of care;
- Improvement in the cost effectiveness of the delivery of health care services; or
- Other protections or enhancements to the health care delivery system.

Proposals must also include a budget, details of the need for the adjustment, the purpose and benefits of receiving the adjustment, the timeframes for implementing actions supported by the adjustment, and the deliverables resulting from receipt of the adjustment. Any such adjustment issued will be in effect for a specified period of time, not to exceed three years, after which the CHHA will be reimbursed in accordance with the Statewide methodology set forth in the State Plan. The Commissioner may establish benchmarks and goals to be achieved, and the CHHA must submit periodic reports demonstrating achievement of such. Failure to achieve such benchmarks and goals shall be a basis for ending the CHHA's temporary rate adjustment prior to the end of the specified timeframe.

The estimated annual net aggregate change in gross Medicaid expenditures attributable to this change for State Fiscal Year 2012/2013 is \$0.

Copies of the proposed State Plan Amendment will be available for public review on the Department's website at: http://www.health.ny.gov/regulations/state_plans/status

In addition, copies will be on file in each local (county) social services district. For the New York City district, copies will be available at the following places:

New York County
250 Church Street
New York, New York 10018

Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

The public is invited to review and comment on this proposed State

Plan Amendment. *For further information or to submit a comment, please contact:* Department of Health, Bureau of HCRA Operations & Financial Analysis, 99 Washington Ave. - One Commerce Plaza, Suite 810, Albany, NY 12210, (518) 474-1673, (518) 473-8825 (FAX), e-mail: spa_inquiries@health.state.ny.us

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. The following changes are proposed for Medicaid transportation services:

Non-Institutional Services

Effective on and after October 1, 2012, the Commissioner of Health is authorized to assume the responsibility of managing transportation services from any county local Department of Social Services. By assuming this responsibility, the Commissioner may choose to contract with a transportation manager or managers to manage such transportation services in any county local Department of Social Services.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2012/2013 is \$13.7 million.

The public is invited to review and comment on this proposed state plan amendment. Copies of which will be available for public review on the Department's website at: http://www.health.ny.gov/regulations/state_plans/status

In addition, copies of the proposed state plan amendments will be on file and available for public review in each local (county) social services district.

For the New York City district, copies will be available at the following places:

PUBLIC NOTICE

Power Authority of the State of New York

The Power Authority of the State of New York (Authority) is soliciting proposals from certified public accountants for consulting services, in accordance with Governmental Accounting Standard Board Statement 32, relating to the Deferred Compensation Plan (457 Plan) for employees of the Authority, meeting the requirements of Section 457 of the Internal Revenue Code and Section 5 of the New York State Finance Law, including all rules and regulations issued pursuant thereto.

A copy of the Request for Proposal may be obtained by downloading Bid Document No. Q12-5326JM from the Authority's Web site at nyparfq@nypa.gov. *If you have any questions, please contact:* James W. Moffett, New York Power Authority, 123 Main St., White Plains, NY, 10601, (914) 681-6698, e-mail: james.moffett@nypa.gov

All proposals must be submitted by 5:00 p.m. on Wednesday, November 21, 2012.

Appendix V
2012 Title XIX State Plan
Third Quarter Amendment
Non-Institutional Services
Responses to Standard Access Questions
And Assurances

**APPENDIX V
NON-INSTITUTIONAL SERVICES
State Plan Amendment 12-33**

CMS Standard Access Questions & Assurances

The following questions have been asked by CMS and are answered by the State in relation to all payments made to all providers under Attachment 4.19-B of the state plan.

- 1. Specifically, how did the State determine that the Medicaid provider payments that will result from the change in this amendment are sufficient to comply with the requirements of 1902(a)(30)?**

Response: This amendment indicates that the Commissioner of Health is authorized to assume the responsibility of managing transportation services from any county local department of social services and, in such case, may choose to contract with a transportation manager or managers to oversee transportation services in any county local department of social services. There is no change to the Department's method of determining Medicaid provider payments.

This authority was provided to the Commissioner of Health by Article VII language, Chapter 109 of the Laws of 2010, amending Section 365-h of the Social Service Law. The resulting State Medicaid transportation management initiatives, including New York City and the Hudson Valley region, are Medicaid Redesign Team proposals.

