2. Include as attachments any new data relative to the current (previous and new) priority/focus areas used to monitor outcomes and health status. Please label the data to correspond with the above listings.
3. Briefly provide justification for the removal and addition of priorities.

County:

4. With respect to the current priority/focus areas, has the LHD been involved in major health information gathering efforts since submitting the 1999-2004 CHA in 1998?

_____No

_____Yes

If yes, please list the method, audience, and year conducted.

5. Please list any updated CHA related products (published statistical analysis, web-based resource, work group reports, report cards, media packages, etc.) that have been prepared since submitting the 1999-2004 CHA in 1998.

County:

6. List and attach any other additional materials prepared to improve the content of the CHA, particularly those that were in response to the NYS DOH's review comments on your 1999-2004 CHA.