The Commissioner's authority to contract for professional management of Medicaid transportation will be used to improve the delivery of this crucial service, and better align the State's fiscal and program accountability. This authority will be exercised in close collaboration and consultation with local social services and county officials in a manner that ensures compliance with both State and local regulations, and consumer satisfaction standards. Furthermore, the assumption of transportation management by the State represents significant mandate relief for localities by shifting the responsibility for administering Medicaid transportation to a contractor operating under the direction of the Department of Health.

Contractors hired by the Department through the use of the Commissioner's authority manage the fee-for-service Medicaid transportation and do not contract with transportation providers. Also, there is no resulting change to the Department's the transportation provider reimbursement methodology or the fee approval process.

2. How does the State intend to monitor the impact of the new rates and implement a remedy should rates be insufficient to guarantee required access levels?

Response: The State has various ways to ensure that access levels in the Medicaid program are retained and is currently not aware of any access issues, particularly since there is excess bed capacity for both hospitals and nursing homes. Additionally, hospital and nursing home providers must notify and receive approval from the Department's Office of Health Systems Management (OHSM) in order to discontinue services. This Office monitors and considers such requests in the context of access as they approve/deny changes in services. Finally, providers cannot discriminate based on source of payment.

For providers that are not subject to an approval process, the State will continue to monitor provider complaint hotlines to identify geographic areas of concern and/or service type needs. If Medicaid beneficiaries begin to encounter access issues, the Department would expect to see a marked increase in complaints. These complaints will be identified and analyzed in light of the changes proposed in this State Plan Amendment.

Finally, the State ensures that there is sufficient provider capacity for Medicaid Managed Care plans as part of its process to approve managed care rates and plans. Should sufficient access to services be compromised, the State would be alerted and would take appropriate action to ensure retention of access to such services.

3. How were providers, advocates and beneficiaries engaged in the discussion around rate modifications? What were their concerns and how did the State address these concerns?

Response: This change was enacted by the State Legislature as part of the negotiation of the 2010-11 Budget. The impact of this change was weighed in the context of the overall Budget in the State. The legislative process provides opportunities for all stakeholders to lobby their concerns, objections, or support for various legislative initiatives.

4. What action(s) does the State plan to implement after the rate change takes place to counter any decrease to access if the rate decrease is found to prevent sufficient access to care?

Response: Should any essential community provider experience Medicaid or other revenue issues that would prevent access to needed community services, per usual practice, the State would meet with them to explore the situation and discuss possible solutions, if necessary.

5. **Is the State modifying anything else in the State Plan which will counterbalance any impact on access that may be caused by the decrease in rates (e.g. increasing scope of services that other provider types may provide or providing care in other settings)?**

Response: Over the course of the past three years, the State has undertaken a massive reform initiative to better align reimbursement with care. When fully implemented, the initiative will invest over \$600 million in the State's ambulatory care system (outpatient, ambulatory surgery, emergency department, clinic and physicians) to incentivize care in the most appropriate setting. The State has also increased its physician reimbursement schedule to resemble Medicare payments for similar services, thus ensuring continued access for Medicaid beneficiaries. Further, the State is implementing initiatives that will award \$600 million annually, over five years, to providers who promote efficiency and quality care through the Federal-State Health Reform Partnership(F-SHRP)/ NYS Healthcare Efficiency and Affordability Law (HEAL). While some of these initiatives are outside the scope of the State Plan, they represent some of the measures the State is taking to ensure quality care for the State's most vulnerable population.

ACA Assurances:

1. **Maintenance of Effort (MOE).** Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

MOE Period.

- **Begins on:** March 10, 2010, and
- **Ends on:** The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. **Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's**

expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. **However**, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. **Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.**

Response: This SPA does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.
- b) Please include information about the frequency inclusiveness and process for seeking such advice.

c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.

Response: The process that New York State uses is detailed in SPA #11-06, which was approved by CMS on 8/4/11. The tribal leaders were sent information regarding the SPA via postal mail, and the health clinic administrators were emailed the same information. Copies of tribal consultation are enclosed.
